The Pleiadian Workbook

The Pleiadian Workbook is a direct transmission from the Pleiadian Emissaries of Light--Light beings from the Pleiades--who say it's time now for spiritual growth, ascension, and healing. Through Amora Quan Yin, we are taught to open our "Ka Channels," which pull energy from our multidimensional, holographic selves into our physical bodies. These galactic healing techniques align us with our divine selves, raise our vibratory rates, and rejuvenate and balance our bodies, while accelerating spiritual evolution and stimulating emotional healing.

Pleiadian Initiations of Light

Aura and Chakras

We are on the threshold of a new world, of a new era, and we have the privilege of being the protagonists of this new reality. The challenges of these times motivate us to develop and broaden our perspectives, to experience ourselves as conscious beings, creators and responsible for our emotions, our beliefs ... of our life. Becoming aware of what we see, say, do and feel, as a unit, in harmony and alignment, allows us to become focused creators. How many times do we see something, say another and do something different (feeling very uncomfortable with ourselves), as if we were five different people? Why does fear paralyze us? Does rage generate wars? Does resentment revenge? Etc. Aura & Chakras unites science, history and spirituality in a single book, giving us information and energy techniques, to understand ourselves as Spiritual Beings incarnated in physical bodies, with a transcendent sense and at the same time limited to a space time. Aura & Chakras teaches us how easy it is to change, understanding our energy anatomy, its use and its function. In this, his new book, Harold Moskowitz goes further on this path to consciousness, ... highlights the contradictions of language and beliefs, inviting us to change and name our underlying beliefs, from another point of view. "You are a light shining in a sea of bright lights, which when joined together make up a giant and wonderful radiant sun, you become the light of life and the knowledge of yourself becomes an inspiration to all those around you." Welcome to this new experience ... Enjoy it!

Connecting with the Arcturians

Only on a rare occasion does a book come along that contains the potential to change the consciousness of our entire planetary culture. Many have talked about the ascension process, but very few really understand what it means. Who is really out there? Where are we going? What are our choices? What has to be done to prepare for this event? Is everyone ascending to the same place? What happened to the fourth dimension? How can we understand the fifth dimension? What does it feel like? How does it operate? What are fifth-dimensional beings like? How do they live? This book explains all of these questions in a way that we can easily understand. It explains what our relationships are to known extraterrestrial groups and what they are doing to help Earth and her people in this crucial galactic moment in time. It explains how we can raise our vibration now, and begin the process of integrating higher-dimensional energies into our third-dimensional world.

Human Sexuality in a World of Diversity

The power of the breath has been recognized for millennia as an integral part of health and well-being. In *Awakening the Sacred Body*, teacher Tenzin Wangyal Rinpoche makes accessible the ancient art of Tibetan breath and movement practices. In clear, easy-to-understand language, he outlines the theory and processes of two powerful meditations—the Nine Breathings of Purification and the Tsa Lung movements—that can help you change your relationship to yourself, to others, and to the world. The simple methods presented in *Awakening the Sacred Body* and in the accompanying online video focus on clearing and opening your energetic centers to allow the natural human qualities of love, compassion, joy, and equanimity to arise. When sadness releases, joy is able to arise. When anger releases, love becomes available. When prejudice releases, equanimity prevails. And when lack of kindness ceases, compassion is present. These practices, which focus the mind and breath together while performing specific body movements, will help you discover your inner wisdom and express your greatest potential.

What does it mean when these patients report the sudden disappearance of afflictions such as cancers, AIDS-related diseases, and cerebral palsy? The Reconnection

Noted astrologer and spiritual teacher Barbara Hand Clow channels the voice of Satya, a Pleiadian goddess. Satya describes the huge cosmic drama taking place simultaneously in nine dimensions, with Earth as the chosen theater. The Pleiadians are a group of enlightened beings who believe that the end of the Mayan Calendar will signal a critical leap in human evolution; the Pleiadians will be there to guide us for that leap. This shift is the coming Age of Light, and the entry of our solar system into the Photon Band and the Age of Aquarius.

Pleiadian Perspectives on Human Evolution

The sacred Flower of Life pattern, the primary geometric generator of all physical form, is explored in even more depth in this volume, the second half of the famed Flower of Life workshop. The proportions of the human body, the nuances of human consciousness, the sizes and distances of the stars, planets and moons, even the creations of humankind, are all shown to reflect their origins in this beautiful and divine image. Through an intricate and detailed geometrical mapping, Drunvalo Melchizedek shows how the seemingly simple design of the Flower of Life contains the genesis of our entire third-dimensional existence. From the pyramids and mysteries of Egypt to the new race of Indigo children, Drunvalo presents the sacred geometries of the Reality and the subtle energies that shape our world. We are led through a divinely inspired labyrinth of science and stories, logic and coincidence, on a path of remembering where we come from and the wonder and magic of who we are. Finally, for the first time in print, Drunvalo shares the instructions for the Mer-Ka-Ba meditation, step-by-step techniques for the re-creation of the energy field of the evolved human, which is the key to ascension and the next dimensional world. If done from love, this ancient process of breathing prana opens up for us a world of tantalizing possibility in this dimension, from protective powers to the healing of oneself, of others and even of the planet. Embrace the expanded vision and understanding that Drunvalo offers to the world. Coincidences abound, miracles flourish and the amazing stories of mysteries unveiled arise as the author probes the Ancient Secrets of the Flower of Life.

