"[...]graven on his face, though it looked like the smile of a man in sore distress. I knew every muscle felt red-hot, and time would give the victory to the stronger brute. And then I saw the change like a lightning-flash. Dan's shoulders haunched themselves, his head was low and stretched forward, and a look of the most devilish ferocity came over his face, his lips were pulled down, and his eyes almost hidden under the bunched and corrugated brows. The Spectator

Aoife MacNeill is a beauty and a prize, a former heiress who wants to marry for love, but her father has arranged her marriage to Nigel Armstrong, the oldest son and heir of the Hawk of Inverfyre. One look confirms that Nigel will never possess her heart—although his cousin, Ross of Kinfairlie, is another matter. Aoife knows she cannot escape her fate, but yearns for one last adventure: she will flee Inverfyre and hope that Ross will be sent in pursuit. She tells herself that one kiss will be sufficient... Ross of Kinfairlie is a mercenary with a blade for hire; a knight without the coin to claim a bride. When his cousin's betrothed flees, he lends chase, for the Hawk of Inverfyre trained him. Ross suspects that Aoife plays a game, but her ploy is dangerous—the treacherous MacLaren clan, always seeking to undermine Inverfyre, take her captive. In the course of rescuing Aoife and ensuring her safety, Ross finds himself captivated by the fierce and beautiful maiden. How much will Ross surrender to guarantee Aoife's safety? And how much will Aoife offer to protect the man who has captured her heart? ***** I've written many series set in my fictional medieval Scottish world of Ravensmuir, Kinfairlie and Inverfyre. This is the order in which the stories take place, although you can start with any series. I recommend you read each series in order. There's a tab on my website for ALL books in this world: <http://delacroix.net/ravensmuir/> I. The Rogues of Ravensmuir This is the first series to take place in this world. These three books are a bit more gothic in tone and less tightly linked to each other than the books in subsequent series. 1. The Rogue Merlyn and Ysabella's story is a second chance romance with a bit of intrigue and suspense. Their relationship is a class war - he's the laird and she's a village girl - but there's an immediate attraction between them. Can Merlyn trust in love at first sight? Can

Ysabella trust her rogue of a husband when he returns five years after their parting to ask for her help? This is the first book featuring Ravensmuir and in it, we learn the story of its sister holding, Kinfairlie.

2. The Scoundrel Can a notorious bad boy like Merlyn's brother Gawain be redeemed by love? In this story, Gawain meets his match, the enticing Eglantine, who is not just as adept a thief as he is but is prepared to seduce him to regain the prize she desires. This is cat-and-mouse story of action, adventure and intrigue takes us from York to the highlands of Scotland, to Eglantine's home at Inverfyre.

3. The Warrior At the end of The Scoundrel, Inverfyre is lost to the notorious MacLaren clan, but years later, Eglantine and Gawain's son Michael - the Hawk of Inverfyre - returns to reclaim his legacy. He has need of an heir so he abducts Aileen to be his bride, never guessing that these two have shared a great passion in their past lives. At Inverfyre, Aileen is plagued by visions and fears she is going mad, while the Hawk is uncertain whether his beguiling new bride can be trusted—or whether she has let the MacLarens in the gate. This medieval Scottish romance has some fantasy elements as it's a reincarnation story.

II. The Jewels of Kinfairlie At the end of The Warrior, there is a family gathering at Inverfyre. We briefly meet Merlyn and Ysabella's son Roland, his wife Catherine, and their eight children. This series begins several years later, after Roland and Catherine's tragic death, when their oldest son Alexander suddenly becomes laird. The treasury is empty. The harvest will be poor. Alexander needs to see his sisters married as quickly as possible, but they wish to wed for love.

1. The Beauty Bride Alexander arranges an auction for the hand of his defiant sister, intending to manage the list of bidders - but a notorious mercenary, Rhys fitzHenry, pays the highest price. This arranged marriage doesn't begin well, as Madeline is a runaway bride, but Rhys pursues her, saves her, and tries to court her. I love that Rhys tells Madeline stories to win her heart, and that she quickly figures out that each choice of story reveals one of her husband's secrets.

2. The Rose Red Bride Alexander thinks he's learned his lesson and is thrilled when Vivienne's former suitor, Nicholas Sinclair, wants to claim her hand. It's a little uncommon that Nicholas wants to abduct his bride, but Alexander is sure that Vivienne will think that a romantic gesture, and when the wedding is held in the morning, all will be well. But the highlander seeking Alexander's agreement isn't Nicholas - it's his brother Erik in disguise, a man who needs a wife only because he needs a son to claim his legacy. He's not counting on Vivienne stealing his heart, too.

3. The Snow White Bride It's Christmas at Kinfairlie and a mysterious noblewoman seeks refuge in the chapel. When the sisters learn that she's a widow in need of protection, they decide to play a trick on Alexander and arrange his marriage. Eleanor thinks husbands are all the same, so is agreeable, although she isn't counting on Alexander's youth, charm, and desire to claim her heart. When her past catches up to her and Kinfairlie is at risk, how much will Eleanor sacrifice to see her new husband safe? What price will Alexander pay to defend his bride?

4. The Ballad of Rosamunde Rosamunde, the pirate queen and aunt of the siblings at Kinfairlie, was adopted by Gawain in The Scoundrel and trapped in the realm of the Fae in The Rose Red Bride. In this short story, a friends-to-lovers story, Padraig rescues Rosamunde, his valor making her realize that she loves him, too.

III. The True Love Brides At the end of The Snow White Bride, Alexander decrees that his remaining sisters will marry for love. The portal to the realm of the Fae has been opened, though, and the Fae king Finvarra desires Elizabeth. Finvarra agrees that he will abandon his suit if four of the siblings marry their true loves, although Elizabeth knows that the portal to the Fae realm has to be closed as well.

