### Barack Obama For Beginners, Presidential Edition

Barack Obama For Beginners: An Essential Guide is the most concise and reliable short biography available on the 44th President of the United States — from his childhood in Hawaii and Indonesia, education at Columbia and Harvard, work as a community organizer, writer, teacher, lawyer, and politician in Illinois, to his historic campaign for President. Barack Obama For Beginners keeps the focus on the man and his record — accomplishments and missteps, praise and criticism — to allow readers to gain a balanced understanding of President Obama as they follow his rise to the White House. Entertaining illustrations enliven the reading experience and highlight important details.

### Barack Obama for Beginners

This slim volume is the fastest and most reliable way to get up to speed on the nation's new president. Entertaining illustrations complement the text to offer a complete, neutral introduction.

### Barack Obama for Beginners

The personal and political history of the first Afro-American nominee for the US presidential election is condensed into this single volume, packed with entertaining illustrations that provide a complete introduction to the ground-breaking senator for Illinois. The book can be read quickly, allowing those who know little about Obama to develop a reliable foundation of knowledge whilst observers who know more will find it a comprehensive overview. Professionals can use it as a reference and index of available source material.

### How Barack Obama Won

This detailed overview and analysis of the results of Barack Obama's historic 2008 presidential win gives us the inside state-by-state guide to how Obama achieved his victory, and allows us to see where the country stood four years ago. Although much has changed in the nearly four years since, How Barack Obama Won remains the essential guide to Obama's electoral strengths and offers important perspective on his 2012 bid. The votes in each state for Obama and McCain are broken down by percentage according to gender, age, race, party, religious affiliation, education, household income, size of city, and according to views about the most important issues (the economy, terrorism, Iraq, energy, healthcare), the future of the economy (worried, not worried) and the war in Iraq (approve, disapprove).

### Codename: Renegade

Written by British political reporter Richard Wolffe, Renegade is an election epic as well as an insightful biography of the new President of the United States. During the presidential campaign, Barack Obama told Wolffe that, 'You'll get more access than anyone else', resulting in a riveting first-hand account of the 21-month journey from candidate to president. Wolffe covers the campaign in untold detail as well as revealing how Obama learned his personal and political skills in his youth and early career, which led him from his university lecturer's office in Iowa, to his nomination as the Democratic candidate, and finally to the Oval Office in Washington. Combining history, political psychology and biography, Renegade is an essential guide to understanding the president.

### The Ultimate Obama Survival Guide

"DON'T GET MAD ABOUT OBAMAGEDDON...GET EVEN!" Build your wealth. Protect your faith and family. Secure your freedom. Don't just survive Obama...learn how to outsmart his big-government, socialist system and thrive! Bad times are coming -- how will you protect your family, save enough for retirement, and turn your home into a fortress? In The Ultimate Obama Survival Guide, Wayne Allyn Root provides the answer. First, he explains step by step what Obama has planned. Then, Root presents Y-PODS: Your Personal Obama Defense Shields - a detailed 18 point plan to protect your

assets, capitalize, and PROSPER as the rest of the country treads water – or drowns! And that's just the beginning. Wayne Allyn Root is a passionate Capitalist Evangelist, serial entrepreneur, and small businessman extraordinaire. He knows what it takes to weather any economic storm. You're going to need Root's expertise as you and your family tackle the biggest challenge facing Americans today: Barack Obama's second term in the White House. Root takes you on a tour of the practical, real-life ways you can fight back and WIN, not just at the ballot box, but in your bank account, retirement account, safety deposit box, on your tax forms, at your church, in your home, your schools, and at your doctor's office. The Ultimate Obama Survival Guide also features exclusive advice from 18 superstars of business and finance - millionaires, billionaires, and managers of billion dollar hedge funds, who provide their specific plans for investing in precious metals, real estate, stocks, bonds, ETFs and more. What one investment decision made in 1913 turned \$1,000,000 into \$87,000,000? What investment decision outperformed Warren Buffet by 300% since 2000? What investment have central bankers around the world bought more of in the past year, than in all the years since 1964 COMBINED? Root provides the answers – along with detailed advice on the smart investments now, the best places to move to escape Obama's poisonous taxes, the best way to educate your children, survival advice on how to turn your home into a fortress, how to survive if the economy collapses and unrest threatens your family. If you are worried about what Obama has in store (and you should be) then arm yourself with Root's step-by-step instructions to protect yourself and your family RIGHT NOW from the Obama invasion of every aspect of your life.

#### Presidents Fact Book Revised and Updated

This is a revised and updated paperback edition of the most comprehensive, up-to-date guide on the presidents including Barack Obama. It includes the major accomplishments of each administration, key legislation, diplomatic triumphs, profiles of cabinet members, results, political legacies, foreign policy endeavours, social impact, family lives, tons of little-known facts, and much more. Arranged chronologically for easy reference, it is a complete review of everything you'd ever need to know about the chief executives: the major accomplishments and events of their terms; their personalities and personal habits; their careers before the presidency; their Supreme Court appointments, cabinet members, election results, and groundbreaking legislation; and, their wives, families, friends, and foes.

#### President Barack Obama

Barack Obama's "improbable quest" has become a fact of American life and a benchmark in American history. Striving now toward "a more perfect union," Obama and the nation confront obstacles unforeseen at the outset of the 2008 electoral campaign. John K. Wilson tracks the sweep of this progress from the beginning of Obama's political career through his move into the White House. With his critical journalistic eye and his sympathetic "native son" perspective, Wilson shows us a side of Obama we haven't seen as well as a view of the media we need to understand-even more now as the Obama administration begins to govern. The paperback edition of this popular book includes a new introduction, updates throughout, and two new chapters on the electoral victory and the transition from campaigning into governing. New photos and new insights include a focus on the continued importance of race in American politics.

