## The Best of Frontier Tales

In tales from heart-warming to bone-chilling, authors from across the country take us back to the lives and times of the western frontier, where the new culture met the old and battles were fought, love born, and dreams achieved - or lost. This collection of the Tales voted Best by readers each month at [www.FrontierTales.com](http://www.FrontierTales.com), plus an Editor's Choice, make 13 wonderful stories of the Old West. Meet

civil war soldiers, sheriffs, grifters and gunslingers, natives and ne'er-do-wells, and the women and men who pioneered this vast new land. Multiple Spur Award-winner Dusty Richards leads the pack of writers who love the West so much they must bring it alive for others. (Contains some graphic violence - hey, they're Westerns.) Sit a spell and take in some stories that illustrate how this country became the force that it is, and the guts and determination of all who left the known and risked everything they had for the adventure and opportunity to explore a new territory and way of life.

#### The Best of Frontier Tales, Volume 5

Frontier Tales is an online ezine dedicated to bringing new Western short stories into view. Each month, readers vote on their favorite Tale for that month. At the end of the year, there are 12 stories they have selected as the best. The editor then picks one more to make a total of thirteen, a baker's dozen. These are the winning stories from the fifth year of the ezine's production. Enjoy!

#### The Best of Frontier Tales, Vol. 3

From a post-Civil War soldier who's sick from the dreadfulness and injustice of battle and longs for a life where he can regain his self-respect to a slip of a woman with flashing blue eyes and an Irish brogue who's on the track of the men who took her family, this collection of monthly winners from the eZine Frontier Tales whisks you back in time to when life and death were close neighbors and a person's word was a bond. These Tales honor the Old West and the men and women whose strength and spirit made the United States the unique experiment it was.

#### The Best of Frontier Tales, Volume 2

Voted the favorite stories of readers around the world! Frontier Tales is an online ezine dedicated to bringing new Western short stories into view. Each month, readers vote on their favorite Tale for that month. At the end of the year, there are 12 stories they have selected as the best. The editor then picks one more to make a total of thirteen, a baker's dozen. These are the winning stories from the fourth year of the ezine's production. Enjoy!

#### The Best of Frontier Tales, Volume 4

Louise Littleton Davis offers a collection of detailed, poignant accounts of the people and events that shaped the early history of Tennessee. In Frontier Tales of Tennessee, she traces the personal tragedies and triumphs that shaped the destinies of people struggling to build a young nation and that influenced the course of history itself. A "behind the historical scenes" perspective includes such notable figures as Sam Houston, Aaron Burr, and "Black Horse Harry" Lee.

#### American Frontier Tales

Legends abound of The American Wild West but many secrets remain. The stories in this collection expose The Weird West, the tales of monsters, astonishing creatures and marvellous phenomenon that have not yet been told. Ride the Dark Frontier in this landscape of fantasy and horror where danger and wonder await behind every turn of the trail.

#### Frontier Stories

"Frontier Stories" from Bret Harte. American author and poet (1836-1902).

#### Frontier Tales of Tennessee

Stories of the American West by the #1 New York Times—bestselling author of North and South, "the best historical novelist of our time" (Patricia Cornwell). In these timeless stories of the untamed American West, John Jakes thrillingly portrays the harsh realities of life on the frontier with tales of lawmen in the Sierra Nevada, railroad workers in Kansas, and gamblers on the steamboat River Queen. From a saloon showdown unlike any other and outlaws double-crossing each other to a fur trapper hell-bent on vengeance and a power struggle between medicine men, Jakes's frontier stories capture the same sweeping historical drama and unforgettable characterizations as his epic novels in the Crown Family Saga, the Kent Family Chronicles, and the North and South Trilogy. "At the very heart of every Jakes saga is a story that throbs to the beat of history." —The Cleveland Plain Dealer This

ebook features an illustrated biography of John Jakes including rare images from the author's personal collection.

### American Frontier Tales

A desert rescue, an Apache midnight visit, a lost preacher, an unexpected baptism, and an incredible gunfight all combine to make life in the Tularosa Basin exciting for Zenas Meeker and the Rafter JD vaqueros. Zenas and his pals cross the Tularosa Basin in search of gold and adventure only to find the water holes fouled by avenging Indians. They are rescued by a Rip Van Winkle and a mule named Pet. At the end of a cattle drive, Zenas joins the Army as a wagon driver and participates in the Red River War. In Mexico, he encounters a most unusual breed of cattle that proves to be too dangerous for the Apaches to steal. Death stalks Zenas and Van Hunsucker as they cross the Jornada Del Muerto. An eccentric mule causes an unexpected dunking and a catastrophe for Rip. And Will Castleberry, guide, gambler and gunman, is an unconscious participant in the most incredible gunfight in the old west...

### Riding the Dark Frontier: Tales of the Weird West

Between 1850 and 1912, the year New Mexico was granted statehood, the Territory of New Mexico was a wild and dangerous place. Homesteaders, cowboys, ranchers, sheepherders, buffalo hunters, prospectors, treasure hunters and railroad men pushing the borders of the western frontier met with resistance from man and animal alike. Native Americans, who had lived on the land defending their boundaries and way of life for centuries, reacted to the wave of outsiders in various ways. The agrarian Pueblo peoples along the Rio Grande largely kept to themselves. Apache, Navajo and Ute tribes sometimes attempted to co-exist with the newcomers but most often they fought against encroachment. Anglo and Mexican outlaws ran roughshod across the frontier and there was no shortage of bears, wolves, mountain lions, blizzards and bad water to unsettle the newcomers. This collection of frontier stories vividly illustrates the range of struggles, triumphs and catastrophes faced by settlers who hoped to tame the land and inhabitants of Territorial New Mexico. Between 1936 and 1940, field workers in the Federal Writers' Project (a branch of the government-funded Works Progress Administration, or WPA, later called Work Projects Administration) recorded authentic accounts of life in the early days of New Mexico. These original documents, published here as a story collection for the first time, reflect the conditions of the New Mexico Territory as played out in dynamic clashes between individuals and groups competing for control of the land and resources. "Frontier Stories," the second in the New Mexico Federal Writers' Project Book Series after "Outlaws & Desperados," features informative background and historic photographs. Forthcoming books in the series include "Lost Treasures & Old Mines" and "Stories From Hispano New Mexico."

