

How Fascism Ruled Women

[#Fascism and women](#) [#Gender roles in fascism](#) [#Women's role under totalitarian regimes](#) [#Fascist social policy](#) [#Female citizens in fascist states](#)

Fascism profoundly reshaped the lives of women, enforcing rigid societal expectations and often confining them to domestic spheres. This ideology leveraged traditional gender roles to serve the state's ambitions for population growth and national strength, dictating everything from reproductive policies to public life participation. Examining how fascism ruled women offers a critical lens into its pervasive control over society.
