### Warren Buffett's Three Favorite Books

This book IS: Completely interactive with over 10 hours of video content. A starting point for amateur and intermediate investors to finally understand the content found in *The Intelligent Investor*, *Security Analysis*, and *The Wealth of Nations*. Easy to understand, yet covers complex topics for stocks, bonds, and preferred shares. Did you know Warren Buffett, the world's wealthiest stock investor, is quoted as saying three books have shaped his investment philosophy? For more than half a century, he used the information provided in these three books to go from nothing - to a massive \$39 billion net worth. The three books that gave him this wisdom are: *The Wealth of Nations* (pub. 1776) by Adam Smith, *Security Analysis* (pub. 1934) by Benjamin Graham, and *The Intelligent Investor* (pub. 1949), also by Benjamin Graham. In fact, Benjamin Graham was Buffett's professor at Columbia and the most influential financial advisor he ever had. So, have you ever tried reading Graham's books? Many might agree the books are as exciting as listening to Ben Stein read the 30th page of *The Wall Street Journal*. It is time we fixed that. Instead of keeping these billion-dollar secrets hidden behind thousands of pages of financial jargon, I wrote one simple guide - *Warren Buffett's Three Favorite Books*. If you're looking for a guide that explains how the wealthy really think and buy assets, you're in the right place. This isn't a get-rich-quick book. Instead, this is where your investing techniques take a turn in the road. This book will teach you how to accumulate assets and become very wealthy over decades of wise decisions and proper asset valuation. The best part about the book is the methods are taught in an easy-to-follow and understandable scenario for all to enjoy!

### Security Analysis: The Classic 1934 Edition

Explains financial analysis techniques, shows how to interpret financial statements, and discusses the analysis of fixed-income securities and the valuation of stocks.

### Warren Buffett Accounting Book

"Teaches essential accounting terminology and techniques that serious stock investors need to know."  
-- Preface

### Security Analysis

Presents a summary of David Dodd and Benjamin Graham's original 1934 guide to value investing, with strategies and advice that are still relevant in the twenty-first century. Includes chapter-by-chapter summaries, analysis, outlines, and themes found throughout the book.

### Warren Buffett and the Interpretation of Financial Statements

With an insider's view of the mind of the master, Mary Buffett and David Clark have written a simple guide for reading financial statements from Buffett's successful perspective. They clearly outline Warren Buffett's strategies in a way that will appeal to newcomers and seasoned Buffettologists alike. Inspired by the seminal work of Buffett's mentor, Benjamin Graham, this book presents Buffett's interpretation of

financial statements with anecdotes and quotes from the master investor himself. Destined to become a classic in the world of investment books, Warren Buffett and the Interpretation of Financial Statements is the perfect companion volume to The New Buffettology and The Tao of Warren Buffett.

#### Think, Act, and Invest Like Warren Buffett (PB)

Bedrock investing principles for profiting in today's shaky markets If you wanted to create the next earth-shattering consumer product, Steve Jobs would be an ideal role model to follow. If you planned to become a great golfer, you might look to Arnold Palmer or Jack Nicklaus. So, if your goals were to outperform other investors and achieve your life's financial goals, what should you do? Think, act and invest like the best investor out there: Warren Buffett. While you can't invest exactly like he does, Think, Act, and Invest Like Warren Buffett provides a solid, sensible investing approach based on Buffett's advice regarding investment strategies. When it comes to investing, Director of Research for the BAM Alliance and CBS News blogger Larry Swedroe has pretty much seen it all—and he's come to the conclusion that simple is better, that adopting basic investing principles always increases an investor's chance of success and that Buffett is the perfect model for such investing. In Think, Act, and Invest Like Warren Buffett, Swedroe provides the foundational knowledge you need to: Develop a financial plan to help you make rational decisions on a consistent basis Determine the level of risk that's right for you and allocate your assets accordingly Create a strong portfolio that will weather any economic storm Manage your portfolio—rebalance periodically to maintain proper risk levels The beauty of the Buffett approach is its profound simplicity: follow the basics, keep your cool, and have a sense of humor. The market volatility of recent years has ushered in armies of economists, forecasters and other so-called experts whose job it is to explain how everything works. Somehow, they have managed to muddy the waters even more. The truth is, investing is easier than you think—even in today's economy. "Complex problems can have simple solutions," Swedroe writes. Think, Act, and Invest Like Warren Buffett helps you go back to the basics—so you can leap in front of the investing pack. Praise for Think, Act, and Invest Like Warren Buffett: "You could not spend a more profitable hour than reading Larry Swedroe's wise and lucid investment guide." —Burton Malkiel, author, *A Random Walk Down Wall Street* "If you've been wondering why you've had such a hard time investing well, *Playing the Winner's Game* will diagnose your ills and treat them in just ninety short, delightful pages." —William Bernstein, author, *A Splendid Exchange* and *The Investor's Manifesto* "Follow the investment strategy advocated by Larry Swedroe, and free yourself to spend your time on life's treasures—like your family and friends!" —William Reichenstein, professor, Baylor University "As someone who teaches a college investments course, I would not have thought it possible to do what Swedroe has done in such a short concise book." —Edward R. Wolfe, professor of finance, Western Kentucky University "It's amazing. Larry Swedroe managed to pen a magnificent book not only chock full of actionable advice, but one that's fun to read. Get a copy and treat yourself to a better financial future." —Harold Evensky, president, Evensky & Katz "Larry Swedroe is the undisputed expert in helping investors manage portfolios the smart way. His new book, *Playing the Winner's Game*, combines all facets of wealth management in an inspiring and powerful manner." —Bill Schultheis, author, *The New Coffeehouse Investor*

