This collection of essays grew out of the "Reading Stephen King Conference" held at the University of Maine in 1996. Stephen King's books have become a lightning rod for the tensions around issues of including "mass market" popular literature in middle and high school English classes and of who chooses what students read. King's fiction is among the most popular of "pop" literature, and among the most controversial. These essays spotlight the ways in which King's work intersects with the themes of the literary canon and its construction and maintenance, censorship in public schools, and the need for adolescent readers to be able to choose books in school reading programs. The essays and their authors are: (1) "Reading Stephen King: An Ethnography of an Event" (Brenda Miller Power); (2) "I Want to Be Typhoid Stevie" (Stephen King); (3) "King and Controversy in Classrooms: A Conversation between Teachers and Students" (Kelly Chandler and others); (4) "Of Cornflakes, Hot Dogs, Cabbages, and King" (Jeffrey D. Wilhelm); (5) "The 'Wanna Read' Workshop: Reading for Love" (Kimberly Hill Campbell); (6) "When 'IT' Comes to the Classroom" (Ruth Shagoury Hubbard); (7) "If Students Own Their Learning, What Do Teachers Do?" (Curt Dudley-Marling); (8) "Disrupting Stephen King: Engaging in Alternative Reading Practices" (James Albright and Roberta F. Hammett); (9) "Because Stories Matter: Authorial Reading and the Threat of Censorship" (Michael W. Smith); (10) "Canon Construction Ahead" (Kelly Chandler); (11) "King in the Classroom" (Michael R. Collings); (12) "King's Works and the At-Risk Student: The Broad-Based Appeal of a Canon Basher" (John Skretta); (13) "Reading the Cool Stuff: Students Respond to 'Pet Sematary'" (Mark A. Fabrizi); (14) "When Reading Horror Subliterature Isn't So Horrible" (Janice V. Kristo and Rosemary A. Bamford); (15) "One Book Can Hurt You...But a Thousand Never Will" (Janet S. Allen); (16) "In the Case of King: What May Follow" (Anne E. Pooler and Constance M. Perry); and (17) "Be Prepared: Developing a Censorship Policy for the Electronic Age" (Abigail C. Garthwait). Appended are a joint manifesto by National Council of Teachers of English (NCTE) and International Reading Association (IRA) concerning intellectual freedom; an excerpt from a teacher's guide to selected horror short stories of Stephen King; and the conference program. Contains a 152-item reference list of literary works.(NKA)

Why I Quit the Baby-sitters Club (BC 17)

Like sharks, epidemic diseases always lurk just beneath the surface. This fast-paced history of their effect on mankind prompts questions about the limits of scientific knowledge, the dangers of medical hubris, and how we should prepare as epidemics become ever more frequent. Ever since the 1918 Spanish influenza pandemic, scientists have dreamed of preventing catastrophic outbreaks of infectious disease. Yet, despite a century of medical progress, viral and bacterial disasters continue to take us by surprise, inciting panic and dominating news cycles. From the Spanish flu and the 1924 outbreak of pneumonic plague in Los Angeles to the 1930 'parrot fever' pandemic and the more recent SARS, Ebola, and Zika epidemics, the last 100 years have been marked by a succession of unanticipated pandemic alarms. Like man-eating sharks, predatory pathogens are always present in nature, waiting to strike; when one is seemingly vanquished, others appear in its place. These pandemics remind us of the limits of scientific knowledge, as well as the role that human behaviour and technologies play in the emergence and spread of microbial diseases.

In the 1960s Jerry Cornelius was the coolest assassin on the Ladbroke Grove block. By the 1970s The Condition of Muzak had won the Guardian Fiction Prize and The Final Programme was a feature film starring Jon Finch, Jenny Runacre, Hugh Griffith and Sterling Hayden. In the 1980s the world's first cyberpunk continued to inspire a generation of writers including William Gibson, Alan Moore, Neil Gaiman, and bands like the Human League. By the 1990s he was up and running towards the guns again in stories like The Spencer Inheritance, The Camus Referendum and Cheering for the Rockets, which dealt with the icons and key events of the day. At turn of the millennium, in Firing the Cathedral, he responded to the attacks on America of September 2001 and their consequences, to the realities of global warming and global terrorism. Now, in Pegging the President, Jerry Cornelius is back; the ambiguous, amoral, androgynous English Assassin, cooler, sharper, his fingers still firmly on the pulse of the twenty-first century, counting names and taking heads, showing once again that colonialism and

despotism the roots of empire gone sour do not change. The apocalypse has never seemed more terrifying, never been more fun, and modern life will never feel the same to you again -- Provided by the publisher.

