The Girl Who Never Lived

I'm having a bad day. I've got OCD, I've been sat waiting to make an appointment for ages, and I've got a monstrous version of my Shadow sat next to me. I think this is going to get a lot worse before it gets better. Oh well everyone has problems. I'd better get on with this insanity business. The Girl Who Never Lived is narrated in the first person as the narrator finds himself going mad. Finding himself forced to deal with monstrous personifications of his own flaws and fears, he ends up delving deeper into a vicious world trying to find out why is here, and how he can make it go away. Desperate for life to return to normal he finds himself having to play hero in a story he doesn't understand. Faced with his own Shadow, long dead men, and Oblivion itself, he grows from a man outrunning the tragedy of his past into a confident if snarky hero. Willing to play along with the story, he begins to accept himself and face his past and find the girl who never lived. The story has other plans and plenty of villains and monsters. Not all stories have a happy ending, even if the narrator wants one. The Girl Who Never Lived is a novel of a dark world born from past tragedy inside the mind of an irreverent and unstable narrator who isn't above trying anything to force his happy ending. He shifts from honest horror to snide commentary. Even to the point disparaging his own heroism. Faced with a story desperately adjusting to combat its own creator, The Girl Who Never Lived is the story of the battles a man faces in his own mind.

The Girl Who Lived

Ten years ago, four people were brutally murdered. One girl lived. No one believes her story. The police think she's crazy. Her therapist thinks she's suicidal. Everyone else thinks she's a dangerous drunk. They're all right-but did she see the killer? As the anniversary of the murders approaches, Faith Winters is released from the psychiatric hospital and yanked back to the last spot on earth she wants to be-her hometown where the slayings took place. Wracked by the lingering echoes of survivor's guilt, Faith spirals into a black hole of alcoholism and wanton self-destruction. Finding no solace at the bottom of a bottle, Faith decides to track down her sister's killer-and then discovers that she's the one being hunted. How can one woman uncover the truth when everyone's a suspect-including herself? From the mind of Wall Street Journal bestselling author Christopher Greyson comes a story with twists and turns that take the reader to the edge of madness. The Girl Who Lived should come with a warning label: once you start reading, you won't be able to stop. Not since Girl on the Train and Gone Girl has a psychological thriller kept readers so addicted-and guessing right until the last page. Praise for Christopher Greyson's The Girl Who Lived Gold Medal Winner for Best Mystery/Thriller eBook of the Year - 2018 Independent Publisher Book Awards Winner Best Thriller - 2018 National Indie Excellence Awards Winner Best Thriller - 2018 Silver Falchion Award Killer Nashville Voted Most Loved Cover - NetGalley Readers Grab your copy of this highly-acclaimed thriller today!" Christopher Greyson has created a thriller on par with The Girl on the Train, only with more suspects, more danger, and more agony for the young heroine." - Killer Nashville "The plot turns come fast and furious... Sharp characters enmeshed in a mystery that, particularly in its final lap, is a gleefully dizzy ride." - Kirkus Reviews

The Girl Who Lived with the Indians

Sally rescued by the Comanche Indians, given the name Yacke-pete, finds herself adopted into a culture that lived in harmony with nature, honored the spirit, didn't believe in a punishing God, did not cover their nakedness and practiced polygamy. As a young maiden she falls in love with and is promised to Blue Sky, her Indian brother. When the soldiers find her, they insist on returning her to her white civilization. Forced back into her white world, she is always referred to as, the girl who lived with the Indians. She will never give up her love for her Comanche people, her wild free spirit and her Indian ways. She falls in love with and marries Martin a rancher, whom she will always love deeply, but Blue Sky is still her heart's love. Believing as her people that sex is a natural act shared between a woman and man, sometimes with feelings of love, sometimes with only the need for peace and comfort. She will try to divide her heart between the men she loves, but her heart cannot divide or subtract, it can only add and multiply. She believes, as the Indians that our life is decided by destiny, that we cannot fight it. It will lead us down a path that was decided before our birth into this world. We make choices but fate might turn it all around and lead us where we are to go. This is a historical romance based on true events; one woman torn between two cultures must follow her heart to determine whether her choices will decide her destiny.

We Have Always Lived in the Castle

A work of fantasy, *I Who Have Never Known Men* is the haunting and unforgettable account of a near future on a barren earth where women are kept in underground cages guarded by uniformed groups of men. It is narrated by the youngest of the women, the only one with no memory of what the world was like before the cages, who must teach herself, without books or sexual contact, the essential human emotions of longing, loving, learning, companionship, and dying. Part thriller, part mystery, *I Who Have Never Known Men* shows us the power of one person without memories to reinvent herself piece by piece, emotion by emotion, in the process teaching us much about what it means to be human.

A Strange World

If you're dead already, can you die again? Elspeth's been summoned from limbo. Her new assignment? Track down the culprit in the mysterious death of a student at Clearwell High. And incidentally, uncover the identity of the new drug dealer prowling the halls. Only one problem—the body she has to co-inhabit has a different agenda. Elizabeth just wants to be prom queen, marry Prince Charming, and graduate with perfect posture. Both girls, alive and dead, will have their separate worlds rocked before the killer is unveiled. Nothing is as it seems. No one can be trusted. Being dead has never been so dangerous.

The Argosy

Zoe Clark is back in Chicago, and she already wants to run. But she can never turn her back on her monstrous hometown again. Grief, technology, isolation, and emptiness keep her up at night. Or maybe it's the coffee. Her brain feels like a mosquito trapped in amber, ready to be found in 65 million years

by an enterprising paleontologist. Full of anxiety, humor, philosophy, and grief, *The Only Living Girl in Chicago* is a stunning coming-of-age novel, a later bloomer's bible in constant, dizzying motion.