### Frontier Stories

Just where the red track of the Los Gatos road streams on and upward like the sinuous trail of a fiery rocket until it is extinguished in the blue shadows of the Coast Range, there is an embayed terrace near the summit, hedged by dwarf firs. At every bend of the heat-laden road the eye rested upon it wistfully; all along the flank of the mountain, which seemed to pant and quiver in the oven-like air, through rising dust, the slow creaking of dragging wheels, the monotonous cry of tired springs, and the muffled beat of plunging hoofs, it held out a promise of sheltered coolness and green silences beyond. Sunburned and anxious faces yearned toward it from the dizzy, swaying tops of stage-coaches, from lagging teams far below, from the blinding white canvas covers of "mountain schooners," and from scorching saddles that seemed to weigh down the scrambling, sweating animals beneath. But it would seem that the hope was vain, the promise illusive. When the terrace was reached it appeared not only to have caught and gathered all the heat of the valley below, but to have evolved a fire of its own from some hidden crater-like source unknown.

### Frontier Stories

Western author Kent Kamron delivers another powerful set of moralistic tales of The Old West. Strong on women and Native American characters and without perpetuating myths, The Dime Novel Man offers penetrating, though-provoking stories.

### Frontier Stories

This is an anthology of anecdotes about the Minnesota frontier, dating primarily from the 1840s and 1850s. The material seems to have been collected directly from original settlers who were still alive in the early twentieth century. There are abundant descriptions of early logging operations, agriculture, building practices, plagues, infestations, flora and fauna, and floods. Accounts of local culture range from descriptions of Indian-white relations to boarding-house life, foodways, dances and other festivities. Several settlers were attracted to Minnesota for the celebrated health of its climate; others recall its life-threatening cold.

### Frontier Stories

The vast and mysterious universe is explored in this reprint anthology from award-winning editor and anthologist Neil Clarke (Clarkesworld magazine, The Best Science Fiction of the Year). The urge to explore and discover is a natural and universal one, and the edge of the unknown is expanded with each passing year as scientific advancements inch us closer and closer to the outer reaches of our solar system and the galaxies beyond them. Generations of writers have explored these new frontiers and the endless possibilities they present in great detail. With galaxy-spanning adventures of discovery and adventure, from generations ships to warp drives, exploring new worlds to first contacts, science fiction writers have given readers increasingly new and alien ways to look out into our broad and sprawling universe. The Final Frontier delivers stories from across this literary spectrum, a reminder that the universe is far large and brimming with possibilities than we could ever imagine, as hard as we may try.

### The Bold Frontier

William Gilmore Simms (1807-1870), the antebellum South's foremost author and cultural critic, was the first advocate of regionalism in the creation of national literature. This collection of essays emphasizes his portrayal of America's westward migration.

### Tales of the Last Frontier

There is no story more distinctly American than the western and no writer as great a master of the form as Louis L'Amour. In this seventh volume of L'Amour's collected short stories, you'll find some of his most popular characters, heroes who have become a part of our cultural legacy, as well as the ordinary men and women whose adventures are chronicled with an immediacy no reader can resist—or ever forget. In Louis L'Amour's frontier stories, the American West is the crucible in which character is tested, reputations are won or lost, and life always hangs in the balance. Struggling to survive against the elements, hostile Indians, or outlaws who prey upon the honest and hardworking, the men and women in these tales each come face-to-face with what they're made of—often in moments that explode with the violence of an avalanche or the speed of a drawn gun. Here L'Amour demonstrates the unerring touch for detail and keen insight into human nature that lend these stories the power to thrill, surprise, and entertain readers of every generation. A man driven by his faith in the woman he loves survives war, Indian massacre, and near starvation only to find his homecoming delayed by one last battle—under his own roof. To stop a range war, a ranch foreman stands up to his boss, his men, and conspirators who seem to have both right and might on their side. And in a town where fourteen men have already died under suspicious circumstances, a new sheriff by the name of Utah Blaine patiently sets a trap for a frontier serial killer. Here are stories of honest thieves and crooked lawmen, of dream chasers and treasure hunters, of men and women hoping for a second chance and others down to their last. This rich and varied cast embodies not only the spirit of the West but the timeless struggle of the best and worst in us all, on a stage as big as the frontier itself. Full of suspense, mystery, adventure, this remarkable collection has everything that's earned Louis L'Amour his well-deserved reputation as America's favorite storyteller.

### Frontier Stories

DigiCat Publishing presents to you this special edition of "The History of Minnesota and Tales of the Frontier" by Charles E. Flandrau. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

### Frontier Stories

"Anyone in search of the spirit of the Old West will find it in this book. In fact, any student in college taking a course in the history of the West or even in a general history of the United States should be required to read Dick's book; and when once the student had sniffed its atmosphere, the required would no longer be necessary."--Georgia Historical Quarterly "An entertaining and comprehensive collection. . . . The reader is sure to put Dick's book down with a fresh realization of the vigor, adventure, humor, tragedy, and endeavor that went into the development of our western country."--Annals of Wyoming "A highly satisfactory and completely disarming approach to the history of the West."--Utah Historical Quarterly "A delightful anthology of western Americana by that great collector of social history, Professor Everett Dick."--Social Education "A great book for those who enjoy the history of how our West was won"--The Western Horseman