1. The Renegade's Heart Isabella is smitten with a rogue knight, come to Kinfairlie to demand the return of his family's stolen treasure. She takes Murdoch's cause against that of her brother, then learns that Murdoch has been claimed by the Fae queen - who holds his heart still. Can a mortal maiden defeat an immortal queen by winning Murdoch's love for her own?

2. The Highlander's Curse Garrett is cursed to hear the thoughts of others as clearly as his own, a spell intended to make him an outcast so his legacy could be stolen. He finds solace in the company and the touch of gentle Annelise. Can Annelise's love heal him so he can recover his stolen legacy and give her the home - and the husband - she deserves?

3. The Frost Maiden's Kiss Malcolm returns to Ravensmuir after years as a mercenary with a hoard large enough to finance the rebuilding of his legacy and his soul due to the Fae. When pregnant Catriona arrives at Ravensmuir, Malcolm knows he can give her a future with a marriage of convenience that makes her child heir to Ravensmuir. Catriona expects nothing of men, but Malcolm's kindness and strength earns her love - and makes her determined to save his soul, regardless of the price.

4. The Warrior's Prize The mercenary Rafael thinks his companion's sister, Elizabeth, could be an angel come to earth, and one who will hold him accountable for his sins. Challenged by her and enticed by her, Rafael offers himself instead of his comrade Malcolm and begins to change his life with his choices. Can he save Elizabeth from Finvarra? He's determined to try, no matter what the risk to himself - and Elizabeth cannot resist a man who chooses nobly, just for her.

IV. The Brides of Inverfyre There is one sibling left unmarried (Ross) and we follow him to Inverfyre, where the children of the Hawk and Aileen also need to be married.

1. The Mercenary's Bride This Scottish medieval romance is a Christmas novella, the

story of a knight returning to Inverfyre to keep his promise to the laird's daughter. Having been attacked and left for dead, Quentin is no longer the man he was and he blames the Hawk for the change in his fortunes. But his bitterness melts before the admiration of Mhairi, for the maiden he admired has become a beauty he would die to serve. 2. The Runaway Bride Even though Aiofe is a beauty and an heiress, she wants to marry for love. Her marriage is arranged to the oldest son of the Hawk of Inverfyre, but she chooses to flee instead, hoping that his cousin, Ross, will be sent after her. Aiofe intends to claim Ross's heart, no matter the price, for she knows with one glimpse that he's the man for her. Ross is caught between his duty and his heart - and the wicked MacLarens who would use Aiofe as a pawn in their own plan to possess Inverfyre. There will be more stories in this series, too. The Nation and Athenaeum

The popular image of Scotland is dominated by widely recognized elements of Celtic culture. But a significant non-Celtic influence on Scotland's history has been largely ignored for centuries? This book argues that much of Scotland's history and culture from 1100 forward is Jewish. The authors provide evidence that many of the national heroes, villains, rulers, nobles, traders, merchants, bishops, guild members, burgesses, and ministers of Scotland were of Jewish descent, their ancestors originating in France and Spain. Much of the traditional historical account of Scotland, it is proposed, rests on fundamental interpretive errors, perpetuated in order to affirm Scotland's identity as a Celtic, Christian society. A more accurate and profound understanding of Scottish history has thus been buried. The authors' wide-ranging research includes examination of census records, archaeological artifacts, castle carvings, cemetery inscriptions, religious seals, coinage, burgess and guild member rolls, noble genealogies, family crests, portraiture, and geographic place names.

The Poetry Review

When Connie is sent to live with her aunt, she knows it's going to be one more place where she doesn't fit in. But soon she realises how wrong she is. The seaside town is full of adults and children who have strange links to creatures. It's the heart of the secret Society for the Protection of Mythical Creatures, a group of people sworn to ensure that mythical beasts are kept safe. Normally the creatures and their chosen humans work in harmony. But something abnormal is happening here. The Sirens, who for generations have kept their deadly song to themselves, are once again luring humans to their deaths. It doesn't take long for Connie to realise that the victims are oil workers. The Sirens are fed-up with their seas being polluted, but should the Society protect the Sirens or the oil industry? Connie doesn't think she has a role to play, until it becomes clear that she's a Universal - the first person in over a century who can communicate with every type of beast on earth and in the air. Her power is immense. It corrupted the previous Universal . . . and now he's back. And he'll use any means he can - from violence to the terrifying Storm Giants - to turn Connie to the dark side.

The Nation and Athenæum

The renowned poet and author of *The Handmaid's Tale* "brings a swift, powerful energy" to this "intimate and immediate" poetry collection (Publishers Weekly). These beautifully crafted poems -- by turns dark, playful, intensely moving, tender, and intimate -- make up Margaret Atwood's most accomplished and versatile gathering to date, setting foot on the middle ground / between body and word. Some draw on history, some on myth, both classical and popular. Others, more personal, concern themselves with love, with the fragility of the natural world, and with death, especially in the elegiac series of meditations on the death of a parent. But they also inhabit a contemporary landscape haunted by images of the past. Generous, searing, compassionate, and disturbing, this poetry rises out of human experience to seek a level between luminous memory and the realities of the everyday, between the capacity to inflict and the strength to forgive.

A Land of Romance

Excerpt from A Land of Romance: The Border, Its History and Legend Three crests against the saffron sky, Beyond the purple plain, The kind remembered melody Of Tweed once more again. Wan water from the Border hills, Dear voice from the old years, Thy distant music lulls and stills, And moves to quiet tears. Like a loved ghost thy fabled flood Fleets through the dusky land; Where Scott, come home to die, has stood, My feet returning stand. A mist of memory broods and floats, The Border waters flow; The air is full of ballad notes, Borne out of long ago. Old songs that sung themselves to me, Sweet through a boy's day-dream, While trout below the blossom'd tree Plashed in the golden stream. Twilight, and Tweed, and Eildon Hill, Fair and too fair you be; You tell me that the voice is still That should have welcomed me. Andrew Lang. A Land of Romance