#### Presidents Fact Book Revised and Updated!

The Presidents Fact Book is a compendium of all things presidential and a sweeping survey of American history through the biography of every president from George Washington to Donald Trump. Organized chronologically by president, each entry covers the major accomplishments and events of the presidential term; cabinet members, election results, groundbreaking legislation, and Supreme Court appointments; personality and personal habits; career before the presidency; a behind-the-scenes look at the wives, families, friends, and foes; and much more, including hobbies, odd behaviors, and outlandish penchants. Major primary documents from each administration -- from the Bill of Rights to Barack Obama's speech on race in America -- provide a glimpse into the crucial moments of America's storied past in the words of those who led the nation. Perfect for students, history buffs, and political junkies, The President's Fact Book is at once an expansive collage of our nation's 45 individual presidents and a comprehensive view of American history.

#### Summary: a Promised Land by Barack Obama

**SUMMARY: A PROMISED LAND BY BARACK OBAMA** **DISCLAIMER:** This summary guide is not written by the original author of the book. It is written and published by ZipEst PUBLISHING This book does not in any way take the place of the original book but to serve as a comprehensive guide for you. **ABOUT THE ORIGINAL BOOK:** Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first Black American to hold the nation's highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune's Spear, which leads to the death of Osama bin Laden. **ABOUT THIS SUMMARY:** This guide is well detailed and well thought out work by ZipEst PUBLISHING. It contains a comprehensive, well-detailed summary and key facts that busy readers need to know about the memoir of former US President Barack Obama. This synopsis is designed and packaged in a way to make you have a clear understanding of the theme of the original book. **BENEFITS OF BUYING THIS BOOK:** People who admire Obama Can finally adore his lifestyle and learn from him History Students in High School, Colleges can use this SUMMARY as a study guide. Barack Obama is the First Ever black President in the US, knowing him through this book will give you **MORE KNOWLEDGE OF HIM** The Summary is shorter than the full-length book, it is easier to read and comprehend Click On The Buy Now Button To Get Your Copy.

## Presidents

Presidents, Third Edition closely examines the hopes and disappointments, the victories and defeats, and the integrity and weaknesses of the men who have held this office. Featuring up-to-date information, including the January 2009 inauguration of Barack Obama, the first African-American president of the United States, this new edition is an expertly written, detailed reference that narrates and explains the lives and careers of America's presidents. It is an essential guide for anyone seeking a complete understanding of the development and workings of the United States government, as well as a great read for those who are fascinated by the interplay of politics, power, career, and legacy. Comprehensive and accessible, Presidents, Third Edition contains biographies and portraits of all presidents, a detailed chronology of the life of each president, and suggested further reading about each president.

## Summary & Analysis of A Promised Land

**PLEASE NOTE:** This is a summary and analysis of the book and not the original book. SNAP Summaries is wholly responsible for this content and is not associated with the original author in any way. ## Presidents Fact Book

Completely updated with all the presidents, including Barack Obama, The Presidents Fact Book is a definitive guide to the political and personal lives of every U.S. president. Fully illustrated with 1,000 compelling photographs and illustrations, the book also features selections of the most significant primary documents of each administration, as well as thousands of little-known presidential facts, making it the ideal resource whether for comprehensive research or compulsive browsing.

## A New Beginning, Or a Revised Past?: Barack Obama's Cairo Speech

On June 4, 2009, President Barack Obama delivered a much-anticipated speech at Cairo University in Egypt. Coming on the heels of Obama's worldwide "Apology Tour," the speech signaled not only how Obama viewed his country, but how he would set himself apart in "a new beginning" that would change America's course from what he presented as a dangerous and belligerent approach by his predecessor, President George W. Bush. The version of history that Obama presented, however, cast the Middle East and Islam in a more favorable light than the facts would warrant. The President's Cairo Speech carries great historical and political significance because it set out Obama's Middle East policy and his vision of the United States in the international arena. It also presents insights into the character of the president. Like George Washington's Farewell Address and John F. Kennedy's Inauguration Speech, the Cairo Speech will likely be studied as an important document in American history. Obama's promise of "a new beginning" cannot yet be evaluated critically. Unfolding events - and the outcome of the promises made -- will determine the greatness of the speech. This happens only in retrospect, with the benefit of historical reflection. Unfortunately, the Cairo Speech is already being reprinted in anthologies and textbooks, and is taught to students as a hallmark of rhetorical brilliance and as an unalloyed diplomatic victory. The cult of personality that has sprung up around President Obama is carried into classrooms where educators "teaching the speech" encourage students to unquestioningly accept the President's calls for action and support. Such directives stand opposite to American traditions and ideals of independent thinking and self-government, as well as to standards of excellence in scholarship. This Dissident Prof Guide offers resources for critical thinking to students who are being asked to admire, not analyze, Obama's Cairo Speech. The Guide includes a handy point-by-point analysis of the speech, a bibliography of trusted historical sources, and an account of the numerous errors of historical fact, including those pointed out by commentators and historians in the days following the speech's delivery. It will serve as a handy reference for all who might wish to understand and analyze this pivotal moment in our nation's history. The Dissident Prof Guide includes: Summary of the purpose and strategies of political speeches, going back to Aristotle and Cicero; Analysis of rhetorical strategies employed in this speech; An overview of American foreign policy since the founding of the United States Comparisons to other speeches by Presidents Lincoln, Kennedy, and Reagan; A summary of the reactions to the speech by historians, political commentators, and American Muslims; Information about events in the Middle East since the speech was delivered; Strategies for dealing with biased assignments. Whether for the American citizen wanting a refresher on current events, history, and rhetoric, or the student faced with a biased assignment, this Guide Book will provide fair and knowledgeable information. This book will: Help the student write an A paper without compromising his principles; Help the concerned citizen make informed and reasoned arguments. Dissident Prof Guide Books are written by professors in the field and are designed to give reader-friendly advice in a succinct and lively style. Both authors, Mary Grabar and Brian Birdnow, hold Ph.D.'s (in English and history, respectively) and have each taught at the college level for decades. Both are widely published authors of articles and commentaries in general interest publications as well.