#### The Snowball

Shortlisted for the Financial Times and Goldman Sachs Business Book of the Year Prize 2008 The Snowball is the first and will be the only biography of the world's richest man, Warren Buffett, written with his full cooperation and collaboration. Combining a unique blend of "The Sage of Omaha's" business savvy, life story and philosophy, The Snowball is essential reading for anyone wishing to discover and replicate the secrets of his business and life success. Warren Buffett is arguably the world's greatest investor. Even as a child he was fascinated by the concept of risk and probability, setting up his first business at the age of six. In 1964 he bought struggling Massachusetts textile firm Berkshire Hathaway and grew it to be the 12th largest corporation in the US purely through the exercise of sound investing principles - a feat never equalled in the annals of business. Despite an estimated net worth of around US\$62 billion, Buffett leads an intriguingly frugal life taking home a salary of only £50,000 a year. His only indulgence is a private jet, an extravagance he wryly acknowledges by calling it "The Indefensible". In 2006, he made the largest charitable donation on record, with most of it going to the Bill & Melinda Gates Foundation. The Snowball provides a comprehensive, richly detailed insight one of the world's most extraordinary and much loved public figures.

#### The Deals of Warren Buffett Volume 3

In this third volume of The Deals of Warren Buffett, we trace Warren Buffett's journey as he made Berkshire Hathaway the largest company in America. When we left Buffett at the end of Volume 2, he had reached a fortune of \$1bn. In this enthralling next instalment, we follow Buffett's investment deals over the decade from 1989 to 1998, as Berkshire shares jumped 14-fold from \$4,700 to \$68,000 and its market cap grew from \$5bn to \$100bn. This was a period of Buffett's career when he was approaching normal retirement age. But far from slowing down, he was just hitting his stride. Buffett was as driven as ever to seek out great companies at good prices. By studying the decision-making that went into his investment deals, and the successful and unsuccessful outcomes, we can learn from Buffett and become better investors ourselves. In this decade, Buffett made investments in the following companies: Wells Fargo, USAir, American Express, The Shoe Group, Helzberg Diamond Shops, RC Willey, FlightSafety International, Dairy Queen, NetJets, and General Re. For each of these deals, investing expert and Buffett historian Glen Arnold dives into unprecedented detail to analyse the investment process and the stories of the individuals involved. Arnold's engaging, lucid style transports the reader to the time and place of the deals, to truly appreciate how Buffett was operating. With stories and analysis drawn from decades of investing experience, join Glen Arnold and delve deeper into The Deals of Warren Buffett!

### The Warren Buffett Portfolio

Der Fortsetzungstitel zu "The Warren Buffett Way" vom gleichen Autor. Hagstrom gilt in der Investmentbranche als ausgezeichneter Analytiker, der zudem die Fähigkeit besitzt, komplizierte Sachverhalte einfach und verständlich zu vermitteln. Das Kernthema des Buches heißt Focus Investing. Hagstrom erklärt anschaulich, was man unter 'Focus Investing' versteht, wie diese Anlagestrategie funktioniert, und wie jeder Anleger sie nutzen kann. Darüber hinaus demonstriert er, wie Buffett seine Aktien zu einem 'Focus Portfolio' zusammenstellt, und warum diese Methode für Buffetts außergewöhnliche Gewinne ebenso entscheidend ist, wie die Auswahl der einzelnen Aktienwerte. Auch diese Technik, die hervorragende Ergebnisse verspricht, wird genau erläutert. Hagstrom beschreibt Philosophie und Strategien des Focus Investing ausführlich und zeigt, wie man sie in die Praxis umsetzt. Dabei greift er auf den großen Erfahrungsschatz einer Reihe von Experten zurück, wie z.B. Warren Buffett, John Maynard Keynes, Philip Fisher, Bill Ruane, Lou Simpson und Charlie Munger.

### The Warren Buffett CEO

"Everyone knows Warren is the greatest investor of our time. . . . This book for the first time captures his genius as a manager." —Jack Welch The first book to reveal the investment and management strategies of the Berkshire Hathaway all-star management team. Much has been written about Warren Buffett and his investment philosophy; little has been made public about the inside management of Berkshire Hathaway. With a market cap exceeding 100 billion, Berkshire Hathaway has a market value surpassing many icons of American business such as Dell, AT&T, Disney, Ford, Gillette, American Express, and GM. Drawing on his personal experiences as well as those of Berkshire's chief executives, officers, and directors interviewed for this book, Berkshire insider Robert P. Miles provides a unique look at the Berkshire Hathaway culture and its management principles.

