Alien Agenda

The Truth Begins Here Award-winning journalist Jim Marrs has uncovered compelling new evidence to suggest that alien life forms have not only visited our planet in the past, but are among us right now. Drawing on numerous eyewitness accounts, highly classified CIA reports, and his own meticulous research, he marshals an impressive array of facts to confirm the reality of UFOs...as well as the depth of the government campaign to keep America in the dark. Here is information unavailable in any other single source, including intriguing insights into: The 1947 Roswell crash and the U.S. military's efforts to suppress all public inquiries. Detailed accounts of UFO landing sites in South America and of abductions in the U.S. Vivid descriptions of UFOs by Apollo astronauts--in their own words. Tantalizing clues to the alien timetable for revealing their plans here. And much, much more! Includes 4 pages of incredible photographs "You may find yourself watching the skies a little more intently, or even checking under the bed before you go to sleep." --Ft. Worth Star-Telegram

Looking for Orthon

On November 20, 1952, George Adamski first made contact with extraterrestrials-including a long-haired youth from Venus named Orthon-in the California desert.or so he claimed. He offered photographic proof. He wrote books about his encounters, including the sensational bestseller Flying Saucers Have Landed. He never stopped advocating the truth of his claims even as he came under extraordinary ridicule. And in the process, however inadvertently, Adamski invented the modern mass counterculture. This new edition of Colin Bennett's modern classic posits, in the author's uniquely engaging style, Adamski as a kind of unwitting performance artist who "structured one of the most blatant acts of visionary cheek of the twentieth century," introducing the jittery postwar Western world to the image of the UFO, which confounded and tweaked authority while also fully embodying Cold War neuroses. Whether Adamski was telling the truth or not is almost irrelevant-though Bennett has his own ideas about Adamski's veracity. What remains compelling about Adamski's bizarre and compelling tale of alien visitations is the transformative power of stories, even if they're false, to warp our culture on a grand scale. In the course of a delightfully misspent youth, COLIN BENNETT was employed as both a musician and as a mercenary soldier. He was far better at the second than at the first. Educated at Balliol College, Oxford, he is the author of the novels Infantryman and The Entertainment Bomb, and paranormal nonfiction including Politics of the Imagination, a biography of Charles Fort; and An American Demonology, about the head of the 1950s UFO-hunting agency Project Blue Book.

Contact with Beings of Light

Contact With Beings of Light is truly an amazing tale of Dorothy Wilkinson-Izatt. Using an ordinary 8 mm movie camera she has filmed hundreds of sequences of unexplained, yet authenticated, pictures

of UFOs, ETs, and anomalies. Dorothy Izatt is without peer anywhere on record in the world, even when compared to today's tabloid media with its endless loops of bizarre video footage from various places and people. Aside from the fact that electronically simulated video images aren't as yielding to analysis as the images in film photography, the obvious difference is that the footage derives from multiple sources. With Dorothy we have a credible, trustworthy, prolific source in one location - or in any location anywhere she chooses - willing to demonstrate the process for an observer. The author, Peter Guttilla has spent years sifting through photographs, movies, and taped interviews with Dorothy to produce an exceptional glimpse into her life's work.

Project Blue Book: Top Secret UFO Files: The Untold Truth

Project Blue Book was just one of many UFO reporting channels for the U.S. Government. Blue Book does not contain all UFO record sightings. Many military UFO sightings remain classified

UFOs Caught on Film

A stunning collection of UFO photographs from one of the world's leading experts on paranormal phenomena. UFOs Caught on Film is an extraordinary collection of photographs which brings together the finest visual evidence for the existence of extraterrestrial life. The amazing images have been selected by top UFO researcher B.J. Booth, and each photograph is accompanied by his commentary. From early photos dating back to the 1920s to mystifying images taken in the last few years, this book tracks all significant sightings and stories. This unique compilation of photos will delight any fan of the paranormal, from UFOlogists to those who just love a conspiracy theory—the truth is out there!