## The Worst President in History

An Amazon Bestseller! The Most Comprehensive Takedown of the Obama Presidency! "If you want to know why the history books will have a dim view of Barack Obama, this is the book to read."—John Hawkins, Right Wing News and Townhall.com The presumption of Barack Obama's presidential greatness began before he even won the presidency. Now that he's out of office, presidential "experts" and historians are ranking Obama as one of our nation's greatest presidents, placing him amongst Washington, Lincoln, Jefferson, and Truman. Obama's presidency was certainly consequential, but it was by no means great. Did Barack Obama really save America from another Great Depression?

Did he really unite America or improve America's global image? Did he really usher in a new era of post-partisanship and government transparency? Did he really expand health coverage while lowering costs and cutting taxes? Did he really make America safer and stronger than it was when he first took office? According to his supporters in the media, Hollywood, and academia, he did. But they are wrong. And they're working aggressively to ensure their version of Obama's legacy is written into the history books. How can you discover and protect the truth? Matt Margolis and Mark Noonan have compiled everything you need to know about the presidency of Barack Obama into a single source. First published in 2016, this book has now been updated to include the entirety of Obama's presidency, and the shocking details that have come to light since he left office. *The Worst President in History: The Legacy of Barack Obama* compiles two hundred inconvenient truths about Obama's presidency—the facts that define his legacy: his real impact on the economy; the disaster that is Obamacare; his shocking abuses of taxpayer dollars; his bitterly divisive style of governing; his shameless usurping of the Constitution; his many scandals and cover-ups; his policy failures at home and abroad; the unprecedented expansion of government power...and more. In his farewell address to supporters on January 11, 2017, Barack Obama declared, "By almost every measure, America is a better, stronger place than it was when we started." This book destroys that narrative, putting Obama's presidency into historical context and offering an avalanche of facts that simply cannot be ignored. All of these facts are now at your fingertips in a single source. *The Worst President in History: The Legacy of Barack Obama* is your ultimate guide to Obama's real presidential record—the record he'd like history to forget.

## Obama

Profiles the Illinois senator and 2008 presidential candidate, discussing his childhood, ethnic background, family, and career in politics, and comparing his stand on major issues with that of his Republican rival.

## How to Think Like Obama

Be inspired by Barack Obama and learn how to think big with this unique insight into the mind of one of the world's great influencers. Born to a black Kenyan father and white American mother, raised in Hawaii and, for a time, Indonesia, Barack Obama would typically never have been tipped for a future president of the United States, such was the world he was born into. But the path towards greatness and the choices he made along the way can be understood by an attitude that saw him take on any challenge - indeed, 'Yes We Can' became the all-inclusive slogan for his presidential candidacy. Riding a wave of positivity and hope for the future that swept him all the way to the Oval Office, Obama aimed to define his presidency as one that would provide opportunities for the many, not the few. With the price of change being gritty negotiation and compromise, Obama evolved the skills of a twenty-first century president which belied his relative inexperience to achieve the America that, as a young man, he had dreamed of. *How to Think Like Obama* reveals the motivations, inspirations and philosophies behind a man who broke the mould to challenge the status quo. With his thoughts on leadership, innovation, overcoming obstacles and fighting inequality, and with quotes by and about him, with this book you too can learn to think like Barack Obama.

## Renegade

Before the White House and Air Force One, before the TV ads and the enormous rallies, there was the real Barack Obama: a man wrestling with the momentous decision to run for the presidency, feeling torn about leaving behind a young family, and figuring out how to win the biggest prize in politics. This book is the previously untold and epic story of how a political newcomer with no money and an alien name grew into the world's most powerful leader. But it is also a uniquely intimate portrait of the person behind the iconic posters and the Secret Service code name Renegade. Drawing on a dozen unplugged interviews with the candidate and president, as well as twenty-one months covering his campaign as it traveled from coast to coast, Richard Wolffe answers the simple yet enduring question about Barack Obama: Who is he? Based on Wolffe's unprecedented access to Obama, *Renegade* reveals the making of a president, both on the campaign trail and before he ran for high office. It explains how the politician who emerged in an extraordinary election learned the personal and political skills to succeed during his youth and early career. With cool self-discipline, calculated risk taking, and simple storytelling, Obama developed the strategies he would need to survive the onslaught of the Clintons and John McCain, and build a multimillion-dollar machine to win a historic contest. In *Renegade*, Richard Wolffe shares with us his front-row seat at Obama's announcement to run for president on a frigid day in Springfield,

and his victory speech on a warm night in Chicago. We fly on the candidate's plane and ride in his bus on an odyssey across a country in crisis; stand next to him at a bar on the night he secures the nomination; and are backstage as he delivers his convention speech to a stadium crowd and a transfixed national audience. From a teacher's office in Iowa to the Oval Office in Washington, we see and hear Barack Obama with an immediacy and honesty never witnessed before. Renegade provides not only an account of Obama's triumphs, but also examines his many personal and political trials. We see Obama wrestling with race and politics, as well as his former pastor Reverend Jeremiah Wright. We see him struggling with life as a presidential candidate, a campaign that falters for most of its first year, and his reaction to a surprise defeat in the New Hampshire primary. And we see him relying on his personal experience, as well as meticulous polling, to pass the presidential test in foreign and economic affairs. Renegade is an essential guide to understanding President Barack Obama and his trusted inner circle of aides and friends. It is also a riveting and enlightening first draft of history and political psychology.

### When I Grow Up, I Want to Be President

When I Grow Up, I Want To Be President is the first book in a series about the US Federal Government. The historic election of Donald Trump in 2016 and Barack Obama in 2008 generated a great deal of interest in the Presidency of the United States especially among young people. This book answers many of their questions about the presidency and requires very little prior knowledge of government. When I Grow Up, I Want To Be President is written in a question and answer format and includes ACTIVITY and DID YOU KNOW boxes. The activities are engaging, up-to-date, and pedagogically appropriate. Some require straightforward responses. Other activities grow out of the text and encourage students to synthesize information found in the text with other knowledge acquired during research in order to construct a creative response. Key terms are highlighted and defined either in the text or in the glossary. There is also an annotated list of Internet resources.