### Warren Buffett's Management Secrets

The book is divided into several sections covering Warren Buffett's personal business management: . Managing one's life - focuses on Buffett's insistence on a good education, picking one's heroes early in life, and staying away from things that damage you personally. The authors also discuss Buffett's belief that challenges make life interesting. . Managing One's Career - Buffett believes that you should work at something that you are passionate about. Do what you like and you will find a way to make money. Do what you hate and you will be miserable even if you are rich. . Managing Employees - place honesty on the same level as intelligence as a managerial attribute. How to keep managers inspired and working hard. . Managing the Business - Buffett has learned that companies that have a durable competitive advantage over their competitors consistently earn more money year after year and are the easiest to manage. . Managing of Personal Money - discover the simple rules that Buffett uses for buying other businesses and how he has incorporated them into his own personal investment style.

### The Tao of Warren Buffett

A collection of the inspiring words and wisdom from America's favorite businessman that reveal his secrets of success from the bestselling authors of Buffettology and The New Buffettology. Like the

sayings of the ancient Chinese philosopher Lao-tzu, Warren Buffett's worldly wisdom is deceptively simple and enormously powerful in application. In *The Tao of Warren Buffett*, Mary Buffett—author of three books on Warren Buffett's investment methods—joins noted Buffettologist and international lecturer David Clark to bring you Warren Buffett's smartest, funniest, and most memorable sayings with an eye toward revealing the life philosophy and the investment strategies that have made Warren Buffett, and the shareholders of Berkshire Hathaway, so enormously wealthy. Warren Buffett's investment achievements are unparalleled. He owes his success to hard work, integrity, and that most elusive commodity of all, common sense. The quotations in this book exemplify Warren's practical strategies and provide useful illustrations for every investor—large or small—and models everyone can follow. The quotes are culled from a variety of sources, including personal conversations, corporate reports, profiles, and interviews. The authors provide short explanations for each quote and use examples from Buffett's own business transactions whenever possible to illustrate his words at work. As Warren says: "You should invest in a business that even a fool can run, because someday a fool will." "No matter how great the talent or effort, some things just take time: You can't produce a baby in one month by getting nine women pregnant." "Our method is very simple. We just try to buy businesses with good-to-superb underlying economics run by honest and able people and buy them at sensible prices. That's all I'm trying to do." *The Tao of Warren Buffett* inspires, amuses, sharpens the mind, and offers priceless investment savvy that anyone can take to the bank. This irresistibly browsable and entertaining book is destined to become a classic.

### The Essays of Warren Buffett

In the third edition of this international best seller, Lawrence Cunningham brings you the latest wisdom from Warren Buffett's annual letters to Berkshire Hathaway shareholders. New material addresses: the financial crisis and its continuing implications for investors, managers and society; the housing bubble at the bottom of that crisis; the debt and derivatives excesses that fueled the crisis and how to deal with them; controlling risk and protecting reputation in corporate governance; Berkshire's acquisition and operation of Burlington Northern Santa Fe; the role of oversight in heavily regulated industries; investment possibilities today; and weaknesses of popular option valuation models. Some other material has been rearranged to deepen the themes and lessons that the collection has always produced: Buffett's "owner-related business principles" are in the prologue as a separate subject and valuation and accounting topics are spread over four instead of two sections and reordered to sharpen their payoff. ### Modern Value Investing

My personal goal is to help people reach their financial goals. One way of doing that is through investing education. The book is my attempt to help with the development of a strong investing mindset and skillset to help you make better investment decisions. There is a gap in the value investing world. Benjamin Graham published *The Intelligent Investor* in 1949 with several subsequent editions up to 1972, while Seth Klarman published *Margin of Safety* in 1991. With more than 50 years since Graham published his masterpiece and almost 30 since Klarman's, there was the need for a contemporary book to account for all the changes in the financial environment we live in. *Modern Value Investing* book does exactly that, in 4 parts. Part 1 discusses the most important psychological traits a successful investor should have. Part 2 describes 25 tools that help with investment analysis. Part 3 applies those tools on an example. Part 4 is food for investing thought as it discusses modern approaches to investing.

Approaches range from an all-weather portfolio strategy to hyperbolic discounting and others you can take advantage of when the time is right.

