Black Dog and Rebel Rose

"Black Dog & Rebel Rose is the best Urban Fantasy love story I've ever read. Skriker and Rose are better than Bonnie and Clyde. Better than Bogart and Bacall. Better even than peanut butter and jelly." --TwoLips Reviews, upon granting BDRR the Recommended Read and Reviewer's Choice Awards Half-angel Rose has always flown solo, and that's just how she likes it. Trained since youth by her angelic father in the ways of battle, she flees the heartache of a broken childhood by hunting the nightmarish creatures that hide in the shadows. When she discovers a nefarious plot involving a mysterious witch and her parade of grisly horrors in an abandoned California town, she eagerly treks out to see what blood can be spilled, only to discover that a boy from her past--now grown to manhood--has sniffed out the same prize. Skriker, the Halfling son of a demon and a stripper, is a supernatural hunter with nothing to tie him down. Between gore-splattered hunts slaying things that go bump in the night, he fills his days and nights with women, cage fights, and hard, fun living. But when the tattooed, Harley-riding bad boy makes a trip out to the rotting burg of Paradise Hill, he finds that he isn't the only hunter to arrive on the scene...and she's someone he was certain he'd never see again. Fierce and beautiful, Rose forces feelings he'd buried long ago to rise to the surface, drawing him into a partnership that neither ever expected. As the unlikely pair battle their way through the ruins, Skriker and Rose must survive not only the vicious enemy pursuing them but the reawakened--and forbidden--emotions that both were sure had expired...emotions that might make or break the fate of Creation itself. Rediscover the first

installment of Dani Julian's cult-followed urban fantasy adventure, reimagined with enhancements by co-writer Amanda Schrader and film producer/actor Vincent van Hinte (Star Trek: Into Darkness, The Walking Dead), and featuring stunning new artwork by the creator. Come join the hunt!

Picking up her pace, Frances saw a woman in the leaf-hung depths of the garden. She wore a long pink dress and a wide hat, and her skin was a creamy white. There came upon Frances a sensation that sometimes overtook her when she was looking at a painting: space was foreshortened, time stood still. When Frances met Charlie at a party in Melbourne he was married with a young son. Now she and Charlie live in Sydney with her rescue dog Rod and an unshakeable sense that they have tipped the world on its axis. They are still getting their bearings - of each other and of their adopted city. Everything is alien, unfamiliar, exotic: haunting, even. Worlds of meaning spin out of perfectly chosen words in this rare, beguiling and brilliant ghost story by Miles Franklin Literary Award-winning writer Michelle de Kretser.

From Treasure Island to Trainspotting, Scotland's rich literary tradition has influenced writing across centuries and cultures far beyond its borders. Here, for the first time, is a single volume presenting the glories of fifteen centuries of Scottish literature. In Scotland's Books the much loved poet Robert Crawford tells the story of Scottish imaginative writing and its relationship to the country's history. Stretching from the medieval masterpieces of St. Columba's Iona - the earliest surviving Scottish work - to the energetic world of twenty-first-century writing by authors such as Ali Smith and James Kelman, this outstanding account traces the development of literature in Scotland and explores the cultural, linguistic and literary heritage of the nation. It includes extracts from the writing discussed to give a flavor of the original work, and its new research ranges from specially made translations of ancient poems to previously unpublished material from the Scottish Enlightenment and interviews with living writers. Informative and readable, this is the definitive single-volume guide to the marvelous legacy of Scottish literature.