The UFO Files

The UFO Files tells the story of over 100 years of UFO sightings, drawing on formerly secret government records at the National Archives of Great Britain.

Project Blue Book : Top Secret UFO Files

PROJECT BLUE BOOK - The CIA and Government conspiracy to hide Top Secret UFO Files. This Edition 1 was updated April 2021. As of 2017 the U.S. Government began releasing UFO images (videos) taken from Navy F-18 fighter jets. From 1947 to 1969, the U.S. Air Force recorded a total of 12,618 UFO sightings. The investigation of these "Unidentified Flying Objects" was headquartered at Wright-Patterson Air Force Base, Ohio. In this book we address the declassified Project Blue Book cases as well as sensational UFO encounters that remain classified (not included in the Project Blue Book files). The chapters in this book are arranged by topic based on the way UFOs operate. Each chapter contains chronologically ordered short stories of UFO case files. Project Blue Book was just one of many UFO reporting channels for the U.S. Government. Blue Book does not contain all UFO record sightings. Many military UFO sightings remain classified "Top Secret" today. This book explores declassified cases as well as a few non-declassified cases. "Project Blue Book: Top Secret UFO Files" is prepared to tell you the truth about the extraterrestrial's visitors monitoring our military bases and following commercial and military passenger planes. This book is a culmination of many hours researching thousands of declassified military UFO records, newspaper articles, and other sources. Through 27 chapters we discuss many topics including the various forms of evidence (e.g., physical, radar and visual); actual military and civilian UFO case histories. The stories are compelling and include the typical "cat and mouse" games used by the Alien pilots to evade our jets. On the one hand, our police and military jets chase the UFOs. On the other hand, UFOs pursue our military and commercial passenger planes. You will come away understanding the reasons why they are here, what they are doing, and the ships they use. Finally, you will also understand which agencies (CIA, FBI, etc.) and congressional members wanted the UFO phenomenon to remain "classified" as a result of losing pilots and planes during aerial engagements. Buy the book version and get the e-book free. IN 2021 - John Chace released his newest Book: "UFOs, The Alien Invasion and the CIA". The book uncovers UFO cases, which involved CIA agents, yet were not disclosed by the CIA.

UFO Secrets Inside Wright-Patterson

"Carey and Schmitt show that good, old-fashioned investigative reporting is still alive and well."
—Cheryll Jones, former anchor, CNN News The true nature of what actually crashed in Roswell, New Mexico, in 1947 remains classified. Only a select few have ever had access to the truth about what

became known as Area 51. But what happened to the remnants of that crash is shrouded in even greater mystery. What began in the high desert of New Mexico ended at Wright-Patterson, an ultra-top-secret Air Force base in Dayton, Ohio. The physical evidence of extraterrestrial visitation was buried deep within this nuclear stronghold. How tragic that such seismic news should be kept from the people of the world . . . pieces of history, now quickly dwindling into oblivion as the last of the secret-keepers passes on. In addition to its rich history of military service to our nation, Wright-Patterson also stands as the secret tomb of one of the greatest occurrences in recorded history. Be prepared . . . the real Area 51—Wright-Patterson's vault—is about to be opened. UFO Secrets Inside Wright-Patterson is a thoroughly researched work that includes: New eyewitness accounts from the late Leonard Stringfield's files about the crash retrieval evidence stored at Wright-Patterson New testimonies from the late Emmy-award-winning TV reporter Carl Day concerning physical evidence of crashed UFOs stored in underground facilities at Wright-Patterson Newly discovered Project Blue Book files from Wright-Patterson including photos and Air Force investigations of UFOs.

Phantom in the Sky

Dr. Geoffrey Rasche was an astronomer and professor with a secret passion-investigating UFOs. That is, until a fatal accident occurred. Dylan never believed it was an accident, and now he's discovered proof. Now, the investigators must learn who killed Dylan's father and unravel the mystery of the phantom in the sky.

