Gipsy

Siberia had been promised a golden future, thanks to global warming, but instead it has plunged into a new ice age, facing a Mongol invasion and a nationalist revolution. With his truckload of weaponry, Gipsy is heading toward the fortress of Zigansk on the arctic circle, where thousands of desperate refugees await help which never comes. The only truck racing around the fires of Siberia, Gipsy has more than just weapons on board. He also carries a self-anointed sorceress with a mission, who just might also be the missing daughter of a billionaire, worth a rather obscene reward...

The Conquest of Mexico

Somewhere on the circumpolar tri-continental expressway, the highway covering Eurasia, Africa and America, you'll find Al Desir, the jewel of the socialist republic of Turdistan. And that's where Gypsy's heading. He's got a rendezvous with his little sister, Bibi, who is there for research purposes to write a book on The White Wing (a sect that's been forbidden since the revolution) and Sissiah the sorceress, who was recruited by the sect when she was just 10 years old because of her power to change faces...

Gypsy - Volume 5 - The White Wing

At the present time, malaria is responsible for a million deaths a year, with 500 million reported cases of the disease and 2.5 billion people at risk of contracting it. The distribution and severity of the disease vary with the causative agents, vectors and environment. Of the 4 possible parasites, only *P. falciparum* causes fatal forms; the three others have debilitating effects related to frequent disease recurrence and reviviscence. More than 50 species of anophele are involved in the obligatory transmission of the parasite from man to man. Climate, environment and biogeography condition the distribution of anophele species and modulate the intensity of transmission. This is what is known as the biodiversity of malaria. At the present time, more than 90% of *P. falciparum* malaria deaths occur in tropical Africa where only 10% of the world's population lives. A child dies of malaria every 30 seconds. This continent is home to the most effective vectors and the climate favours transmission. Severe cases also arise in the forested areas of South East Asia, New Guinea and the Amazon region. Throughout the rest of the tropical and subtropical world, the disease caused by *P. vivax* and/or *P. malariae* is less serious.

The Pygmies

The state of Veracruz, a lush strip of land running the length of Mexico's eastern coast, is home to some of the easiest, lightest, and most varied food in Mexico's repertoire. To enjoy dishes like Seafood Salad in Avocado Halves, Garlicky Stir-Fried Shrimp, Orange-Flavored Chicken, and Mushroom Empanadas, you won't need to hunt down obscure chiles or master complicated techniques. Spanish influences evident in accessible ingredients like olive oil, olives, capers, raisins, and almonds give the state's cuisine a familiar Mediterranean character. At the same time, Veracruz's Caribbean orientation and powerful Afro-Cuban legacy offer plenty of choices for cooks who want kitchen adventure. In all, Zarela provides more than 150 choices, perfect for festive parties or ordinary suppers. Much more than a cookbook, Zarela's Veracruz is a mesmerizing travelogue and an absorbing portrait of Mexico's most exuberant state."

'A COMPELLING, BEAUTIFULLY CRAFTED NOVEL FOR YOUNG READERS' -- Daily Telegraph This is the story of Johannes, and Frau Timmins, and the strange girl now known as 'Helga'. It is also the story of how they survived the death camps, the vast wilderness faced by refugees in World War II, and eventually found happiness in Australia. This moving and compelling book follows on the award-winning and bestselling Hitler's Daughter and Pennies for Hitler, and shows us that evil must be fought. But once you've won, the hardest and most necessary battle is to understand and forgive. And to learn how to live and love again. MORE PRAISE FOR GOODBYE, MR HITLER 'Reading about [the holocaust] can be depressing, but not in this compelling, beautifully crafted, novel for young readers. Here author Jackie French looks at what the Holocaust can teach us about hope. How people in internment camps survived, what motivated them to live in a world where people could be so terrible to each other. -- Daily Telegraph

Bibliographie Geologique

Dans ce livre fascinant, Maxime du Camp décrit la ville de Paris au XIXe siècle. Il explore les différentes fonctions et organes de la ville, de la police et de la justice aux égouts et aux marchés. Du Camp étudie également la vie quotidienne des Parisiens, décrivant leurs habitudes, leur culture et leur linge. Ce livre est un portrait captivant de la ville de Paris au XIXe siècle et un incontournable pour tous ceux qui s'intéressent à l'histoire de la ville. Zarela's Veracruz