This comprehensive text covers the subject with a full range of case studies, materials, and research methods. With twenty years of experience teaching the subject, the authors offer straightforward coverage of archaeological chemistry, a subject that can be intimidating for many archaeologists who do not already have a background in the hard sciences. With clear explanations and informative illustrations, the authors have created a highly approachable text, which will help readers overcome that intimidation. Topics covered included: Materials (rock, pottery, bone, charcoal, soils, metals, and others), Instruments (microscopes, NAA, spectrometers, mass spectrometers, GC/MS, XRF & XRD, Case Studies (Provenience, Sediments, Diet Reconstruction, Past Human Movement, Organic Residues). The detailed coverage and clear language will make this useful as an introduction to the study of archaeological chemistry, as well as a useful resource for years after that introduction.

Invasion of the Body Squeezers

It began with a key. One afternoon in 1956, in the home of the Hitchings family in Battersea, south London, a small silver key appeared on Shirley Hitchings' bed. This seemingly insignificant event heralded the beginning of one of the most terrifying, incredible and mysterious hauntings in British history. The spirit, who quickly became known as 'Donald', began to communicate, initially via tapping sounds, but over time - and with the encouragement of psychical researcher Harold Chibbett, whose case-files appear here – by learning to write. Soon, the spirit had begun to make simply incredible claims about his identity, insisting that he was one of the most famous figures in world history – but what was the truth? Here, for the first time, is the full story, told by the woman right at the heart of it all – Shirley herself.

Publisher Description

THE WORLD-WIDE BOOK OF NURSERY TALES - 8 illustrated Fairy Tales plus a host of Nursery Rhymes

The original publishers offer in this volume well known and long loved and extremely well illustrated stories to their young readers. These tales have had delighted the children of many generations and will be equally welcome in the nurseries of the present day, which, with the popularity and antiquity of the contents of the volume, justify them in styling it The World-Wide Nursery Book. But why a "World-Wide book of Nursery Tales?" Take the story of Cinderella for example.....Many people believe this was written by the Grimm Brothers, but you would be incorrect. Charles Perrault (1628 - 1703) had identified, translated and published the tale of Cinderella at least 50 years before the Grimm Brothers