Alien Encounters

If you have ever wondered if there is truly life beyond the stars, this is a must-read. This book specifically lists actual occurrences and lets you decide, "Are we alone?".

VISITORS FROM THE STARS

A noted American Indian researcher offers up a collection of intimate narratives of encounters between contemporary American Indians and the Star People.

UFO's Past, Present and Future

The wildly entertaining and eye-opening biography of J. Allen Hynek, the astronomer who invented the concept of "Close Encounters" with alien life, inspired Steven Spielberg's blockbuster classic science fiction epic film and is the subject of History Channel's Project Blue Book, and made an entire nation want to believe in UFOs. In June 1947, private pilot Kenneth Arnold looked out his cockpit window and saw a group of nine silvery crescents weaving between the peaks of the Cascade Mountains at an estimated 1,200 miles an hour. The media, the military, and the scientific community—led by J. Allen Hynek, an astronomer hired by the Air Force—debunked this and many other Unidentified Flying Object sightings reported across the country. But after years of denials, Hynek made a shocking pronouncement: UFOs are real. Thirty years after his death, Hynek's agonizing transformation from skepticism to true believer remains one of the great misunderstood stories of science. In this definitive biography, Mark O'Connell reveals for the first time how Hynek's work both as a celebrated astronomer and as the U. S. Air Force's go-to UFO expert for nearly twenty years stretched the boundaries of modern science, laid the groundwork for acceptance of the possibility of UFOs, and was the basis of the hit film Close Encounters of the Third Kind. With unprecedented access to Hynek's personal and professional files, O'Connell smashes conventional wisdom to reveal the intriguing man and scientist beneath the legend. Tracing Hynek's career, O'Connell examines Hynek's often-ignored work as a professional astronomer to create a complete portrait of a groundbreaking enthusiast who became an American cult icon and transformed the way we see our world and our universe.

Encounters with Star People

Over 400 entries from more than 100 contributors cover everything from the incidents and witnesses involved to the concepts at stake and experts' personal position statements. The contributors include: Isaac Asimov, Jerome Clark,

Erich von Daniken, Peter Davenport, Hilary Evans, Timothy Good, Marvin Kottmeyer, Jenny Randles, Carl Sagan, Whitley Streiber and Jacques Vallee. There are over 300 images, eyewitness drawings and photographs.

The Close Encounters Man

UFOs: What Is the Government Really Covering Up? is not just another book about the 1947 Roswell crash. Ingeniously, Roberts takes a step back and offers an in-depth survey of the UFO phenomenon as a whole. Using familiar case studies of alien encounters as examples, he casts a wide net that shows a clear pattern of extraterrestrial visitation and the ensuing cover-up by US and world governments. In the end, the reader cannot help coming away with the same conclusion that something is going on and our government knows it. A must-read for those interested in ufology, conspiracy theories, and ancient aliens. Rita Louise, PhD, author of *ET Chronicles: What Myth and Legend Say about Human Origin* While a seemingly unexplained event in Roswell, New Mexico, in 1947 exposed the American people to the phenomenon of unidentified flying objects or UFOs these mysterious sightings have a history that reaches far back into our collective past. Ancient megalithic structures, biblical stories, and even prehistoric art and cave paintings point to the existence of nonterrestrial life and with advanced technology, new recordings, and the Internet, more evidence points to their continued presence today. Why, then, do we the public know so little? Why has the media ignored credible reports from eyewitnesses and ufologists? And why have world governments suppressed these facts from their citizens? The UFO enigma is an extremely complex jigsaw puzzle comprised of many pieces. However, they fit together in a way that presents a cohesive theory when you connect all the dots.