The Pleiadian Agenda

"Awaken to the fact that your thought and feeling in the past have built—created—the inharmony of your world today. Arise! I say, Arise! and walk with the Father—the "I AM"—that you may be free from these limitations. Life, in all Its Activities everywhere manifest, is God in Action; and it is only through lack of the understanding of applied thought and feeling that mankind is constantly interrupting the pure flow of that Perfect Essence of Life which would, without interference, naturally express Its Perfection everywhere."

The Ancient Secret of the Flower of Life, Volume 2

Compiled from more than four hundred hours of channeling by Barbara Marciniak, Bringers of the Dawn imparts to us the wisdom of the Pleiadians, a group of enlightened beings who have come to Earth to help us discover how to reach a new stage of evolution. Master storytellers and humorists, they advise us to become media free, to work in teams, and to eliminate the words "should" and "try" from our vocabularies. We learn how to go beyond fear, how the original human was a magnificent being with twelve strands of DNA and twelve chakra centers, and who our "gods" are. Startling, intense, intelligent, and controversial, these teachings offer essential reading for anyone questioning their existence on this planet and the direction of our collective conscious--and unconscious. By remembering that we are Family of Light, that we share an ancient ancestry with the universe around us, we become "bringers of the dawn," consciously creating a new reality, a new Earth.

El Perdón Cuántico

A nationally known astrologer explores the connection between spiritual emergencies at age 30, 40, and 50 and key astrological passages of Saturn, Uranus, and Chiron. • Provides techniques for directing the kundalini energy released during planetary passages for optimal personal and psychic development. • Includes charts for birth years starting in 1930 so that readers can determine the timing of their planetary passages. • By Barbara Hand Clow, author of the bestselling Pleiadian Agenda (60,000 copies sold). Kundalini--the energy of eros that lies at the base of the spine--can be overwhelming once activated. Times of activation coincide with the key astrological passages of Saturn, Uranus, and Chiron in one's birth chart and are often experienced as periods of spiritual emergency, confusion, and imbalance. In Liquid Light of Sex, Barbara Hand Clow opens up new dimensions for understanding what occurs during these key life passages, which most of us experience three times in our lives. In the author's words, "we form at age 30, we transform at age 40, and we transmute at age 50." Focusing on the transformation at age 40--the time of imbalance and spiritual confusion often referred to as the "midlife crisis"--she explores how kundalini energy, the liquid light of sex, can be creatively channeled by unblocking the chakras. Offering effective methods for achieving physical, emotional, and spiritual growth during this important life passage, Liquid Light of Sex presents a roadmap for using celestial cycles to navigate positively and productively in times of great life change.

The Inner Woman

Long ago we humans used a form of communication and sensing that did not involve the brain in any way; rather, it came from a sacred place within our hearts. What good would it do to find this place again? This is a book of remembering. You have always had this place within your heart, and it is still there now. It existed before creation, and it will exist even after the last star shines its brilliant light. At night when you enter your dreams, you leave your mind and enter the sacred space of your heart. But do you remember? Or do you only remember the dream? Why am I telling you about this "something" that is fading from our memories? What good would it do to find this place again in a world where the greatest religion is science and the logic of the mind? Don't I know where emotions and feelings are second-class citizens? Yes, I do. But my teachers have asked me to remind you who you really are. You are more than just a human being, much more. For within your heart is a place, a sacred place, where the world can literally be remade through conscious cocreation. If you really want peace of spirit and if you want to return home, I invite you into the beauty of your own heart. With your permission, I will show you what has been shown to me. I will give you the exact instructions to the pathway into your heart where you and God are intimately one. It is your choice. But I must warn you: Within this experience resides great responsibility. Life knows when a spirit is born to the higher worlds, and life will use you as all the great masters who have ever lived have been used. If you read this book and do the meditation and then expect nothing to change in your life, you may get caught spiritually napping. Once you have entered the light of the great darkness, your life will change -- eventually, you will remember who you really are.

