Mendoza the Jew

Mendoza the Jew combines a graphic history with primary documentation and contextual information to explore issues of nationalism, identity, culture, and historical methodology through the life story of Daniel Mendoza. Mendoza was a poor Sephardic Jew from East London who became the boxing champion of Britain in 1789. As a Jew with limited means and a foreign-sounding name, Mendoza was an unlikely symbol of what many Britons considered to be their very own "national" sport.

The Fighting Jew

The first full-length popular biography of one of the first boxing superstars. Mendoza transformed boxing from a mere brawl into the sweet science, and was a master manipulator of publicity and shaping public opinion. He exploited the anti-Semitic feelings of the day and in doing so raised the social profile of Jews in Great Britain.

Europe and the Making of Modernity, 1815-1914

The authors chronicle the political, economic, and social changes that revolutionised Europe during the long 19th century. From the Congress of Vienna through the assassination of Archduke Franz Ferdinand at Sarajevo, the narrative takes students through the complex events of the century in a clear and cogent way.

Vatican Secret Diplomacy

In the corridors of the Vatican on the eve of World War II, American Catholic priest Joseph Patrick Hurley found himself in the midst of secret diplomatic dealings and intense debate. Hurley's deeply felt American patriotism and fixed ideas about confronting Nazism directly led to a mighty clash with Pope Pius XII. It was 1939, the earliest days of Pius's papacy, and controversy within the Vatican over policy

toward Nazi Germany was already heated. This groundbreaking book is both a biography of Joseph Hurley, the first American to achieve the rank of nuncio, or Vatican ambassador, and an insiders view of the alleged silence of the pope on the Holocaust and Nazism. Drawing on Hurleys unpublished archives, the book documents critical debates in Pope Pius's Vatican, secret U.S.-Vatican dealings, the influence of Detroit's flamboyant anti-Semitic priest Charles E. Coughlin, and the controversial case of Croatia's Cardinal Stepinac. The book also sheds light on the powerful connections between religion and politics in the twentieth century.

Abina and the Important Men

This is an illustrated "graphic history" based on an 1876 court transcript of a West African woman named Abina, who was wrongfully enslaved and took her case to court. The main scenes of the story take place in the courtroom, where Abina strives to convince a series of "important men"--A British judge, two Euro-African attorneys, a wealthy African country "gentleman," and a jury of local leaders--that her rights matter.--Publisher description.

Being National

A selection of readings on the subject of nationalism, this text takes the subject beyond its "classical" thinkers. While addressing such familiar figures as Herder, Fichte, and Mazzini, the editors have included other approaches, including social, scienti

So, About Modern Europe...

"Starting with the Enlightenment, Europeans developed big ideas that have increased opportunities for people around the world and raised standards of living. But those same ideas have also produced wars, genocide, colonialism, and the potential for global environmental disaster. In a natural, funny and engaging style, Imhoof guides us through the good, the bad and the indifferent of modern European history"--

Anything You Say

Annotation A path-breaking study of the Jews in France from the time of the philosophes through the Revolution and up to Napoleon. Examines how Jews were thought of during this time, by both French writers and the Jews themselves.

Obstinate Hebrews

Boxing is one of the oldest and most exciting of sports: its bruising and bloody confrontations have permeated Western culture since 3000 BC. During that period, there has hardly been a time in which young men, and sometimes women, did not raise their gloved or naked fists to one other. Throughout this history, potters, sculptors, painters, poets, novelists, cartoonists, song-writers, photographers and film-makers have been there to record and make sense of it all. In her encyclopaedic investigation, Kasia Boddy sheds new light on an elemental sports and struggle for dominance whose weapons are nothing more than fists. Boddy examines the shifting social, political and cultural resonances of this most visceral of sports, and shows how from Daniel Mendoza to Mike Tyson, boxers have embodied and enacted our anxieties about race, ethnicity, gender and sexuality. Looking afresh at everything from neoclassical sculpture to hip-hop lyrics, Boxing explores the way in which the history of boxing has intersected with the history of mass media, from cinema to radio to pay-per-view. The book also offers an intriguing new perspective on the work of such diverse figures as Henry Fielding, Spike Lee, Charlie Chaplin, Philip Roth, James Joyce, Mae West, Bertolt Brecht, and Charles Dickens. An all-encompassing study, Boxing ultimately reveals to us just how and why boxing has mattered so much to so many.