The Mammoth Encyclopedia of Extraterrestrial Encounters

"The Men in Black were elevated to superstar status in 1997 in the hit movie of the same name. Although the Hollywood blockbuster was fiction, the real Men in Black have consistently attempted to silence the witnesses of UFO and paranormal phenomena since the 1950s. In *True Stories of the Real Men in Black*, author Nick Redfern delves deep into the mysterious world of these mysterious operatives. He reveals their origins and discusses classic cases, previously unknown reports, secret government files, and the many theories that have been presented to explain the mystery."--

TWO LOST HOURS ABOARD A UFO—THE ABDUCTION OF BETTY AND BARNEY HILL • One of the most extraordinary UFO tales of our time—a thrilling, otherworldly, and wildly entertaining adventure that enraptured America and stands as the quintessential extraterrestrial encounter "True believers will see this as further evidence of the reality of UFOs" —The New York Times On a summer night in 1961, Betty and Barney Hill were driving home through New Hampshire when a bright object appeared in the sky and began following them. When the couple finally pulled over to get a better look, the object vanished before their eyes. With nothing else to do, Betty and Barney returned to their car and kept driving into the night. The encounter left them rattled, but what came next was even more arresting: the following day, the Hills realized they couldn't remember anything from almost two hours of their drive. Time itself had disappeared, so the couple began looking for help, hoping to uncover what happened that mysterious night. Captivating and unputdownable, *The Interrupted Journey* is the complete story of those missing hours and the Hills' nearly identical accounts, as revealed to doctors under psychotherapy and hypnosis. It stands as one of the most extraordinary UFO tales of our time. Thrilling, otherworldly, and wildly entertaining, *The Interrupted Journey* is an adventure that enraptured America and stands as the quintessential extraterrestrial encounter.

The Pentagon's decision in 2020 to admit the existence of its UFO division has begun a new era in encounters between humans and extra-terrestrials. Understanding the meanings behind these strange events has never been more important.

Alien Bedtime Stories

'The Legend of 'The Nine' is the true, fascinating, and spellbinding account of Jenna Orion's lifelong visits with nine extraterrestrial humans—yes, humans—who possess an all-knowing God-like awareness and presence, great power, and striking good looks. They appear to be of different universalities, just as we have different nationalities. They travel to Earth for visits with Jenna in huge, beautiful, and mesmerizing spacecraft better known as UFOs. In addition Jenna has been visited by 'Ancient of Days', whose power is beyond belief. He tells Jenna that he is the same Ancient of Days that is written about in the Bible. He is also guiding Jenna and working in unison with The Nine. These visits with The Nine turned out to be Close Encounters of The Nine Kind,TM encounters Jenna never dreamed possible. Jenna knows them as The Nine, but they also call Themselves Messengers from God. She has learned that she has been chosen as spokesperson for The Nine. They have come to deliver messages about changes to come to the Earth's structure and society through Jenna, and have also shared shocking revelations about secrets omitted from the Bible. These secrets, when revealed, show a whole new side of reality. A reality that makes a lot more sense than what we previously thought was fact, proving we have all been living a lie. Jenna has had these bizarre and inspiring experiences all her life, sometimes witnessed by others. She ultimately became a subject of the late John E. Mack, MD, author, professor at Harvard Medical School and renowned alien researcher, after a meeting was orchestrated for her by The Nine. Doctor Mack was later quoted as saying, in part: "After meeting with Jenna and performing a regression on her, it is my opinion that her experiences of alien encounters are authentic and uncommon . . ." Jenna has experienced a lifetime of seemingly coincidental events in a wide-awake state that were far too numerous to be coincidental in truth. Just as it turned out in the film Field of Dreams, these coincidences were nothing more than fate, a fate that led her through her life and to her destined mission on Earth. Through instructions and dictations from The Nine, she has written this book about her encounters with them. Within its pages, you will also find accounts of Jenna's near-death experience, the electrifying restructuring of her body by The Nine, what it's like to gain an enhanced soul, spiritual healings, living parallel and simultaneous lives, her X-ray vision, and visits with her friends and family after their deaths, both here and on the other side. After reading

Jenna's story you too will be convinced that we are not alone and that is the best news any of us could possibly hear! Thanks for making contact!