The New York Times—bestselling author “weaves a fascinating tale that incorporates Scottish history into an emotionally moving and realistic love story” (*Affaire de Coeur*). Lady Alpin MacKay is in despair when she learns that, in one tyrannical, sweeping gesture, the Scottish lord Malcolm Kerr has stolen her property. Determined to reclaim her home from her childhood nemesis, she storms Kildalton Castle with a scheme to take back what’s hers. When the beautiful Alpin arrives on Malcolm’s doorstep declaring her land—and herself—as his for the taking, he’s thrilled. At last, he has her under his thumb, right where he wants her. But as Malcolm plots his revenge, and Alpin conspires to trick him into forfeiting her land, neither of them plans for the flame of passion that ignites between them. “Arnette Lamb ignites readers’ imaginations with her unforgettable love stories.” —RT Book Reviews

A Land of Romance

For Thirteen Years He'd Been A Wanderer... Now Con ap Ifan had returned, a tested warrior and a talented bard. But Enid of Glyneira remained unimpressed. No stolen kisses or honeyed promises that faded with the dawn could tempt her to abandon hearth, home and betrothed—not even for the father of her cherished firstborn son! Con wanted Enid more than words could tell. But could he dally with her, now a widow with children, forever? For though she'd always been his heart's melody, his soul's rhythm, he knew the siren song of the wider world might break their passion's bond!

A Land of Romance, the Border, Its History and Legend

Assertion The end of October had been more than usually fine, and now the beginning of November was following the good example set by its predecessor. In the Home Park, the only part of the extensive

grounds surrounding Hampton Court Palace that was well wooded, the leaves had not entirely left the branches, and the turf beneath was green and firm, as yet unsodden by autumnal rain. Along one of the forest aisles there walked a distinguished party, proceeding slowly, for the pace was set by a disease-stricken man whose progress was of painful deliberation. He was tall and thin; his body was prematurely bent, though accustomed to be straight enough, if one might judge by the masterful brow, now pallid with illness, or by the glance of the piercing eye untamed even by deadly malady. That he was not long for this earth, if Nature had her way, a scrutinizer of that handsome, powerful face might have guessed; yet he was singled out for destruction even before his short allotted time, for at that moment his enemies, hedged in secrecy behind locked doors, were anxiously planning his ruin. They were wise in their privacy, for, had a whisper of their intentions gone abroad, the Earl of Strafford would have struck first and struck hard, as, indeed, he intended to do in any case. Thomas Wentworth, Earl of Strafford, was accompanied by an imposing train. On either side of him, accommodating their slow steps to his, were some of the highest in the land, who waited on his words and accorded him a deference more obsequious than that with which they might have distinguished the King himself; for all knew that this shattered frame was more to be dreaded than the most stalwart personage who that day trod English soil. Behind this noble circle followed a numerous band of attendants, alert for beck or call, each having place according to his degree. A huntsman was surrounded by dogs kept in thrall by fear of the whip. Falconers with hooded hawks attested a favorite sport of the Earl, who loved to have the birds near him even though he made no trial of their flight. And here he walked the grounds of the King as if he owned them; as though he were permanent master instead of transient guest. Here he rested for the moment, hoping to recover some remnant of health by the placid Thames, after his troublous journey from Ireland, which turbulent country lay numb under his strong hand, soon to be vocal enough when the hounds were upon him. No echo of London's clamour came to this green paradise. He knew the mob was crying out against him, as in truth the whole country cried; but he heeded not the howl, despising his opponents. Better for him had he been more wary or more conciliatory. Among those now in his company was young De Courcy, one of the numerous band of Frenchmen smilingly received at Court because the consort of Charles had a predilection for her countrymen, -a preference unshared by any save her husband. The French contingent thought little of the scowls of the English so long as those in authority smiled on them and the smile brought profit. They were regarded as titled mercenaries; spies probably, anxious to feather their own nests at the expense of the Treasury;

Border Bride

7 weeks a New York Times bestseller. Historical romance about the the border lords of 16th century Scotland. Hero of the clansmen, Francis Hepburn Earl of Bothwell — the most fierce and commanding border lord of his time — falls out of favor with King James VI and struggles to keep his land, his love, and his title.

BORDER BRIDE

This eighteenth-century historical romance novel by bestselling, award-winning author Arnette Lamb tells the sensual tale of Lady Miriam MacDonald, a brilliant diplomat from Queen Anne's court, and the two admirers she's torn between while in Scotland. Though Lady Miriam MacDonald ventured to the Scottish hills seeking peace between the Scots and English, she finds herself torn between the admiration of two very different men: the kindly, awkward laird of Kildalton Castle that became a trusted friend and the dashing, tartan-clad Border Lord that swept her into his arms... and claimed her innocence. A lifetime of anguish hides behind the disguise of Duncan Kerr, laird of Kildalton by birth, Border Lord by choice. If his true identity is revealed, he could lose not only his future, but the thing he holds most dear—Miriam's heart. By day, Miriam strives to establish harmony between two battling nations; by night, she surrenders to forbidden pleasure with the mysterious Border Lord. Does Duncan love Miriam's heart or is he blinded by the promise of peace she brings to his beloved land? Only the Border Lord, mysterious as the mists of the hills, knows the truth.

Over the Border

Aware of the covetous interest in his land, the laird of Brae Aisir announces that any man who can outfight his spitfire of a granddaughter will have her as a wife, along with her inheritance. It's a heated contest that inspires the passion of one man and the jealous wrath of another.

The Border Lord

Captured in 1388 in the act of stealing back his own cattle, young Sir William Scott faces hanging, then gets one other choice--to marry immediately his captor's eldest daughter, the lady Margaret Murray, known by all as Muckle-Mouth Meggie. With the line between England and Scotland shifting daily, the Earl of Douglas wants to win back every inch of Scotland that the English have claimed; whereas the equally powerful English Percies (under Hotspur) want to win back the land between Northumberland and Edinburgh; and the Murray family is caught in the middle, shifting its alliances to try to survive. Uncertain whether she is English or Scottish and abruptly married to Sir William who is staunchly loyal to the cause of Scottish independence but who also has promised he'll never take up arms against her family, Meg Murray learns two things: first, Will's word is his bond; second, her favorite brother is spying on Douglas for Hotspur. As Sir Will faces the dilemma of honoring his word to the unscrupulous Murray without betraying Douglas, Meg must choose between betraying the husband with whom she is rapidly falling in love, or betraying her own family and best-loved brother.