Boxing

A Medieval Life offers a biography of one woman, a portrait of her world, and an introduction to historical method. A Medieval Life offers a biography of one woman, a portrait of her world, and an introduction to historical method. Written in a clear and accessible style, it reworks a well-loved book to provide an entirely new resource for students, teachers, and general readers. Like Cecilia Penifader, most people in the Middle Ages were peasants, humble people living socially below the knights, bishops, and kings who figure so large in history books. Judith M. Bennett shows that peasants, too, made

history. She explores how peasant lives were closely entangled with the lives and interests of those more privileged, looking at manors as well as villages; parishes, faith, and ritual practices; royal taxes and justice; economy and trade; famine and disease. By moving out from Cecilia's perspective, the book explores the ties and tensions that bound all medieval people—poor as well as rich—into a medieval society. The book also provides a primer on the fact-finding and interpretative debates that are at the heart of the historian's craft. Each chapter includes a new section on how medievalists today are studying such topics as puberty, morals, courtship, and climate change. The illustrations, taken from the famous Luttrell Psalter, provide a coherent, rich, and interpretatively complex visual program. And the final chapter explores some of the different ways in which historians, for better and for worse, have understood medieval society.

A Medieval Life

Anagram Solver is the essential guide to cracking all types of quiz and crossword featuring anagrams. Containing over 200,000 words and phrases, Anagram Solver includes plural noun forms, palindromes, idioms, first names and all parts of speech. Anagrams are grouped by the number of letters they contain with the letters set out in alphabetical order so that once the letters of an anagram are arranged alphabetically, finding the solution is as easy as locating the word in a dictionary.

Anagram Solver

This book focuses on men's bodies, emotions and material culture to offer a new understanding of masculinities in Britain in the long nineteenth century. Using objects as well as texts and images, it shows how idealised and ugly bodies, and the feelings they stimulated, helped convey ideas about manliness and unmanliness across society.

Manliness in Britain, 1760-1900

"Thanks to Carol Zemel's provocative study, we are invited to look at Jewish art in new ways . . . provides a deeper understanding of the ordeal of diaspora." —Studies in American Jewish Literature Jewish art and visual culture—art made by Jews about Jews—in modern diasporic settings is the subject of *Looking Jewish*. Carol Zemel focuses on particular artists and cultural figures in interwar Eastern Europe and postwar America who blended Jewishness and mainstream modernism to create a diasporic art, one that transcends dominant national traditions. She begins with a painting by Ken Apter titled *Albert: Used to Be Abraham*, a double portrait of a man, which serves to illustrate Zemel's conception of the doubleness of Jewish diasporic art. She considers two interwar photographers, Alter Kacyzne and Moshe Vorobeichic; images by the Polish writer Bruno Schulz; the pre- and postwar photographs of Roman Vishniac; the figure of the Jewish mother in postwar popular culture (Molly Goldberg); and works by R. B. Kitaj, Ben Katchor, and Vera Frenkel that explore Jewish identity in a postmodern environment.

