Three ways to prevent diabetes | Professor Naveed Sattar - Three ways to prevent diabetes |
Professor Naveed Sattar by ZOE 37,081 views 2 days ago 56 minutes - In today's episode, we're
talking about a disease so widespread it touches nearly every family in some way — type 2
diabetes,.

Introduction

Topic introduction

Quick fire questions

What is blood sugar and why does it matter?

What is insulin and what is its relation to blood sugar and diabetes?

Why doesn't the body allow sugar to increase in the blood?

What happens when somebody gets pre-diabetes or type 2?

What is HBA1C?

Why has there been such an increase in diabetes?

How does muscle mass have any impact on diabetes?

Are risks different between men and women?

How does ethnicity come into this?

What other personal risk factors are there?

What are the symptoms of diabetes?

When do these symptoms begin?

What should you do if you have concerns?

How to find out your own likelihood of risk

How can we avoid getting diabetes?

How can we combat genetic risk factors?

Is it possible to lower blood sugar and reverse the effects of diabetes?

What is the science behind the new drugs coming on the market?

Summary

Goodbyes