Border Lances

In the wake of the EU referendum, the United Kingdom's border with Ireland has gained greater significance: it is set to become the frontier with the European Union. Over the past year, Garrett Carr has travelled this border, on foot and by canoe, to uncover a landscape with a troubled past and an uncertain future. Across this thinly populated line, travelling down hidden pathways and among ancient monuments, Carr encounters a variety of characters who have made this liminal space their home. He reveals the turbulent history of this landscape and changes the way we look at nationhood, land and power. The book incorporates Carr's own maps and photographs.

Tempted by the Border Captain (Fast Fiction)

"Nell, I'm growing powerful fond of you." "So you must be, Master Joe, if often telling makes it true." The girl spoke simply, and with an absence of that roguishness which was characteristic of her. Playful words, arch smiles, and a touch of coquetry had seemed natural to Nell; but now her grave tone and her almost wistful glance disconcerted Joe. During all the long journey over the mountains she had been gay and bright, while now, when they were about to part, perhaps never to meet again, she showed

him the deeper and more earnest side of her character. It checked his boldness as nothing else had done. Suddenly there came to him the real meaning of a woman's love when she bestows it without reservation. Silenced by the thought that he had not understood her at all, and the knowledge that he had been half in sport, he gazed out over the wild country before them. The scene impressed its quietness upon the young couple and brought more forcibly to their minds the fact that they were at the gateway of the unknown West; that somewhere beyond this rude frontier settlement, out there in those unbroken forests stretching dark and silent before them, was to be their future home. From the high bank where they stood the land sloped and narrowed gradually until it ended in a sharp point which marked the last bit of land between the Allegheny and Monongahela rivers. Here these swift streams merged and formed the broad Ohio. The new-born river, even here at its beginning proud and swelling as if already certain of its faraway grandeur, swept majestically round a wide curve and apparently lost itself in the forest foliage.

Romantic Border Crossings participates in the important movement towards 'otherness' in Romanticism, by uncovering the intellectual and disciplinary anxieties that surround comparative studies of British, American, and European literature and culture. As this diverse group of essays demonstrates, we can now speak of a global Romanticism that encompasses emerging critical categories such as Romantic pedagogy, transatlantic studies, and transnationalism, with the result that 'new' works by writers marginalized by class, gender, race, or geography are invited into the canon at the same time that fresh readings of traditional texts emerge. Exemplifying these developments, the authors and topics examined include Elizabeth Inchbald, Lord Byron, Gérard de Nerval, English Jacobinism, Goethe, the Gothic, Orientalism, Emily Dickinson, Walt Whitman, Anglo-American conflicts, manifest destiny, and teaching romanticism. The collection constitutes a powerful rethinking of the divisions that continue to haunt Romantic studies.

Hope returns to all dragonkind as enemies become allies and lovers. As a young widow, Adora raised her daughter by herself, never dreaming that love could cross her path again. But now that her girl is married to a pair of dragon knights, Adora's eyes are opened to all the possibilities the Border Lair has to offer, including two handsome men who catch her eye. Lord Darian Vordekrais is about to turn traitor, giving up his title, his lands, and his home in order to warn the dragons and knights of his treacherous king's evil plan. But after he meets the beautiful widow, his sacrifice seems worth the cost. Meanwhile, Darian's old friend Sir Jared, who lost his first wife and child to treachery, is shaken by his own intense attraction to Adora. But Jared's broken heart is frozen in solid ice. Or is it? As war looms on the horizon, the knights and dragons of the Border Lair rise to the occasion. New allies rally to their side, and romance blossoms and grows even as evil invades the land. With any luck, it will also land her application in the "accepted" pile at a top-tier medical school. But as soon as she steps off the plane, Annie realizes her bug spray, feeble Spanish, and medical supplies won't help her deal with her new feelings for Felipe—her best friend's older brother, who's much hotter than she remembers, and who also happens to be the doctor in charge of the trip. Gawking "volun-tourists" may keep his family's medical clinic afloat, but Dr. Felipe Gutierrez doesn't have to like them. Return of the Border Warrior

For over 150 years, borderland authors from both Mexico and the United States have developed novels which owe their narrative power to compelling relationships between literary constructions of space and artistic expressions of conflicts, characters, and cultural encounter. This study explores those relationships by analyzing representations of the spaces in which characters function—whether barrio, ballroom, or border city as well as the places characters inhabit relative to the border-occupying native or foreign territory, traveling temporarily, or settling permanently. Concomitant with close attention to the conceptualization of space in border literature is a foregrounding of the genres that border writers employ, such as historical romance and the Hispanic bildungsroman, as well as the literary traditions from which they draw, such as travel narratives or utopian literature. Assessing geopoetics in border writing from the Mexican American War to the present, including writers such as Helen Hunt Jackson, Jovita Gonzalez, Ernesto Galarza, Americo Paredes, Harriet Doerr, Cormac McCarthy, Leslie Marmon Silko, and Miguel Mendez provides a paradigm for tracing the development and changes in individual responses to this space as well as a broad range of responses based on class and gender. This corpus of literature demonstrates that the various ways in which characters respond to cultural encounter—adapting, resisting, challenging, sympathizing—depends on artistic rendering of spaces and places around them. Thus, the central argument of this project is that character responses to cultural encounters arise out of geopoetics—the artistic expression of space and place—from the earliest to the most recent border narratives.