### Barack Obama Is Afraid of Sharyl Attkisson

Barack Obama Is Afraid of Sharyl Attkisson: The definitive guide to the shenanigans of America's 44th president Here are the chapter names to help give you an idea of what's in the book: Chapter 1: Trying to silence the media Chapter 2: Less transparent than Nixon Chapter 3: Sharyl Attkisson Chapter 4: James Rosen Chapter 5: IRS Scandal Chapter 6: Fast and Furious Chapter 7: Bill Ayers Chapter 8: Medical marijuana Chapter 9: Firefighters Chapter 10: Air-traffic controllers Chapter 11: Democrats criticize Obamacare Chapter 12: Unions criticize Obamacare Chapter 13: No, you can't keep your insurance Chapter 14: Obamacare's 29 hour work week Chapter 15: Benghazi Chapter 16: Dinesh D'Souza Chapter 17: If Obama had a son Chapter 18: Wasting the taxpayers' money Chapter 19: Military Chapter 20: Teachers and police officers Chapter 21: Solyndra Chapter 22: Voter ID Chapter 23: Education Chapter 24: Sharia law and Islamic terrorism Chapter 25: Civil liberties Chapter 26: Hillary Clinton Chapter 27: Iran Chapter 28: Obama Motors Chapter 29: Supermarkets Chapter 30: Miscellaneous

### American Politics

To understand the world events today, you need to understand American politics. Exploring the principles enshrined in the Declaration of Independence and the Constitution, Jon Roper provides a sharp analysis of how history has shaped the way America governs itself. Examining the recent emergence of the right-wing Tea Party movement, President Obama's administration, American foreign policy, and the role of powerful lobbies, this is the perfect primer for anyone interested in the world's most powerful (and controversial) country.

## Barack Obama: The Making of a President

"I was not born into money or status. I was born to a teenage mom in Hawaii, and my dad left us when I was two. But my family gave me love, they gave me education, and most of all they gave me hope..." Punctuated with his own words, this biography traces the people, places and experiences that made Barack Obama the powerful man he is today. His story takes us from Kenya to Hawaii and Indonesia to Chicago, embracing many cultures. It also reaches from the past to the present, with photographs of Obama growing up and a timeline of significant events in black history. Barack Obama's story of hope and determination culminates with an account of his historic Inauguration Day and his first 100 days in office.

## The Black History of the White House

The Black History of the White House presents the untold history, racial politics, and shifting significance of the White House as experienced by African Americans, from the generations of enslaved people who helped to build it or were forced to work there to its first black First Family, the Obamas. Clarence Lusane juxtaposes significant events in White House history with the ongoing struggle for democratic, civil, and human rights by black Americans and demonstrates that only during crises have presidents used their authority to advance racial justice. He describes how in 1901 the building was officially named the "White House" amidst a furious backlash against President Roosevelt for inviting Booker T. Washington to dinner, and how that same year that saw the consolidation of white power with the departure of the last black Congressman elected after the Civil War. Lusane explores how, from its construction in 1792 to its becoming the home of the first black president, the White House has been a prism through which to view the progress and struggles of black Americans seeking full citizenship and justice. "Clarence Lusane is one of America's most thoughtful and critical thinkers on issues of race, class and power."—Manning Marable "Barack Obama may be the first black president in the White House, but he's far from the first black person to work in it. In this fascinating history of all the enslaved people, workers and entertainers who spent time in the president's official residence over the years, Clarence Lusane restores the White House to its true colors."—Barbara Ehrenreich "Reading The Black History of the White House shows us how much we DON'T know about our history, politics, and culture. In a very accessible and polished style, Clarence Lusane takes us inside the key national events of the American past and present. He reveals new dimensions of the black presence in the US from revolutionary days to the Obama campaign. Yes, 'black hands built the White House'—enslaved black hands—but they also built this country's economy, political system, and culture, in ways Lusane shows us in great detail. A particularly important feature of this book its personal storytelling: we see black political history through the experiences and insights of little-known participants in great American events. The detailed lives of Washington's slaves seeking freedom, or the complexities of Duke Ellington's relationships with the Truman and Eisenhower White House, show us American racism, and also black America's fierce hunger for freedom, in brand new and very exciting ways. This book would be a great addition to many courses in history, sociology, or ethnic studies courses. Highly recommended!"—Howard Winant "The White House was built with slave labor and at least six US presidents owned slaves during their time in office. With these facts, Clarence Lusane, a political science professor at American University, opens The Black History of the White House(City Lights), a fascinating story of race relations that plays out both on the domestic front and the international stage. As Lusane writes, 'The Lincoln White House resolved the issue of slavery, but not that of racism.' Along with the political calculations surrounding who gets invited to the White House are matters of musical tastes and opinionated first ladies, ingredients that make for good storytelling."—Boston Globe Dr. Clarence Lusane has published in The Washington Post, The Miami Herald, The Baltimore Sun, Oakland Tribune, Black Scholar, and Race and Class. He often appears on PBS, BET, C-SPAN, and other national media.

## The Essential Guide to HTML5

HTML5 opens up a plethora of new avenues for application and game development on the web. Games can now be created and interacted with directly within HTML, with no need for users to download extra plugins, or for developers to learn new languages. Important new features such as the Canvas tag enable drawing directly onto the web page. The Audio tag allows sounds to be triggered and played from within your HTML code, the WebSockets API facilitates real-time communication, and the local storage API enables data such as high scores or game preferences to be kept on a user's computer for retrieval next time they play. All of these features and many more are covered within The Essential Guide to HTML5. The book begins at an introductory level, teaching the essentials of HTML5 and JavaScript

through game development. Each chapter features a familiar game type as its core example, such as hangman, rock-paper-scissors, or dice games, and uses these simple constructs to build a solid skillset of the key HTML5 concepts and features. By working through these hands on examples, you will gain a deep, practical knowledge of HTML5 that will enable you to build your own, more advanced games and applications. Concepts are introduced and motivated with easy-to-grasp, appealing examples Code is explained in detail after general explanations Reader is guided into how to make the examples 'their own'

