Being an Ethical Reiki Practitioner

The Five Reiki Principles have been a guiding force for Reiki Practitioners since the rediscovery of this wonderful healing technique. But how do the principles influence the industry? Being An Ethical Reiki Practitioner is a book about rediscovering the healing principle of self responsibility for ones own actions and how to incorporate being an ethical practitioner into daily life. This book is the first of its kind in the Reiki community which helps guide both the Reiki practitioner and the Reiki client through the intricacies of moral and ethical practice. This book will look deep into ethics from fresh and unique perspectives: the client, the practitioner, and the teacher/researcher.

The Ethical Psychic

A 101 guide for psychics and energy workers to build an authentic, equitable, and culturally sensitive healing practice, written by Afro-Indigenous intuitive, scholar, and healer Dr. Jennifer Lisa Vest. Being an ethical psychic means being of service--and learning how to navigate the thorny issues and unique risks inherent to intuitive work. From knowing your boundaries and limitations--and respecting those of your clients--to resisting the temptation of the guru lifestyle, The Ethical Psychic offers 7 critical guiding principles for grounded, ethical practice. Intuitive, philosopher, and ethicist Dr. Jennifer Lisa Vest, PhD, explores why (and how) energy workers must be of service, authentic, and self-aware; learn from their mistakes; embody sensitivity to client needs; be humble; and listen to a higher source. With training in African American Hoodoo, Native American Sweatlodge, Jamaican Revivalism, Trinidadian Shango, Spiritualism, Reiki, Pranic Healing, and other traditions, Dr. Vest is uniquely positioned to address readers' most common and pressing questions, like: How do I avoid crossing boundaries? What if I'm making things worse? What privacy considerations do I need to think about? How can I be financially ethical? How do I avoid appropriation? What do I need to know about working with spirits? A go-to-guide for any medium, spirit worker, psychic, or aspiring Reiki master, The Ethical Psychic helps readers become the grounded and effective healers they were born to be.

Healing Virtues

This book is meant as a professional reference for all levels of Reiki practitioners who are interested in learning the best ways to share Reiki with animals and their animal-loving community. It is an important source of information for Reiki teachers wishing to add Animal Reiki to their curriculum. This book can also be used as a resource for animal organizations and professionals who are interested in adding Reiki to their healing programs: sharing this book with resident Reiki practitioners can ensure that everyone is on the same page with approach and intent. Above all, this book is meant to expand compassion and protect and honor all animals and their people through the oftentimes complex and always beautiful journey of healing. This book is divided into a series of lessons. In each lesson, we will go over each section of the code of ethics in depth and I will also share a meditation on that section. Following the ethics in this book will give you the foundation you need to create long-lasting, positive relationships with animals and their caregivers, as well as animal professionals and organizations in your community.

Ethics Handbook for Energy Healing Practitioners

Ethical principles are far more than mere rules or regulations - they are maps for bringing out your best as a caregiver and healer. Responding to a lack of articulated or standardized ethical guidelines for energy healing practitioners, David Feinstein, PhD, and Donna Eden developed a professional curriculum that has become one of the country's most successful and effective energy medicine certification programs. Now, this comprehensive, case-oriented guide allows veterans of the field and newcomers alike to work through a wide range of ethical dilemmas before they arise, helping you to prevent professional errors that could hurt you, your clients, and your practice.

Ethics in Energy Medicine

The first guidebook to discuss the full scope of the intuitive process and propose structures to keep practitioners and clients safe Heidi Light, a family counselor and certified hypnotherapist, asserts that we are in desperate need of guidance and standards so that we can approach the world of intuition, energy, and mysticism from a healthy and respectful place. Drawing from her more than forty years as a medical intuitive, empath, and energy tracker—as well as twenty years as a counselor in private, clinical, and institutional settings—Light offers practical, simple solutions to the alarming lack of boundaries in the fields of intuition and energy medicine. From massage therapists who just throw in a little extra energy work, to psychics who read your sister instead of you, or to practitioners who tell you to take off your clothes, Light shares case studies and vignettes of ethical boundaries mistakenly being crossed. This book explains the traditional psychological model of ethics that counselors and psychologists are taught and outlines an ethical energetics model as a framework for moving through the process of accessing intuitive information and working with energy. Experienced energy workers, those new to the field and just opening to their intuition, and those who come to them for services need to know these ethical guidelines of boundaries and consent.