This strikingly original study of Cambodian nationalism brings to life eight turbulent decades of cultural change and sheds new light on the colonial ancestry of Pol Pot's murderous dystopia. Penny Edwards recreates the intellectual milieu and cultural traffic linking Europe and empire, interweaving analysis of key movements and ideas in the French Protectorate of Cambodia with contemporary developments in the Métropole. From the naturalist Henri Mouhot's expedition to Angkor in 1860 to the nationalist Son Ngoc Thanh's short-lived premiership in 1945, this history of ideas tracks the talented Cambodian and French men and women who shaped the contours of the modern Khmer nation. Their visions and ambitions played out within a shifting landscape of Angkorean temples, Parisian museums, Khmer printing presses, world's fairs, Buddhist monasteries, and Cambodian youth hostels. This is cross-cultural history at its best. With its fresh take on the dynamics of colonialism and nationalism, *Cambodge: The Cultivation of a Nation* will become essential reading for scholars of history, politics, and society in Southeast Asia. Edwards' nuanced analysis of Buddhism and her consideration of Angkor's emergence as a national monument will be of particular interest to students of Asian and European religion, museology, heritage studies, and art history. As a highly readable guide to Cambodia's recent past, it will also appeal to specialists in modern French history, cultural studies, and colonialism, as well as readers with a general interest in Cambodia.

Goodbye, Mr Hitler

More than thirty-two centuries ago, the glory of Ramses II shone over Egypt like the sun; he was considered to be a living god. His extraordinary sixty-seven year reign is extensively documented: no other Pharaoh left so many records of what he had hoped to achieve, nor constructed as many monuments, offering us a unique insight into his goals and motivations. In this scholarly yet accessible work, Christiane Desroches Noblecourt sheds new light on this fascinating figure. After years of research and visits to Ramses' temples, she is able to demystify the great ruler and unlock the reality of his life and times--fact proves to be even more enthralling than fiction. From battles to temples, this is a comprehensive study of one of the most intriguing personalities of Antiquity. This book--a critically acclaimed best-seller in its original French edition--is now updated and illustrated with stunning color images, bringing the world of Ramses II back to life.

Head and Neck Cancer

Undertaker Jonas Crow, along with the English governess Rose and her Chinese maid Lin, have to get the gold-filled corps of old Mr. Cusco back to the mining vein they call 'Red Chance'. They have three days. Three days, a hearse, 50 miles ahead of them, and an entire town of discontented miners to deal with!

The Orbis Pictus of John Amos Comenius

The comedic and ironic misadventures of a confused Philosophy professor on the path to spiritual awakening. PUBLICATION IN 3 VOLUMES - COMPLETED SERIES Alan Mangel has it all. As a

popular Philosophy Professor at the world famous Université de La Sorbonne, he is wealthy, married and academically acclaimed. On his sixtieth birthday, however, Alan's life will crumble as Elisabeth, a beautiful young student, claims she received a vision from God that he is to impregnate her with the second-coming of John the Baptist. As Alan gives himself up to the wild forces bullying him through life, he engages on a spiritual journey that challenges his very "reality." Everything once true is proven to be false. Everything once false is proven to be true. One of the most compelling and personal works by legendary international comics superstars Moebius and Alexandro Jodorowsky ("The Incal").

Paris, Ses Organes, Ses Fonctions Et Sa Vie Dans la Seconde Moitie Du XIXe Siècle

Flip Lochner is a weary and disillusioned newspaper crime reporter. Curious to find out more about the origins of a casual acquaintance, he descends into Devil's Valley where, like Dante's Virgil, he encounters a bewildering array of mysterious characters and events that lead him to reevaluate the world in which he lives and which he thought he knew. Fusing invention and reality, magic realism and earthy humour, Lochner's adventures in the valley centre around the journey he undertakes to discover the truth about the elusive and erotic figure of Emma, one of Brink's most remarkable creations.