translated the tale from French into German. There is still debate as to whether the story originated in ancient Egypt or China. In ancient Egypt a fragment of a papyrus records a part of the story which is titled The Lost Sandal. There are also fragments of recordings in ancient China. It is believed it then migrated West as trade between the East and West increased. There is also debate as to whether it originated in China and made its way to Egypt along trade routes before crossing the Middle East and arriving in Europe to become the tale we know today. So who wrote the original? The answer is simple. No-one knows, and its true author and country of origin are never likely to be known, but it is certainly a story with world-wide origins as are most of the stories in this book. Hence, we believe the name is fitting. The stories in this book are: Red Riding-Hood. Puss-In-Boots. Mother Hubbard. Cock Robin's Death. Jack And Bean-Stalk. Tom Thumb. Cinderella. The Three Bears. Punch And Judy Removed The Pets. PLUS Nursery Songs. Nursery Rhymes. Nursery Ditties. Nursery Tales. Nursery Jingles. The 112 colour illustrations in the classic style bring added life to the tales and rhymes enabling younger children to visualise the story being told. PUBLISHER'S NOTE: The original publication of this book included the nursery rhyme "Punch and Judy". Due to the propagation of domestic violence and themes of gratuitous violence which result in death, portrayed in this tale, the publisher has not deemed this poem suitable for children, nor even adults, and have elected to remove it from this book. 10% of the profit from the sale of this eBook will be donated to charities. ===== KEYWORDS/TAGS: Folklore, fairy tales, myths, legends, folk tales, story, children's stories, bedtime, fables, culture, cultural, Red Riding-Hood, Puss In Boots, Old Mother Hubbard, Cock Robin's Death, Jack And Bean Stalk, Tom Thumb, Cinderella, The Three Bears, Pets, Nursery Songs, Rhymes, Ditties, Jingles, sheep, Marquis Of Carrabas, Castle, princess, prince, mill, inheritance, frighten, reapers, marry, cupboard, dog, dance, cat, pipe, tavern, statue, Linnet, dove, fish, fly, owl, bell, bull, rook, lark, cow, beans, climb, gold, harp, ogre, giant, fee fie fo fum, hen, Golden Eggs, King, Arthur, Eagle, Ball, Coach, Fine Dress, Royal Ball, Glass Slipper, Porridge, Sleep, Bed, Rabbits, Cow, Donkey, Cock, Hen, Chickens, Horse, Goat, Pig, Dog, Little Miss Muffet, Curds, Whey, Pat-A-Cake, Humpty-Dumpty, Robin Redbreast, Little Boy Blue, Little Pig Went To Market, Little Jack Horner, Baa, Baa, Black Sheep, Pretty Maid, Mary, Quite Contrary, Little Bo-Peep, Hot Cross Buns, Hey Diddle Diddle, Cat And The Fiddle, Dish, Spoon, Queen Of Hearts, Goosey, Goosey Gander, Little Polly Flinders, Ding Dong Bell, Pussy, Well, Simple Simon, Pies, Fair, Guy Fawkes, Remember, Fifth Of November, 5th, Little Tom Tucker, Where Are You Going, My Pretty Maid, Ride A Cock-Horse, Sing A Song Of Sixpence, Tom, Tom, The Piper's Son, Old King Cole, Hush-A-By Baby

Tales of Brave and Brilliant Girls from Around the World

This volume contains forty-three English folk stories and tales. But why call them FAIRY STORIES? One cannot imagine a child saying, 'Tell me a folk-tale', or 'Another nursery tale, please, grandma'. Fairy tales are stories in which occurs something 'fairy', something extraordinary--fairies, giants, dwarfs, speaking animals, or the remarkable stupidity of some of the characters. Many of the tales in this volume are what folklorists call Drolls (a humorous story in which there is a jester or a wag) . They justify the title of "Merrie England," a phrase which once indicated the underlying capacity for fun and humour of the English. The story of Tom Tit Tot, for example, is unequalled among all other folk-tales for its combined humorousness and dramatic power. So take some time out and travel back to a period before television and radio, a time when families would gather around a crackling and spitting hearth and granddad or grandma or uncle or auntie would delight and captivate the gathering with stories passed on to them from their parents and grandparents from time immemorial. A proportion of the profit from the sale of this book will be donated towards the education of the underprivileged in England.

Choosing Books for Children

Once upon a time. . . A princess danced, a princess dreamed, another found a pea. One kissed a frog, one saved a bird, another crossed the sea. One ate an apple, one tamed a beast, one lost a satin shoe. And another spun straw into gold, in ten tales told anew! Ten of the most beloved princess stories are ingeniously retold and splendidly illustrated—with cleverly hidden pictures—by author Grace Maccarone and artist Gail de Marken. From Cinderella to Sleeping Beauty, The Princess and the Pea to Snow White, these favorite tales will delight readers, happily ever after.

Read To Your Toddler Every Day

Whether two teachers are covering the same topic in separate classes, or designing a thematic unit with the school librarian, this handy guide to nearly 800 award-winning historical fiction for Kindergarten through 8th grade will assist all parties in the selection of high quality literature.

English Fairy Tales

This volume contains twenty-four such tales collected from around Wales by P. H. Emerson whilst living in Anglesea during the winter 1891-2. In most cases he amended them as little as possible, preferring to record the stories as told, staying true to the original, so that the written story would enchant readers as though it were being presented in the vernacular. Why do we call such a collection Fairy Tales? Well, when last did you hear a child say 'One more folk tale please' or 'Another nursery tale, please, grandma'? Fairy tales are stories in which occurs something 'fairy', something extraordinary--fairies, giants, dwarfs, speaking animals, or the remarkable stupidity of some of the characters. Stories of fairy interaction with humans - where the kind and thoughtful are blessed and the thoughtless and spiteful are punished. So take some time out and travel back to a period before television and radio, a time when families would gather around a crackling and spitting hearth and granddad or grandma or uncle or auntie would delight and captivate the gathering with stories passed on to them from their parents and grandparents from time immemorial. A proportion of the profit from the sale of this book will be donated towards the education of the underprivileged in Wales. A book in the "Myths, Legends and Folk Tales from Around the World" series.

