Intro

do I have weakness

I am nothing but weakness

and not enough about important things

but the weaknesses can become strengths

I'm struggling

to change them

with my fists clenched

towards the battle
to overcome those weaknesses
the only thing I can't do is grind for you
what is the difference between a gazelle
what pushes you, what drives you
because the day you become content
is the day you die
a part of your everyday life
run the extra mile
make the right choices
give the full measure
stand and fight
fight against weakness
fight back, go down swinging
and when you face a challenge
stand up
fighting with everything you've got
can you stand down
life ain't gonna be easy
good people can't really handle
and the problem comes, and you run
solving the problem elevated you
the longer you wait
get to the other side and get that reward
it takes both emotion and logic
to reach your maximum potential
because emotion and logic
you need to rely on the other
your anger, your frustration, your fear
and you think you're going to break emotionally
fight the weakness of logic
with the power of emotion
and the guts to say to yourself
amazing opportunities
things will get better
greatness takes time
with choices and character
and integrity
no matter how bad it is, or how bad it gets
I'm going to make it
feed your faith

and your doubts will stave to death
