The Dedication of Books to Patron and Friend

Organ donation is in its infancy and Daisy Howard, who is giving a kidney to her aunt, is in the hands of a pioneering surgeon. A Friend Mrs. More

Three college friends reunite in Boston after two decades—and find their old bond tested by a betrayal—in this novel by the author of *All Our Summers*. In her college freshman year, Sophie Holmes met Eva and John, forging the kind of deep friendship that seems destined to last forever. But time proved otherwise, and Sophie married and moved to Los Angeles. Now, two decades later, newly divorced and adrift, Sophie has returned to Boston, and instinctively reaches out to the people who once defined her world. Though they've stayed in the same city, Eva and John too have grown apart. Eva is an ambitious advertising executive who favors flings over relationships. John is a dedicated lawyer wondering if he's left it too late for love and marriage. Through Sophie's reappearance, their connection crackles to life once more. Just as they did long ago, the three confide their longings and secrets—until old insecurities and new betrayal threatens to shatter their bond for good. Holly Chamberlin's thoughtful novel is a story of rediscovery and letting go, and of the ties that remind us where we've been—and where we still hope to go.

A Dedicated Friend

Friendship has always been a universal category of human relationships and an influential motif in literature, but it is rarely discussed as a theme in its own right. In her study of how friendship gives direction and shape to new ideas and novel strategies of plot, character formation, and style in the British novel from the 1760s to the 1830s, Katrin Berndt argues that friendship functions as a literary expression of philosophical values in a genre that explores the psychology and the interactions of the individual in modern society. In the literary historical period in which the novel became established as a modern genre, friend characters were omnipresent, reflecting enlightenment philosophy's definition of friendship as a bond that civilized public and private interactions and was considered essential for the attainment of happiness. Berndt's analyses of genre-defining novels by Frances Brooke, Mary Shelley, Sarah Scott, Helen Maria Williams, Charlotte Lennox, Walter Scott, Jane Austen, and Maria Edgeworth show that the significance of friendship and the increasing variety of novelistic forms and topics represent an overlooked dynamic in the novel's literary history. Contributing to our understanding of the complex interplay of philosophical, socio-cultural and literary discourses that shaped British fiction in the later Hanoverian decades, Berndt's book demonstrates that novels have conceived the modern individual not in opposition to, but in interaction with society, continuing Enlightenment debates about how to share the lives and the experiences of others.

The Friends We Keep

In today's society friendships are more important than ever, yet the complexity of life makes maintaining friendships more difficult. We live in a society filled with so much "stuff " that we often lose sight of the importance of friendships. Friendships are essential in the best and worst of times, whether we are realizing an achievement or struggling with a disappointment. The absence of a friend can be felt when there is no one to celebrate a birthday, a promotion or another major accomplishment with. Friendship in time of adversity is a blessing. The absence of friendship in time of adversity can feel like a curse. "Flavors of Friendship" examines a core component to friendship: knowing how to be a friend. Eleanor Roosevelt once said, "Friendship with oneself is all important, because without it one can not be friends with anyone else in the world." In one chapter the reader shares a story of an unexpected friendship and cautions us not to close ourselves off to friendships prematurely but invites us to step outside the box and open ourselves up to finding a friend when and where we least expect. "Flavors of Friendship" shares stories and poetry for the many friendships about special times, special places, love and loss. "Flavors of Friendships" is an encouraging and uplifting piece of literature that warms the soul and brings renewed appreciation for the myriad flavors of friendships in our lives. "Flavors of Friendship" warms the reader's heart as the words on the pages move her to reflect on friendships past, present, and future. This book speaks to the various types of friendships, referring to them as flavors and reminding the reader to appreciate and accept diversity in friendships. The book questions perfection and expectations in friendships when there is no way perfection can be returned. We are challenged to learn tolerance and appreciation for the diversity in our friendships.