Independence Day, 1871. The Civil War is finished, but in "Bleeding Kansas\

### A Time for Justice and Other Frontier Tales

This is a book about identity, about how the ancient Greeks saw themselves and others, and what this tells us in turn about Greek mentality and culture. It looks at voyagers and explorers, at travels in reality and in the mind, and shows what these reveal at key points in Greek history from the creation of Homer's monumental epic around 700 BC to the high Roman imperial period some eight hundred years later. The author takes us first to the journeyings of Odysseus, considering the returning warrior's concerns of witness and memory and finding in the epic the themes that will preoccupy the Greeks over the centuries. He then travels to Egypt with Herodotus, to the problematically 'barbarian' world of Persia and the Near East with Alexander the Great, to old Greece with the fictional Scythian Anacharsis, to the new Greek world under Roman domination with Polybius, Dionysius of Halicarnassos and Strabo, and finally to the Asia Minor of the first-century AD sage Apollonius of Tyana in the company of Philostratos. He examines both what their representations of these lands meant in their own day and how they were received in later times. He looks in particular at the importance of the invention of the barbarian and the "e;other"e;, first in the theoretical process of describing and accounting for the outside world, and secondly at the justification it gives for the practical reshaping of alien space through conquest and assimilation - themes which have had, as he points out, a more recent resonance. Francois Hartog draws widely on ancient and modern authors to create a cultural history of ancient Greece that sheds a new and revealing light on the Greeks and the history of humankind more generally.

### Frontier Tales

Excerpt from Frontier Stories Nge there was war at Cripple Creek red-mouthed war, as they say in battle tales.' It all began when the miners Of the district went on strike. First they Simply quit work, and there was idleness. Then they objected to anybody else working, and there was trouble; and finally they fortified Bull Hill, placed a small cannon at the top, and there was anarchy. Two railroads ran to Cripple Creek from Colorado Springs, and they were soon com peting for the business Of carrying deputy Sheriffs to the turbulent camp. ### The Dime Novel Man And Other Frontier Tales

One of the greatest untold stories about the globalization of the Western is the key role of comics. Few American cultural exports have been as successful globally as the Western, a phenomenon commonly attributed to the widespread circulation of fiction, film, and television. The Comic Book Western centers comics in the Western's international success. Even as readers consumed translations of American comic book Westerns, they fell in love with local ones that became national or international sensations. These essays reveal the unexpected cross-pollinations that allowed the Western to emerge from and speak to a wide range of historical and cultural contexts, including Spanish and Italian fascism, Polish historical memory, the ideology of shMjo manga from Japan, British post-apocalypticism and the gothic,

race and identity in Canada, Mexican gender politics, French critiques of manifest destiny, and gaucho nationalism in Argentina. The vibrant themes uncovered in *The Comic Book Western* teach us that international comic book Westerns are not hollow imitations but complex and aesthetically powerful statements about identity, culture, and politics.

#### Frontier stories

*The Greatest Cowboy Stories Ever Told* includes twenty-three exciting stories from a variety of contributors, such as Mark Twain, Karl May, Ned Buttline, O. Henry, Bret Harte, Stephan Krane, Frederic Remington, Zane Grey, Max Brand, and Owen Webster.

#### Old Rail Fence Corners

At the turn of the twentieth century, James Willard Schultz wrote a series of tales centering on the adventures of a Blackfoot Indian boy and his Anglo friend in the days just prior to the end of the buffalo era on the western plains. All the tales appeared between 1910 and 1927 in the pages of the popular family weekly *The Youth's Companion*. The stories featured the sort of spirited adventure popular at the time, but Schultz was more conscientious than other writers of the day in his depiction of American Indian life. Schultz first encountered the Blackfeet in Montana Territory in 1877, when he was seventeen, and he lived among them for the next seventy years until his death. These tales are based on his experiences with the Blackfeet, who gave him the name Apikuni. Apikuni plays a role in many of the stories, usually under the name Spotted Robe. Although he was neither a historian nor an ethnologist, Schultz filled his stories with history, and with detailed descriptions of the Blackfoot daily life and culture. David C. Andrews has gathered these tales, the last of Schultz's to be published in book form, and arranged in the order in which they were written.

#### The Final Frontier

An anthology of western and frontier stories by women.

#### William Gilmore Simms and the American Frontier

*The Collected Short Stories of Louis L'Amour, Volume 7*

#### Desert Justice

Sonny Tabor is a man charged with a string of murders, feared for his accuracy with a gun, and relentlessly pursued by those seeking the reward being offered for his capture. But he is also a man wrongfully accused, shooting only in self-defence, and forced into a life of perpetual flight. From being captured and sentenced to hang, to being abandoned in the desert handcuffed to an Arizona Ranger - will he ever clear his name and find the true guilty party?

#### Desert Justice

Four riveting novellas featuring Sonny Tabor, an innocent fugitive relentlessly pursued by the law.

#### Desert Justice

*Bonanza* aired on NBC from September 12, 1959, to January 16, 1973, playing to 480,000,000 viewers in over 97 countries. It was the second longest running western series, surpassed only by *Gunsmoke*, and continues to provide wholesome entertainment to old and new fans via syndication. This book provides an in-depth chronicle of the series and its stars. A history of the show from its inception to the current made-for-television movies is provided, and an episode guide includes a synopsis of each show and lists such details as the main characters of each episode and the actors who portrayed them, the dates they stayed with the show, date and time of original broadcast, writer, director, producer, executive producer, and supporting cast. Also provided are character sketches for each of the major recurring characters, career biographies of Lorne Green, Pernell Roberts, Dan Blocker, and Michael Landon, brief biographical sketches of the supporting cast, a discography of recordings of the *Bonanza* theme and recordings of the four major stars, and information on *Bonanza* television movies.

#### Desert Justice

This book reveals the reality of life in Virginia City, Nevada in the 19th century versus the legendary storylines of the iconic television show Bonanza. In addition, it explores the history of early TV and its depictions of the West, as well as the full history of Virginia City from its environmental issues to its silver mining up to the present.

