Judul : TARI KREASI BARU PRAU LAYAR Penulis : Hartati, S. Pd Ukuran : 15,5 x 23 cm Tebal : 68 Halaman ISBN : 978-623-497-845-2 SINOPSIS . Tari Kreasi Baru adalah inovasi dan revolusi dari tarian klasik, yang kemudian dikembangkan sesuai dengan perkembangan zaman, mulai dari pembaharuan elemen dasar, sampai pada elemen pendukung. Buku ini merupakan penjelasan pemahaman melihat atau mengamati sebuah tarian yang dapat dilakukan dengan menganalisis konsep-konsep “bentuk”, “teknik”, dan “isinya”. Ketiga konsep koreografi ini sesungguhnya merupakan satu kesatuan bentuk tari namun dapat dipahami secara terpisah. Sebuah pemahaman konsep isi tidak hadir tanpa bentuk sementara konsep bentuk sendiri tidak akan terwujud dengan sempurna tanpa teknik yang baik. Pemahaman pembentukan sebuah tarian dapat dilakukan dengan menganalisis bentuk struktur dan gayanya, serta ketrampilan teknik cara melakukan atau berkaitan dengan wiraga dan wirama, sedangkan pemahaman isi atau dalam istilah Jawa sering disebut wirasa berkaitan dengan rasa gerak, penjiwaan, atau maksud isi gerak atau tarian yang dibawakan. Selama ini ada persepsi bahwa pemahaman koreografi masih sering dibedakan mengenai aspek bentuk beserta teknik yang bersifat tekstual, dan konteks isinya. Namun sesungguhnya ketiga konsep koreografis itu merupakan satu kesatuan yang tidak dapat dipisahkan. Sebuah pemahaman konsep “isi” tidak akan hadir tanpa “bentuk”, sementara konsep “bentuk” sendiri tidak akan terwujud dengan sempurna tanpa “teknik” yang baik. Hal-hal ini tercakup dalam buku ini dan buku ini menuntun kepada para pembaca dengan tidak hanya sekedar pemahaman pengetahuan teoretis saja, tetapi berusaha memberi petunjuk praktis dengan cara mempraktikkan melalui pengalaman belajar.

Plato's Dialectical Ethics, Gadamer's earliest work, has now been translated into English for the first time. This work, published in 1931 and reprinted in 1967 and 1982, is still important today, both as one of the most extensive and imaginative interpretations of Plato's Philebus and as an introduction to Gadamer's thinking, showing how his influential hermeneutics emerged from his application of his teacher Martin Heidegger's phenomenological method to classical texts and problems.

Sejarah Kebangkitan Nasional Daerah Nusa Tenggara Barat

An investigation of dance and choreography that views them not only as artistic strategies but also as intrinsically theoretical and critical practices. The choreographic stages a conversation in which artwork is not only looked at but looks back; it is about contact that touches even across distance. The choreographic moves between the corporeal and cerebral to tell the stories of these encounters as dance trespasses into the discourse and disciplines of visual art and philosophy through a series of stutters, steps, trembles, and spasms. In *The Choreographic*, Jenn Joy examines dance and choreography not only as artistic strategies and disciplines but also as intrinsically theoretical and critical practices. She investigates artists in dialogue with philosophy, describing a movement of conceptual choreography that flourishes in New York and on the festival circuit. Joy offers close readings of a series of experimental works, arguing for the choreographic as an alternative model of aesthetics. She explores constellations of works, artists, writers, philosophers, and dancers, in conversation with theories of gesture, language, desire, and history. She choreographs a revelatory narrative in which Walter Benjamin, Pina Bausch, Francis Alÿs, and Cormac McCarthy dance together; she traces the feminist and queer force toward desire through the choreography of DD Dorvillier, Heather Kravas, Meg Stuart, La Ribot, Miguel Gutierrez, Luciana Achugar, and others; she maps new forms of communicability and pedagogy; and she casts science fiction writers Samuel R. Delany and Kim Stanley Robinson as perceptual avatars and dance partners for Ralph Lemon, Marianne Vitali, James Foster, and Janet Cardiff and George Bures Miller. Constructing an expanded notion of the choreographic, Joy explores how choreography as critical concept and practice attunes us to a more productively uncertain, precarious, and ecstatic understanding of aesthetics and art making.

Apa & Siapa orang Yogyakarta

The Orang Suku Laut consider themselves indigenous Malays. Yet their interaction with others who call themselves Malays is characterised on both sides by fear of harmful magic and witchcraft. The nomadic Orang Suku Laut believe that the Qur'an contains elements of black magic, while the settled Malays consider the nomads dangerous, dirty and backward. At the centre of this study, based on

first-hand anthropological data, is the symbolism of money and the powerful influence it has on social relationships within the Riau archipelago. The first major publication on these maritime nomadic communities, the book also adds fresh perspectives on anthropological debates on exchange systems, tribality and hierarchy. It also characterises the different ways of being Malay in the region and challenges the prevailing tendency to equate Malay identity with the Islamic faith.

Creating Through Dance