Narrating Friendship and the British Novel, 1760-1830

Books are amongst the most personal of gifts. The book we choose to give a loved one is informed by our intimate knowledge of their personal histories and their tastes. Often, when we gift books, we love to explain the meaning behind our present by writing an inscription within its pages. Ordinarily, we hope the gift and its message will be enjoyed, placed lovingly on its new owner's bookshelf and treasured

forever. This is not always the case, though ... W B Gooderham is fascinated by second-hand books and curates a growing collection of those featuring intriguing inscriptions. The messages he finds range from the awkward scratchings of adolescent infatuation, to the resentful recriminations of a love affair gone sour and offer illuminating glimpses into their books' own secret histories. This beautifully presented book will feature the very best from the author's collection of dedications alongside the covers of the works in which they were found. From *Animal Farm* to *Pride and Prejudice*, there's something here to please every book lover's taste.

Unfailingly, Ross stood by Wilde through the scandals that shocked a nation, through his much-publicized trials and imprisonment, at his deathbed in Paris—and thereafter dedicated himself to defending the reputation of his famous friend.

Secrets Between Friends

When matchmaker Freya Hansen-Adler is inspired by the holiday spirit, she'll stop at nothing to see former Navy SEAL Harris and single mom Ava get the happily ever after they deserve... I set the bar pretty low when it comes to the holidays. I have to. As a Navy officer, I spend plenty of them far from anyplace I'd call "home"... sometimes getting shot like I did on my last SEAL mission. So, yeah, I set the bar low enough that I can roll over it. That is, until I meet my neighbor Ava. She's the type of woman who bakes pecan pie and drinks egg nog. She carols with her neighbors and illuminates her house with enough tiny lights that it can probably be spotted by satellites. I bet she even owns a stack of ugly Christmas sweaters. She's also got a son... and roots dug deep into this picturesque holiday town. Roots that make life with a Navy guy like me impossible. Ava is the last thing I need. Yet she's all I want for Christmas.

The Private Soldier's and Militia Man's Friend

Author Matthew Crisafulli was just three years old when his father and namesake, Matthew A. Crisafulli, died in a tragic car accident on March 13, 1978. In this memoir, Matthew, the son, traces the too-short years of his father's life. Gathered from extensive family interviews, *False Measures* delves into Matthew Sr.'s past and describes the many demons he wrestled with most of his young life. This memoir describes the love-hate relationship with his father, Anthony, in an abusive household; his enlistment in the Army and service in Vietnam; his struggles with substance abuse; his marriage to Susan; and his tragic death. *False Measures* explains how demons from within one soul can affect many different people. Not only does this memoir honor the life of the author's father, but it also shows how Matthew was shaped by his father's demons and early death and how he will spend his life trying to fulfill his father's dreams of peace, contentment, and tranquility.

The story I want to share with you is a story that shows the meaning of true friendship between humans and animals. I was blessed with a special friend who I shared nearly 10 years of my life with. My horse Sundance was a beautiful golden palomino with a long silver flowing mane and tail. He had such a wonderful and sweet personality and was always there for me when I needed him. Whether I needed a shoulder to cry on or someone to share secrets with, I knew I could always depend on him. I remember the day I got him, the adventures we went on together, and even all of the horse shows we participated in. I also reminisce about the times I would go to the farm and sit under a tree on a beautiful spring day and read a good book while Sundance would graze nearby on the green growing grass. We had such a strong bond and still do to this day. This book will show you what an amazing horse he was, and how him being a major part of my life helped me overcome the obstacles I faced while growing up.

Boy Meets Bird. Boy Gets Bird. Boy Loses Bird An Urban Folktale. One day in the dead of winter, New York Times restaurant critic William Grimes looked out the window into his backyard in Queens and saw a chicken, jet black with a crimson comb. Wherever it had come from, it showed no sign of leaving, and it quickly made a place for itself among the society of resident stray cats. Before long, the chicken became the Chicken, and it began to arouse not only Grimes's protective impulses but also his curiosity. He discovered that chickens were domesticated first as fighters, not food; that egg-laying is triggered by exposure to light; that chickens were a fashion statement in Victorian days. He began to probe the mysteries of gallinaceous behavior, learning to distinguish a dust bath from a death dance and how to cater to his guest's eclectic palate. And when the Chicken began to repay his hospitality with five or six custom-laid eggs per week, Grimes had an answer to the age-old conundrum of which came first: the Chicken. And then one day, obeying some bird-brained logic of its own -- or perhaps the victim of fowl play -- the Chicken vanished, leaving Grimes eggless but with this funny, enlightening, and heartwarming tale to tell.