Reiki Level I, II And Master/Teacher Certification

Discover the world of Reiki healing with this comprehensive guide and certification program. In this book, you will learn the fundamentals of Reiki, including its history, benefits, and the concept of energy. The certification program is divided into three levels: Level I, Level II, and Master/Teacher. At Level I, you will explore the basics of Reiki, learning hand positions and self-healing techniques. Level II introduces you to Reiki symbols, distance healing, and emotional healing practices. Finally, the Master/Teacher level focuses on advanced healing techniques and teaching others the practice of Reiki. Throughout the book, you will also delve into the ethical and professional aspects of being a Reiki practitioner, ensuring you maintain professional boundaries and have effective client communication. Additionally, you will discover ways to integrate Reiki into your daily life, using it for stress reduction, personal development, and mindfulness practices. Explore the power of Reiki symbols and their meanings, and learn how to create your own Reiki practice, from setting up a Reiki space to documenting client information. Furthermore, this book explores the intersection of Reiki with other alternative therapies such as acupuncture, aromatherapy, and crystal healing. It also provides guidance on teaching Reiki workshops, developing curriculum, and facilitating healing experiences for participants. Continuing education and building a supportive Reiki community is emphasized, with tips on networking with other practitioners and organizing events. Whether you are new to Reiki or seeking to deepen your practice, this book offers a comprehensive exploration of Reiki healing, certification, and its integration into everyday life.

Practice Energy Healing in Integrity

This comprehensive book is an essential resource and reference guide for all practitioners who use energy healing methods. Energy healing methods are considered experimental by the mainstream health care industry, the legal system, licensing boards, and regulatory agencies. Consequently, all practitioners who use energy healing methods, whether licensed or non-licensed, face significant legal risks. This book covers key ethical and legal principles, practical considerations in working with clients, informed consent, scope of practice, and the legalities of marketing an energy healing practice. It provides essential risk management strategies that can help protect your practice from the potential legal liabilities inherent in offering energy healing methods. In defining a new ethic of caring with clients, this book also discusses the concept of the therapeutic relationship as a sacred contract between the practitioner and client and explores archetypes as the guardians of ethical relationships. This expert advice can help ensure the viability of your practice and empower you to practice in integrity and experience the joy of offering your healing gifts legally and ethically.

An Ethnographic Account of Reiki Practice in Britain

An Ethnographic Account of Reiki Practice in Britain is the result of 14 months of ethnographic research. This study, while filling a gap in the qualitative literature on Reiki practice, contributes an ethnographic portrayal of a particular group's construction of well-being. Contributing to medical anthropology, the research findings demonstrate culturally situated ideas and practices related to health wherein the intersubjective nature of healing is a constitutive element for well-being. The distinctions of this are specific to culture and environment, broadening how spirituality and well-being are conceptualized anthropologically. In addition, this book offers a framework for the commoditization of Complementary and Alternative Medicine (CAM), a process where products become a simple commodity. For Reiki practice, this results in spirituality being out of place in the healthcare market. The book will be of interest to academics interested in CAM research and Reiki practitioners alike.

Reiki for Beginners: Your Guide to Reiki Healing and Reiki Meditation With Useful Techniques to Increase Your Energy and Cleansing your Aura