#### A Reference Guide to Television's Bonanza

#### Virginia City Vs Bonanza

Between 1959 and 1973 the Cartwrights of the Ponderosa rode into the lives of nearly 400 million viewers around the world. Perhaps you saw many of the 428 episodes and waited eagerly for the famous blazing map to reveal the Cartwrights riding into your living room, and maybe you now miss the warmth and familiarity that watching an episode could bring. In 'Bonanza: A Viewer's Guide to the TV Legend' you can relive those days and get the inside story on the series that became a legend. Renew old acquaintances with Ben Cartwright and his sons, Adam, Hoss and Little Joe, and read a Foreword by non-other than David Dortort, Creator and Producer of 'Bonanza.'

#### Catalog of Copyright Entries

Included are essays such as "Contractarian Method, Private Property, and the Market Economy," "Justice Under Capitalism," and "Market Choice and Human Choice." Authors include Joshua Cohen, MIT; Gerald F. Gaus, University of Queensland; Margaret Jane Radin, University of Southern California; and Andrzej Rapaczynski, Columbia University.

#### Motion Pictures

Criminal Law Conversations provides an authoritative overview of contemporary criminal law debates in the United States. This collection of high caliber scholarly papers was assembled using an innovative and interactive method of nominations and commentary by the nation's top legal scholars. Virtually every leading scholar in the field has participated, resulting in a volume of interest to those both in and outside of the community. Criminal Law Conversations showcases the most captivating of these essays, and provides insight into the most fundamental and provocative questions of modern criminal law.

#### Motion Pictures, 1960-1969

The World Famous IVERSON MOVIE RANCH was the most filmed location in movie history with an estimated 2,000 movies and television shows filmed on the property from about 1912 to well into the 1970s when the ranch land was sold off and redeveloped. While mostly used in Western movies, a large number of A pictures of all types utilized the land of the ranch, including ?The Fighting Seabees?, ?Wee Willie Winkie?, and ?The Flying Dueces?. This is the Regular Edition without nude photos.

#### Doug Pratt's DVD

Chronicles the individual performances of 1,587 performers from 1948 to 1988 (including cartoon, pilot, variety, telefilm, and documentary credits). While only a few reference sources deserve to be called essential, this important work justifies superlatives. --ARBA

## Markets and Justice

Emphasizing the voices of activists, this book's diverse contributors examine communities' common experiences with environmental injustice, how they organize to address it, and the ways in which their campaigns intersect with related movements such as Black Lives Matter and Indigenous sovereignty. The global COVID-19 pandemic exposed the ways in which BIPOC (Black, Indigenous, People of Color) communities and white working-class communities have suffered disproportionately from the crisis due to sustained exposure to toxic land, air, and water, creating a new urgency for addressing underlying conditions of systemic racism and poverty in North America. In addition to exploring the historical roots of the Environmental Justice movement in the 1980s and 1990s, the volume offers coverage of recent events such as the DAPL pipeline controversy, the Flint water crisis, and the rise of climate justice. The collection incorporates the experiences of rural and urban communities, Alaska Natives, Native Hawaiians, Puerto Ricans, and Indigenous peoples in the U.S., Canada, and Mexico. The chapters offer instructors, undergraduate and graduate students, and general readers a range of accessible case studies that create opportunities for comparative and intersectional analysis across geographical and ethnic boundaries.

## Criminal Law Conversations

A central component of justice is how the economic goods are distributed in a society. Philosophers contribute to distributive justice debates by providing arguments for principles to guide and evaluate the allocation of economic goods and to guide the design of institutions to achieve more just distributions. This volume includes both seminal and recent work by philosophers, covering a range of representative positions, including libertarian, egalitarian, desert, and welfare theorists. The introduction to the volume and the selections themselves are designed to allow students and professionals to see some of the most influential pieces that have shaped the field, as well as some key critics of these positions. The articles intersect in such a way as to develop an appreciation of the types of theories and the central issues addressed by theories of distributive justice. Furthermore, the choice of authors in this collection reflects an appreciation of the influence of institutions in general, markets in particular, and even luck on the distribution of economic goods.

## The World Famous Iverson Movie Ranch

Spring 1876 . . . . When a bomb explodes and destroys a sawmill in Glenbrook Harbor, the residents and businessmen on the shores of Lake Tahoe are left reeling. Will Toal and his wife, Beth, are caught in the deadly, fiery fragments of the devastating explosion, and Beth is severely injured. Will gets Beth to the doctor and sets out to find those responsible. Once again, he is drawn back into the crosshairs of business barons clashing among themselves while competing for economic and political clout amid the silver riches of the West. Will's been in this position before in earlier days, but this time, the big company money is out to get him—and the things just got personal. Will just wants those who hurt Beth brought to justice, but he must find out who's responsible for setting that blast—the first of many to come, if he figures right. With the timber business leveling the forests around Lake Tahoe, and the silver mines clamoring for the necessary wood, the arsonists could be working for anyone. Those who don't believe in the deforestation process will go to any length to save the woodlands, but those who need the jobs lumbering provides are just as determined. In a race against time, Will is forced to work with an old nemesis, private investigator Dale Paris, to try to stop the arsonists and save the sawmills from disaster. Can they stop the bloodshed? At any price, Will is determined to have CLEAR CUT JUSTICE . . . .

## Cue

Jack Halliday struck it rich in the 1860 silver boom in Virginia City! As Annalee and her mother travel to join him in Nevada, their joy turns to ashes. They're unprepared for the savage mountain winter that traps them in a desperate struggle for survival. At this critical moment, lawman Brett Wilder arrives in town. He's looking for the gunslinger who crippled his father—and he suspects Jack. When Annalee and Brett meet as they each search for Jack, they must face what they believe about the sovereignty of God, justice, and mercy. They also must discover whether their growing love for one another will melt like snow into an icy mountain stream or bloom like a rose in the desert.