Ramses II

Rain Wolf, a young native American, is in trouble. He just killed a white man in an act of self-defense. Justifiable in the eyes of the law... when it's a white man who does it. Bruce, the son of influential railway magnate Vincent McDell, springs his friend Rain Wolf from jail and vows to protect him. Rain Wolf has no choice but to go into hiding. Sent along to accompany him by the tribe sages is Little Moon, the woman Bruce's brother Jack is in love with. Little Moon is at the age to marry, but she doesn't yet know who her husband will be. Her mystical grandfather gives her a monocle with strange powers that seems to be guiding her. Meanwhile, the Cody brothers are called upon by the dead man's mother to bring down the man who killed her son. They're hot on the trail of the two runaways, having first kidnapped Blanche McDell. But they're not the only ones...

Undertaker - Volume 2 - The Dance of the Vultures

When three friends play a new video war game, they soon realize that it is taking over their lives.

Madwoman of the Sacred Heart #1

Blending elements of psychology, philosophy, and sociology with economics, Etzioni presents a bold new vision of the social sciences - one which proposes that broader moral, social and political concerns modify economic behaviour and shape individual decision-making. In establishing the necessary of moral and social considerations in economic behaviour, he provides a provocative new framework for a more comprehensive, ethical and realistic approach to the social sciences today.

Devil's Valley

As the most influential and powerful country on the entire continent of Africa, an understanding of South Africa's past and its present trends is crucial in appreciating where South Africans are going to, and from where they have come. South Africa changed dramatically in 1994 when apartheid was dismantled, and it became a democratic state. Since 2000, when the previous edition appeared, further big changes occurred, with the rise of new political leaders and of a new black middle class. There were also serious problems in governance, in public health, and the economy, but with a remarkable popular resilience too. This third edition of Historical Dictionary of South Africa contains a chronology, an introduction, and an extensive bibliography. The dictionary section has more than 600 cross-referenced entries on

important personalities as well as aspects of the country's politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about South Africa.

Conversation

Over the past one hundred years, a body of historical knowledge and writing has been built up which has sought to explain and describe the unique configuration of South African Society. In the historical evolution of this society prominence and sometimes primacy have been variously accorded to the concepts of race and class. This survey of the lives and works of the major historians of South Africa G. M. Theal, W. M. Macmillan, C. W. de Kiewiet, Leonard Thompson, Shula Marks and others examines the ways in which the South African past has been recreated and interpreted anew. Contents: Introduction 1; PART I: 3 G.M. The Master Thinkers

Stephen Greenblatt is one of the most influential practitioners of new historicism. This Reader makes available in one volume Greenblatt's most important writings on culture, Renaissance studies, and Shakespeare. It also features occasional pieces on subjects as diverse as story-telling and miracles, demonstrating the range of his cultural interests. Taken together, the texts collected here dispel the idea that new historicism is antithetical to literary and aesthetic value.

The Trap of the Irrational

WINNER OF SWEDEN'S BEST CRIME NOVEL AWARD On the idyllic island of Öland, off the coast of northern Sweden, a young couple from Stockholm tries to start life afresh. For Joakim and Katrine Westin, reclaiming a long-neglected family manor will be a labor of love, as they slowly bring the sprawling home back to life and introduce their two children to the island's woodlands, glens, and beaches. But in the Westins' new home, there are things that cannot be repaired, lives that have gone wrong, and secrets that have followed them. When the family is struck by tragedy, it's up to grief-stricken Joakim to put together a puzzle of inexplicable loss, unbearable suspicion, and tangled lives. In this powerhouse of suspense—at once a crime novel and a searing family drama—a home built as a shelter from the sea becomes a human storm of murder.

Ultimate Game

You Are There is an unexpected collaboration between the darkly cynical Jacques Tardi and the playful fantasist Jean-Claude Forest (of Barbarella fame). It is set on a small island off the coast of France, where unscrupulous landowners have succeeded in overtaking the land from the last heir of a previously wealthy family. His domain now reduced to the walls that border the patches of land he used to own, the half-mad fellow prowls the walls all day, eking out a living by collecting tolls at each gate. His seemingly hopeless struggle to recover his birthright becomes complicated as the government sees a way of using his plight for the sake of political expediency, and the romantic intervention of the daughter of one of the landowners (who has her own sordid history with the politician) engenders further difficulties. Set in Tardi's preferred early 20th century milieu, You Are There is drawn in his crisp 1980s neo-"clear line" style, gorgeously detailed, with impossibly deep slabs of black.