Tantra of Sound

Two and a half decades ago, Ascended Master Teachers Arten and Pursah appeared to Gary Renard and held a series of conversations with him that elaborated on the teachings of two spiritual classics, *The Gospel of Thomas* and *A Course in Miracles*. Gary immortalized what he learned in the books of his best-selling series: *The Disappearance of the Universe*, *Your Immortal Reality*, and *Love Has Forgotten No One*. This fourth book is a companion to the original trilogy, yet written to stand alone, an invitation for new readers into this fascinating work. This book explores six of the lifetimes in which the incarnations of Jesus and Buddha lived together, beginning in 700 B.C. when they were known as Saka and Hiroji. Arten and Pursah, through the spiritual lessons that Jesus and Buddha learn on their path, clarify the difference between duality and nonduality. When you are able to internalize these lessons, you will be saved countless years in your spiritual development.

Earth

Widely recognized as Britain's top medium, Gordon Smith here answers the deeper questions that people ask of the spirit world, the big questions of life and death. For most of the time people go to Gordon Smith's public events in the hope of hearing messages from loved ones who have passed. The information that Gordon is able to share is world-renowned for its astonishing accuracy and detail - information that he could not possibly have discovered by any other means. This information reunites people with their loved ones and gives them comfort and solace. But sometimes we all want to know the answers to questions that go beyond the narrowly personal, questions that are equally relevant to all human beings: What happens to us after death? Is there a Heaven and a Hell? Why do bad things happen more to some people than to others? To what extent are our lives predestined? Do we reincarnate? Are spirit guides a type of angel? In order to answer these questions and penetrate the deeper mysteries of the human condition, Gordon Smith has here gone into a very deep trance to consult his own spirit guide. The answers he has brought back will amaze, illuminate and inspire.

Liquid Light of Sex

"For five thousand years the politician and the priest have been in the same business." In this provocative volume, Osho invites us to look through his microscope and examine not only the profound influence of religion and politics in society, but also its influence in our inner world. To the extent we have internalized and adopted as our own the values and belief systems of the "powers that be," he says, we have boxed ourselves in, imprisoned ourselves, and tragically crippled our vision of what is possible. From Occupy Wall Street to the Arab Spring, from the election of the first Black president in the United States to the appointment of a new pope who promises to use St. Francis of Assisi as a role model (following endless scandals involving child abuse) the roles of priests and politicians in our public life have recently captured the attention of our times, often just initiating another round of hope and

subsequent disillusionment. In other words, wittingly or unwittingly, we keep digging ourselves deeper into the mess we are in. A new kind of world is possible — but only if we understand clearly how the old has functioned up to now. And, based on that understanding, take the responsibility and the courage to become a new kind of human being. "You have to be aware who the real criminals are. The problem is that those criminals are thought to be great leaders, sages, saints, mahatmas. So I have to expose all these people because they are the causes. For example, it is easier to understand that perhaps politicians are the causes of many problems: wars, murders, massacres, burning people. It is more difficult when it comes to religious leaders, because nobody has raised his hand against them. They have remained respectable for centuries, and as time goes on their respectability goes on growing. The most difficult job for me is to make you aware that these people — knowingly or unknowingly, that does not matter — have created this world."

One Hundred Answers from Spirit

An intimate portrait of the lives and writings of the Brontë sisters, drawn from the objects they possessed. In this unique and lovingly detailed biography of a literary family that has enthralled readers for nearly two centuries, Victorian literature scholar Deborah Lutz illuminates the complex and fascinating lives of the Brontës through the things they wore, stitched, wrote on, and inscribed. By unfolding the histories of the meaningful objects in their family home in Haworth, Lutz immerses readers in a nuanced re-creation of the sisters' daily lives while moving us chronologically forward through the major biographical events: the death of their mother and two sisters, the imaginary kingdoms of their childhood writing, their time as governesses, and their determined efforts to make a mark on the literary world. From the miniature books they made as children to the blackthorn walking sticks they carried on solitary hikes on the moors, each personal possession opens a window onto the sisters' world, their beloved fiction, and the Victorian era. A description of the brass collar worn by Emily's bull mastiff, Keeper, leads to a series of entertaining anecdotes about the influence of the family's dogs on their writing and about the relationship of Victorians to their pets in general. The sisters' portable writing desks prove to have played a crucial role in their writing lives: it was Charlotte's snooping in Emily's desk that led to the sisters' first publication in print, followed later by the publication of *Jane Eyre* and *Wuthering Heights*. Charlotte's letters provide insight into her relationships, both innocent and illicit, including her relationship with the older professor to whom she wrote passionately. And the bracelet Charlotte had made of Anne and Emily's intertwined hair bears witness to her profound grief after their deaths. Lutz captivantly shows the Brontës anew by bringing us deep inside the physical world in which they lived and from which their writings took inspiration.