Cavanagh, Forest Ranger

Cavanagh, Forest Ranger by Hamlin Garland is the story of Lee Virginia Wetherford in the new West and the various cowboys and shenanigans she meets with in Sulphur City. Excerpt: "Lee Virginia Wetherford began her return journey into the mountain West with exultation. From the moment she opened her car window that August morning in Nebraska, the plain called to her, sustained her illusions. It was all quite as big, as tawny, as she remembered it—fit arena for the epic deeds in which her father had been a leader bold and free. Her memories of Roaring Fork and its people were childish and romantic."

The Lone Star Ranger

A thought kept repeating itself to Duane, and it was that he might have spared himself concern through his imagining how awful it would be to kill a man. He had no such feeling now. He had rid the community of a drunken, bragging, quarrelsome cowboy. When he came to the gate of his home and saw his uncle there with a mettlesome horse, saddled, with canteen, rope, and bags all in place, a subtle shock pervaded his spirit. It had slipped his mind—the consequence of his act. But sight of the horse and the look of his uncle recalled the fact that he must now become a fugitive. An unreasonable anger took hold of him. "The d-d fool!" he exclaimed, hotly. "Meeting Bain wasn't much, Uncle Jim. He dusted my boots, that's all. And for that I've got to go on the dodge." "Son, you killed him—then?" asked the uncle, huskily. "Yes. I stood over him—watched him die. I did as I would have been done by." "I knew it. Long ago I saw it comin'. But now we can't stop to cry over spilt blood. You've got to leave town an' this part of the country." "Mother!" exclaimed Duane. "She's away from home. You can't wait. I'll break it to her—what she always feared."

Cavanagh, Forest Ranger

New park ranger Daphne Baum is a reformed good girl. Breaking free from her overbearing family as soon as she turned eighteen, she's been on her own ever since. The life of a park ranger, moving from park to park, suits her just fine. Though still a rule follower, she's okay with a little sin in her life. Every generation of Hill men has its black sheep. The general consensus among the family is that Odin Hill is the lucky bastard this go around. At seventeen, he blew out of town like an angry tornado only to return fifteen years later withdrawn and secretive. Living like a recluse in the hollows in the Smoky Mountains, he's happy to keep to himself and is content to let locals believe he's the town weirdo. Odin prefers the company of his pet pig to the nosy citizens of Green Valley. When Daphne discovers Odin might be committing nefarious deeds on park land, she vows to find out the truth behind the handsome, yet chaotic, loner. Will the stranger help the ranger discover the difference between being good and doing the right thing? Or will they find themselves on opposites sides of love? 'Stranger Ranger' is a

full-length contemporary romance, can be read as a standalone, and is book #2 in the Park Ranger series, Green Valley World, Penny Reid Book Universe.

The Ranger's Forgiveness

A man of few words, Ranger Jay Daniels values the calm, quiet solitude of the Great Smoky Mountains. Never quite fitting in with either side of his family, he prefers the company of birds and trees to people. Yeah, he'd most definitely prefer a bird—any bird, any bird at all, take a vulture for instance—to the human-tornado hybrid that just blew onto his peaceful stretch of the Appalachian Trail. The path of true love never has run smooth for Olive Perry. After getting dumped and promptly abandoned in the middle of her multi-month hike, Olive swears off men. Determined to finish the long trek by herself, she doesn't need a prince—or broody and taciturn ranger—to save her. Yet, when an early snowstorm threatens the mountains, and Ranger Daniels is charged with getting hikers to safety, that includes hot-tempered Olive Perry. Snowed in and forced to share an abandoned cabin, can Olive's heated intensity melt Jay's cool reserve? And if so, will this happy trail lead to true love? Or will their time together be just another bump in the road? 'Happy Trail' is a full-length contemporary romantic comedy, can be read as a standalone, and is book#1 in the Park Ranger series, Green Valley World, Penny Reid Book Universe.

The Lone Star Ranger

In Zane Grey's only Western told from the first person perspective, a U.S. Deputy Marshall helps legendary Texas Ranger Vaughn Steele to clean up the lawless town of Fairfield. Though the town's mayor is in cahoots with a band of outlaws, Steele falls in love with his daughter and the Marshall falls in love with his niece. An unusual psychological depth sets this tale apart from the majority of Westerns... Pearl Zane Grey (January 31, 1872 - October 23, 1939) was an American author and dentist best known for his popular adventure novels and stories associated with the Western genre in literature and the arts; he idealized the American frontier. *Riders of the Purple Sage* (1912) was his best-selling book. Early life Pearl Zane Grey was born January 31, 1872, in Zanesville, Ohio. His birth name may have originated from newspaper descriptions of Queen Victoria's mourning clothes as "pearl grey." He was the fourth of five children born to Alice "Allie" Josephine Zane, whose English Quaker immigrant ancestor Robert Zane came to the North American colonies in 1673, and her husband, Lewis M. Gray, a dentist. His family changed the spelling of their last name to "Grey" after his birth. Later Grey dropped Pearl and used Zane as his first name. He grew up in Zanesville, a city founded by his maternal great-grandfather Ebenezer Zane, an American Revolutionary War patriot, and from an early age, he was intrigued by history. Grey developed interests in fishing, baseball, and writing, all of which contributed to his writing success. His first three novels recounted the heroism of ancestors who fought in the American Revolutionary War. As a child, Grey frequently engaged in violent brawls, despite (or because of) his father's punishing him with severe beatings. Though irascible and antisocial like his father, Grey was supported by a loving mother and found a father substitute. Muddy Miser was an old man who approved of Grey's love of fishing and writing, and who talked about the advantages of an unconventional life. Despite warnings by Grey's father to steer clear of Miser, the boy spent much time during five formative years in the company of the old man. Grey was an avid reader of adventure stories such as *Robinson Crusoe* and the *Leatherstocking Tales*, as well as dime novels featuring Buffalo Bill and "Deadwood Dick." He was enthralled by and crudely copied the great illustrators Howard Pyle and Frederic Remington. He was particularly impressed with *Our Western Border*, a history of the Ohio frontier that likely inspired his earliest novels. Zane wrote his first story, *Jim of the Cave*, when he was fifteen. His father tore it to shreds and beat him. Both Zane and his brother Romer were active, athletic boys who were enthusiastic baseball players and fishermen. Due to shame from a severe financial

setback in 1889 caused by a poor investment, Lewis Grey moved his family from Zanesville and started again in Columbus, Ohio. While his father struggled to re-establish his dental practice, Zane Grey made rural house calls and performed basic extractions, which his father had taught him. The younger Grey practiced until the state board intervened. His brother Romer earned money by driving a delivery wagon. Grey also worked as a part-time usher in a theater and played summer baseball for the Columbus Capitols, with aspirations of becoming a major leaguer. Eventually, Grey was spotted by a baseball scout and received offers from many colleges. Romer also attracted scouts' attention and went on to have a professional baseball career.