The undead can really screw up your senior year . . . Marrying a vampire definitely doesn't fit into Jessica Packwood's senior year "get-a-life" plan. But then a bizarre (and incredibly hot) new exchange student named Lucius Vladescu shows up, claiming that Jessica is a Romanian vampire princess by birth--and he's her long-lost fiancé. Armed with newfound confidence and a copy of *Growing Up Undead: A Teen Vampire's Guide to Dating, Health, and Emotions*, Jessica makes a dramatic transition from average American teenager to glam European vampire princess. But when a devious cheerleader sets her sights on Lucius, Jess finds herself fighting to win back her wayward prince, stop a global vampire war--and save Lucius's soul from eternal destruction

The Making of the South African Past

It is 1825 and high in the mountains of South Africa a group of slaves stand accused of the murder of their owner, Nicolass van der Merwe, a wealthy Afrikaner farmer. Galant, the van der Merwe family's chief hand, is held leader of the murderous band. Raised with the two sons of the house, it was not until adulthood and rivalry over Hester, orphaned daughter of a tenant farmer, that he realised their different roles, their unequal futures and opposed stations in life. *A CHAIN OF VOICES* stands as a prophetic lesson - when hopes of freedom from slavery are dashed, and when promises of equal treatment are broken, an escalating spiral of bitterness, resentment, and finally, explosive violence is inevitable.

Fuck America

In such modern classics as *Chesapeake*, *Centennial*, *Hawaii*, *Alaska*, and *Texas*, James A. Michener proved time and again that his understanding of and love for his country was unparalleled. *This Noble Land* is Michener's most personal statement about America, an examination of the issues that threaten to fragment and undermine the nation—racial conflict, the widening gulf between rich and poor, the decline of education, the inadequacies of our health care system—as well as a thought-provoking prescription for sustaining our “outstanding success.” Infused with the wisdom and passion of a lifetime, *This Noble Land* stands as a wake-up call for a troubled era. **BONUS:** This edition includes an excerpt

from James A. Michener's Hawaii. Praise for This Noble Land "A book-length essay on the often worrying, often inspiring course of America in the nine decades of Michener's life."—The Washington Post "Michener is more interested in fixing the problems than in fixing the blame."—The Dallas Morning News "Michener's are the beach books that, unlike most other beach books, leave you smarter than you were when you started reading. Each delivers the product of all that research, doled out to the reader at just the right rate. You know right away who the bad guys are—the petty ones, the stingy ones. The heroes are generous and energetic and smart and, above all, unprejudiced. The real-life villains in This Noble Land are the people Michener perceives as 'petty, mean and vengeful.'"—St. Louis Post-Dispatch "Stirring . . . an admirable effort to define what has made our country great and how to preserve what is best about it."—Kirkus Reviews

For every major feast, saint's day and commemoration in the calendars of the Anglican churches of the UK, this liturgical resource and spiritual companion offers a feast of readings that reflects the richness, depth and variety of the Christian tradition from the earliest years of the church to the present day. Writings from across the centuries represent the Eastern, Western, Roman and Celtic traditions and constitute a vibrant history of Christianity manifested in the lives of hundreds of holy men and women as diverse as first century martyrs, or twentieth century social reformers. A complementary volume to *Exciting Holiness* which provides scripture readings and prayers for the calendar, this is now updated to include the additional commemorations in the Church of England's calendar of saints.

The Cruel Sea

The story of the Atlantic Ocean, two ships and 150 men, this classic tale of maritime warfare describes the author's own experiences in the Royal Navy. In this novel the heroines are the ships, and the villain, the cruel sea.

Towing Jehovah

God is dead, and Anthony Van Horne must tow the corpse to the Arctic (to preserve Him from sharks and decomposition). En route Van Horne must also contend with ecological guilt, a militant girlfriend, sabotage both natural and spiritual, and greedy hucksters of oil, condoms, and doubtful ideas. Winner of a 1995 World Fantasy Award.

Shakespeare Studies, vol. 42

An annual volume containing essays and studies by critics and cultural historians from around the world. Also includes two review articles and thirteen books reviews.