Littell's Living Age

A Sassy Girl's Checklist for Living, Loving, & Overcoming

Once there was a redwood tree—one of the world's largest and tallest trees, and one of the oldest. And once, born nearly a thousand years after the tree first took root, there was a girl named Julia, who was called Butterfly. When exploring her beloved forest, Butterfly wandered into a grove of ancient trees. One tree had broken branches and a big blue "X" on the side. It was going to be chopped down. Butterfly climbed up into the tree. A tree wouldn't be cut down if it had a person living in it. This is the story of Julia Butterfly Hill and Luna, the redwood tree she lived in for two years, never once coming down. That is, not until Luna's future was safe.

Littell's Living Age

In the early 1960's the Military knew they needed to develop a new method of intelligence gathering in locating the enemy in the jungles of Vietnam. Early attempts at developing a mobile method of interception and location of radio transmissions failed. Some successes occurred prior to the mid-1960's, but there was no large scale plan on how to develop this into a major project to help win the war in Vietnam. Approval comes in 1966 and the project is named Phyllis Ann. The author becomes a part of this project as a mission leader in the winter of 1968. This novel is based on his experiences both in Pleiku Vietnam and Misawa Japan during some of the most turbulent times in our history. The taking of the Pueblo, Russian bombers testing our defenses, and the secret war in Laos were all historical events this young airman was involved in.

A Girl's Guide to Successful Living

We see a short glimpse of Jackie's life both as a child and adult before a horrific accident almost takes her life. At that point we are catapulted back in time to the late 19th century. It is France, 1889, and Clarice, Jackie's great grandmother, is nine years old. A series of events change the course of young Clarice's life. Betrayal and intrigue surround the murder of Clarice's very rich grandmother in Paris, and shortly thereafter, a mysterious explosion on the train taking them to their summer home kills her parents. She is hunted by the men responsible and who, believing part of the fortune still exists in Switzerland, are determined to take everything. Leaving the orphanage at eighteen, Clarice is bent on revenge. Who murdered her family and why? Who can she trust? Pulled into the seamy side of Paris's nightlife and risking her soul, she falters and later seeks redemption. Along the way, she falls in love with the one man who holds the key to the mystery.

The Only Living Girl in Chicago

Sara Meredith is a mother of 4 beautiful healthy girls. Her third daughter, Livvy was born healthy and developed well until just after twenty months. To Sara's horror, Livvy developed symptoms like having Cerebral Palsy, Epilepsy, Autism and Parkinson's disease all rolled into one. If you can picture this, you are close to understanding what she had to endure. She didn't just have the problems with her joints. She didn't just have epilepsy. She didn't just have breathing problems. She didn't just have feeding issues. She didn't just have communication issues. She had them all. This is the amazing story of a little girl with attitude, a mother's fight to get a correct diagnosis and support. This is about Rett Syndrome which almost exclusively grips girls. This may be the worst illness which you have never heard of and one the entire medical world should know about, but still many know nothing. Rett Syndrome has been described as, the lights are on, somebody is at home, but they can't get out. In purchasing this book, you are helping all little girls with Rett Syndrome as the profits will be funding the work underway to find a cure at www.reverserett.org.uk This is not a book about disability, it is also about ability. Every child has potential and Sara maximizes the quality of each day of Livvy's life. Parts of this book are tearfully happy, and some are tearfully funny. Some sections are brutally harrowing. The end, however, is both humbling and inspirational.

Littell's Living Age

She was a brilliant young scientist with information locked in her head that could overturn the powers that be. He was an aristocrat from a foreign land whose heart had grown cold from years of meeting women with an agenda. Their love would take time to form, but would one day burn brighter than a thousand stars. But after the flames of infatuation burned out, what would pull a rocket scientist and an oil baron together?

The Living Age

'It all happened so quickly. One minute I was squatting on the bare earth, preoccupied with popping pea pods. The next, I saw the flash of a black hand and white cloth, and before I even had a chance to cry out it had sailed towards my face, and completely covered it . . .' In 1954, in a remote South American village, a four-year-old girl was abducted and then abandoned deep in the Colombian rainforest. So begins the incredible true story of Marina Chapman, who went on to spend several years alone in the jungle, her only family a troop of capuchin monkeys. Using instinct to guide her, she copied everything they did and soon learned to fend for herself. At around ten years old, a completely feral Marina was returned to civilisation by hunters, who sold her to a brothel. After being enslaved and beaten daily,

she escaped – to live the perilous existence of a Colombian city street kid. Marina's life as a wild child wasn't over. In some ways, it had only just begun. This is her astonishing story.

Munsey's Magazine

'A gripping new novel' HELLO! Magazine _____ London, 1960 The lives of teenage twins Maisy and Duncan change forever the night their sick mother is taken to an asylum. Sent to live in the New Forest with their cold-hearted grandmother, Mrs Mitcham, they feel unloved and abandoned. And when one day Duncan doesn't come home from exploring in the forest, no one - least of all his grandmother - appears to care about his disappearance. The police, who've found the bodies of other missing boys, offer little hope of finding Duncan alive. Yet Maisy refuses to give up. Though she doesn't know the woods well, she knows someone who does. The strange old woman who lives at their heart. Dare Maisy enlist the help of the woman in the wood? _____ 'A real page-turner, a family story that is multi-layered just as you'd expect from Lesley Pearce, who is deservedly one of the world's favourite story tellers' My Weekly 'Characters it is impossible not to care about . . . this is storytelling at its very best' Daily Mail