Review: *The Lone Star Ranger* User Review - Breanne - Goodreads I have a hard time resisting a good western, gunslinging, cowboy romance! It was written a while ago and has a lot of western stereotypes but it was one very pleasurable read! +++ Review: *The Lone Star Ranger* User Review - Jordan Kinsey - Goodreads I've finally figured out why it always takes me so long to finish a Zane Grey western - Grey crams so much into them that chronologically they read like a much longer book. This one covers a very long and complex story in a couple hundred pages. (From books.google.com)

Four years ago, I almost did lose it. Hiking the mountains of Colorado in December this year might have been tempting fate. I'd thought for a moment that maybe I was in Heaven, but no, I was just in a cabin in the woods with a man I'd only thought was dead. He wants to pick up where we left off like nothing has happened. But after all these years, all of these tragedies, I've learned to close myself off. And I don't know that I can just open myself up to pain like that again. Ranger's Wild Woman (Mills & Boon American Romance)

When I saved the little boy from falling off the bleachers at the aquarium, I never imagined it would change my life. But his three Army Ranger dads had other plans for me, and sometimes the best things in life come when you least expect. I never planned on being a nanny to the most adorable twins on the planet, just like I'd never dreamt of living with three ripped, beautiful soldiers-turned-mercenaries, constantly working out in their Southold mansion to keep their hard bodies in Army Ranger shape. Yet here I am, alone on Long Island and out of money for med school. So when a chance rescue affords me the opportunity to get back on my feet, I'm more than willing to take on the responsibility... and all the delicious fringe benefits that come with it. But the men are lonely too, and our attraction is overwhelming. Week by week I'm tempted by three shredded, ridiculously-trained bodies, until lines are crossed and inhibitions are dropped and I find myself in bed with all three of them. Regrets? Absolutely none. Only that I hadn't found this part of my life sooner. Liam is as physically flawless as he is sweet, while Duncan's bright smile and broad-shouldered humor masks a much darker secret. Julius is the powerful, deadly loner of the group - relieved from command for undertaking a vengeful, near-suicide mission. Together my new lovers form the upper echelon of a rogue mercenary company, operating out of Manhattan. But when an edgy, almost impossible task calls them, one by one, to the far side of the world? It could open the door to all new possibilities... or spell the end of everything we've built together. NANNY FOR THE ARMY RANGERS is a thrilling stand-alone Military Reverse Harem Romance filled with humor, action, and suspense. HEA guaranteed!

In The Garden Air

IN THE GARDEN AIR Dorothy used to hate the noise of lawnmowers starting up, like a kind of horticultural Mexican sound wave, but that was before Luke was the one in charge of the machine. Betsie used to hate the awful Valentine's gimmicks people used to impress friends and colleagues rather than showing their feelings to one special person. Actually she still dislikes those, but she loves the genuine sign of affection Tim gave her - almost as much as she loves the man himself. Maria is desperate for it not to rain, she'll die if it does, or at least thinks so. Suzie wants to gather those she cares about close to her as though assembling a posie and Hilary feels as though her new neighbours are like the lily of the valley creeping from their garden to hers; neither use nor ornament. Then they learn to look below the surface and see what's truly important. When Primrose retired, her colleagues showed they cared about her with gifts of primroses, items decorated in her favourite flowers, or in primrose yellow. Trudie was thanked, and maybe apologised to, with the purchase of flowers. For others the perfect way to get their message across is less obvious and they resort to sharp thorned roses, daisy chains or floral portraits. Gardens, plants and people all have their stories. Breathe in the garden air and let me tell you a few.

The Garden of Survival Algernon Blackwood THE PROMISE OF AIR The Promise of the Air ran through him like a strain of glad spring music. Man, he felt sure again, was a cosmic, not only a planetary, being. He could know the stars. The real self was of air....The Kingdom of Air is within us... Joseph Wimble is a vague sort of fellow, placid of temperament, indifferent to most things. His one passion is birds. So when he meets Joan, their courtship and marriage is at first full of air and fancy, and they take flight with it. But after Tom is born, and a daughter soon after, Joan comes back to Earth. But Joseph never does. His daughter, whom they also name Joan, is a creature of the air like he, and together they create their own language. Together they spread their wings and soar with the possibilities. THE GARDEN OF SURVIVAL There was a garden in my heart, and some one walked with me therein... Richard is composing a letter to his twin brother. It begins with the story of his brief marriage to the mysterious Marion, a woman who had touched his heart, but not his soul. After Marion's sudden death, Richard is left with a feeling of incompleteness, and so joins the army and goes off to Africa. There he serves many years, forgetting for awhile his life with Marion. His return to England is both familiar, and disorienting. For within him is the seed of a new understanding, a burgeoning feeling he can barely understand. Marion's final words, so long ago now, begin to haunt him. An epiphany is at hand. It begins with a walk in the garden... The English Flower Garden