Religion Index One

"Drawing on fresh archival material and extensive access to Carter and his family, New York Times bestselling author Jonathan Alter tells the epic story of a man of faith and his improbable journey from barefoot boy in the vicious Jim Crow South to global icon. We learn how Carter evolved from a timid child into an ambitious naval nuclear engineer and an indefatigable born-again governor; how as a president he failed politically amid the bad economy of the 1970s and the seizure of hostages in Iran but succeeded in engineering peace between Israel and Egypt, amassing a historic environmental record, moving the government from tokenism to diversity, setting a new global standard for human rights, and normalizing relations with China, among dozens of other unheralded achievements. After leaving office, Carter revolutionized the postpresidency with the bold global accomplishments of the Carter center"--Cover.

His Very Best

In this delightful memoir, the book critic for NPR's *Fresh Air* reflects on her life as a professional reader. Maureen Corrigan takes us from her unpretentious girlhood in working-class Queens, to her bemused years in an Ivy League Ph.D. program, from the whirl of falling in love and marrying (a fellow bookworm, of course), to the ordeal of adopting a baby overseas, always with a book at her side. Along the way, she reveals which books and authors have shaped her own life—from classic works of English literature to hard-boiled detective novels, and everything in between. And in her explorations of the heroes and heroines throughout literary history, Corrigan's love for a good story shines.

Leave Me Alone, I'm Reading

This book, first published in 1978, demonstrates how Dostoyevsky's novels grew directly out of the pressures of their creator's tormented experience and personality. Ronald Hingley draws upon important fresh source material, which includes the definitive Soviet edition of Dostoyevsky's works with drafts and variants, Soviet research on the circumstances of his father's death, and a newly deciphered section of the diary of his second wife, Anna. Hingley considers with his analysis all Dostoyevsky's works, the ideas they contain, their varying artistic success, and their contemporary critical reception. He convincingly presents Dostoyevsky's genius at its most powerful when most on the attack.

Dostoyevsky

"Well written fantasy with strong character emphasis and empathy" from the author of the sci-fi classic *Escape to Witch Mountain* (Kirkus Reviews). At night, Little Jon's people go out to watch the stars. Mesmerized by a meteor shower, he forgets to watch his step and falls through a moss-covered door to another land: America. He awakes hurt, his memory gone, sure only that he does not belong here. Captured by a hunter, Jon escapes by leaping six feet over a barbed-wire fence. Hungry and alone, he staggers through the darkness and is about to be caught when he is rescued by a kind family known as the Beans. They shelter him, feed him, and teach him about his new home. In return, he will change their lives forever. Although the Beans are kind to Little Jon, the townspeople mistrust the mysterious visitor. But Jon has untold powers, and as he learns to harness them, he will show his newfound friends that they have no reason to be afraid.

Pigs in Heaven

Understand where we came from. Whether you're an avid student of the Bible or a skeptic of its relevance, *The Book That Made Your World* will transform your perception of its influence on virtually every facet of Western civilization. Indian philosopher Vishal Mangalwadi reveals the personal motivation that fueled his own study of the Bible and systematically illustrates how its precepts became the framework for societal structure throughout the last millennium. From politics and science, to academia and technology, the Bible's sacred copy became the key that unlocked the Western mind. Through Mangalwadi's wide-ranging and fascinating investigation, you'll discover: What triggered the West's passion for scientific, medical, and technological advancement How the biblical notion of human dignity informs the West's social structure and how it intersects with other worldviews How the Bible created a fertile ground for women to find social and economic empowerment How the Bible has uniquely equipped the West to cultivate compassion, human rights, prosperity, and strong families The role of the Bible in the transformation of education How the modern literary notion of a hero has been shaped by the Bible's archetypal protagonist Journey with Mangalwadi as he examines the origins of a civilization's greatness and the misguided beliefs that threaten to unravel its progress. Learn how the Bible transformed the social, political, and religious institutions that have sustained Western culture for the past millennium, and discover how secular corruption endangers the stability and longevity of Western civilization. Endorsements: "This is an extremely significant piece of work with huge global implications. Vishal brings a timely message." (Ravi Zacharias, author, *Walking from East to West* and *Beyond Opinion*) "In polite society, the mere mention of the Bible often introduces a certain measure of anxiety. A serious discussion on the Bible can bring outright contempt. Therefore, it is most refreshing to encounter this engaging and informed assessment of the Bible's profound impact on the modern world. Where Bloom laments the closing of the American mind, Mangalwadi brings a refreshing optimism." (Stanley Mattson, founder and president, C. S. Lewis Foundation) "Vishal Mangalwadi recounts history in very broad strokes, always using his cross-cultural perspectives for highlighting the many benefits of biblical principles in shaping civilization." (George Marsden, professor, University of Notre Dame; author, *Fundamentalism and American Culture*)