Crossword Lists

The notorious 1942 "Sleepy Lagoon" murder trial in Los Angeles concluded with the conviction of seventeen young Mexican American men for the alleged gang slaying of fellow youth Jose Diaz. Just five months later, the so-called Zoot Suit Riot erupted, as white soldiers in the city attacked minority youths and burned their distinctive zoot suits. Eduardo Obregon Pagan here provides the first comprehensive social history of both the trial and the riot and argues that they resulted from a volatile mix of racial and social tensions that had long been simmering. In reconstructing the lives of the murder victim and those accused of the crime, Pagan contends that neither the convictions (which were based on little hard evidence) nor the ensuing riot arose simply from anti-Mexican sentiment. He demonstrates instead that a variety of pre-existing stresses, including demographic pressures, anxiety about nascent youth culture, and the war effort all contributed to the social tension and the eruption of violence. Moreover, he recovers a multidimensional picture of Los Angeles during World War II that incorporates the complex intersections of music, fashion, violence, race relations, and neighborhood activism. Drawing upon overlooked evidence, Pagan concludes by reconstructing the murder scene and proposes a compelling theory about what really happened the night of the murder.

Looking Jewish

On 16 August, 1819, at St Peter's Field, Manchester, armed cavalry attacked a peaceful rally of some 50,000 pro-democracy reformers. Under the eyes of the national press, 18 people were killed and some 700 injured, many of them by sabres, many of them women, some of them children. The 'Peterloo massacre', the subject of a recent feature film and a major commemoration in 2019, is famous as the central episode in Edward Thompson's *Making of the English Working Class*. It also marked the rise of a new English radical populism as the British state, recently victorious at Waterloo, was challenged by a pro-democracy movement centred on the industrial north. Why did the cavalry attack? Who ordered them in? What was the radical strategy? Why were there women on the platform, and why were they so ferociously attacked? Using an immense range of sources, and many new maps and illustrations, Robert Poole tells for the first time the full extraordinary story of Peterloo: the English Uprising.

Murder at the Sleepy Lagoon

Using a wide range of rich original sources, this unique reference guide provides a remarkable picture of England's medieval Jewry. Following an extensive introduction, the dictionary includes illustrations, maps, and over 40 topographic, 30 biographic and 80 general entries, including texts of key legislation.

Peterloo

A book about homosexuality in Spain. It focuses on the change in cultural representation of same-sex activity through medicalisation, social and political anxieties about race and the late emergence of homosexual sub-cultures in the last quarter of the twentieth century. It constitutes an analysis of discourses and ideas from a social history and medical history position.

The Palgrave Dictionary of Medieval Anglo-Jewish History

This volume offers a behind-the-scenes look at how the Gillette company works, providing insight into its global outlook and strategy. It highlights the company's commitment to innovation, creative advertising and environmental issues.

'Los Invisibles'

Lauded as a "great Jew," excoriated by antisemites, and one of Britain's most renowned prime ministers, Benjamin Disraeli has been widely celebrated for his role in Jewish history. But is the perception of him as a Jewish hero accurate? In what ways did he contribute to Jewish causes? In this groundbreaking, lucid investigation of Disraeli's life and accomplishments, David Cesarani draws a new portrait of one of Europe's leading nineteenth-century statesmen, a complicated, driven, opportunistic man. While acknowledging that Disraeli never denied his Jewish lineage, boasted of Jewish achievements, and argued for Jewish civil rights while serving as MP, Cesarani challenges the assumption that Disraeli truly cared about Jewish issues. Instead, his driving personal ambition required him to confront his Jewishness at the same time as he acted opportunistically. By creating a myth of aristocratic Jewish origins for himself, and by arguing that Jews were a superior race, Disraeli boosted his own career but also contributed to the consolidation of some of the most fundamental stereotypes of modern antisemitism.

Cutting Edge

This book focuses on the nature and extent of social change, integration and identity transformation within the Jewish community of Britain during the interwar years. It probes the notion – widely articulated by Jewish communal leaders at this time – that the immigrant second generation (i.e. British and foreign-born children of Russian and Eastern European Jews who migrated to Britain in the late Victorian era up to the First World War) had 'estranged' themselves from their Jewishness, Jewish elders and peers and were fast assimilating into the British mainstream. The volume analyses the second generation's developing outlooks and behavioural trends in a variety of environments, effectively charting the changes and continuities present therein. As a whole, the book sheds light on the varied ways in which this group developed new identities that both drew from and reflected their Jewish and British heritage.