Called "smart, imaginative, and insanely addictive" by New York Times bestseller Darynda Jones, this urban fantasy thrill ride is perfect for fans of Charlaine Harris, Kim Harrison, and Chloe Neill. Jesse dies for a living, literally. Because of a neurological disorder, she is one of the population's rare 2% who can serve as a death surrogate, dying so others don't have to. Although each death replacement is different, the result is the same: a life is saved, and Jesse resurrects days later with sore muscles, new scars, and another hole in her memory. But when Jesse is murdered and becomes the sole suspect in a federal investigation, more than her freedom and sanity are at stake. She must catch the killer herself--or die trying. And that was only the beginning... Praise for Dying for a Living "frigging LOVED it. It is one of the most original story lines I have read to date. The Salt Companion to Lee Harwood

This is the first book to offer a comprehensive overview of the work of important British poet Lee Harwood, from his earliest writing as a follower of French Surrealism and New York poetry, when he was a leading light of the 'Underground' poetry of the 1960s, through to his long work *The Long Black Veil* and his major work since. It examines his work in terms of influence, poetics, gender, sexuality, eco-politics, as well as evidence of the spatial turn in contemporary culture. It also assesses his work in prose. The writers are drawn from a wide-range of literary backgrounds and approaches, but the editor draws these together in his introduction, which is followed by his own account of the story of Harwood's development, as well as the text of an unpublished interview with him. The book contains a useful bibliography of Harwood's work. More generally, it demonstrates how various schools of criticism may be used to illumine a single topic, and how these may be compared. The writers include some of the major critics of British alternative poetry as well as some newcomers who offer a fresh view of this much-loved work.

The Salt Companion to Bill Griffiths

Griffiths has one of the finest ears - for song, for varieties and cadences of speech - of any poet writing today. His compacted lyrics flash with intelligence and humour. They are shaped by anger, empathy and childish delight. But they are also charged with the excitement of contemporary form: swift, filmic montage and free use of the page space. His poems dig, probe, reveal, expose the language as it is lived, with a range possibly unequalled in any British poet. Their sharp diagnoses of social domination and the ideas that sustain and mask it are a wake-up call. But there is nothing dry about them: they savour language, ask you to dance with it, show you the pain in it, enlarge the world with it. Griffiths was a key member of the British Poetry Revival, both as an activist in the Poetry Society and in the small press scene, and as a writer of inventive, formally innovative poetry. He continues to explore the shapes of contemporary experience, and to denounce agencies of unfreedom. By now he is the author of a large body of work, which this book seeks to make available to ordinary readers. The essays collected here offer guides to reading, commentaries on forms and sources, and a range of insights into how the poems work. There is also a bibliography, an interview, photographs and visuals, all of which help to give a vivid sense of Griffiths's world.

Fall of the Rebel Angels

Fall of the Rebel Angels: Poems 1996-2006 brings together the best of Andy Brown's poems from the first ten years of his publications. Through his light-touch exploration of our sense of selves, public and private, Brown's work explores ideas of 'relationship' in its widest senses –the ecology of the natural world and our relationship to it the intimacy and intricacies of personal relationships the relationships between language and experience, memory, imagination and reality Informed by philosophies of Critical Realism, Brown's poetry explores pertinent environmental and philosophic ideas, combining ontological inquiry with accessible lyric language and form, subtle humour, and a direct engagement with the 'thing-ness' of the world.