Evidence of Extraterrestrials

An investigation of UFOs and aliens combines eyewitness accounts of supposed sightings and interviews with leading UFO experts to explore the possibility of life from other worlds.

Alien Encounters

"This real-life The X-Files and Close Encounters of the Third Kind tells the true story of a computer programmer who tracks paranormal events along a 3,000-mile stretch through the heart of America and is drawn deeper and deeper into a vast conspiracy. Like "Agent Mulder" of The X-Files, computer programmer and sheriff's deputy Zukowski is obsessed with tracking down UFO reports in Colorado. He would take the family with him on weekend trips to look for evidence of aliens. But this innocent hobby takes on a sinister urgency when Zukowski learns of mutilated livestock, and sees the bodies of dead horses and cattle--whose exsanguination is inexplicable by any known human or animal means. Along an expanse of land stretching across the southern borders of Utah, Colorado, and Kansas, Zukowski discovers multiple bizarre incidences of mutilations, and suddenly realizes that they cluster around the 37th Parallel or "UFO Highway." So begins an extraordinary and fascinating journey from El Paso and Rush, Colorado, to a mysterious space studies company and MUFON, from Roswell and Area 51 to the Pentagon and beyond; to underground secret military caverns and Indian sacred sites; beneath strange, unexplained lights in the sky and into corporations that obstruct and try to take over investigations. Inspiring and terrifying, this true story will keep you up at night, staring at the sky, and wondering if we really are alone ... and what could happen next"--

The Legend of 'The Nine'

UFOs are a truly global phenomenon. Although many of the best-known cases have taken place in North America, amazing stories of witnesses encounters with strange disc-shaped objects (and their occupants) have come from every corner of the globe. From a floating platform watched by dozens in Indonesia, to a Saturn-shaped object that flew over a ship off the coast of Brazil, to a landing Down Under, UFOs have been baffling witnesses and making headlines around the world. What are some of the most interesting cases? Which ones seem most mysterious? And what can one of the worlds most active UFO researchers and investigators tell us about UFOs, from A to Z? Join Chris Rutkowski as he takes us on a tour of A World of UFOs.

Alien Investigation

More so than any other medium, cinema has shaped our expectations of potential alien life and visitation. From The Day the Earth Stood Still and Close Encounters of the Third Kind, to Battleship, Prometheus and beyond, our hopes and fears of alien contact have been fuelled by the silver screen. But what messages does Hollywood impart to us about our possible otherworldly neighbours, from where do UFO movies draw their inspiration, and what other factors - cultural or conspiratorial - might influence their production and content? Silver Screen Saucers is a timely and revealing examination of the interplay between Hollywood's UFO movies and the UFO phenomenon itself, from 1950 to present day. The book grants the reader a rare, close-up examination of the DNA that builds our perceptions of the UFO mystery: one strand of this DNA weaves real events, stories and people from the historical record of UFOlogy, while the other spins and twists with the film and TV products they have inspired. With our alien dreams and nightmares now more fully visualized onscreen than ever before, Silver Screen Saucers asks the question: what does it all mean? Are all UFO stories just fever dreams from LA screenwriters, or are they based in something else? Could any of them be real and are they part of a bigger message? From interviews with screenwriters and directors whose visions have been shaped by their lifelong UFO obsessions; to Presidents Carter and Reagan talking aliens with Spielberg at the White House; to CIA and Pentagon manipulation of UFO-themed productions; to movie stars and producers being stalked by real Men in Black, Silver Screen Saucers provides fresh perspective on the frequently debated but little understood subject of UFOs & Hollywood. The book addresses questions such as: Does Hollywood fuel the UFO mythos, or vice versa? In other words, are our beliefs about alien visitation shaped by UFO movies, or are UFO movies shaped by our beliefs about alien visitation? Do Hollywood's UFO movies fictionalize the UFO phenomenon in the public mind, actualize it, or both? If and when humanity makes full and open contact with an unearthly intelligence, would we,

