Land of the Lost Candy

In this magical land, deep within a grass forrest, your lost, unwanted candy comes to life. We explore two characters from different cultures faced with a decision of either doing the right thing, or defying their community. This story teaches us acceptance, and how one person can motivate others to do what is right. This message is too important to ignore. As parents, it is extremely important to teach our children about acceptance. That great people come from all different nationalities, gender, religion, class, etc. This book inspires bravery and standing up for what is right. All too often, we see something wrong and do nothing out of fear. Hopefully this book can inspire at least one person to do the right thing. Who knows, maybe even save a life. The author has left this book without color so the kids can decide how they want their characters to look. Enjoy!

Trick Or Treat

When a mystical woman gives two adorable little boys a book on Halloween, they go on a surprising journey to The Land of the Lost Candy. "Beside the chocolaty waterfall stood a huge tree. But this was no ordinary tree. Each branch on this tree was filled with marshmallows. The children noticed chocolaty cherries sprinkled throughout the land. The grass was made of green-colored taffy, with vibrant lollipop flowers scattered everywhere. Some of the lollipop flowers stuck out their long, fruity, wiggly tongues to wave hello to the children. Even the clouds above were shaped like yummy cinnamon buns." Journey to Candy Land

For the past 16 years, Cadillac Man (so named because he was once hit by an El Dorado and thereafter bore an imprint of its hood ornament) has lived on the streets of New York City. Over those years, he has recorded the facts of his daily life - the harsh realities of surviving on the street, the often tragic encounters with the non-homeless world, the deep bonds with his fellow homeless, and the surprisingly varied realities of life on the outside - writing hundreds of thousands of words in a series of spiral bound notebooks. "My Life in the Streets" distills those journals into a memoir of homeless life that is peopled with indelible characters and packed with gripping stories. In a gritty, poignant, and funny voice, Cadillac narrates his descent into homelessness, the travails and unexpected freedoms of his life, and the story of his love affair with a young runaway, whom he eventually (and tragically) reunites with her family. The United States has 700,000 homeless people; ultimately, Cadillac's story is their story.

Some board games--like Candy Land, Chutes & Ladders, Clue, Guess Who, The Game of Life, Monopoly, Operation and Payday--have popularity spanning generations. But over time, updates to games have created significantly different messages about personal identity and evolving social values. Games offer representations of gender, sexuality, race, ethnicity, religion, age, ability and social class that reflect the status quo and respond to social change. Using popular mass-market games, this rhetorical assessment explores board design, game implements (tokens, markers, 3-D elements) and playing instructions. This book argues the existence of board games as markers of an ever-changing sociocultural framework, exploring the nature of play and how games embody and extend societal themes and values.

A Case in Candy Land

Nestled in the Loess Hills, Council Bluffs grew from a frontier settlement of wickiups and log cabins. The outpost boomed as a gateway to the West when gold was discovered in California in 1849. The Pacific House and the Ogden House became landmark hotels for the transient population. Meanwhile, residents thrived and cultivated a bustling city with the Masonic Hall, Dohany's Opera House and the Merriam block. None of these once iconic buildings remains today. Author S. M. Senden explores the perpetual rebirth of Council Bluffs through its most important buildings and relates a still unfolding story. -- from the publisher.

This fun and helpful book is one's girl's autobiography. She grew with many of life's experiences meeting all kinds of people from all walks of life. Learn how to keep the love of friendship strong and well in spite of the odds. Learn how to experience nature and reap its benefits. Learn the nature of true love. The main reason we lose love is because it was not true love to begin with. Then there are people who come into our lives to give us temporary help. They serve a good purpose, but these relationships usually fade when the help is no longer needed. Her first husband claimed to love her, but he did not show it. He was seldom home. The heroine shows how to get what you want when you want something so badly. She reaches her goals against all odds. Nothing stops her from getting an education. Her love for the French language came to her quite by chance. She seized the opportunity to learn French and fell in love with it. The heroine's son also learned how to cope with life's problems. Like his mother, he beat the bullies without lifting a finger. He has the gift of gab. His mother has the gift of writing. He can talk to anyone anytime about anything. His mother will write down every happening. She is also his confidant and ally against a sometimes cruel world. He is an only child, but he is not spoiled. As you will see, he is quite an actor. You will laugh through the book. At times, you may cry, but not for long. The book is up beat with a little drama as life unfolds. So hold onto your seat for the ride of your life.