Stan Brakhage the Realm Buster

Stan Brakhage's body of work counts as one of the most important within post-war avant-garde cinema, and yet it has rarely been given the attention it deserves. Over the years, though, diverse and original reflections have developed, distancing his figure little by little from critical categories. This collection of newly commissioned essays, plus some important reprinted work, queries some of the consensus on Brakhage's films. In particular, many of these essays revolve around the controversial issues of representation and perception. This project sets out from the assumption that Brakhage's art is articulated primarily through opposing tensions, which donate his figure and films an extraordinary depth, even as they evince fleetingness, elusivity and paradoxicality. This collection aims not only to clarify aspects of Brakhage's art, but also to show how his work is involved in a constant mediation between antinomies and opposites. At the same time, his art presents a multifaceted object endlessly posing new questions to the viewer, for which no point of entry or perspective is preferred in respect

to the others. Acknowledging this, this volume hopes that the experience of his films will be revitalised. Featuring topics as diverse as the technical and semantic ambiguity of blacks, the fissures in mimetic representation of the 'it' within the 'itself' of an image, the film-maker as practical psychologist through cognitive theories, the critique of ocularcentrism by mingling sight with other senses such as touch, films that can actually philosophise in a Wittgensteinian way, political guilt and collusion in aesthetic forms, a disjunctive, reflexive, and phenomenological temporality realising Deleuze's image-time, and the echoes of Ezra Pound and pneumophantasmology in the quest of art as spiritual revelation; this book addresses not only scholars, but also is a thorough and thought-provoking introduction for the uninitiated. Contributors include: Nicky Hamlyn, Peter Mudie, Paul Taberham, Gareth Evans, Rebecca A. Sheehan, Christina Chalmers, Stephen Mooney and Marco Lori.

Teaching Modernist Poetry

This book recognizes that modernist poetry can be both difficult and rewarding to teach. Leading scholars and poets from the UK and the US offer practical, innovative, up to date strategies for teaching the reading and writing of modernist poetry across its long diverse histories, taking in experimentation, performance, hypertext and much more.

Avant-Post

Avant-Post engages the question of whether or not avant-garde practice remains viable under the prevailing conditions of a whole series of "post-" ideologies, from Post-Modernism and Post-Structuralism, to Post-Historicism, Post-Humanism and Post-Ideology itself. Contributors include a range of artists and theorists, such as Johanna Drucker, Michael S. Begnal, Lisa Jarnot, Ann Vickery, Christian Bök, Robert Archambeau, Mairead Byrne, R.M. Berry, Trey Strecker, Keston Sutherland, Rachel Blau DuPlessis, Robert Sheppard, Bonita Rhoads, Vadim Erent, Laurent Milesi, and Esther Milne.

Ideas of Space in Contemporary Poetry

This book draws out connections between ideas of space in cultural and social theory and developments in contemporary poetry. Studying the works of poets from the UK and USA we explore relationships between the texts, ideas of globalization and issues of nationality, identity, language and geography.

Complete Twentieth Century Blues

Complete Twentieth Century Blues is the definitive edition of a long network of interrelated texts that the author wrote and assembled as a time-based project between 1989 and the end of the last century. Many of the texts have appeared before, in both pamphlets and in critically acclaimed full-length volumes, but this edition has been revised throughout. It also includes a previously unpublished book-length text on the paintings of Jack B. Yeats, as well as a number of shorter pieces. All now appear in their intended order, and with their connections to other poems made apparent via an index. At the centre of the book is the sequence *The Lores*, written according to a strict word count and introducing the politics and poetics of 'creative linkage' demonstrated throughout. It focuses upon fascism and resistances to it. Running through the volume are the 'Empty Diaires' which offer an alternative history of the twentieth century, told through a series of female narrators. Woven between these are poems on blues music, the first Gulf War, Stalin's poems, failed utopias, the Earl of Rochester, a sci-fi elegy for the human, a translation from Horace, the ideology of Thatcherism, atheist hymns, a hilarious romp with a very rude Robinson Crusoe, homages to various other artists, and an elegy to Frank Sinatra. The hilarious Wayne Pratt spoofs find their final resting place here too. The prose-poem essay, 'The End of the Twentieth Century', brings the project to rest with a celebration of the complexity of our powers of human connection.