#### American Book Publishing Record Cumulative, 1950-1977: Title index

A photographic and multidisciplinary study of one of America's last undeveloped—and most endangered—landscapes, edited by a Pulitzer Prize-winning author. A vast expanse of rock formations, sand dunes, and sagebrush in central and southwest Wyoming, the little-known Red Desert is one of the last undeveloped landscapes in the United States, as well as one of the most endangered. It is a last refuge for many species of wildlife. Sitting atop one of North America's largest untapped reservoirs of natural gas, the Red Desert is a magnet for energy producers who are damaging its complex and fragile ecosystem in a headlong race to open a new domestic source of energy and reap the profits. To capture and preserve what makes the Red Desert both valuable and scientifically and historically interesting, writer Annie Proulx and photographer Martin Stupich enlisted a team of scientists and scholars to join them in exploring the Red Desert through many disciplines: geology, hydrology, paleontology, ornithology, zoology, entomology, botany, climatology, anthropology, archaeology, sociology, and history. Their essays reveal many fascinating, often previously unknown facts about the Red Desert—everything from the rich pocket habitats that support an amazing diversity of life to engrossing stories of the transcontinental migrations that began in prehistory and continue today on I-80—which bisects the Red Desert. Complemented by Martin Stupich's photo-essay, which portrays both the beauty and the devastation that characterize the region today, Red Desert bears eloquent witness to a unique landscape in its final years as a wild place./

#### The Complete Actors' Television Credits, 1948-1988: Actors

An Arizona Chronology: The Territorial Years contains the first sheaves of a newspaperman's gleaning of history from the crisp, yellowing abundance of old newspapers and other Arizona archives. Who better to choose news items giving a key to the times than Douglas D. Martin, who first set newspaper type when he was 15, filled news and magazine columns and book pages galore, and today at 75 is still writing for print? He knows newspapers from the composing room to the editor's desk—Detroit Free Press—not excepting reportorial beats, having received the Pulitzer Prize for reporting on his own.

#### Catalog of Copyright Entries, Third Series

"In Jones's electrifying 10th...Scottsdale, Arizona, PI Lena is approached by Harold Slow Horse, one of Arizona's leading artists...[and] gets on a trail that leads her at long last to answers about her troubled past..." —Publishers Weekly At the age of four, Scottsdale private eye Lena Jones was shot in the head and left to die on a Phoenix street. After her rescue, she spent years in the abusive foster care system, never knowing who her parents were and why they didn't claim her. When Desert Redemption begins, she still doesn't know her real name. Lena's rough childhood—and the suspicion that her parents may have been members of a cult—keeps her hackles raised. So when Chelsea, the ex-wife of Harold Slow Horse, a close friend, joins a "new thought" organization called Kanati, Lena begins to investigate. She soon learns that two communes—polar opposites of each other—have sprung up nearby in the Arizona desert. The participants at EarthWay follow a rigorous dietary regime that could threaten the health of its back-to-the-land inhabitants, while the more pleasure-loving folk at Kanati are dining on sumptuous French cuisine. On an early morning horseback ride across the Pima Indian Reservation, Lena finds an emaciated woman's body in the desert. "Reservation Woman" lies in a spot close to EarthWay, clad in a dress similar to the ones worn by its women. But there is something about her face that reminds Lena of the Kanatians. While investigating, Lena's memory is jolted back to that horrible night when her father and younger brother were among those murdered by a cult leader named Abraham, who then vanished. Lena begins to wonder if either EarthWay or Kanati could be linked to that night, and to her own near-death. Could leaders of one or both shed light on what had happened to Lena's mother, who vanished at the same time as Abraham? All these mysteries are resolved in Desert Redemption, the tenth and final Lena Jones case, which can also be enjoyed on its own.

A pioneering examination of the experiences of peasants and peons, or paysanos, in the Buenos Aires province during Juan Manuel de Rosas's regime (1829–1852), *Wandering Paysanos* is one of the first studies to consider Argentina's history from a subalternist perspective. The distinguished Argentine historian Ricardo D. Salvatore situates the paysanos as mobile job seekers within an expanding, competitive economy as he highlights the points of contention between the peasants and the state: questions of military service, patriotism, crime, and punishment. He argues that only through a reconstruction of the different subjectivities of paysanos—as workers, citizens, soldiers, and family members—can a new understanding of postindependence Argentina be achieved. Drawing extensively on judicial and military records, Salvatore reveals the state's files on individual prisoners and recruits to be surprisingly full of personal stories directly solicited from paysanos. While consistently attentive to the fragmented and mediated nature of these archival sources, he chronicles how peons and peasants spoke to power figures—judges, police officers, and military chiefs—about issues central to their lives and to the emerging nation. They described their families and their wanderings across the countryside in search of salaried work, memories and impressions of the civil wars, and involvement with the Federalist armies. Their lamentations about unpaid labor, disrespectful government officials, the meaning of poverty, and the dignity of work provide vital insights into the contested nature of the formation of the Argentine Confederation. *Wandering Paysanos* discloses a complex world until now obscured—that of rural Argentine subalterns confronting the state.

### Memories of Buffalo Bill - Scholar's Choice Edition

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

### Memories of Buffalo Bill

A fascinating analysis of the first famous American to erase the boundary between real history and entertainment Canada, and Europe. Crowds cheered as cowboys and Indians--and Annie Oakley!--galloped past on spirited horses, sharpshooters exploded glass balls tossed high in the air, and cavalry troops arrived just in time to save a stagecoach from Indian attack. Vivid posters on billboards everywhere made William Cody, the show's originator and star, a world-renowned figure. Joy S. Kasson's important new book traces Cody's rise from scout to international celebrity, and shows how his image was shaped. Publicity stressed his show's "authenticity" yet audiences thrilled to its melodrama; fact and fiction converged in a performance that instantly became part of the American tradition. But how, precisely, did that come about? How, for example, did Cody use his audience's memories of the Civil War and the Indian wars? He boasted that his show included participants in the recent conflicts it presented theatrically, yet he also claimed it evoked "memories" of America's bygone greatness. Kasson's shrewd, engaging study--richly illustrated--in exploring the disappearing boundary between entertainment and public events in American culture, shows us just how we came to imagine our memories.

