### Trunk Tales Updated

Trunk Tales is a collection of stories called to mind by memorabilia found in an old trunk left unopened for over fifty years. The photographs, records of tobacco crops, tax bills, the original deed for the home place, along with other items brought memories of stories the author would like to share with her readers

### Trunk Tales

Trunk Tales is a collection of stories and happenings that were called to mind by memorabilia found in an old trunk left unopened for over fifty years. The photographs of family members long gone, receipts for crops, tax bills, and the original deed to the old homeplace brought back memories that need to be preserved for future generations. The basic facts are true with some embellishment for the readers interest. It is with pride and pleasure that I share these treasures from the trunk.

### Lost Tales and Trunk Stories

13 short stories from the fantasy author of The Darkbow Collection and The Ursia Chronicles. Here can be found tales of fantasy, as well as a touch of horror and science fiction, along with a few stories of everyday people facing harsh circumstances, tales early from this author's writing career, tales that are not perfect, but pose questions and matters of which to think.

## A Trunk Full of Tales

On the death of his father, who was a rich merchant, the son inherited a vast fortune, which he quickly spent. He found himself alone with nothing except the dressing gown on his back and the slippers on his feet. A friend offered him a trunk and advised him to leave. But, this was a special trunk – it could fly! So, the young man decided to go to Turkey, where his dress would not be noticed, but that was just the beginning of his adventure. Hans Christian Andersen (1805-1875) was a Danish author, poet and artist. Celebrated for children's literature, his most cherished fairy tales include "The Emperor's New Clothes"

## The Santa's Great Treasure Chest: 450+ Christmas Novels, Tales, Carols & Legends

This is a collection of trunk tales. A trunk tale is a story which I dug out of my trunk. I wrote it years ago, it didn't get published, so I filed it away in my trunk and forgot about it. Recently I began winnowing my papers and found several that I think are not too bad. The first story, "Cheops," I first published as a stand alone short. It's now included. Cheops is an angry elephant, and you can't blame him. The other stories are a varied mix, from love to horror. I hope you will read them and decide they are not too bad. Steve

### The Flying Trunk

You see, there was a time when Elephant had no nose. He was big, he was clumsy and he was very, very SMELLY! Brilliantly colourful Tinga Tinga artwork tells the story of Elephant's transformation from a smelly, dirty beast with a short stubby nose into his glorious Tinga Tinga persona. Featuring the colourful cast of Tinga Tinga animals, when Elephant's nose gets 'snapped' by grumpy Crocodile it is stretched and stretched until it is a very useful long wiggly nose indeed! TERRUMPETT! Visit Tinga Tinga online [tingatingatales.com](http://tingatingatales.com)

### Cheops and Other Trunk Tales

Because of her curiosity about what the crocodile has for dinner, a little elephant and all elephants thereafter have long trunks.

### A Treasure Trunk of Tales

Hans Andersen's Fairy Tales. Second Series is a collection of fairy tales by Hans Christian Andersen. Andersen was a Danish author and poet mostly known for his fairy tales for children. Excerpt: "FAR away, in the land to which the swallows fly when it is winter, dwelt a king who had eleven sons, and one daughter, named Eliza. The eleven brothers were princes, and each went to school with a star on his breast and a sword by his side. They wrote with diamond pencils on golden slates and learned their lessons so quickly and read so easily that every one knew they were princes. Their sister Eliza sat on a little stool of plate-glass and had a book full of pictures, which had cost as much as half a kingdom. Happy, indeed, were these children; but they were not long to remain so, for their father, the king, married a queen who did not love the children, and who proved to be a wicked sorceress."

### Why Elephant Has a Trunk

A collection of frightening and fantastic tales that will take you to the hills of West Virginia, the idyllic fields of Ireland, the streets of New York and beyond. In these tales you will find terror and tragedy, fairies and the fantastic, and maybe a lesson or two, as well.

### How the Elephant Got Its Trunk

Orphaned at age one, Edgar Trunk has spent most of his ten years in a horrible sludge factory. Under the tutelage of Uncle Warnock, he has lived his life knowing only the joys of the occasional book (until Warnock finds and burns it) and the camaraderie of the lanky and awkward fellow Stewpot. But everything changes for Edgar when a mysterious knocking sound draws him into the maze of factory hallways and through a peculiar door, where an entire world of curiosities and adventure opens up before him. However, to realize his true destiny he will have to escape the terrifying evil force known only as IT and solve the mysteries of the factory before it is too late.