### One Thousand Ways to Make \$1000

First published in 1936, *One Thousand Ways to Make \$1000* is the long out-of-print book that Warren Buffett's biographers credit with shaping the legendary investor's business acumen and giving him his trademark appreciation of compound interest. After pulling a copy of *One Thousand Ways* off a library shelf at age eleven and devouring F.C. Minaker's plucky and practical business advice, Buffett declared that he would be a millionaire by the time he was 35. Written in the immediate, conversational style of Dale Carnegie's *How to Win Friends and Influence People*, this book is full of inventive ideas on how to make money through excellent salesmanship, hard work, and resourcefulness. While some of the ideas may seem quaint today—goat dairying, manufacturing motor-driven chairs, and renting out billiard tables to local establishments are among the money-making ideas presented—the underlying fundamentals of business explained in these pages remain as solid as they were over seventy years ago. Covering a wide spectrum of topics including investing, marketing, merchandising, sales, customer relations, and raising money for charity, *One Thousand Ways to Make \$1000* is both a durable, classic business book and a fascinating portrait of determined entrepreneurship in Depression-era America. Every effort has been made to reproduce the content exactly as it was originally presented.

### Warren Buffett on Business

The proven business principles of Warren Buffett Warren Buffett is one of the most admired and prolific investors and managers in corporate America. *Warren Buffett on Business* is a timeless guide to strategies that can help you run a successful business. This book is a one-of-a-kind collection of Buffett's letters to the shareholders of Berkshire Hathaway written over the past few decades, and in a clear, simple style distills the basic principles of sound business practices. Through Buffett's own remarkable words, this practical management handbook shares valuable insights on communicating with, and treating employees and shareholders fairly; responsible corporate governance; ethical behavior; patience and perseverance; admitting mistakes; and having a passion for work. Contains priceless pearls of business and management wisdom, woven into a delightful narrative. Designed in an accessible manner and organized by business and management topics with strong lessons from Buffett. Provides direct, hands-on information on major topics concerning managers, entrepreneurs, business students, and anyone interested in business. Informative and inspiring, this unique book puts Warren Buffett's business beliefs in perspective.

### Trade Like Warren Buffett

"Trading is notoriously tough. But Altucher's new book adds an noteworthy addition to the library on Warren Buffett. He shows a lot of Buffett that isn't readily available in the existing common literature. Definitely required reading for any serious Buffett buff." -Kenneth L. Fisher, Forbes' "Portfolio Strategy" Columnist  
Founder and CEO, Fisher Investments "Finally, someone blows apart the myth that Warren Buffett is a buy-and-hold investor. Altucher has given us an insightful and well-written commentary on how Buffett has amassed his track record, and what we can do to emulate him. He details the trade-by-trade examples. This is a must read for anyone wanting to learn about how the Master Investor works."  
-John Mauldin, author, Bull's Eye Investing editor of Thoughts from the Frontline ([www.2000wave.com](http://www.2000wave.com))  
While Warren Buffett is considered the "world's greatest value investor," there's another side to Buffett that is rarely talked about. Although Buffett has gained recognition for his value investing approach to the markets, the fact is that nobody over the past fifty years has traded and invested with a more diverse group of strategies than Buffett. *Trade Like Warren Buffett* challenges the current coverage of this great investor by including details of all of Buffett's investing and trading methods, including mean reversion, commodities, bonds, arbitrage, market timing, funds, as well as Graham-Dodd. To augment the discussion of each strategy, *Trade Like Warren Buffett* also includes interviews with leading financial professionals, who reveal in detail how they've successfully used the same techniques. There is no one way to sum up Warren Buffett's investment style. But if you're interested in boosting the performance of your portfolio, *Trade Like Warren Buffett* can show you how.

### Inside the Investments of Warren Buffett

Since the 1950s, Warren Buffett and his partners have backed some of the twentieth century's most profitable, trendsetting companies. But how did they know they were making the right investments?

What did Buffet and his partners look for in an up-and-coming company, and how can others replicate their approach? A gift to Buffett followers who have long sought a pattern to the investor's success, *Inside the Investments of Warren Buffett* presents the most detailed analysis to date of Buffett's long-term investment portfolio. Yefei Lu, an experienced investor, starts with Buffett's interest in the Sanborn Map Company in 1958 and tracks nineteen more of his major investments in companies like See's Candies, the Washington Post, GEICO, Coca-Cola, US Air, Wells Fargo, and IBM. Accessing partnership letters, company documents, annual reports, third-party references, and other original sources, Lu pinpoints what is unique about Buffett's timing, instinct, use of outside knowledge, and postinvestment actions, and he identifies what could work well for all investors in companies big and small, domestic and global. His substantial chronology accounts for broader world events and fluctuations in the U.S. stock market, suggesting Buffett's most important trait may be the breadth of his expertise.

### Warren Buffett: the Life, Lessons and Rules for Success

**Warren Buffett: The Life, Lessons & Rules For Success** He's been consistently voted one of the wealthiest people in the world. Time Magazine also voted him as one of the most influential people in the world; widely considered to be the most successful investor of the entire 20th century. In short, Warren Buffett is a boss. The man knows a thing or two about success. With a net worth of \$77.1 billion, the billionaire investor's fabled business acumen has inspired everything from investment books to college courses. He is known to favor long-term investment strategies, like dollar cost averaging, which encourages the regular purchase of the same investment over time. He also has long-standing holdings in the Coca-Cola Company, Apple, and American Express among others. His now infamous letters to Berkshire Hathaway shareholders help shed light into how the man they call the "Oracle of Omaha," reads the tealeaves. This book takes a look at Buffett's life. From humble beginnings in Omaha, up to present day where the 86 year old is still going strong. We take a look at his first taste of business at the ripe old age of 6, following on with his major successes and failures along the way. The aim of this book is to be educational and inspirational with actionable principles you can incorporate into your own life straight from the great man himself. \*INCLUDING\* 25 Most Memorable Quotes & 15 Success Principles to Live by Don't wait, grab your copy today!