as cinemagoers, be able to divorce Hollywood's historical imaginings from the reality with which we are presented? Indeed... Should we? After all, a great deal of Hollywood's UFO movie content has been closely informed by supposedly factual UFOlogical literature, events and debates. Perhaps, then, there is more truth to be found in Hollywood's UFO movies than we might imagine - which raises the question: Just how has so much dense UFOlogical theory (by its very nature 'fringe' and subcultural) managed find its way into Hollywood's populist science fiction narratives? Is Hollywood's incorporation of UFO lore attributable to a "Hollywood UFO conspiracy" designed to acclimate us to a UFO/alien reality, or is it merely the result of a natural cultural process? Silver Screen Saucers is bursting with ideas and information that will excite and intrigue any reader with a passing or serious interest in UFOs and/or science-fiction cinema."

Alien Abductions and UFO Sightings 5-Book Bundle

In this forty-fifth anniversary edition, a humble, one-armed Swiss farmer named Billy Meier documents his date with destiny with hundreds of photos, videos, and written conversations with extraterrestrial visitors from the Pleiades star cluster. *UFO...Contact from the Pleiades* offers the inside story of one of the most remarkable and convincing extraterrestrial encounters ever reported. For the first time—forty-five years after their original publication—the two photo-journal volumes of *UFO...Contact from the Pleiades* are combined in one book for a modern audience, with a new foreword written by Shirley MacLaine, a prologue written by Mexican UFOlogist Jamie Maussan, and a new introduction and preface written by Brit Elders. This photo-journal presents the unique contact case of a Swiss farmer, Billy Meier, who claims to have met with the Pleiadians hundreds of times, compiling many layers of evidence including notes on their conversations, hundreds of photographs, movie footage, audio recordings of the craft, landing tracks of the spaceships, dozens of witnesses, and even metal samples of the craft itself. The quality and amount of evidence was convincing, making this unlike any case previously seen. *UFO...Contact from the Pleiades* takes the reader back to a time before home computers, digital photography, and easily accessible photo enhancement programs. Yet the evidence—analyzed in laboratories around the world—could not be easily dismissed, and supported

the claims of the contactee, Billy Meier. The breathtaking images, profound words of the Pleiadians, and the extensive investigation that spanned seven years are as relevant today as they were forty-five years ago.

Children of the Universe

This volume is perfect for the armchair UFO enthusiast and budding scientist. This compilation of stories from leading scientists and UFO experts will pique any young person's interest in the possibility that UFOs really exist. Included are accounts from the world's leading experts on new evidence of famous sightings as well as the unearthing of famous classified files. Also, one leading nuclear physicist says how close we are to interstellar travel. For fans of The X-Files and Roswell conspiracies, this title will dispel any doubts about the existence of alien life.

Beyond Roswell

Chris Rutkowski's name is synonymous with UFO research the world over, and this book captures his most breathtaking research, along with new and exciting accounts, that will have you questioning "are we alone in the universe?" The Big Book of UFOs is a compendium of his best and most disturbing UFO stories for enthusiastic fans everywhere, with startling evidence to make even the biggest skeptics believe. The renowned ufologist takes us on a tour of UFOs in Canada and around the world. He has studied UFOs, aliens, abductions, and even encounters reported by kids. Rutkowski offers many famous reports, such as the "ghost airplanes" seen over Canada's Parliament in 1915, but also includes many exciting new cases, secret files, and statistics, as well as lots of tidbits and trivia to keep everyone excited.