### Buffalo Bill's Wild West

Communication research is evolving and changing in a world of online journals, open-access, and new ways of obtaining data and conducting experiments via the Internet. Although there are generic encyclopedias describing basic social science research methodologies in general, until now there has been no comprehensive A-to-Z reference work exploring methods specific to communication and media studies. Our entries, authored by key figures in the field, focus on special considerations when applied specifically to communication research, accompanied by engaging examples from the literature of communication, journalism, and media studies. Entries cover every step of the research process, from the creative development of research topics and questions to literature reviews, selection of best methods (whether quantitative, qualitative, or mixed) for analyzing research results and publishing research findings, whether in traditional media or via new media outlets. In addition to expected entries covering the basics of theories and methods traditionally used in communication research, other entries discuss important trends influencing the future of that research, including contemporary practical issues students will face in communication professions, the influences of globalization on research, use of new recording technologies in fieldwork, and the challenges and opportunities related to studying online multi-media environments. Email, texting, cellphone video, and blogging are shown not only as topics of research but also as means of collecting and analyzing data. Still other entries delve into considerations of accountability, copyright, confidentiality, data ownership and security, privacy, and other aspects of conducting an ethical research program. Features: 652 signed entries are contained in an authoritative work spanning four volumes available in choice of electronic or print formats. Although organized A-to-Z, front matter includes a Reader's Guide grouping entries thematically to help students interested in a specific aspect of communication research to more easily locate directly related entries. Back matter includes a Chronology of the development of the field of communication research; a Resource Guide to classic books, journals, and associations; a Glossary introducing the terminology of the field; and a detailed Index. Entries conclude with References/Further Readings and Cross-References to related entries to guide students further in their research journeys. The Index, Reader's Guide themes, and Cross-References combine to provide robust search-and-browse in the e-version.

### The SAGE Encyclopedia of Communication Research Methods

William F. "Buffalo Bill" Cody was the entertainment industry's first international celebrity, achieving worldwide stardom with his traveling Wild West show. For three decades he operated and appeared in various incarnations of "the western world's greatest traveling attraction," enthraling audiences around the globe. When the show reached Europe it was a sensation, igniting "Wild West fever" by offering what purported to be a genuine experience of the American frontier.

### Four Years in Europe with Buffalo Bill

*Transgressing Women* focuses on the literary and cinematic representation of female characters in contemporary noir thrillers. The book argues that as the genre has grown, expanded and been subverted since its initial conception, along with the changing definition of gender, the representation of a female character has also inevitably gone through some dramatic changes. So, the book asks some important questions: What links the female characters in canonical noir to their contemporary counterparts? Is gender division still relevant in a text that transgresses gender boundaries? What happens when it is the human body itself that betrays the traditional definition or constitution of a human being? While many have written about the male protagonists and the femmes fatales in the noir genre, little attention has been given to the 'other' female characters who inhabit the noir world and are transgressors themselves. The main concern of the book is to trace the transgressive female characters in contemporary noir thrillers – both novels and films – by engaging itself with some of the most topical debates within both (post)feminist and postmodernist theories. The book is structured around two key concepts – space and the body. These temporal and spatial indicators are central in contemporary cultural theories such as postmodernism and post-feminism, along with other theorizations of gender and the noir genre. This means that the analysis is drawn from the classical noir examples and will then arrive at the neo-noir sub-genre, and then will move on to the most recent phenomenon in the genre, 'future noir'.

### Choice

The characteristic look of Southern California, with its red-tiled roofs, stucco homes, and Spanish street names suggests an enduring fascination with the region's Spanish-Mexican past. In this engaging study, Phoebe S. Kropp reveals that the origins of this aesthetic were not solely rooted in the Spanish

colonial period, but arose in the early twentieth century, when Anglo residents recast the days of missions and ranchos as an idyllic golden age of pious padres, placid Indians, dashing caballeros and sultry señoritas. Four richly detailed case studies uncover the efforts of Anglo boosters and examine the responses of Mexican and Indian people in the construction of places that gave shape to this cultural memory: El Camino Real, a tourist highway following the old route of missionaries; San Diego's world's fair, the Panama-California Exposition; the architecturally- and racially-restricted suburban hamlet Rancho Santa Fe; and Olvera Street, an ersatz Mexican marketplace in the heart of Los Angeles. *California Vieja* is a compelling demonstration of how memory can be more than nostalgia. In Southern California, the Spanish past became a catalyst for the development of the region's built environment and public culture, and a civic narrative that still serves to marginalize Mexican and Indian residents.

### Memories of Buffalo Bill

Army scout, frontiersman, and hero of the American West, William F. "Buffalo Bill" Cody was also a shrewd self-promoter, showman, and entrepreneur. In 1888 he published *The Story of the Wild West*, a collection of biographies of four well-known American frontier figures: Daniel Boone, Davy Crockett, Kit Carson, and himself. Cody contributed an abridged version of his 1879 autobiography with an addendum titled *The Wild West in England*, now available in this stand-alone annotated edition, including all the illustrations from the original text along with photographs of Cody and promotional materials. Here Cody describes his Wild West exhibition, the show that offered audiences a mythic experience of the American frontier. Focusing on the show's first season of performances in England, Cody includes excerpts of numerous laudatory descriptions of his show from the English press as well as stories of his time spent with British nobility—from private performances for Queen Victoria and the Prince and Princess of Wales to dinners and teas with the elite of London society. He depicts himself as an ambassador of American culture, proclaiming that he and his Wild West show prompted the British to "know more of the mighty nation beyond the Atlantic and . . . to esteem us better than at any time within the limits of modern history."