### The Life and Times of Warren Buffett

Warren Buffett is most successful and followed investor of the world. He has always been one of the wealthiest people in the world. Besides being richest; he is one of the most known people for donating personal wealth. Buffett was born in 1930 in Omaha; Nebraska of distant French Huguenot descent. Buffett graduated from Woodrow Wilson High School in 1947. Buffett displayed an interest in business and investing at a young age. While still in high school; he made money delivering newspapers; selling golf balls and stamps; and detailing cars; among other means. He formed Buffett Partnership Ltd. In 1956; and by 1965 he has assumed control of Berkshire Hathaway. In 2008; Buffett became the richest person in the world; with a total net worth of estimated at \$ 62 billion by Forbes and at \$ 58 billion by Yahoo; overtaking Bill Gates; who had been number one on the Forbes list for 13 consecutive years. Buffett is renowned for his wit and wisdom. He has set various standards of simple living despite being wealthy men on earth. Even though he is recognized as the world's third richest man with a fortune of \$ 46 billion; investor Warren Buffett; the 'Wizard of Omaha'; still lives in the same modest home he bought in 1958 for \$ 31;500 only.

### Paths to Wealth Through Common Stocks

*Paths to Wealth through Common Stocks* contains one original concept after another, each designed to greatly improve the results of those who self-manage their investments -- while helping those who rely on professional investment advice select the right advisor for their needs. Originally written by investment legend Philip A. Fisher in 1960, this timeless classic is now reintroduced by his well-known and respected son, successful money manager Ken Fisher, in a new Foreword. Filled with in-depth insights and expert advice, *Paths to Wealth through Common Stocks* expands upon the innovative ideas found in Fisher's highly regarded *Common Stocks and Uncommon Profits* -- summarizing how worthwhile profits have been and will continue to be made through common stock ownership, and revealing why his method can increase profits while reducing risk. Many of the ideas found here may depart from conventional investment wisdom, but the impressive results produced by these concepts

-- which are still relevant in today's market environment -- will quickly remind you why Philip Fisher is considered one of the greatest investment minds of our time.

### The Warren Buffett Stock Portfolio

Warren Buffett's Stock Portfolio is the first book to take readers deep into Warren Buffett's investment portfolio. Each of Buffett's current stock investments is analyzed in detail with information as to why Buffett found these attractive businesses and how he determined that they are good long-term investments. Each company will be analyzed using the criteria outlined in *Buffettology* and *Warren Buffett and the Interpretation of Financial Statements*. The reader can then apply these techniques to a variety of other stocks and see if they meet Buffett's criteria. Although information about Warren Buffett's stock portfolio is available on-line, it is merely listings of the stocks Warren owns. No one else explains the criteria Warren uses to determine how and when to buy and sell. In addition this book will include stocks that are too new to be on-line. The authors will also look at a few top-performing stocks that Warren has sold in the last ten years.

### Warren Buffett's Ground Rules

At the age of 26, Warren Buffett founded Buffett Partnership Limited, which lasted from 1956 to 1970. During this time he wrote 33 letters to his small but growing group of partners. These letters chronicle his thoughts, approaches and reflections in the period immediately prior to his Berkshire Hathaway tenure - one that saw an unprecedented record of investing success. This early period was astonishing: in 1968 he beat the Dow by more than 50%. Because Buffett wanted to ensure that his partners understood his process, he wrote letters. In them, he sets out what he termed "ground rules" for investing that remain startlingly relevant today for every type of investor - from beginners to sophisticated pros. *Warren Buffett's Ground Rules* brings together, for the first time, and with Buffett's blessing, the key investment principles and teachings the letters reveal. Here you will find the basis for Buffett's contrarian diversification strategy, his almost religious celebration of compounding interest and his tactics for bettering market results by at least 10% annually. Quoting extensively and directly from Buffett, equity research expert Jeremy Miller introduces us to the timeless advice the letters contain, demonstrating a set of highly effective investment strategies that continue to resonate today.

### Keeping At It

The extraordinary life story of the former chairman of the Federal Reserve, whose absolute integrity provides the inspiration we need as our constitutional system and political tradition are being tested to the breaking point. As chairman of the Federal Reserve (1979-1987), Paul Volcker slayed the inflation dragon that was consuming the American economy and restored the world's faith in central bankers. That extraordinary feat was just one pivotal episode in a decades-long career serving six presidents. Told with wit, humor, and down-to-earth erudition, the narrative of Volcker's career illuminates the changes that have taken place in American life, government, and the economy since World War II. He vibrantly illustrates the crises he managed alongside the world's leading politicians, central bankers, and financiers. Yet he first found his model for competent and ethical governance in his father, the town manager of Teaneck, NJ, who instilled Volcker's dedication to absolute integrity and his "three verities" of stable prices, sound finance, and good government.