### 150 Reasons Why Barack Obama Is the Worst President in History

How will history remember Barack Obama? With all the failures of Barack Obama's presidency, it's impossible to remember them all. Matt Margolis and Mark Noonan have compiled everything you need to know about the presidency of Barack Obama (so far) into one book. Now you can easily find all the information that was ignored by the media, and forgotten during the 2012 election. Did Barack Obama really save this country from another Great Depression? Did he really improve our country's image around the world, or unite America? What about the new era of post-partisanship and government transparency? Did he really expand health coverage while lowering costs and cutting taxes? In *Caucus of Corruption*, Matt Margolis and Mark Noonan exposed the rampant corruption of the Democratic Party that went unreported by the media. Now, they have set their sights on Barack Obama. *150 Reasons Why Barack Obama is The Worst President in History* exposes the truth about his presidency, and documents the facts that will shape his legacy: His real record on the economy; the ugly truths about Obamacare; his shocking abuses of taxpayer dollars; his bitterly divisive style of governing; his shameless usurping of the Constitution; his scandals and cover ups; his policy failures at home and abroad; the unprecedented expansion of government power. All of these facts are now at your fingertips in a single source. *150 Reasons Why Barack Obama is The Worst President in History* is your ultimate guide Obama's real record. Not the record touted by Obama on the campaign trail, or in Obama Administration talking points, but everything they'd like you to forget.

### Rising Star: The Making of Barack Obama

The definitive account of Barack Obama's life before he became the 44th president of the United States – the formative years, confluence of forces, and influential figures who helped shaped an extraordinary leader and his rise – from the Pulitzer Prize-winning author of *Bearing the Cross*.

### The Obama Education Plan

A guide to the educational priorities and change to expect from the Obama administration Although the Obama's goals for education have been articulated in his speeches and on his website, what's missing is a picture of what these proposals mean in practice. This guide provides the articles, stories, and commentary to clarify Obama's priorities for education. The plan itself is comprehensive and covers preschool, K-12, and college-level education. Among its recommendations: expand early education, improve teacher quality, support school innovation, make math and science national priorities, address the dropout crisis, and improve college access and affordability. Compiled by Education Week-education's newspaper of record Offers information and opinion on Obama's key educational priorities Provides a listing of the President's recommendations for education from pre-school to college level Includes advice for the President from key education leaders

### The Politically Incorrect Guide to the Presidents, Part 2

A book to challenge the status quo, spark a debate, and get people talking about the issues and questions we face as a country!

### The Politically Incorrect Guide to the Presidents

Argues that the United States presidents of the past hundred years have actively sought to undermine the Constitution and their constitutional responsibilities, and analyzes each presidency based on their adherence to the Constitution.

### Presidency and Domestic Policy

This book systematically examines the first terms of every president from FDR to Barack Obama and assesses the leadership style and policy agenda of each. Success in bringing about policy

change is shown to hinge on the leadership style and skill in managing a variety of institutional and public relationships. The second edition of this timely book adds chapters on George W. Bush and Obama and focuses on the significant domestic policy challenges of their respective times. The authors have reconfigured the analytical framework of the book to take into account the 'dynamic opportunity structure' that emerged during the George W. Bush administration. The Presidency and Domestic Policy provides unique insights into contemporary presidential leadership in a highly partisan age.

### Beyond the Boundaries

In the past, African American aspirations for political office were assumed to be limited to areas with sizeable black population bases. By and large, black candidates have rarely been successful in statewide or national elections. This has been attributed to several factors: limited resources available to African American candidates, or identification with a black liberationist ideological thrust. Other factors have been a relatively small and spatially concentrated primary support base of black voters, and the persistent resistance of many white voters to support black candidates. For these reasons, the possibility of black candidates winning elections to national office was presumably just a dream. Conventional wisdom conceded a virtual cap on both the possible number of black elected officials and the level of elective office to which they could ascend. But objective political analysis has not always made sufficient allowances for the more universal phenomenon of individual political ambitions. The contributors to this volume explore the ways ambitious individuals identified and seized upon strategies that are expanding the boundaries of African American electoral politics. This volume is anchored by a symposium that focuses on new possibilities in African American politics. Both the electoral contests of 2006 and the Barack Obama presidential campaign represent an emergent dynamic in American electoral politics. Analysts are beginning to agree that the contours of social change now make the electoral successes of black candidates who are perceived as ideologically and culturally mainstream increasingly likely. The debate captured in this volume will likely inspire further scholarly inquiry into the changing nature and dimensions of the larger dynamic of race in American politics and the subsequent changing political fortunes of African American candidates.

### The Message

They had 99 problems but Mitt Romney wasn't one. At the start of an epic election, the team trying to reelect President Obama faced a mountain of challenges: a dismal economy, the faded hopes of the first campaign, and a struggle to raise enough cash to compete. No president had risen so fast, or fallen so far, in the modern era. And no president in living memory had earned a second term in such troubled times. To resell the president, they needed to redefine the world they were living in. They needed to retell their own story and rewrite the characters. They needed to find The Message. But first, they needed to fight the enemy within: each other. For six years they kept a lid on their internal disputes-the ego clashes, the disappointed ambitions, and the battle to control the Obama brand. Everything was out of public view and under wraps. They called their style No Drama Obama, and the phrase matched the mood of the candidate. But it was never completely true. In 2008 they found a way around their rivalries. Four years later, their hostilities threatened to undermine the reelection of a president at a time when most voters were deeply unhappy and ready for change. Drawing on unrivaled access to the key characters, The Message tells the inside story of the Mad Men-the marketers, message-shapers, and admakers-who held the Obama presidency in their hands.

### Barack Obama

An essential resource for readers analyzing the presidency of Barack Obama, this book provides a comprehensive summary of the life of 44th president of the United States. Barack Obama stated, "Our destiny is not written for us. It is written by us." Was the former president talking about himself and his rise to the American presidency? On January 20, 2009, Barack Obama was inaugurated as the 44th president of the United States, the first African American to be elected to this office. Former President Obama's politics of unity appealed to many segments of American society. When Obama became president, the United States faced challenges at home and abroad. Internationally, the country was stalled in two wars in Afghanistan and Iraq. Domestically, the country faced a financial and banking crisis, and poverty was on the rise. Undaunted by these colossal challenges, former President Obama noted, "We did not come to fear the future. We came to shape it." Barack Obama: A Life in American History discusses the life of Barack Obama chronologically and discusses his post-presidential life.