Disraeli

The books in the Florida and the Caribbean Open Books Series demonstrate the University Press of Florida's long history of publishing Latin American and Caribbean studies titles that connect in and

through Florida, highlighting the connections between the Sunshine State and its neighboring islands. Books in this series show how early explorers found and settled Florida and the Caribbean. They tell the tales of early pioneers, both foreign and domestic. They examine topics critical to the area such as travel, migration, economic opportunity, and tourism. They look at the growth of Florida and the Caribbean and the attendant pressures on the environment, culture, urban development, and the movement of peoples, both forced and voluntary. The Florida and the Caribbean Open Books Series gathers the rich data available in these architectural, archaeological, cultural, and historical works, as well as the travelogues and naturalists' sketches of the area in prior to the twentieth century, making it accessible for scholars and the general public alike. The Florida and the Caribbean Open Books Series is made possible through a grant from the National Endowment for the Humanities and the Andrew W. Mellon Foundation, under the Humanities Open Books program.

The 'Estranged' Generation? Social and Generational Change in Interwar British Jewry

A spirited look at the history of alcohol, from the dawn of civilization to the modern day Alcohol is a fundamental part of Western culture. We have been drinking as long as we have been human, and for better or worse, alcohol has shaped our civilization. Drink investigates the history of this Jekyll and Hyde of fluids, tracing mankind's love/hate relationship with alcohol from ancient Egypt to the present day. Drink further documents the contribution of alcohol to the birth and growth of the United States, taking in the War of Independence, the Pennsylvania Whiskey revolt, the slave trade, and the failed experiment of national Prohibition. Finally, it provides a history of the world's most famous drinks-and the world's most famous drinkers. Packed with trivia and colorful characters, Drink amounts to an intoxicating history of the world.

Afro-Cuban Religious Experience

This book constitutes the first full volume dedicated to an academic analysis of the sport of boxing as depicted in British film. Through close textual analysis, production and reception histories and readings that establish social, cultural and political contexts, the book explores the ways in which prizefighters, amateur boxers, managers and supporters (from Regency gentry to East End gangsters) are represented on the British screen. Exploring a complex and controversial sport, it addresses not only the pain-versus-reward dilemma that boxing necessarily engenders, but also the frequently censorious attitude of those in authority, with boxing's social development facilitating a wider study around issues of class, gender and race, latterly contesting the whole notion of 'Britishness'. Varying in scope from Northern circuit comedies to London-based 'ladsploitation' films, from auteur entries by Alfred Hitchcock to programme fillers by E.J. Fancey, the boxing film also serves as a prism through which one can trace major historical shifts in the British film industry.

Drink

Holocaust and Human Behavior uses readings, primary source material, and short documentary films to examine the challenging history of the Holocaust and prompt reflection on our world today

The British Boxing Film

"This stunning graphic history tells the story of Juan Bautista Tupac Amaru, a descendant of the last Inca rulers. Juan Bautista paid a high price for participating in his half-brother's massive rebellion that stretched across Peru from 1780 to 1783. His "odyssey" as he called it took him in chains from Cusco to Lima to Rio de Janeiro to Cádiz and to Ceuta, the African presidio where he spent over thirty years"--

Holocaust and Human Behavior

Examines gangs throughout the United States in over eighty entries covering topics such as history, the wide range of communities where gangs form, and their increasingly complex lifestyle.

Witness to the Age of Revolution

Queer exceptions is a study of contemporary solo performance in the UK and Western Europe that explores the contentious relationship between identity, individuality and neoliberalism. With diverse case studies featuring the work of La Ribot, David Hoyle, Oreet Ashery, Bridget Christie, Tanja Ostojic, Adrian Howells and Nassim Soleimanpour, the book examines the role of singular or 'exceptional' subjects in constructing and challenging assumed notions of communal sociability and togetherness, while

drawing fresh insight from the fields of sociology, gender studies and political philosophy to reconsider theatre's attachment to singular lives and experiences. Framed by a detailed exploration of arts festivals as encapsulating the material, entrepreneurial circumstances of contemporary performance-making, this is the first major critical study of solo work since the millennium.