Around the World with Historical Fiction and Folktales

Do you read bedtime stories for your child? Don't modern heroes seem too boring to you? Try to plunge into the fairy tale world filled with ancient, magical creatures: elves, fairies, mermaids, dragons... This fairy tale storybook is dedicated to ancient folktales from around the world. Many of them are lost, but some have still managed to reach our era. We travel, together, all around the world. We sink into the old tales that speak of magic we still don't fully understand. We look for answers, but - perhaps more importantly - we look for questions: for that spirit that makes us stare in reverent wonder at the world around us. Our ancestors told of these magical creatures from generation to generation. And it is surprising how similar their habits are. Perhaps by reading some of the tales from another continent, you will find that their characters are exactly the same as in your grandmother's tales. Who knows? And then, perhaps, you tell this story to your child. And you will pass it on to the next generation. And now... Pretend you're sitting by a fire, listening to a wise, wizened storyteller begin to talk... This retelling fairy tales book includes three volumes (about Elves, Mermaids, Dragons) from the series, "Fairy Tales From Around the World". Stories include: The Loneliest Place The Queen of the Huldurfolk An Onion and a Lindworm Menana of the Waterfall Aminata and the Tokoloshe The Great Master and the Rainbow The Paddlers The Gifts of the Little People Short-Tailed Old Li For the Cause of a Bridge The Birch Lady Two Horses and one Zmej Mami Wata The Poor Boy and Kijimuna Y Ddraig Goch Kapsirko and the Vodianoï The Multitude of Bow-Legged Ones The Naga Dowry Marina of the Wave The Tale of Curupira For a Bag of Rice The Fiddle Player Fayiz and The Peri Wife The Cuelebre of Pena Uruel The Spirit Queen Aziza and the Hunter The Seven-Headed Manitou The Goodman O'Wastness The Tale of Rowli Pugh The Dragon Princess

It includes an in-depth introduction to the fairy tale genre itself, as well as the provenance of 'Snow White'. It encompasses 'Schneewittchen' by the Brothers Grimm, 'The Young Slave' by Giambattista Basile, the Malay legend of 'Bidasari' the Swiss story of the 'Death of the Seven Dwarfs' and the Portuguese narrative of 'The Vain Queen.' What is a fairy tale? The 'Origins of Fairy Tales from around the World' series helps to answer this question, by showcasing the amazing breath and diversity involved in classic fairy tales. It focuses on the unusual phenomenon that the same tales, with only minor variations, appear again and again in different cultures – across time and geographical space. Traditionally told as short stories for children, and for adults too, these popular fairy tales will be sure to delight both young and old. Beautifully illustrated, these story books combine the best story-telling, with the best art-work, in order that the two may be fully appreciated.

The Nursery Rhyme Book

In the late 18th and early 19th centuries, attitudes toward history and national identity fostered a romantic rediscovery of folk and fairy tales. This is the period of the Golden Age of folk and fairy tales, when European folklorists sought to understand and redefine the present through the common tales of the past, and long neglected stories became recognized as cultural treasures. In this rich collection, distinguished expert of fairy tales Jack Zipes continues his lifelong exploration of the story-telling tradition with a focus on the Golden Age. Included are one hundred eighty-two tales--many available in English for the first time--grouped into eighteen tale types. Zipes provides an engaging general Introduction that discusses the folk and fairy tale tradition, the impact of the Brothers Grimm, and the significance of categorizing tales into various types. Short introductions to each tale type that discuss its history, characteristics, and variants provide readers with important background information. Also included are annotations, short biographies of folklorists of the period, and a substantial bibliography. Eighteen original art works by students of the art department of Anglia Ruskin University not only illustrate the eighteen tale types, but also provide delightful—and sometimes astonishing—21st-century artistic interpretations of them.