Readers of all levels with an interest in Barack Obama, politics, political parties, political ideology, presidential elections, government, and the U.S. presidency will find this book compelling.

### Barack Obama: A Barack Obama Biography

**BARACK OBAMA: A Barack Obama Biography** Barack Obama was born to a single mother and absent father in 1961. The America around him was still racially segregated and divided. Large parts of his childhood were spent in the care of his grandparents in Hawaii, his mother having left America for a new husband and job in Indonesia. Barack Obama, despite the disadvantages that life threw at him, worked hard and eventually enrolled to study law at Harvard University. After graduating with honours he settled in Chicago where he met Michelle Robinson. Like Barack Obama she was a young lawyer who was keen to address the racial disadvantages that were still present in American society. Following their marriage, and the arrival of two daughters, Barack Obama was elected as Illinois Senator and then as the 44th President of the United States of America. He became the first African American to hold this role. Obama used his position to push America into becoming a more equal and fairer society. Initiatives such as Obamacare and the repeal of the Don

### From Classroom to White House

President Eisenhower, who was not always the best student, once wrote, "One cannot always read a man's future in the record of his younger days." Indeed, this review of the classroom experiences of presidents and first ladies from George and Martha Washington to Barack and Michelle Obama reveals that few made model students. Teachers reported that John F. Kennedy could "seldom locate his possessions," found George H.W. Bush "somewhat eccentric," and dubbed a sixth-grade Bill Clinton "a motormouth." In addition to chronicling the school days of these historic figures, this volume also relates their teaching experiences, the educational issues they addressed during their White House years, and intricacies of education at their time in history, providing an informative overview of American schooling over time.

### The Financial Times Essential Guide to Making Business Presentations

The critical knowledge you need to plan, write and deliver your next presentation with maximum impact. Written by a co-founder of the Professional Speaking Association, this book focuses on getting you the results you need from your presentation, whether you are selling a product or service, a proposed change or even your own skills and abilities. It will show you how to persuade your audience by being relevant, clear, engaging and memorable. **FINANCIAL TIMES ESSENTIAL GUIDES: THE KNOW-HOW YOU NEED TO GET THE RESULTS YOU WANT**

### The Presidency of Barack Obama

An original and engaging account of the Obama years from a group of leading political historians Barack Obama's election as the first African American president seemed to usher in a new era, and he took office in 2009 with great expectations. But by his second term, Republicans controlled Congress, and, after the 2016 presidential election, Obama's legacy and the health of the Democratic Party itself appeared in doubt. In *The Presidency of Barack Obama*, Julian Zelizer gathers leading American historians to put President Obama and his administration into political and historical context. These writers offer strikingly original assessments of the big issues that shaped the Obama years, including the conservative backlash, race, the financial crisis, health care, crime, drugs, counterterrorism, Iraq and Afghanistan, the environment, immigration, education, gay rights, and urban policy. Together, these essays suggest that Obama's central paradox is that, despite effective policymaking, he failed to receive credit for his many achievements and wasn't a party builder. Provocatively, they ask why Obama didn't unite Democrats and progressive activists to fight the conservative counter-tide as it grew stronger. Engaging and deeply informed, *The Presidency of Barack Obama* is a must-read for anyone who wants to better understand Obama and the uncertain aftermath of his presidency. Contributors include Sarah Coleman, Jacob Dlamini, Gary Gerstle, Risa Goluboff, Meg Jacobs, Peniel Joseph, Michael Kazin, Matthew Lassiter, Kathryn Olmsted, Eric Rauchway, Richard Schragger, Paul Starr, Timothy Stewart-Winter, Thomas Sugrue, Jeremi Suri, Julian Zelizer, and Jonathan Zimmerman.

### Becoming

“... bersama, di apartemen kami yang sesak, Ayah dan Ibu mengajarku melihat nilai-nilai dalam setiap kisah kehidupan kami ... bahkan saat kisah itu tidak indah atau sempurna ...” Dunia Michelle kecil adalah sebuah apartemen sempit di South Side, Chicago, tempat dia dan saudaranya, Craig, dibesarkan dan dididik untuk menjadi pemberani dan tidak takut bicara. Namun kemudian, kehidupan membawanya jauh melangkah, mulai dari Universitas Princeton—tempat dia belajar merasakan menjadi satu-satunya perempuan kulit hitam di sebuah ruangan—hingga ke kantor pengacara tempat dia bekerja dan bertemu Barack Obama, yang kemudian menjadi suaminya. Pertemuan yang mengubah semua rencana hidupnya. Dalam buku ini, untuk pertama kalinya, Michelle Obama menggambarkan tahun-tahun pertama pernikahannya, ketika dia berjuang menyeimbangkan pekerjaan dan keluarganya dengan karier politik suaminya yang bergerak cepat. Dia juga mengungkapkan drama pencalonan suaminya sebagai presiden hingga perannya sebagai tokoh yang populer, sekaligus sasaran kritik. Dengan narasi yang anggun, penuh humor, dan keterusterangan, Michelle menuturkan kisah di balik layar kehidupannya selama delapan tahun di Gedung Putih yang membuatnya tak hanya dikenal, tetapi juga semakin mengenal negaranya. Melalui *Becoming*, sebuah memoar yang jujur dan berani, Michelle Obama menggugah kita untuk bertanya: Who are we and who do we want to become? [Mizan, Noura Books, Nourabooks, Kisah, Klasik, Novel, Memoar, Biografi, Terjemahan, Indonesia]