Excerpt from The English Flower Garden and Home Grounds: Design and Arrangement Followed by a Description of the Plants, Shrubs and Trees for the Open-Air Garden and Their Culture This book is the muster of various once forlorn hopes and skirmishing parties now united with better arms and larger aims, and its beginnings may have an interest for others. I came to London just when the Royal Horticultural Society's garden at Kensington was being laid out, a series of elaborate patterns set at different levels, and the Crystal Palace, in its glory, was described by the Press of the day to be the most wonderful instance of modern gardening - water-temples, water-paths, vast stone basins and all the theatrical gardening of Versailles reproduced in Surrey. There was little or no reason admitted into garden design: the same poor imitation of the Italian garden being set down in all sorts of positions. If the place did not suit the style, the ground had to be bolstered up in some way so that the plan might be carried out - a costly way to get an often ridiculous result. The great writers of the past had laughed the carpenters rule out of the parks of England, and pictures arose where they were once

impossible; but the ugliness of the garden about the house was assumed to be an essential part of the thing itself, removing that for ever from the sympathies of artistic people. The flower garden planting was made up of a few kinds of flowers which people were proud to put out in thousands and tens of thousands, and with these, patterns, more or less elaborate, were carried out in every garden save the very poorest cottage garden. The Garden of Survival

This seminal study, written by Britain's best-known landscape historian, takes a chronological tour through British parks and gardens since Roman times. Each chapter introduces the characteristic features of parks and gardens in each period and explores the social and economic context for their construction. Chris Taylor then provides a detailed explanation of specific sites and draws on 100 aerial photographs to illustrate a new perspective on Britain's cherished parks and gardens.

English Flower Garden and Home Grounds; Design and Arrangement Followed by a Description of the Plants, Shrubs and Trees for the Open-air Garden and Their Culture

In the tradition of *The Botany of Desire* and *Wicked Plants*, a witty and engaging history of the first botanists interwoven with stories of today's extraordinary plants found in the garden and the lab. In *Paradise Under Glass*, Ruth Kassinger recounted with grace and humor her journey from brown thumb to green, sharing lessons she learned from building a home conservatory in the wake of a devastating personal crisis. In *A Garden of Marvels*, she extends the story. Frustrated by plants that fail to thrive, she sets out to understand the basics of botany in order to become a better gardener. She retraces the progress of the first botanists who banished myths and misunderstandings and discovered that flowers have sex, leaves eat air, roots choose their food, and hormones make morning glories climb fence posts. She also visits modern gardens, farms, and labs to discover the science behind extraordinary plants like one-ton pumpkins, a truly black petunia, a biofuel grass that grows twelve feet tall, and the world's only photosynthesizing animal. Transferring her insights to her own garden, she nurtures a "cocktail" tree that bears five kinds of fruit, cures a Buddha's Hand plant with beneficial fungi, and gets a tree to text her when it's thirsty. Intertwining personal anecdote, accessible science, and untold history, the ever-engaging author takes us on an eye-opening journey into her garden—and yours.

In a tour de force of science writing, Bodanis takes us through the daylight hours in an ordinary garden and introduces us to a Darwinian epic of survival played out invisibly around us and beneath our feet. The lively text is enhanced by state-of-the-art microphotography as in his acclaimed *The Secret House*, which *The New York Times* called "astounding".

In the course of acknowledging the effort and dedication that it takes for a community to transform a schoolyard from packed earth or asphalt to a living landscape, *A Breath of Fresh Air* discusses topics such as habitat rehabilitation, play gardens, and the need to reconnect children with nature. This beautifully designed book with stunning full-colour photography will inspire teachers and parents to look at and celebrate their schoolyards in a new light.

Grandma's Secret Garden was written at first for the entertainment of five granddaughters. It begins in a different parallel world. I became aware of it on a blustery night with the wind rattling the flu. I was beyond tired as my pain medication was not enough to help me rest. On this night, I met Meriah and her granddaughter, Air-y, both wind dancers. I enjoyed listening to them reminisce about Air-y's

growing-up years. That particular winter, I was privileged to many nights of listening and writing. Now I am privileged to share the first of many books.

People are becoming more aware of the environment and their impact on it. Over the past decades we have become an increasingly consumerist based society. From a world in which recycling was common, single use became the norm. This throwaway society is unsustainable. Sustainable gardening results in the creation of an environmentally friendly area in which natural predators thrive and soils are naturally replenished. Discover innovative and simple ways of recycling everything from water to materials in the garden. Practical examples show recycling in action turning unwanted items into useful features such as bottle edging, footpaths made from tyres, garden forks into table lamps, broken pottery to mosaics and tree roots into lush garden stumperies. Recycling, reusing and upcycling in the garden can make a difference helping you save money by using less water, making your own compost, choosing energy efficient equipment and by giving everyday items a totally new function. Instead of a throwaway society, we are increasingly looking at ways of reducing our use of increasingly scarce resources, turning plastic into paths, using solar energy and conserving water. Natural recycling of plant material and sustainable gardening is increasingly popular. This book helps search for creative ideas that can conserve resources, and save you money. Water is no longer cheap, so the book suggests many ways that you can re-use water and get free rainwater. The book helps you with places you may not think of looking for free and cheap material, such as reclamation yards, factories, restaurants and hospitals. Let your imagination run free without needing much skill and without breaking the bank.