Are you struggling to find your own spiritual path and balance your energy? There are two main arguments Reiki for Beginners makes. The first is that the prevalence of many insurmountable issues like burnout, stress, fatigue, and depression occurs due to the absence of energy, or rather 'the crisis in energy'. It is the lack of energy that incapacitates people who suffer from stress – they do not have the strength or vitality to manage their challenges. The more challenges, the more energy you need to rise to the occasion of overcoming them. In this sense, energy is a currency. It helps us triumph over obstacles and difficulties while allowing us to stave off physical ailments and keep spiritual desolation at bay. The second point of this book is to emphasize that we need something to help us restore this absence of energy. Reiki for Beginners explores how Reiki is one of the few practices that get to the root of 'the energy crisis'. While Reiki is often connected to mystics and spirituality, it follows an analytical approach demonstrating everyday evidence of how Reiki is codified into our behavior. It highlights how the Reiki practices of healing through physical touch, meditation, the power of symbolism, and the use of mantras are essential practices. They are not crucial in our reaction to the 'energy crisis' but they are deeply ingrained in our behavior as humans. They are so ingrained that while we daily heal others through physical touch, we do it without knowing that we are applying Reiki practices. This guide explores the origins, Reiki Levels, and applications of Reiki through an analytical and practical lens. It is a vital read if anyone wishes to overcome their own absence of energy and help to respond to increasing levels of burnout, stress, and spiritual desolation. In this comprehensive Reiki beginner guide you'll discover: • What Is Reiki? • Shoden: Usui Reiki Level I • Okuden: Usui Reiki Level II • Shinpiden: Usui Reiki Level III • Hand Positions • How to heal others • How to heal ourselves • FAQ • And much more Get your copy now and change your life through the power of Reiki

Reiki for a New Millennium

This is a long awaited book. It always seemed that it was Kevin's task to write it. He was the mouth piece for the Archangel Metatron and the Ascended Master Djwhal Khul. Kevin left the incarnation in June 2009 without starting. The words you are now holding in your hand are a gift from Spirit; from Kevin, Metatron and Djwhal Khul. In this book there are not just words but through it flows healing and inspiration. It includes channellings, meditations, mini processes and an Archangelic Horoscopes. Some of the ideas may be new and challenging. It is my prayer that it informs, inspires and above all revolutionise the way Healing, Health and The Angelic Kingdom are viewed. Christine Core Angelic Reiki is the pure joy of working hand in hand with the Angelic Kingdom of light. Angels have guided you to this place. They are around you now inviting you to be their servant on earth. Angelic Reiki is the pure joy of working intimately with the Angelic Kingdom of Light. "A loving tribute to her husband Kevin and his work, the book he was unable to write. Christine Core presents the birth, growth and purpose of Angelic Reiki with beautiful clarity, proving it to be a unique and sacred gift to humanity. This book is packed full of profound spiritual truths and gives the reader uncompromising insights into our journey on the spiritual path. A must read for all those wishing to deepen their connection to the angelic realms." Claire, Paradigm Shift Magazine

In a single convenient resource, this revised and updated edition of a classic text organizes and presents clearly the documents of the Catholic Church pertaining to medical ethics. Introductory chapters provide the context for interpreting the Church's teachings and theological values, guiding the reader in how to apply the teachings to particular ethical dilemmas and helping the reader to understand the role of conscience within the Catholic tradition. The teaching of the Church in regard to health care ethics is pertinent not only for health care professionals and students, but for all who are concerned about the common good of society. Medical Ethics examines specific teachings of the Church on over seventy issues in clinical and research ethics, including abortion, AIDS, artificial insemination, assisted suicide, cloning, contraception, euthanasia, gene therapy, health care reform, organ donation and transplantation, organizational ethics, stem cells, surrogate motherhood, and withholding and withdrawing life support. O'Rourke and Boyle bring this fourth edition up to the present day by incorporating recent papal documents regarding the social aspects of health care, assent to Church teaching, and the 2008 papal instruction Dignitas personae, an extremely influential document that illuminates such controversial dilemmas as prenatal adoption, frozen embryos, and genetic diagnosis.

Medical Ethics

Reiki is particularly effective in healing animals but there is very little specific information currently available. Whether you are a newcomer to the field of energy medicine, an experienced practitioner or an animal lover committed to learning everything you can about your companion's health, Animal Reiki will open your eyes to a new level of healing and wellbeing. From dogs and cats to horses and birds, this book is everything you need to understand and appreciate the power of Reiki to heal and deepen the bond with the animals in your life.