### Warren Buffett

In *Warren Buffett: Inside the Ultimate Money Mind*, Hagstrom breaks new ground with a deep analysis of Buffett's essential wisdom, an intricate mosaic of wide-ranging ideas and insights that Buffett calls a Money Mind. What exactly is a Money Mind? At one level, it's a way of thinking about major financial issues such as capital allocation. At another level, it summarizes an overall mindset for successfully investing in today's fast-paced stock market, a mindset that depends on a commitment to learning, adapting, and facing down irrelevant noise. This is not a method book. It is a thinking book. *Warren Buffett: Inside the Ultimate Money Mind* explains the philosophies of self-reliance, stoicism, rationalism, and pragmatism and their contributions to making intelligent investment decisions. It also outlines the evolution of value investing, discusses how to develop a business-driven investing mindset, and describes the defining traits of successful active management. Lastly, it examines the surprising aspects of a Money Mind - sportsman, teacher, and artist. In short, *Warren Buffett: Inside the Ultimate Money Mind* helps readers understand the building blocks that go into making a Money Mind so they can begin to incorporate its principles in the service to a life of value. Testimonials "An erudite masterpiece..."

—Lawrence A. Cunningham, author; professor and director, Quality Shareholders Initiative, George Washington University "It's another must-read..." —Bethany McLean, journalist and Contributing Editor, Vanity Fair, author, *Saudi America* and co-author *The Smartest Guys in the Room* "Pure Genius! This is a game changer in investment books..." —Robert P. Miles, author; Executive in Residence, University of Nebraska at Omaha, Executive MBA Program, *'The Genius of Warren Buffett'* "Effervescence and thoughtful analysis of Buffett's life and work..." —Tom Gayner, Co-chief Executive Officer, Markel Corporation "Hagstrom's books always enable readers to think about the world in new ways..." —Tren Griffin, author, *Charlie Munger: The Complete Investor*

### The Intelligent Investor

Have you ever tried to read "The Intelligent Investor"? It's not easy! With 100 page summaries, you'll finally find Benjamin Graham's classic investing text accessible to even the newest investor.

### Business Adventures

'The best business book I've ever read.' Bill Gates, Wall Street Journal 'The Michael Lewis of his day.' New York Times What do the \$350 million Ford Motor Company disaster known as the Edsel, the fast and incredible rise of Xerox, and the unbelievable scandals at General Electric and Texas Gulf Sulphur have in common? Each is an example of how an iconic company was defined by a particular moment of fame or notoriety. These notable and fascinating accounts are as relevant today to understanding the intricacies of corporate life as they were when the events happened. Stories about Wall Street are infused with drama and adventure and reveal the machinations and volatile nature of the world of finance. John Brooks's insightful reportage is so full of personality and critical detail that whether he is looking at the astounding market crash of 1962, the collapse of a well-known brokerage firm, or the bold attempt by American bankers to save the British pound, one gets the sense that history really does repeat itself. This business classic written by longtime New Yorker contributor John Brooks is an insightful and engaging look into corporate and financial life in America.

### The Warren Buffett Way

Warren Buffett is the most famous investor of all time and one of today's most admired business leaders. He became a billionaire and investment sage by looking at companies as businesses rather than prices on a stock screen. The first two editions of *The Warren Buffett Way* gave investors their first in-depth look at the innovative investment and business strategies behind Buffett's spectacular success. The new edition updates readers on the latest investments by Buffett. And, more importantly, it draws on the new field of behavioral finance to explain how investors can overcome the common obstacles that prevent them from investing like Buffett. New material includes: How to think like a long-term investor — just like Buffett Why "loss aversion", the tendency of most investors to overweight the pain of losing money, is one of the biggest obstacles that investors must overcome. Why behaving rationally in the face of the ups and downs of the market has been the key to Buffett's investing success Analysis of Buffett's recent acquisition of H.J. Heinz and his investment in IBM stock The greatest challenge to emulating Buffett is not in the selection of the right stocks, Hagstrom writes, but in having the fortitude to stick with sound investments in the face of economic and market uncertainty. The new edition explains the psychological foundations of Buffett's approach, thus giving readers the best roadmap yet for mastering both the principles and behaviors that have made Buffett the greatest investor of our generation.

### Even Buffett Isn't Perfect

A contrarian look at how Warren Buffett thinks about investing and related issues Warren Buffett is the most successful and revered investor of all time. His ability to consistently find undervalued companies has made him one of the world's richest men. Despite many previous books about him, it's rare to find an objective assessment—one that praises him when appropriate, but also recognizes that even Buffett makes mistakes. For instance, is he right to call for higher taxes and an end to earnings guidance? Should Buffett fans copy his avoidance of technology stocks? In this penetrating look at how Buffett thinks, Vahan Janjigian shows readers how to learn from the master's best moves while avoiding strategies that don't apply to small investors. And he explains Buffett's favorite valuation methodology, the discounted cash flow model, and how it can significantly reduce the odds of overpaying for a stock.