### A New Variorum Edition of Shakespeare: The winter's tale. 1898

The Attic Trunk is a collection of unusual stories designed to stimulate the reader's imagination. Written in an irreverent style, without regard to contemporary convention, its offbeat characters will make you laugh, cry, wonder, and perhaps stamp your feet in anger

### Hans Andersen's Fairy Tales. Second Series

'The Apothecary's Chest: Magic, Art and Medication' was a one-day symposium held at the University of Glasgow on November 24, 2007. The symposium called for a discussion on the evolution of the notions of mysticism, knowledge and superstition in the way they are intertwined in both science and the literary imagination in the figure of healers such as the apothecary, the alchemist, the shaman. There were three main areas of interest. The first involved traditional perceptions of physicians, who combined

knowledge and superstition and thus bordered, in their practices, on the sphere of the occult. The second theme, evolving from the first, proposed an inquiry of the overlapping interests and processes of science, magic and prophesy, as well as of the implications and consequences of a privileged access to medical knowledge, while the third subject of discussion concentrated on the development of the symbolism of the healer in literature, history, philosophy of science, anthropology, theology, film and art. The twelve papers included in this volume, papers presented by doctoral candidates and young scholars from across a range of geographical regions and disciplines, result in a collection of approaches to an investigative field with topics ranging from mystical traits of mundane materials to the origins of the occult and gender struggles. The thirteenth and final essay included in the volume, Professor Bill Herbert's 'From Mere Bellies to the Bad Shaman', is an exploration of the modern role of the contemporary poet in the form of an extended conversation initiated at the closing of the conference, when Professor Herbert was asked to combine a poetry reading with a few observations on the relationship between the poet and the shaman.

#### Tales from the Trunk

Jane Elton is left orphaned by both of her parents who die due to unpredictable ailments. After this traumatic experience, Jane is taken in by her selfish and overbearing aunt Mrs. Wilson's. Faced with a repressive Calvinism practiced by her aunt, and the conservative and rural mentality of her new New England home, Jane longs to break free. She grows up to be a beautiful young woman who catches the eye of many gentlemen lurking around Mrs. Wilson's residence. Still struggling to identify with who she really is, while constantly conflicting with her aunt, Jane chooses one of her wooers and marries him out of desperation, although her heart is with another man. Her struggles continue in form of a romantic triangle threatening to end fatally, with many other obstacles standing in the way of her happiness.

#### The Tale of Edgar Trunk - Book One

A collection of stories, some short, some long. 'American Connection' An unrequited love story. 'The Escape' Does the bright light spell safety or danger? 'Time Slip' Trapped by a change in time. 'Mind Games' A cruel trick of nature. 'The Premonition' Can a horoscope predict the future? 'Eavesdropping' Overheard on the bus 'I found a body on the road' 'Life in a Bottom Drawer' Life-story of a deceased couple evolves from items found in a chest of drawers. 'Doppelganger' Identity theft not always good face value. 'Is the grass greener?' Should she be happy with what she's got, or pursue her colleague's dream? 'The Runaway' Appearances can be deceiving, just like the defiant runaway, Katy.

### The Apothecary's Chest

American Fairy Tales is the title of a collection of twelve fantasy stories by L. Frank Baum, published in 1901 by the George M. Hill Company, the firm that issued *The Wonderful Wizard of Oz* the previous year. This volume contains 12 Fairy Tales from the author of the *Wizard of Oz* series of books. Inspired by Lang and the Brothers Grimm, Baum sought to create an American type of fairy tales, avoiding the usual violence and romance often found in these sort of stories. L. Frank Baum was doing well in 1901, better than ever before in his life. He had written two popular books, *Father Goose*: *His Book* and *The Wonderful Wizard of Oz*, and was determined to capitalize on this success. In addition to *American Fairy Tales*, Baum's *Dot and Tot of Merryland* and *The Master Key* appeared in 1901. Publisher George M. Hill sold the serialization rights to the twelve stories in AFT to five major newspapers, the *Pittsburgh Dispatch*, the *Boston Post*, the *Cincinnati Enquirer*, the *St. Louis Republic*, and the *Chicago Chronicle*. The stories appeared between March 3 and May 19, 1901; the book followed in October. The Box Of Robbers (excerpt) No one intended to leave Martha alone that afternoon, but it happened that everyone was called away, for one reason or another. Mrs. McFarland was attending the weekly card party held by the Women's Anti-Gambling League. Sister Nell's young man had called quite unexpectedly to take her for a long drive. Papa was at the office, as usual. It was Mary Ann's day out. As for Emeline, she certainly should have stayed in the house and looked after the little girl; but Emeline had a restless nature. "Would you mind, miss, if I just crossed the alley to speak a word to Mrs. Carleton's girl?" she asked Martha. "Course not," replied the child. "You'd better lock the back door, though, and take the key, for I shall be upstairs." "Oh, I'll do that, of course, miss," said the delighted maid, and ran away to spend the afternoon with her friend, leaving Martha quite alone in the big house, and locked in, into the bargain. The little girl read a few pages in her new book, sewed a few stitches in her embroidery and started to "play visiting" with her four favorite dolls. Then she remembered that in the attic was a doll's playhouse that hadn't been used for months, so she decided she would dust it and put it in order. Filled with this idea, the girl climbed the winding stairs to the big room under the roof. It was well lighted by three dormer windows and was warm and pleasant. Around the walls were rows of boxes and trunks, piles of old carpeting, pieces of damaged furniture, bundles of discarded clothing and other odds and ends of more or less value. Every well-regulated house has an attic of this sort, so I need not describe it. The doll's house had been moved, but after a search Martha found it away over in a corner near the big chimney. She drew it out and noticed that behind it was a black wooden chest which Uncle Walter had sent over from Italy years and years ago—before Martha was born, in fact. Mamma had told her about it one day; how there was no key to it, because Uncle Walter wished it to remain unopened until he returned home; and how this wandering uncle, who was a mighty hunter, had gone into Africa to hunt elephants and had never been heard from afterwards... - - - Lyman Frank Baum (May 15, 1856 – May 6, 1919), better known as L. Frank Baum, was an American author chiefly famous for his children's books, particularly *The Wonderful Wizard of Oz* and its sequels. He wrote a total of 14 novels in the Oz series, plus 41 other novels, 83 short stories, over 200 poems, and at least 42 scripts. He made numerous attempts to bring his works to the stage and the nascent medium of film; the 1939 adaptation of the first Oz book would become a landmark of 20th century cinema. His works anticipated such century-later commonplaces as television, augmented reality, laptop computers (*The Master Key*), wireless telephones (*Tik-Tok of Oz*), women in high-risk and action-heavy occupations (*Mary Louise in the Country*), and the ubiquity of advertising on clothing (*Aunt Jane's Nieces at Work*).