#### Before the Oath

"Having watched from a front row seat as many incumbent and electoral campaign presidential teams managed administration transitions, Martha Kumar was struck by how productively the Bush and Obama teams worked together to effect a smooth transition of power in 2008. She has reflected upon what made the transition so effective, and wonders if it could be a model for future incoming and outgoing administrations. This book focuses on the preparations made by President Bush's transition team as well as those by Senators Obama and McCain as one administration exited and the other entered the White House. Using this recent transition as a lens through which to examine the presidential transition process, Kumar simultaneously outlines the congressional legislation that paved the way for this distinctive transition and interweaves comparative examples from previous administrative transitions going back to Truman-to-Eisenhower. She evaluates the early and continuing actions by the General Services Administration to plan and set up transition offices; the work on financial disclosure issues handled by the Office of Government Ethics; and the Office of Management and Budget's preparatory work. In this fascinating historical and contemporary vivisection of presidential transitions, Kumar maps out, in the words of former NSA advisor General James L. Jones, the characteristics of a smooth "glide path" for presidential campaign staffs and their administrations"--

#### Revival 2.0: How the Obama White House Is Making Its Political Comeback

Revival 2.0 tells the dramatic inside story of how President Obama and his team have regained their footing and learned to fight for their political survival. Bestselling Obama biographer Richard Wolffe (author of *Renegade* and *Revival*) follows President Barack Obama and his inner circle (including Valerie Jarrett, David Plouffe, Hillary Clinton, David Axelrod, and Robert Gibbs), from the Democratic defeat in the 2010 midterm election through their surprising resurgence over the last six months. Drawing on key sources within the West Wing, *Revival 2.0* reveals: · The story behind the personnel shake-ups and reorganization of the administration—from the departure of Rahm Emanuel and Robert Gibbs to the arrival of new figures the likes of Bill Daley and Jay Carney. · How the White House effectively pushed through their agenda (including the START treaty and repeal of "don't ask, don't tell") with a lame-duck Congress, and positioned itself well in dealing with the new Republican-controlled House over the looming budget battles and a defense of their health care plan. · The internal debate between Survivalists and Revivalists over the response to the revolutions in Tunisia, Egypt, and Libya. · The campaign strategy for the 2012 election as told directly by Obama's top campaign team—David Axelrod and David Plouffe in particular. · Key insights into the killing of Osama bin Laden, how it's the crowning achievement of Obama's political turnaround, and solidifies his stature as commander-in-chief in the war on terror. An up-to-minute guide on how an administration attempts to navigate dangerous political waters, *Revival 2.0* is a must-read to understanding how Obama has grown into his role as a president and has found a way to lead effectively.

#### Susan Lenox: Her Fall and Rise. [A Novel.]

Susan Lenox, Her Fall and Rise

The posthumously published novel on which was based the film starring Greta Garbo and Clark Gable

Susan Lenox, Her Fall and Rise ...

David Graham Phillips (1867-1911), was an American journalist and novelist. After completing his education, Phillips worked as a newspaper reporter in Cincinnati, Ohio before moving on to New York City where he was employed as a columnist and editor with the New York World until 1902. In his spare time, he wrote a novel, *The Great God Success* that was published in 1901. The book sold well enough that his royalty income allowed him to work as a freelance journalist while dedicating himself to writing fiction. Considered a progressive, Phillips' novels often commented on social issues of the day and frequently chronicled events based on his real-life journalistic experiences. Phillips' reputation as a muckraker cost him his life when, in January 1911, he was shot and killed in New York City.

#### Susan Lenox, Her Fall and Rise ... with a Portrait of the Author

This collection of literature attempts to compile many of the classic, timeless works that have stood the test of time and offer them at a reduced, affordable price, in an attractive volume so that everyone can enjoy them.

#### Susan Lenox

Excerpt from Susan Lenox, Her Fall and Rise With a Portrait of the Author, Vol. 1 His were the clearest, bluest, most honest eyes I ever saw - eyes that scorned untruth - eyes that penetrated all sham. In repose his handsome features were a true stern and the magic of his smile was the more wonderful - such a sunny, youthful, engaging smile. His mere presence in a room was exhilarating. It seemed to freshen the very air with a keen sweetness almost pungent. He was tall, spare, leisurely, iron-strong; yet figure, features and bearing were delightfully boyish. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Susan Lenox: Her Fall and Rise - Volume I (Esprios Classics)

Greta Lovisa Gustafsson (18 September 1905 - 15 April 1990), better known as Greta Garbo, was a noted Swedish actress and recluse. She was a major star in the United States during the silent film era and the Golden Age of Hollywood. In 1999, the American Film Institute ranked Garbo fifth on their list of greatest female stars of all time, after Katharine Hepburn, Bette Davis, Audrey Hepburn, and Ingrid Bergman. Garbo launched her career with a major role in the Swedish film *The Saga of Gosta Berling*. Her performance caught the attention of Louis B. Mayer, who brought her to Hollywood in 1925 to work at Metro-Goldwyn-Mayer (MGM). She became a star of silent films. Garbo was one of the few actresses to negotiate the transition to sound[according to whom?]. Her first talking film was *Anna Christie* (1930), for which she was nominated for an Academy Award. MGM marketers enticed the public with the catchphrase "'Garbo talks!'" In 1932, her popularity allowed her to dictate the terms of her contract, and she became increasingly choosy about her roles. She received the New York Film Critics Circle Award for Best Actress for *Anna Karenina* (1935), but she considered her performance as the courtesan Marguerite Gautier in *Camille* (1936) her best performance; the role gained her a second Academy Award nomination. After working exclusively in dramatic films, Garbo turned to comedy with *Ninotchka* (1939) and *Two-Faced Woman* (1941). For *Ninotchka*, Garbo was again nominated for an Academy Award; *Two-Faced Woman* did well at the box office, but was a critical failure. After 1941, she retired after appearing in 27 films, and became increasingly reclusive. She has been indelibly linked to one of her lines from the film *Grand Hotel*: "'I want to be alone.'" She later remarked, "'I never said, 'I want to be alone.' I only said, 'I want to be let alone.' There is all the difference.'" To the end of her life, Garbo-watching became a sport among the paparazzi and the media, but she remained elusive up until her death in 1990 at the age of 84. This book is your ultimate resource for Greta Garbo. Here you will find the most up-to-date information, photos, and much more. In easy to read chapters, with extensive references and links to get you to know all there is to know about her Early life, Career and Personal life right away: *The Saga of Gosta Berling*, *Joyless Street*, *Torrent* (1926 film), *The Temptress*, *Flesh and the Devil*, *Love* (1927 film), *The Divine Woman*, *The Mysterious Lady*, *A Woman of Affairs*, *Wild Orchids* (1929 film), *The Single Standard*, *The Kiss* (1929 film), *Romance* (1930 film), *Anna Christie* (1930 film), *Anna Christie* (1931 film), *Inspiration* (1931 film), *Susan Lenox (Her Fall and Rise)*, *Mata Hari* (1931 film), *Grand Hotel* (film), *As You Desire Me* (film), *Queen Christina* (film), *The Painted Veil* (1934 film), *Anna Karenina* (1935 film), *Camille* (1936 film), *Conquest* (1937 film), *Ninotchka*, *Two-Faced Woman*. Contains selected content from the highest rated entries, typeset, printed and shipped, combining the advantages of up-to-date and in-depth knowledge with the convenience of printed books. A portion of the proceeds of each book will be donated to the Wikimedia Foundation to support their mission.