The Forgotten Door

2017 Foreword INDIES Book Award Honorable Mention Publishers Weekly's Five Best Religion Titles of 2017 Is privilege real or imagined? It's clear that issues of race and equality have come to the forefront in our nation's consciousness. Every week yet another incident involving racial tension splashes across

headlines and dominates our news feeds. But it's not easy to unpack the origins of these tensions, and perhaps we wonder whether any of these issues really has anything to do with us. Ken Wytsma, founder of the Justice Conference, understands these questions. He has gone through his own journey of understanding the underpinnings of inequality and privilege. In this timely, insightful book Wytsma unpacks what we need to know to be grounded in conversations about today's race-related issues. And he helps us come to a deeper understanding of both the origins of these issues and the reconciling role we are called to play as witnesses of the gospel. This expanded edition includes a new afterword with further reflections on race and privilege in today's cultural context

"Slow violence" from climate change, toxic drift, deforestation, oil spills, and the environmental aftermath of war occurs gradually and often invisibly. Rob Nixon focuses on the inattention we have paid to the lethality of many environmental crises, in contrast with the sensational, spectacle-driven messaging that impels public activism today.

This is a story of a girl's construction of her identity, and of her family's search for a place in the world, for the Heimat that is so resonant for those of German background. We follow Helga through an adventurous childhood in Iran, whose vast open spaces her mother called 'my spiritual home'. Her engineer father worked on a grand scale, designing and laying roads and railways, and tunnelling through mountain ranges. Then came the invasions of World War II, and the family, half-German, half-Austrian, found themselves on a long voyage to Australia, designated enemy aliens. They were interned for nearly five years in the dusty Victorian countryside. On their release at the end of the War, stranded in Melbourne, they sought another home. The children were dispatched to convents, and at the Academy of Mary Immaculate, Helga found a temporary homeland, in faith. Everyday life in the Australia of the late 1940s and early 1950s is freshly seen by this feisty, loving migrant family. Through their eyes, we encounter a strange place, Australia, as if for the first time. Helga's development from a thoughtful, sensitive child to a self-possessed young woman, wrestling with her faith and with how to live a decent life, is vividly recounted.

The Myth of Equality

Eloise Kelly longs for the romance of years gone by; for a dashing hero like The Scarlet Pimpernel to come and sweep her off her Jimmy Choo-clad feet. But instead she's sloshing around London in the rain and finally realising that romantic heroes are a thing of the past. To distract herself from such thoughts, Eloise concentrates on her History dissertation, and it's while rummaging through a pile of old letters and diaries that she discovers something amazing, something that historians have missed: the secret history of the most elusive spy of all time, The Pink Carnation. But why is the very modern Colin Selwick so determined to interfere with Eloise's research? And why does he have to be quite so charming?

In William Golding: Some Critical Considerations, fourteen scholars assess various aspects of the Nobel Prize-winning author's writings. Their essays include criticism of individual works, discussion of major themes and technical considerations, and bibliographical studies. Separately, the essays help us understand the intricacies and impact of Golding's art; together they show the breadth of his purpose.

Slow Violence and the Environmentalism of the Poor

Agatha Christie's masterpiece, and the best-selling murder mystery book of all time.

At Home in Exile

"This is no chronology of Middle East history but a passionate outcry against the lies and deceit that have sent soldiers to their deaths and killed tens of thousands of men and women - Muslim, Christian and Jew - over the past century. It is also a chronicle of journalists at war, of the rage, humour and frustration of the correspondents who spend their lives reporting the first draft of history, of their occasional courage - and sometimes their deaths. Rarely have first-hand reporting and history been so powerfully combined than in Robert Fisk's epic story of tragedy and betrayal in the Middle East. As his narrative of bloodshed and cruelty unfolds in Iraq, Afghanistan, Algeria, Iran, Israel, Palestine and other battlefields, the carnage of September 11th, 2001, and the overthrow of Saddam Hussein's brutal regime take on a new and frightening meaning." -Inside front cover.

