Further Experiences of an Irish R. M. - Scholar's Choice Edition

Dublin: Renaissance city of literature interrogates the notion of a literary 'renaissance' in Dublin. Through detailed case studies of print and literature in Renaissance Dublin, the volume covers innovative new ground, including quantitative analysis of print production in Ireland, unique insight into the city's literary communities and considerations of literary genres that flourished in early modern Dublin. The volume's broad focus and extended timeline offer an unprecedented and comprehensive consideration of the features of renaissance that may be traced to the city from the fifteenth to the seventeenth century. With contributions from leading scholars in the area of early modern Ireland, including Raymond Gillespie and Andrew Hadfield, students and academics will find the book an invaluable resource for fully appreciating those elements that contributed to the complex literary character of Dublin as a Renaissance city of literature.

For the same reason, I owe many thanks to my friend, Miss Taylor, of Dublin, who so patiently elucidated doubtful points of bibliographical interest, and to Mr. John Quinn, of New York, who generously gave me access to his rare collection of Irish books, at a time when no other sources of reference were at my disposal.