### Transgressing Women

Robert Hopkins was a man caught between two worlds. As a member of the Dakota Nation, he was unfairly imprisoned, accused of taking up arms against U.S. soldiers when war broke out with the Dakota in 1862. However, as a Christian convert who was also a preacher, Hopkins's allegiance was often questioned by many of his fellow Dakota as well. Without a doubt, being a convert--and a favorite of the missionaries--had its privileges. Hopkins learned to read and write in an anglicized form of Dakota, and when facing legal allegations, he and several high-ranking missionaries wrote impassioned letters in his defense. Ultimately, he was among the 300-some Dakota spared from hanging by President Lincoln, imprisoned instead at Camp Kearney in Davenport, Iowa, for several years. His wife, Sarah, and their children, meanwhile, were forced onto the barren Crow Creek reservation in Dakota Territory with the rest of the Dakota women, children, and elderly. In both places, the Dakota were treated as novelties, displayed for curious residents like zoo animals. Historian Linda Clemmons examines the surviving letters from Robert and Sarah; other Dakota language sources; and letters from missionaries, newspaper accounts, and federal documents. She blends both the personal and the historical to complicate our understanding of the development of the Midwest, while also serving as a testament to the resilience of the Dakota and other indigenous peoples who have lived in this region from time immemorial.

### Book Review Digest

Pulitzer Prize-winning journalist and author Richard A. Serrano's new book *American Endurance: The Great Cowboy Race and the Vanishing Wild West* is history, mystery, and Western all rolled into one. In June 1893, nine cowboys raced across a thousand miles of American prairie to the Chicago World's Fair. For two weeks they thundered past angry sheriffs, governors, and Humane Society inspectors intent on halting their race. Waiting for them at the finish line was Buffalo Bill Cody, who had set up his Wild West Show right next to the World's Fair that had refused to allow his exhibition at the fair. The Great Cowboy Race occurred at a pivotal moment in our nation's history: many believed the frontier was settled and the West was no more. The Chicago World's Fair represented the triumph of modernity and the end of the cowboy age. Except no one told the cowboys. Racing toward Buffalo Bill Cody and the gold-plated Colt revolver he promised to the first to reach his arena, nine men went on a Wild West

stampede from tiny Chadron, Nebraska, to bustling Chicago. But at the first thud of hooves pounding on Chicago's brick pavement, the race devolved into chaos. Some of the cowboys shipped their horses part of the way by rail, or hired private buggies. One had the unfair advantage of having helped plan the route map in the first place. It took three days, numerous allegations, and a good old Western showdown to sort out who was first to Chicago, and who won the Great Cowboy Race.

#### The Literary World

Uncovers the little known history of the indigenous people in Cypress Hills.

#### California Vieja

Science fiction and horror television shows predict how the world might be different if zombies were real, or if artificial intelligence could develop consciousness. Pop culture critics reveal that these not-quite humans are often proxies for race, and the post-apocalyptic landscapes set the stage for reimagining social and political institutions. This book advances horror scholarship by placing those stories within a long tradition of mythologizing U.S. history. It demonstrates how Disney's *Zombies* reenacts the civil rights movement, how *The Walking Dead* fulfills Thoreau's fantasy against the backdrop of founding a new nation, and how *Westworld* permits visitors to experience the Old West while bearing witness to Indian Removal. Each of these narratives imagines a future that retells the past. The chapters within look at that tradition in order to understand the present.

#### The Wild West in England

Beautiful full color litho cover, stagecoach under attack from Indians, cameo portrait of W.F. Cody.

#### Dakota in Exile

Now that the West is no longer so wild, it's easy to dismiss Buffalo Bill Cody's world-famous Wild West shows as promoters of stereotypes and clichés. But looking at this unique American genre from the Native American point of view provides thought-provoking new perspectives. Focusing on the experiences of Native performers and performances, Linda Scarangella McNenly begins her examination of these spectacles with Buffalo Bill's 1880s pageants. She then traces the continuing performance of these acts, still a feature of regional celebrations in both Canada and the United States—and even at Euro Disney. Drawing on interviews with contemporary performers and descendants of twentieth-century performers, McNenly elicits insider perspectives to suggest new interpretations of their performances and experiences; she also uses these insights to analyze archival materials, especially photographs. Some Native performers saw Wild West shows not necessarily as demeaning, but rather as opportunities—for travel, for employment, for recognition, and for the preservation and expression of important cultural traditions. Other Native families were able to guide their own careers and even create their own Wild West shows. Today, Native performers at Buffalo Bill Days in Sheridan, Wyoming, wear their own regalia and choreograph their own performances. Through dancing and music, they express their own vision of a contemporary Native identity based on powwow cultures. Proud of their skills and successes, Native performers at Euro Disney are establishing promising careers. The effects of colonialism are undeniable, yet McNenly's study reveals how these Native peoples have adapted and re-created Wild West shows to express their own identities and to advance their own goals.

#### Choice's Outstanding Academic Titles, 1998-2002

As a powerfully built, third-year tight end with the Buffalo Bills, Kevin Everett had it all: a promising NFL future, a beautiful girlfriend whom he planned to marry, and an engaging personality that made him one of his team's most popular players. He also had a wonderful family that included his devoted mother and his three adoring younger sisters, for whom he had recently purchased a home in suburban Houston, Texas. And then, in a fraction of a second, his life was changed forever when he was paralyzed while making a tackle against the Denver Broncos in the 2007 season opener.

#### American Endurance

The role of photographs in the formation of public memories.

#### A Geography of Blood

First published in 1923, this autobiography explores Sir Arthur Conan Doyle's life from his school years to literary success and beyond.

### Dead, White and Blue

In an era of rapidly increasing technological advances and international exchange, how did young people come to understand the world beyond their doorsteps? Focusing on Germany through the lens of the history of knowledge, this collection explores various media for children—from textbooks, adventure stories, and other literature to board games, museums, and cultural events—to probe what they aimed to teach young people about different cultures and world regions. These multifaceted contributions from specialists in historical, literary, and cultural studies delve into the ways that children absorbed, combined, and adapted notions of the world.