### Security Analysis

Have you ever tried to read "Security Analysis"? It's not easy! With 100 page summaries, you'll finally find Benjamin Graham's classic investing textbook accessible.

### Poor Charlie's Almanack

From the legendary vice-chairman of Berkshire Hathaway, lessons in investment strategy, philanthropy, and living a rational and ethical life. "Spend each day trying to be a little wiser than you were when you woke up," Charles T. Munger advises in Poor Charlie's Almanack. Originally published in 2005, this compendium of eleven talks delivered by the legendary Berkshire Hathaway vice-chairman between 1986 and 2007 has become a touchstone for a generation of investors and entrepreneurs seeking to absorb the enduring wit and wisdom of one of the great minds of the 20th and 21st centuries. Edited by Peter D. Kaufman, chairman and CEO of Glenair and longtime friend of Charlie Munger—whom he calls "this generation's answer to Benjamin Franklin"—this abridged Stripe Press edition of Poor Charlie's Almanack features a brand-new foreword by Stripe cofounder John Collison. Poor Charlie's Almanack draws on Munger's encyclopedic knowledge of business, finance, history, philosophy, physics, and ethics—and more besides—to introduce the latticework of mental models that underpin his rational and rigorous approach to life, learning, and decision-making. Delivered with Munger's characteristic sharp wit and rhetorical flair, it is an essential volume for any reader seeking to go to bed a little wiser than when they woke up.

### A Few Lessons for Investors and Managers

"Young Wesley is about to turn eleven years old, and he really wants a new GS4 gaming system. But money doesn't grow on trees, so Wesley will have to work hard and save his money to be able to make that purchase. Wesley's dad helps him out by teaching him the importance of investing and how stocks work"--Page 4 of cover.

### Wesley Learns to Invest

The first in-depth look at the innovative investment and business strategies of living legend, Warren Buffett. National ads/media.

### The Warren Buffett Way

Compiled by the son of the cofounder of H&R Block, a collection of business quotes and advice from the most successful investor of the twentieth century, Warren Buffett. Warren Buffett, chairman and CEO of Berkshire Hathaway, is widely considered the most successful investor of the twentieth century. Since the early 1950s, Buffett has proved himself to be an astute investor, and he turned Berkshire Hathaway from a struggling small textile business into the tenth-largest public company in the world, valued at more than \$600 billion. Buffett is well known for his simple but invaluable principles regarding investing and finances, and countless businessmen and people looking to be smarter with their money and their investments have turned to Buffett for his advice. One of those people is Robert Bloch, son of the cofounder of the tax preparation company H&R Block. The Warren Buffett Book of Investing Wisdom contains 350 quotes that Bloch has personally found to be indispensable to financial success. With the written blessing of Buffett himself, Bloch has selected the best of Buffett, wisdom that will guide you to becoming the most disciplined and rational long-term investor you can be.

### Warren Buffett Book of Investing Wisdom

The strategies and techniques of THE investment legend Warren Buffett Wealth follows the world's greatest investor from the beginning of his career, as he takes a 100-dollar investment and turns it into one of the most successful multibillion-dollar companies in the world. By carefully detailing how Buffett began his career and discussing what he learned from Benjamin Graham, this book reveals the true secrets to Buffett's success. Readers will see how Buffett reached the pinnacle of his profession by following certain key principles such as investing in old-style traditional American companies, holding the companies forever, and hiring and keeping the same managers. Robert P. Miles (Tampa, FL) is a writer, speaker, and consultant. He is also the author of The Warren Buffett CEO (0-471-44259-3) and 101 Reasons to Own the World's Greatest Investment: Warren Buffett's Berkshire Hathaway (0-471-41123-X).

### Warren Buffett Wealth

A practical guide to making more informed investment decisions Investors often buy or sell stocks too quickly. When you base your purchase decisions on isolated facts and don't take the time to thoroughly understand the businesses you are buying, stock-price swings and third-party opinion can lead to costly investment mistakes. Your decision making at this point becomes dangerous because it is dominated by emotions. The Investment Checklist has been designed to help you develop an in-depth research process, from generating and researching investment ideas to assessing the quality of a business and its management team. The purpose of The Investment Checklist is to help you implement a principled investing strategy through a series of checklists. In it, a thorough and comprehensive research process is made simpler through the use of straightforward checklists that will allow you to identify quality investment opportunities. Each chapter contains detailed demonstrations of how and where to find the information necessary to answer fundamental questions about investment opportunities. Real-world examples of how investment managers and CEOs apply these universal principles are also included and help bring the concepts to life. These checklists will help you consider a fuller range of possibilities in your investment strategy, enhance your ability to value your investments by giving you a holistic view of the business and each of its moving parts, identify the risks you are taking, and much more. Offers valuable insights into one of the most important aspects of successful investing, in-depth research Written in an accessible style that allows aspiring investors to easily understand and apply the concepts covered Discusses how to think through your investment decisions more carefully With The Investment Checklist, you'll quickly be able to ascertain how well you understand your investments by the questions you are able to answer, or not answer, without making the costly mistakes that usually hinder other investors.

