Descendants of William Prichard

William Prichard migrated from Russell County, Virginia to Greenup County, Kentucky in 1811. Descendants lived in Kentucky, West Virginia, Kansas, Nebraska, and elsewhere.

Descendants of William Prichard (Classic Reprint)

Excerpt from Descendants of William Prichard Now why did the author say Pritchard (ap Richard) when in the same breath he said where the p is capable of coalescing with the first letter of the name, the a is drop ped? Surely when we have ap Richard and drop the a we have left simply p-richard. To insert the t is to depart from the origin of the name. In burke's landed gentry will be found the lineage of the Prichards of Pwlllywrach, Glamorgan co., Wales. Here the name is correctly spelled. William Prichard may or may not have belonged to that family, the lineage of which is here eo-pied as matters of interest to others of the same 'name who may not know their pedigree beyond their great-grand-father, and yet who may not find it difficult to persuade themselves that they belong to this ancient family, even though they may have no proof. Believe it if you choose. Who is likely to question it, if you draw the book upon them? About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Memorials of the Prichards of Almeley and Their Descendants

Excerpt from *The Prichard Family: History and Genealogy of the Descendants of James and Elizabeth Hughes Prichard of New Castle, Kentucky* This book, which is dedicated to the memory of the pioneer ancestors of the Prichard family, will contain a sketch of the origin of the Prichard Association in Johnson county, Indiana; the ancestral race in Wales; the origin of the name Prichard and something of the ancient lineages of the families from which the Prichards in America sprang. Brief sketches will be given of the various branches of the Prichards in the United States, all of whom trace their lineages to a Welsh ancestry found in Pennsylvania, Maryland, Virginia, North and South Carolina; when not directly traceable to Wales. The Prichard Family

The Appalachian dulcimer is one of America's major contributions to world music and folk art. Home-made and handmade, played by people with no formal knowledge of music, this beautiful instrument entered the post-World-War-II Folk Revival with virtually no written record. *Appalachian Dulcimer Traditions* tells the fascinating story of the effort to recover the instrument's lost history through fieldwork in the Southern mountains, finding of old instruments, and listening to the tales of old folks. After reviewing the instrument's distinctive musical features, Ralph Lee Smith presents the dulcimer's story chronologically, tracing its roots in a Renaissance German instrument, the scheitholt; describing the early history of the scheitholt and the dulcimer in America; and outlining the development of distinctive dulcimer styles in Virginia, West Virginia, North Carolina, and Kentucky. The story continues into the 20th Century, through the final group of tradition-based Appalachian makers whose work flowed into the national scene of the Folk Revival. This fully revised edition provides expanded information about the history of the scheitholt and the dulcimer before the Civil War and discusses traditions and types that are still being discovered and documented. Smith also adds his personal adventures in searching for the dulcimer's history. A new final chapter describes types and styles that do not fit conveniently into the mainstream development of the instrument. The book concludes with several appendixes, including measurements of representative dulcimers and listings of dulcimer recordings in the Archive of Folk Culture of the Library of Congress.

This is a portion of the Mead relations book with the section of the Meade family starting with pages 1-88. It contains information on the Meade family with the lineage of William Mead.

The Herald and Genealogist

Richard Coleman Witters was born in Valparaiso, Indiana, and now lives in Cary, North Carolina, where he is retired from the insurance industry. He received degrees from the College for Financial Planning, earning the designation of Certified Financial Planner (CFP) and the School of Paralegal Studies. Richard served in the U.S. Army for seven years and is married to Maria J. Brancalone who has blessed him with two wonderful daughters, Michelle and Cherise, and six grandchildren. This manuscript relates to the ancestors of Richard Coleman Witters on the maternal side of his family. Included are family names such as Ackley, Adams, Bradford, Burbank, Cool, Crow, Dwight, Flint, Goodwin, Granger, Hoare, Kuhl, Mason, Partridge, Peck, Wark, and Whitingall arriving to America prior to 1700 and found in several early American history books, genealogical societies, and town records. In addition to names of individuals and dates of births, marriages, and deaths, you will find a taste of history of early America, accomplishments of certain individuals, and the roles played in shaping our educational, religion, and governmental systems. You will read about the thought process of passengers coming to America considering what to take and what to leave behind. You will read about the religion turmoil in England that caused the great migration to America. This book was not intended to be a complete history of early America; it merely touches on points that, with hope, the reader will be inspired to learn more about our history and perhaps research his or her own family history.

William Prichard of New England

"This fascinating memoir about the Pell Meller community of northeastern North Carolina reads like a murder mystery. What has been murdered is the truth about their ancestry, and Johnson sets out bravely to discover the corpse, the murderer, and the motives."--Lisa Alther, author of "Kinfolks: Falling Off the Family Tree."

Prichard Family

Richard Underwood Sr. (d.1757/1758) married Mary Marrett, lived in Dorchester County, Maryland as early as 1728, and moved to Kent County, Delaware about 1738. Descendants and relatives lived in Maryland, Delaware, North Carolina, Tennessee, Louisiana, Texas, Arizona, Pacific coastal states and elsewhere. Includes probable ancestry in Maryland and New England, and some family history to the 1100s in England.