Susan Lenox

The 1930s represented the strongest and most significant decade in Clark Gable's career. Later known as The King of Hollywood, Gable started out as a journeyman actor who quickly rose to the level of star, and then icon. With his ruggedly attractive looks and effortless charisma, Gable was the sort of manly romantic lead that bolstered features alongside the likes of Jean Harlow, Joan Crawford, and Spencer Tracy. The decade culminated with Gable's most noted movie, *Gone With the Wind*. This book

traces Gable's early career, film-by-film, offering background information and a critical assessment of each of his movies released during the 1930s.

#### Susan Lenox: Her Fall and Rise - Volume II (Esprios Classics)

The 525 notable works of 19th and 20th century American fiction in this reference book have many stage, movie, television, and video adaptations. Each literary work is described and then every adaptation is examined with a discussion of how accurate the version is and how well it succeeds in conveying the spirit of the original in a different medium. In addition to famous novels and short stories by authors such as Nathaniel Hawthorne, F. Scott Fitzgerald, and Willa Cather, many bestsellers, mysteries, children's books, young adult books, horror novels, science fiction, detective stories, and sensational potboilers from the past two centuries are examined.

#### Susan Lenox-Her Rise And Fall

Literature Suppressed on Sexual Grounds, Revised Edition examines the issues underlying the suppression of more than 100 works deemed sexually obscene. The entries new to this edition include *America* by Jon Stewart, *Sex* by Madonna, *The Buffalo Tree* by Adam Rapp, and many more. Also included are updates to entries such as *Forever* by Judy Blume, and more

#### Susan Lenox : her fall and rise. 2

From *The Big Sleep* to *Babette's Feast*, from *Lawrence of Arabia* to *Drugstore Cowboy*, *The Movie Guide* offers the inside word on 3,500 of the best motion pictures ever made. James Monaco is the president and founder of BASELINE, the world's leading supplier of information to the film and television industries. Among his previous books are *The Encyclopedia of Film*, *American Film Now*, and *How to Read a Film*.

#### Susan Lenox, Her Rise and Fall

The period 1885 to 1917 saw thousands of American crusaders working hard to "save the fallen women," but little on the part of American social protest writers. In this first work on the subject, Laura Hapke examines how writers attempted to turn an outcast into a heroine in a literature otherwise known for its puritanical attitude toward the fallen woman. She focuses on how these authors (all male) expressed late-Victorian conflicts about female sexuality. If, as they all maintained, women have an innate preference for chastity, how could they account for the prostitute? Was she a sinner, suggesting the potential waywardness of all women? Or, if she was a victim, what of her "depravity"?

#### SUSAN LENOX HER FALL & RISE

In the nineteenth century, restaurants served French food to upper-class Americans with aristocratic pretensions, but by the turn of the century, even the best restaurants cooked ethnic and American foods for middle-class urbanites. In *Turning the Tables*, Andrew P. Haley examines how the transformation of public dining that established the middle class as the arbiter of American culture was forged through battles over French-language menus, scientific eating, cosmopolitan cuisines, unescorted women, un-American tips, and servantless restaurants.

#### Susan Lenox, Her Fall and Rise ... with a Portrait of the Author Volume 2 - Primary Source Edition

This book offers a social and cultural history of American culture in the formative years of the twentieth century, examining forms such as vaudeville, early film, popular songs, modernist art, and many others in the context of contemporary social changes.

What Would Your Mythical Pet Be? - What Would Your Mythical Pet Be? by BuzzMoy 4,101,973 views 7 years ago 6 minutes, 41 seconds - BuzzMoy Presents: What Would **Your**, Mythical Pet Be? Who doesn't wish to have mythological animals as a pet? Today's video ...

What Is Your Mythical Pet?

Who doesn't wish to have mythological animals as a pet?

Today's video will determine which mythical animal would you get as a pet if you lived in a world of fantasy.

You will be asked 7 questions and 10 secs will be provided to answer each of them.

Answer them and count up the points you will get from each answer.

The final result will be shown based on your total points at the end of this video.

Hope you guys have already calculated the total points. So, let's find out the final result.

Dragons are self-confident & can not be manipulated easily. So, as an owner, you can be ensured that your pet will break everything on its way to follow your command.

Pegasus is good-hearted, gentle & always ready to help. Having such a creature as a pet is the dream of most people.

Unicorns are smart, outgoing & they can be self-centered as well. But, it is mostly dependent on you and how would you treat your this unique pet.

Wise, Sharp, Caring, Strong! What else would you need? Show him the hidden treasure and just forget about it. Your buddy won't let them down.

Immortal, able to live forever with the ability to grow back its cut off heads. Most of the time, Hydra is assigned to guard the entrance. You could also try that out.

That's is guys Was this result correct for you? Let us know in the comment section below.