"[A] vital investigation of Forsyth's history, and of the process by which racial injustice is perpetuated in America." —U.S. Congressman John Lewis Forsyth County, Georgia, at the turn of the twentieth century, was home to a large African American community that included ministers and teachers, farmers and field hands, tradesmen, servants, and children. But then in September of 1912, three young black laborers were accused of raping and murdering a white girl. One man was dragged from a jail cell and lynched on the town square, two teenagers were hung after a one-day trial, and soon bands of white "night riders" launched a coordinated campaign of arson and terror, driving all 1,098 black citizens out of the county. The charred ruins of homes and churches disappeared into the weeds, until the people and places of black Forsyth were forgotten. National Book Award finalist Patrick Phillips tells Forsyth's tragic story in vivid detail and traces its long history of racial violence all the way back to antebellum Georgia. Recalling his own childhood in the 1970s and '80s, Phillips sheds light on the communal crimes of his hometown and the violent means by which locals kept Forsyth "all white" well into the 1990s. In precise, vivid prose, Blood at the Root delivers a "vital investigation of Forsyth's history, and of the process by which racial injustice is perpetuated in America" (Congressman John Lewis).

The Secret History of the Pink Carnation

Imperial Leather chronicles the dangerous liaisons between gender, race and class that shaped British imperialism and its bloody dismantling. Spanning the century between Victorian Britain and the current struggle for power in South Africa, the book takes up the complex relationships between race and sexuality, fetishism and money, gender and violence, domesticity and the imperial market, and the gendering of nationalism within the zones of imperial and anti-imperial power.

This early work on Martin Luther is both expensive and hard to find in its first edition. It details the life of the monk responsible for translating the Bible from Latin into German and for inspiring the Lutheran movement. This is a fascinating work and is thoroughly recommended for anyone interested in the history of European religion. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

William Golding

This groundbreaking novel is considered by many to be one of the most important early entries in the western genre. Recounting in rich detail the daily life of a foreman on a vast ranch in Wyoming, this gripping tale has sparked imaginations for more than a century, inspiring at least six film and television versions.

And Then There Were None

Antarcticness joins disciplines, communication approaches and ideas to explore meanings and depictions of Antarctica. Personal and professional words in poetry and prose, plus images, present and represent Antarctica, as presumed and as imagined, alongside what is experienced around the continent and by those watching from afar. These understandings explain how the Antarctic is viewed and managed while identifying aspects which should be more prominent in policy and practice. The authors and artists place Antarctica, and the perceptions and knowledge through Antarcticness, within inspirations and imaginations, without losing sight of the multiple interests pushing the continent's governance as it goes through rapid political and environmental changes. Given the diversity and disparity of the influences and changes, the book's contributions connect to provide a more coherent and encompassing perspective of how society views Antarctica, scientifically and artistically, and what the continent provides and could provide politically, culturally and environmentally. Offering original research, art and interpretations of different experiences and explorations of Antarctica, explanations meld with narratives while academic analyses overlap with first-hand experiences of what Antarctica does and does not – could and could not – bring to the world.

The Great War for Civilisation

A celebration of Christmas in the 1950s and '60s Midcentury America was a wonderland of department stores, suburban cul-de-sacs, and Tupperware parties. Every kid on the block had to have the latest cool toy, be it an Easy Bake Oven for pretend baking, a rocket ship for pretend space travel, or a Slinky, just because. At Christmastime, postwar America's dreams and desires were on full display, from shopping mall Santas to shiny aluminum Christmas trees, from the Grinch to Charlie Brown's beloved spindly Christmas tree. Now design maven Sarah Archer tells the story of how Christmastime in America rocketed from the Victorian period into Space Age, thanks to the new technologies and unprecedented prosperity that shaped the era. The book will feature iconic favorites of that time, including: • A visual feast of Christmastime eats and recipes, from magazines and food and appliance makers • Christmas cards from artists and designers of the era, featuring Henry Dreyfuss, Charles & Ray Eames, and Alexander Girard • Vintage how-to templates and instructions for holiday decor from

Good Housekeeping and the 1960's craft craze • Advice from Popular Mechanics on how to glamorize your holiday dining table • Decorating advice for your new Aluminum Christmas Tree from ALCOA (the Aluminum Company of America) • The first American-made glass ornaments from Corning Glassworks
Midcentury Christmas is sure to be on everyone's most-wanted lists.