Encyclopedia of Gangs

A visually dramatic graphic novel re-enacting the conflicts, personalities and social tensions that led to Manchester's infamous Peterloo Massacre in 1819.

Queer exceptions

"The Contrast", which premiered at New York City's John Street Theater in 1787, was the first American play performed in public by a professional theater company. The play, written by New England-born, Harvard-educated, Royall Tyler was timely, funny, and extremely popular. When the play appeared in print in 1790, George Washington himself appeared at the head of its list of hundreds of subscribers. Reprinted here with annotated footnotes by historian Cynthia A. Kierner, Tyler's play explores the debate over manners, morals, and cultural authority in the decades following American Revolution. Did the American colonists' rejection of monarchy in 1776 mean they should abolish all European social traditions and hierarchies? What sorts of etiquette, amusements, and fashions were appropriate and beneficial? Most important, to be a nation, did Americans need to distinguish themselves from Europeans—and, if so, how? Tyler was not the only American pondering these questions, and Kierner situates the play in its broader historical and cultural contexts. An extensive introduction provides readers with a background on life and politics in the United States in 1787, when Americans were in the midst of nation-building. The book also features a section with selections from contemporary letters, essays, novels, conduct books, and public documents, which debate issues of the era.

Peterloo

Some of the most noteworthy graphic novels and comic books of recent years have been entirely autobiographical. In *Graphic Subjects*, Michael A. Chaney brings together a lively mix of scholars to examine the use of autobiography within graphic novels, including such critically acclaimed examples as Art Spiegelman's *Maus*, David Beauchard's *Epileptic*, Marjane Satrapi's *Persepolis*, Alan Moore's *Watchmen*, and Gene Yang's *American Born Chinese*. These essays, accompanied by visual examples, illuminate the new horizons that illustrated autobiographical narrative creates. The volume insightfully highlights the ways that graphic novelists and literary cartoonists have incorporated history, experience, and life stories into their work. The result is a challenging and innovative collection that reveals the combined power of autobiography and the graphic novel.

The Contrast

The definitive history of conversion and assimilation of Jews in Europe and America from the eighteenth century to the present. Between the French Revolution and World War II, hundreds of thousands of Jews left the Jewish fold—by becoming Christians or, in liberal states, by intermarrying. Telling the stories of both famous and obscure individuals, *Leaving the Jewish Fold* explores the nature of this drift and defection from Judaism in Europe and America from the eighteenth century to today. Arguing that religious conviction was rarely a motive for Jews who became Christians, Todd Endelman shows that those who severed their Jewish ties were driven above all by pragmatic concerns—especially the desire to escape the stigma of Jewishness and its social, occupational, and emotional burdens. Through a detailed and colorful narrative, Endelman considers the social settings, national contexts, and historical circumstances that encouraged Jews to abandon Judaism, and factors that worked to the opposite effect. Demonstrating that anti-Jewish prejudice weighed more heavily on the Jews of Germany and Austria than those living in France and other liberal states as early as the first half of the nineteenth century, he reexamines how Germany's political and social development deviated from other European states. Endelman also reveals that liberal societies such as Great Britain and the United States, which tolerated Jewish integration, promoted radical assimilation and the dissolution of Jewish ties as often as hostile, illiberal societies such as Germany and Poland. Bringing together extensive research across several languages, *Leaving the Jewish Fold* will be the essential work on conversion and assimilation in modern Jewish history for years to come.