Barry MacSweeney and the Politics of Post-War British Poetry

This book examines the literary impact of famed British poet, Barry MacSweeney, who worked at the forefront of poetic discovery in post-war Britain. Agitated equally by politics and the possibilities of artistic experimentation, Barry MacSweeney was ridiculed in the press, his literary reputation only

recovering towards the end of his life which was cut short by alcoholism. With close readings of MacSweeney alongside his contemporaries, precursors, and influences, including J.H. Prynne, Shelley, Jack Spicer, and Sylvia Plath, Luke Roberts offers a fresh introduction to the field of modern poetry. Richly detailed with archival and bibliographic research, this book recovers the social and political context of MacSweeney's exciting, challenging, and controversial impact on modern and contemporary poetry.

The literature of twentieth-century Britain's final twenty years represents a crash course in transitional history. In the aftermath of the 1970s, the nation's hopes of becoming more efficient were high, leading to the fundamental domestic shake-up that was Margaret Thatcher's neoliberal revolution (1979–90). Following the end of the Cold War, Europe was undergoing radical rejuvenation, while the world as a whole began to thrive on new levels of connectivity and proximity brought through rapid advances in communication technology. Later, in the 1990s, Britons were asked to countenance not only internal devolution, but also the crystallisation of a brand-new European and global order. This volume shows how British literature recorded contemporaneous historical change. It traces the emergence and evolution of literary trends as well as enduring transitional shifts in genre, tone, style and thematic preoccupation.

British Literature in Transition, 1980–2000

In Their Own Words is a celebration of the variousness of contemporary poets living and writing in the UK today. 56 poets talk about their own poetic voices and their work. Essential reading for anybody who cares about poetry. A backstage peek behind the poetry of some of the best contemporary UK writers. Edited by T.S. Eliot prize winner George Szirtes and Helen Ivory — two of the UK's most respected poets and teachers. In Their Own Words is an examination of the voices writing in the UK today — the book addresses multiculturalism, page and stage, and LBG issues, as well as traditional 'page' poetry. This book is not retrospective, it is a representation of the poetry world as a living, breathing developing thing. Readers will get an insight into the many ways the poetic voice can develop — it's a behind the scenes look at the poetics of the poetry. There is nothing currently available quite like it.

The Man with Blue Eyes

A sweeping epic fantasy weaving both destiny and ancient magic in this masterful final novel in the beloved Five Warrior Angels trilogy from Brian Lee Durfee. In the age of belief, magic is a myth. But when an apocalyptic crusade comes to the remote border of Gul Kana, that belief is shattered as is the tenuous peace that held the Five Isles together. Now, the prophecies that were used to justify this war are unravelling revealing a hidden agenda while the world lies in the wake of the degradations of this war. But a slim skein of hope resides within the hidden truths, long kept secret, and scattered throughout the isles—truths less reliant upon prophecy than heroism, and great sacrifice. Not everything is as it seems in this epic, long-awaited conclusion to trilogy which Booklist raved as “high fantasy in the vein of Stephen R. Donaldson or David Eddings, with generous helpings from George R. R. Martin.”

Indiana Review

The ability to see deeply affects how human beings perceive and interpret the world around them. For most people, eyesight is part of everyday communication, social activities, educational and professional pursuits, the care of others, and the maintenance of personal health, independence, and mobility. Functioning eyes and vision system can reduce an adult's risk of chronic health conditions, death,