A Breath of Fresh Air

The Secret Garden is a novel by Frances Hodgson Burnett. It was initially published in serial form beginning in 1910, and first published in its entirety in 1911. It is now one of Burnett's most popular novels, and considered a classic of English children's literature. Several stage and film adaptations have been made. Plot summary Mary Lennox is a troubled, sickly, and unloved 10-year-old girl born in India to selfish, wealthy British parents who never wanted her. She is primarily cared for by servants, who pacify her as much as possible to keep her out of her parents' way. She grows into a spoiled and selfish girl. Eventually, there is a cholera epidemic in India which kills Mary's parents and all the servants. Mary is discovered alive but alone in the empty house. She briefly lives with an English clergyman and his family and is then sent to Yorkshire, England, to live with Archibald Craven, an uncle she has never heard of let alone met, at his miserable, isolated mansion called Misselthwaite Manor. At first, Mary is her usual self, sour and rude, disliking her uncle's large house, the people within it, and, most of all, the vast stretch of moor, which seems scrubby and grey after the winter. She is told that she must stay confined to her two rooms and keep herself amused without much attention. Martha Sowerby, a good-natured maid, tells Mary a story of the late Mrs. Craven and how she would spend hours in a private walled garden growing roses. Mrs. Craven was killed when a tree branch fell on her in the garden, and the devastated Mr. Craven locked the garden and buried the key. Mary is piqued by this story and her ill manner begins to soften. Soon, she comes to enjoy the company of Martha, Ben Weatherstaff the gardener, and a friendly robin redbreast, to whom she assigns a human personality. Her appetite increases, the bracing air improves her health and she grows stronger as she plays by herself on the moor. Martha's mother buys Mary a skipping rope to encourage this, and Mary takes to it immediately. Mary occupies her time wondering about both the secret garden and the cries she hears at night. The servants claim not to hear the cries. As Mary is exploring the periphery of the gardens, her robin draws her attention to an area of turned-over soil. Mary finds the key to the locked garden, and eventually the door to the garden. She asks Martha for garden tools, which Martha sends with Dickon, her twelve-year-old brother. Mary and Dickon take a liking to each other, as Dickon has a kind way with animals and a good nature. Eager to absorb his gardening knowledge, Mary shared the secret of the garden with him. That night, Mary hears the crying again. She follows the noise, and to her surprise finds a small boy her age living in a hidden bedroom. His name is Colin. She soon discovers that they are cousins: he is the son of her uncle, his mother died when he was a baby, and he suffers from an unspecified spinal problem. Mary visits every day that week, distracting him from his troubles with stories of the moor, Dickon and his animals, and the garden. Mary finally admits she has access to the secret garden, and they decide Colin needs fresh air. Colin is put into his wheelchair and brought outside into the garden, the first time he has been outdoors for years. While in the garden, the

children are surprised to see Ben Weatherstaff looking over the wall on a ladder. Startled and angry to find the children there in Colin's mother's garden, he admits he believed Colin to be a cripple. Colin stands up from his chair and finds that his legs are fine, though weak from disuse for so long.....Frances Eliza Hodgson Burnett (24 November 1849 - 29 October 1924) was an English-American novelist and playwright.

Charles Walters, founder and long-time editor of *Acres U.S.A.*, the monthly journal of eco-agriculture, has revised and expanded his now classic text on the secrets that weeds reveal to us about our soil. For a thorough understanding of the conditions that produce certain weeds, you simply can't find a better source than this one -- certainly not one as entertaining, as full of anecdotes and home-spun common sense.

Grandma's Secret Garden

""If the world is to make great gardens again, we must both discover and apply in the changed circumstances of modern life the principles that guided the garden-makers in the Renaissance, and must be ready to learn all that science can teach us concerning the laws of artistic presentment."" -- Sir Robert Sitwell, "On the Making of Gardens," 1909, quoted by the author in his "Introduction" MORE THAN ORNAMENT Air conditioned villas in ancient Rome...windproofed, solar-heated stone seats for toasty-winter horizon-gazing in the Italian Renaissance...Peter the Cruel's self-heating outdoor walkway...cooling summertime chairs fashioned from earth, grass, and flowers, attended by butterflies and breezes, from classical gardens on Mediterranean islands. These are but a few of the wonderful historical finds Rome prize-winning landscape architect/artist Chip Sullivan uses to launch modern methods for modifying the climate in your own garden. For "Garden and Climate" brings you not only a beautifully illustrated tour of many of the greatest gardens of the past--from Babylon to Majorca--but also expert instructions for bringing elements from these immortal landscapes to your own backyard--for microclimate creation, temperature and humidity control no matter what the season, energy savings, and beauty, and yes, to serve the time-honored function of soothing your spirit and restoring your soul. From the inside flap: Not only the gardens of the Renaissance, but the gardens of ancient Greece and Rome yield up their secrets in this stunning tribute to the practical--as well as aesthetic and spiritual--virtues of landscape. Divided into sections on "Earth," "Fire," "Air," and "Water"--the four elements that traditionally explain the nature of reality--"Garden and Climate" shows you how great architects and designers of the past turned these elements to the creation of microclimates. With each ancient invention, you'll find suggestions, examples, and adaptations that work in modern gardens. You'll discover the importance and uses of fountains, allees, orientation to the sun, earthen seats, grottoes, sunken gardens, subterranean rooms, underground passages, outdoor paintings, boscoes, "hot seats," and more, from famous gardens such as those for the Capponi and the Medici. You'll discover how to create delightfully breeze-cooled bowers that invite escape from the August sun, and warm and cozy winter nooks that tempt you outside in January. Sullivan neglects no dimension of landscape. He takes you into the cool, fragrant--and sacred--gardens of ancient Persia, where meaning saturates beauty and pathways symbolize the acquisition of knowledge on the quest for wisdom. You'll also accompany Sullivan to the recessed, contemplative garden at the Villa Medici, where serenity was inspiration and invitation to an important literary circle of Italian Renaissance. You'll share Sullivan's perceptions as he pursues his quarry through the avenues of time, drawing original sketches from observation and redrawing ancient plans. As you travel from storied garden to immortal woods, you'll see how designers of old used the elements of nature to create and modify the climate, soothe the spirit, delight the eye, and serve that timeless objective of all garden designers--the encouragement of desire and love. More than merely an enticing, beautifully illustrated tour of the greatest gardens of all time (with keen attention to features used to create microclimates and practical suggestions for adapting the wonders of old to the needs of the new), "Garden and Climate" synthesizes all the virtues of gardens--metaphysical journey, the benefits of passive design, and the idea of garden as art--into one inspiring whole, interweaving proportion, function, and comfort. You cannot read this book without wishing you were in a garden. And, if you are the creator of one garden or many gardens, this book will be the source of a lifetime of inspiration.