### Buffalo Bill's Wild West and Congress of Rough Riders of the World

The Glory of '86 tells the remarkable story of one of the most memorable years ever for sports fans across New England, when the New England Patriots, Boston Celtics, and Boston Red Sox played in the Super Bowl, NBA Finals, and World Series.

### Native Performers in Wild West Shows

With essays by Ron Briley, Michael Ezra, Sarah K. Fields, Billy Hawkins, Jorge Iber, Kurt Kemper, Michael E. Lomax, Samuel O. Regalado, Richard Santillan, and Maureen Smith This anthology explores the intersection of race, ethnicity, and sports and analyzes the forces that shaped the African American and Latino sports experience in post-World War II America. Contributors reveal that sports often reinforced dominant ideas about race and racial supremacy but that at other times sports became a platform for addressing racial and social injustices. The African American sports experience represented the continuation of the ideas of Black Nationalism—racial solidarity, black empowerment, and a determination to fight against white racism. Three of the essayists discuss the protest at the 1968 Olympic Games in Mexico City. In football, baseball, basketball, boxing, and track and field, African American athletes moved toward a position of group strength, establishing their own values and simultaneously rejecting the cultural norms of whites. Among Latinos, athletic achievement inspired community celebrations and became a way to express pride in ethnic and religious heritages as well as a diversion from the work week. Sports was a means by which leadership and survival tactics were developed and used in the political arena and in the fight for justice.

### Standing Tall

EBONY is the flagship magazine of Johnson Publishing. Founded in 1945 by John H. Johnson, it still maintains the highest global circulation of any African American-focused magazine.

### Choice

This collection takes a cross-disciplinary, transnational approach and gathers together essays from a range of subjects including linguistics, film studies, folk music, oral and written narrative, and history, which provide new comparative perspectives on the questions surrounding the mutual influence between Italian and U.S. cultures. The volume also showcases new research -- quantitative, interpretative, and archival -- which contributes to the study of cultural contact. It therefore offers new evidence to answer a question which has long been pivotal in various disciplines and research fields (from historical linguistics to cultural anthropology) -- namely, how and to what extent cultural contact can affect long-term historical change?

### Photographic Memories

Faced with failing health and financial ruin, the Civil War's greatest general and former president wrote his personal memoirs to secure his family's future - and won himself a unique place in American letters. Devoted almost entirely to his life as a soldier, Grant's Memoirs traces the trajectory of his extraordinary career - from West Point cadet to general-in-chief of all Union armies. For their directness and clarity, his writings on war are without rival in American literature, and his autobiography deserves a place among the very best in the genre.

### Memories and Adventures

"An excellent book based on exhaustive research and written with fresh insight. It is a spellbinding accomplishment and brings both the man and his era to life. . . . It is an extraordinary achievement." -Arizona Daily Star "Carter presents this astounding tale in a very balanced fashion, providing both the nineteenth-century rationale and his repug-nance at acts today considered shocking. . . . Through Carter's writing, the heroic and ultimately sad life of a remarkable human being makes a deep impact." -Richmond Times Dispatch "A comprehensive, sharply rendered life of showman William 'Buffalo Bill' Cody pries realities away from legend. . . . A splendid portrait of Cody's life and times, at once poignant, boisterous, and disturbing." -Kirkus Reviews (starred review) "There's a large audience for American, and particularly Western, history, and those readers will not want to miss this genial account." -Publishers Weekly "This is the remarkable story of an amazing life. Cody not only lived the adventure of the frontier, he helped create the American West of the imagination. A fascinating story and a must-read for anyone interested in the evolution of the Western myth." -Casey Tefertiller author, Wyatt Earp: The Life Behind the Legend

### The World of Children

The story of the Native peoples of the Great Plains—including the Arapaho, Cheyenne, Lakota, Shoshone, Blackfeet, Kiowa, Pawnee, Arikara, Gros Ventre, Assiniboine, Mandan, Hidatsa, and Crow tribes-- is integral to the history and heritage of the American West. These buffalo-hunting and horticultural people once dominated the vast open region of the Great Plains, west of the Mississippi River and east of the Rocky Mountains, that stretches from present-day Canada to Texas. The Native people of the Plains found this vast, harsh land rich in resources, with tall grass prairies abundant with herds of buffalo and other grazing animals and fertile river valleys that supported farming. Economic practices were intertwined with spiritual ceremonial activities and core beliefs about the people's relationships to the land, sky, and universe. The magnificent arts of Plains Indian people also had such spiritual underpinnings, which, together with their historical and cultural contexts, can provide greater insight into and appreciation of their tribal significances. Lavishly illustrated with more than 300 images of objects from traditional feather bonnets to war shirts, bear claw necklaces, pipe tomahawks, beadwork, and quillwork, as well as archival photographs of historical events and individuals and photographs of contemporary Native life, *Memory and Vision* is a comprehensive examination of the environments and historic forces that forged these cultures, and a celebration of their ongoing presence in our national society.

### The Athenaeum

Attempts to discern the truths behind the legends built up around his career.

### My Ántonia ( „%oq@ž)

In this landmark of American fiction, Cather tells the story of young Alexandra Bergson, whose dying father leaves her in charge of the family and of the Nebraska lands they have struggled to farm.

### The Glory of '86

*Mind the Screen* pays tribute to the work of the pioneering European film scholar Thomas Elsaesser, author of several volumes on media studies and cinema culture. Covering a full scope of issues arising from the author's work—from melodrama and mediated memory to avant-garde practices, media archaeology, and the audiovisual archive—this collection elaborates and expands on Elsaesser's original ideas along the topical lines of cinephilia, the historical imaginary, the contemporary European cinematic experience, YouTube, and images of terrorism and double occupancy, among other topics. Contributions from well-known artists and scholars such as Mieke Bal and Warren Buckland explore a range of media concepts and provide a mirror for the multi-faceted types of screens active in Elsaesser's work, including the television set, video installation, the digital interface, the mobile phone display, and of course, the hallowed silver screen of our contemporary film culture.

### Sports and the Racial Divide