falls and injuries, social isolation, depression, and other psychological problems. In children, properly maintained eye and vision health contributes to a child's social development, academic achievement, and better health across the lifespan. The public generally recognizes its reliance on sight and fears its loss, but emphasis on eye and vision health, in general, has not been integrated into daily life to the same extent as other health promotion activities, such as teeth brushing; hand washing; physical and mental exercise; and various injury prevention behaviors. A larger population health approach is needed to engage a wide range of stakeholders in coordinated efforts that can sustain the scope of behavior change. The shaping of socioeconomic environments can eventually lead to new social norms that promote eye and vision health. Making Eye Health a Population Health Imperative: Vision for Tomorrow proposes a new population-centered framework to guide action and coordination among various, and sometimes competing, stakeholders in pursuit of improved eye and vision health and health equity in the United States. Building on the momentum of previous public health efforts, this report also introduces a model for action that highlights different levels of prevention activities across a range of stakeholders and provides specific examples of how population health strategies can be translated into cohesive areas for action at federal, state, and local levels.

Despite the brevity of its run and the diminutive size of its audience, The English Intelligencer is a key publication in the history of literary modernism in the British Isles. Emerging in the mid-1960s from a dissatisfaction with the prevailing norms of 'Betjeman's England', the young writers associated with it were catalysed by the example of Donald Allen's The New American Poetry as they sought to establish a revitalised modernist poetics. Late Modernism and The English Intelligencer gives the first full account of the extraordinary history of this publication, bringing to light extensive new archival material to establish an authoritative contextualisation of its operation and its relationship with post-war British poetry. This material provides compelling new insights into the work of the Intelligencer poets themselves and, more broadly, the continued presence of an international poetic modernism as a vital force in Britain in the second half of the twentieth century.

Kelly's Post Office Guide to London in 1871

This pioneering text provides a holistic approach to decisionmaking in transportation project development and programming, which can help transportation professionals to optimize their investment choices. The authors present a proven set of methodologies for evaluating transportation projects that ensures that all costs and impacts are taken into consideration. The text's logical organization gets readers started with a solid foundation in basic principles and then progressively builds on that foundation. Topics covered include: Developing performance measures for evaluation, estimating travel demand, and costing transportation projects Performing an economic efficiency evaluation that accounts for such factors as travel time, safety, and vehicle operating costs Evaluating a project's impact on economic development and land use as well as its impact on society and culture Assessing a project's environmental impact, including air quality, noise, ecology, water resources, and aesthetics Evaluating alternative projects on the basis of multiple performance criteria Programming transportation investments so that resources can be optimally allocated to meet facility-specific and system-wide goals Each chapter begins with basic definitions and concepts followed by a methodology for impact assessment. Relevant legislation is discussed and available software for performing evaluations is presented. At the end of each chapter, readers are provided resources for detailed investigation of particular topics.

These include Internet sites and publications of international and domestic agencies and research institutions. The authors also provide a companion Web site that offers updates, data for analysis, and case histories of project evaluation and decision making. Given that billions of dollars are spent each year on transportation systems in the United States alone, and that there is a need for thorough and rational evaluation and decision making for cost-effective system preservation and improvement, this text should be on the desks of all transportation planners, engineers, and educators. With exercises in every chapter, this text is an ideal coursebook for the subject of transportation systems analysis and evaluation.

When *The Waste Land* was originally published in 1922 it was described by *Poetry Review* as 'something as important as the appearance of Mr Eliot's poems fifteen years ago'. A long poem written in both prose and verse, it was a powerful addition to the canon of modernist poetry.

Inspired by a remark of Seamus Heaney, *Lifesaving Poems* began life as notebook, then a blog. How many poems, Heaney wondered, was it possible to recall responding to, over a lifetime? Was it ten, he asked, twenty, fifty, a hundred, or more? *Lifesaving Poems* is a way of trying to answer that question. Giving himself the constraint of choosing no more than one poem per poet, Anthony began copying poems out, one at a time, as it were for safekeeping. He asked himself: was the poem one he could recall being moved by the moment he first read it? And: could he live without it? Then he posted each poem on his blog and said why he liked it. Word spread and soon his blog had thousands of followers, everyone reading and responding to the poems he talked about - and sharing his posts. Now *Lifesaving Poems* has turned into an anthology, not one designed to be a perfect list of 'the great and the good', but a gathering of poems he happens to feel passionate about, according to his tastes. As Billy Collins says: 'Good poems are poems that I like'. Anthony's popular personal commentaries are included with the poems. There are *Lifesaving Poems* by John Ashbery, Elizabeth Bishop, Raymond Carver, Carol Ann Duffy, Thom Gunn, Seamus Heaney, Marie Howe, Jaan Kaplinski, Brendan Kennelly, Jane Kenyon, Galway Kinnell, Philip Levine, Norman MacCaig, Ian McMillan, Derek Mahon, Sharon