Graphic Subjects

This book presents ten selections from the most important scholarship on the French Revolution over the past quarter century, introduced and contextualized for student readers. Historians typically categorize the historiography of the French Revolution according to each author's approval or disapproval of the Revolution, political agenda (for example Marxist, liberal, conservative, or feminist), or methodology (for example social, political, or cultural history). This book demonstrates the inadequacy of these categories of analysis for a nuanced understanding of the Revolution and emphasizes the surprising connections between historians typically seen simply as opponents in a debate. In its thorough introduction, *The French Revolution: The Essential Readings* demonstrates the success of an eclectic, interdisciplinary approach to this central period in modern European history and the larger relevance of the historiography to the humanities more generally.

Leaving the Jewish Fold

The graphic novel is a vital and emerging genre, and this is the only book that focuses on its relation to Jewish culture, literature, and history. A highly readable and informative collection that will be of great interest to readers across a wide range of disciplines.--Deborah R. Geis, editor of "Considering MAUS: Approaches to Art Spiegelman's "Survivor's Tale" of the Holocaust."

The French Revolution

Vol. 4 covers the late Roman period to the rise of Islam. Focuses especially on the growth and development of rabbinic Judaism and of the major classical rabbinic sources such as the Mishnah, Jerusalem Talmud, Babylonian Talmud and various Midrashic collections.

The Jewish Graphic Novel

Diane France loves bones. Why? Because they talk to her. Every skeleton she meets whispers secrets about the life-and death-of its owner. Diane France can hear those secrets because she's a forensic anthropologist, a bone detective. She has the science skills and know-how to examine bones for clues to a mystery: Who was this person and how did he or she die? Bones tell Diane about the life and times of famous people in history, from a Russian royal family to American outlaws and war heroes. They speak to her about murders, mass disasters, and fatal accidents. One day she's collecting skeletal evidence at a crime scene. A phone call later she's jetting to the site of a plane crash or other unexpected tragedy to identify victims. Young readers will be captivated by the thrilling real-life story of this small-town girl full of curiosity and mischief who became a world-famous bone detective.

The Cambridge History of Judaism: Volume 2, The Hellenistic Age

Wartski is a family firm of art and antique dealers, specialising in fine jewellery, gold boxes, silver and works of art by Carl Faberge. The firm was founded in Bangor, North Wales in 1865 by Morris Wartski, maternal great-grandfather of the present day Chairman. From King George V to JFK and Elizabeth Taylor, Wartski's London showroom has welcomed the great and the good of the modern era. They visit to view and buy the company's fabulous stock of goldsmiths' work and jewellery, not least the celebrated works of Faberge. BBC Antiques Roadshow expert, Geoffrey C. Munn, tells the remarkable story of how the jewellery firm rose from humble beginnings in Bangor, North Wales, to become the preeminent Mayfair jewellers and antique dealers specialising in the work of Carl Faberge and Russian objets d'art. Wartski - The First 150 Years is lavishly illustrated throughout with images of the celebrated jewels and their illustrious owners. AUTHOR: Geoffrey Munn is the Managing Director of Wartski Ltd. He is co-author of Pre-Raphaelite to Arts and Crafts Jewellery and the author of Tiaras: A History of Splendour, Castellani and Giuliano - Revivalist Jewellers of the 19th Century and The Triumph of Love - Jewellery 1530-1930. He is also a jewellery specialist on the BBC's Antiques Roadshow. SELLING POINTS: * Presents the essence of Wartski's history, from its humble beginnings to its very considerable fame. * The book showcases the firm's stock, scholarship and clientele 200 colour illustrations

Bone Detective:

In *Embracing a Western Identity*, Ellen Eisenberg places Jewish history in the larger context of western narratives, challenging the traditional view that the "authentic" North American Jewish experience stems from New York. The westward paths of Jewish Oregonians and their experiences of place shaped the communities, institutions, and identities they created, distinguishing them from other American

Jewish communities. Eisenberg traces the Oregon Jewish experience from its pioneer beginnings in the mid-nineteenth century to the highly concentrated Portland communities of the mid-twentieth century.

Wartski

Embracing a Western Identity