UFO...Contact from the Pleiades (45th Anniversary Edition)

A wave of UFO sightings struck southern Manitoba in 1975, with possible connections to U.S. missile defense operations. In 1975, Manitobans reported UFOs over their province almost nightly. The string of unprecedented sightings launched the biggest UFO craze in Canadian history. With sightings for well over a year, one object seen again and again became known as Charlie Red Star. Grant Cameron was there. He witnessed Charlie Red Star many times, and led tours for others to see for themselves. He also caught wind of rumours of nuclear testing south of the Canada-U.S. border, which might have been the cause of the unexplained phenomena that was sighted in the upper atmosphere. This is the story revealed by eyewitnesses, photographers, and reporters chasing down the truth behind these still-unexplained encounters with UFOs.

True Stories of Alien Abduction

Given the vastness of the universe, it is not difficult to imagine the possibility of life—even intelligent life—beyond Earth. Yet whether any extraterrestrial beings have ever made contact with us and if any evidence of this contact exists, remains widely debated. Evaluating tales of alien encounters and UFO sightings with a critical eye, this absorbing volume considers the possibility of extraterrestrial life by carefully separating scientific fact from fiction, hoaxes, and the unprovable. It also examines "ufology" and alien life in popular culture, surveying the books, movies, TV shows, and more inspired by the idea of intergalactic contact.

The Big Book of UFOs

"UFO Mysteries is one of the best works on the subject of UFOs since Jacques Vallee's seminal 1965 *Anatomy of a Phenomenon*. Sutherly has blended skillful writing with the determination of a true investigator to produce an objective and introspective look at one of the greatest enigmas humankind has so far faced." Rick R. Hilberg, Ufologist and Anomalist
Cleveland, Ohio
Fifty Years of UFO Stories Filled with anecdotes and insider information, *UFO Mysteries* chronicles fifty years of UFO occurrences in the United States and Europe, from Kenneth Arnold's 1947 sighting over Mt. Rainier to the wave of triangular UFO sightings over the U.S. and Great Britain during the 1990s. Derived in part from *Strange Encounters*, the author's earlier book, this updated and expanded version combines a journalistic style with first-person recollection to give the reader a fresh-and remarkable-view of the UFO phenomenon. Included are fifteen rare photographs from a private collection, among them a previously unpublished UFO photograph mailed anonymously to radio station KYW in Cleveland, Ohio.

Charlie Red Star

The subject of UFOs has been hotly debated. Are UFOs space vehicles from another world? Are they top-secret military aircraft of some kind? Or are they simply a figment of our imagination? Malcolm Robinson is a UFO & Paranormal Researcher with over 40 year's expertise and has had 'hands on' experience with each of the cases contained in this book. The full story regarding the wave of UFO sightings over the town of Bonnybridge is given here, as is the full story of Scotland's first 'reported' UFO abduction (the A70 Incident) This book presents the most fascinating UFO cases that Scotland has to offer and clearly shows that Scotland as a country has been touched by the UFO presence. This book will leave you with little doubt that mankind is dealing with a very real and bona fide phenomenon, as the witnesses in this book can clearly testify to.

Investigating UFOs and Aliens

This intriguing collection of essays presents reflections upon the birth, proliferation, enduring appeal, and future of UFO mythology. Highly respected authors and researchers, representing the varied and sometimes competing perspectives of ufology and the sociology of religion, provide a fascinating and instructive voyage into the exotic social worlds of UFOs, abductees, and contactees. Reports of aliens and the changing nature of abduction experience, especially in the sexual dimension are explored in relation to literature, culture, and ideology. The influence of abduction therapy and support groups is considered, as are new religious movements (NRMs) within the UFO community. The book offers rich insights into psychology, human behavior, and religion, melding issues of race, politics, and gender. Finally, it evaluates the existing dynamic of UFOS in the age of the Information Super Highway and ever-increasing globalization. Alien Worlds will enlighten anyone wanting to understand what and how the academic world thinks about UFOs, UFO groups, and UFO phenomena.