Olds, Mary Oliver, Sylvia Plath, Adrienne Rich, Jo Shapcott, Tomas Tranströmer, Wisława Szymborska, and many, many others.

She set men's hearts on fire and scandalized a country. An ambitious, stunning, and seductive young woman, Mary Anne finds the single most rewarding way to rise above her station: she will become the mistress to a royal duke. In doing so, she provokes a scandal that rocks Regency England. A vivid portrait of sex, ambition, and corruption, Mary Anne is set during the Napoleonic Wars and based on Daphne du Maurier's own great-great-grandmother. "This novel catches fire."-New York Times

Ricky Nelson (he later preferred "Rick") was 8 years old when he began his career in show business. After a successful run on radio, his family's situation comedy *The Adventures of Ozzie and Harriet* enjoyed a 14 year television tenure. On the April 10, 1957, episode, "Ricky the Drummer," Nelson started his singing career by lip syncing to Fats Domino's "I'm Walkin'." He scored 36 Top 40 singles between 1957 and 1972 and ranked number 5 in Billboard's Top 25 Artists of the Decade 1950–1959. As a country rock pioneer, Rick Nelson influenced Buffalo Springfield, Linda Ronstadt, and the Eagles. This book is a candid account of his life in rock and roll through stories told by musicians and producers on the road and in the studio with him. Actors and family members also provided invaluable memories and insights.

The Ocean Breeze Waltz

A "deeply impressive . . . devastating but quite stunning" novel about doomed love and ambition in Nazi Germany (Minneapolis Star-Tribune). Set during World War II amid the trenches of the eastern front and the turmoil of Berlin under the Third Reich, *The Undertaking* intertwines the lives of two German strangers entering into a proxy marriage of convenience, self-interest, and of ideology. Peter Faber is a soldier desperate to escape the madness of war if only by a three-week honeymoon leave. His new wife is Katharine Spinell, a resourceful young woman from Berlin who anticipates the likelihood of a widow's pension should Peter die in battle. When they finally meet there is an attraction as unexpected as it is intense. But as Peter returns to Stalingrad, and as Katherine ruthlessly works her way into Nazi high society, the tides of war change. So do Peter and Katharine's fates and fortunes, in this "bold, honest novel about Nazi greed and moral blankness . . . and the small people who are inseparably part of a great ravagement" (The Guardian). Finalist for the Baileys Women's Prize for Fiction, *The Undertaking* is "one of the most riveting accounts of love in time of war that this reviewer has ever read" (Library Journal (starred review))—"a violent, elegant, unsentimental journey through hell and halfway back" (Chris Cleave, New York Times—bestselling author of *Everyone Brave is Forgiven*).

Running from Home chronicles Rita's flight from the Nazis as it was perceived by a young child. The sense of bewilderment, loss of home, and suffering from hunger and cold create an indelible mark upon her mind and do not leave when she eventually comes to America. Raised in different cultures, she never feels at home but is always the outsider, trying to reconcile her old life and experiences with her new surroundings. Her youth and adolescence are assaulted by the demons that have been imprinted on her young brain. Furthermore, Rita's father suffers from his own demons: financial insecurity, disenfranchisement, and constant poverty serve to reestablish her old fears and sense of loss. For Rita, the war is not over when the peace treaties have been signed. For more information, please see www.ritabross.com.