### The Investment Checklist

Recommended Reading by Warren Buffet in his March 2013 Letter to Shareholders How speculation has come to dominate investment—a hard-hitting look from the creator of the first index fund. Over the course of his sixty-year career in the mutual fund industry, Vanguard Group founder John C. Bogle has witnessed a massive shift in the culture of the financial sector. The prudent, value-adding culture of long-term investment has been crowded out by an aggressive, value-destroying culture of short-term speculation. Mr. Bogle has not been merely an eye-witness to these changes, but one of the financial sector's most active participants. In *The Clash of the Cultures*, he urges a return to the common sense principles of long-term investing. Provocative and refreshingly candid, this book discusses Mr. Bogle's views on the changing culture in the mutual fund industry, how speculation has invaded our national retirement system, the failure of our institutional money managers to effectively participate in corporate governance, and the need for a federal standard of fiduciary duty. Mr. Bogle recounts the history of the index mutual fund, how he created it, and how exchange-traded index funds have altered its original concept of long-term investing. He also presents a first-hand history of Wellington Fund, a real-world case study on the success of investment and the failure of speculation. The book concludes with ten simple rules that will help investors meet their financial goals. Here, he presents a common sense strategy that "may not be the best strategy ever devised. But the number of strategies that are worse is infinite." *The Clash of the Cultures: Investment vs. Speculation* completes the trilogy of best-selling books, beginning with *Bogle on Investing: The First 50 Years* (2001) and *Don't Count on It!* (2011)

### The Clash of the Cultures

\*\*\* Wall Street Journal bestseller \*\*\* Investing isn't a man's world anymore—and this provocative and enlightening book shows why that's a good thing for Wall Street, the global financial system, and your own personal portfolio. Warren Buffett and all of the women of the world have one thing in common: They are better investors than the average man. It's been proved by psychologists and scientists, and the market calamities of the past two years have only provided more statistical and anecdotal evidence of the same. Here are just a few characteristics of female investors that distinguish them from their male counterparts. • Women spend more time researching their investment choices than men do. This prevents them from chasing "hot" tips and trading on whims -- behavior that tends to weaken men's portfolios. • Men trade 45% more often than women do, and although men are more confident investors, they tend to be overconfident. By trading more often -- and without enough research -- men reduce their net returns. But by trading less often, women get better returns and also save on transaction costs and capital gains taxes. • A study by the University of California at Davis found that women's portfolios gained 1.4% more than men's portfolios did. What's more, single women did even better than single men, with 2.3% greater gains. • Women tend to look at more than just numbers when deciding whether to invest in a company. They invest in companies they feel good about ethically and personally. And

companies with good products, good services, and ethics tend to have better long-term prospects -- and face fewer lawsuits. Women, with their capability for patience and good decision-making, epitomize the Foolish investment philosophy and the investment practices of the most successful investor in history: Warren Buffett. While men are brash, compulsive, and overly daring, women tend to be more studious, skeptical, and reasonable. This indispensable volume from the multimedia financial education company Motley Fool offers essential advice for every investor hoping to turn today's savings into wealth for a better tomorrow.

### Warren Buffett Invests Like a Girl

From composer, musician, and philanthropist Peter Buffett comes a warm, wise, and inspirational book that asks, Which will you choose: the path of least resistance or the path of potentially greatest satisfaction? You may think that with a last name like his, Buffett has enjoyed a life of endless privilege. But the son of billionaire investor Warren Buffett says that the only real inheritance handed down from his parents was a philosophy: Forge your own path in life. It is a creed that has allowed him to follow his own passions, establish his own identity, and reap his own successes. In *Life Is What You Make It*, Buffett expounds on the strong set of values given to him by his trusting and broadminded mother, his industrious and talented father, and the many life teachers he has met along the way. Today's society, Buffett posits, has begun to replace a work ethic, relishing what you do, with a wealth ethic, honoring the payoff instead of the process. We confuse privilege with material accumulation, character with external validation. Yet, by focusing more on substance and less on reward, we can open doors of opportunity and strive toward a greater sense of fulfillment. In clear and concise terms, Buffett reveals a great truth: Life is random, neither fair nor unfair. From there it becomes easy to recognize the equal dignity and value of every human life—our circumstances may vary but our essences do not. We see that our journey in life rarely follows a straight line but is often met with false starts, crises, and blunders. How we push through and persevere in these challenging moments is where we begin to create the life of our dreams—from discovering our vocations to living out our bliss to giving back to others. Personal and revealing, instructive and intuitive, *Life Is What You Make It* is about transcending your circumstances, taking up the reins of your destiny, and living your life to the fullest.