### A New England Tale (Romance Classic)

You have probably been accustomed to regard the war between England and her colonies in America as one in which we were not only beaten but, to some extent, humiliated. Owing to the war having been an unsuccessful one for our arms, British writers have avoided the subject, and it has been left for American historians to describe. These, writing for their own countrymen, and drawing for their facts upon gazettes, letters, and other documents emanating from one side only, have, naturally, and no doubt insensibly, given a very strong color to their own views of the events, and English writers have been too much inclined to accept their account implicitly. There is, however, another and very different side to the story, and this I have endeavored to show you. The whole of the facts and details connected with the war can be relied upon as accurate. They are drawn from the valuable account of the struggle written by Major Steadman, who served under Howe, Clinton, and Cornwallis, and from other authentic contemporary sources. You will see that, although unsuccessful,--and success was,

under the circumstances, a sheer impossibility,--the British troops fought with a bravery which was never exceeded, and that their victories in actual conflict vastly outnumbered their defeats. Indeed, it may be doubted whether in any war in which this country has been engaged have our soldiers exhibited the qualities of endurance and courage to a higher degree.

### A Trunk Full of Tales

A group of six animals are talking about their observations made at nightly visits to a huge grocery store while the elephant and sun are listening with surprise.

### Lost Tales and Trunk Stories

The conference was held in English, and all 45 papers are also in English, reflecting the goal of making the Danish writer better known and understood elsewhere in the world. Besides the plenary lectures, they cover biography, affinities, and influences; cultural history and reception; language, and style, translation; genre, poetics, and art; and interpretation, analysis, and text. There is no index. Distributed in the US by ISBS. Annotation copyrighted by Book News, Inc., Portland, OR

### Tales from Great-grandpa's Trunk

In this book of Intriguing stories, you'll find such thrilling tales as The Hand, where a recreational dive becomes a matter of surviving sharks below, and killers above. In another story, you'll discover how one man sets his sights on fortunes around the world, murders the victim and then plots with detailed intricacy the framing of an innocent fall guy. In Clackers, you'll find that a toy that was banned in the '70s haunts a man, and yet helps him. If you like Agatha Christie's Hercule Poirot, or A.E.W. Mason's detective, Hanaud, you'll enjoy Cobra's Demise, an intriguing mystery along the same lines. There are other tales here that will keep you up at night, including one man's obsession and terror at the opening of Esmirana's trunk. Think Alfred Hitchcock Presents . . . stories by Ruth Rendell, or Daphne de Maurier's book, Kiss Me Again Stranger (which includes the story The Birds). Hopefully you will lose sleep due to enjoyment as well as fear.

### HOW THE RAJA'S SON WON THE PRINCESS LABAM - A Fairy Tale from India

Charlie is dying to know what is in the huge heavy trunk that belongs to his strange neighbours. What are those bone-crunching sounds he can hear through the wall?

### Louisiana Folk-tales

Every one of us lives in a box. This box determines what we see and what we do not see. It tells us who to love and hate. What to fight for. How to live. Who we are. Our boxes -- the collection of stories we tell about ourselves and the world -- create the human drama. Whether you become a pawn in this drama or take control of your destiny depends on the ability to answer two questions: Why is my box the way it is? How can I transform it? By examining the forces that have shaped your most deeply held beliefs, this book challenges you to think outside the box that society has provided for you ... and begin writing your own story.

### The Great Fairy Tales Treasure Chest III

This book IS NOT MEANT to be a REPLACEMENT for Kipling's Original work - if you want that then please look elsewhere. It is primarily a beautifully illustrated picture book, with two full colour images on every page, for youngsters based on the Animated TV series adapted from Kipling's stories. It still stars the original Curious Elephant who is a typical youngster. Always curious about the world, always asking Who? Where? What? and When? Even though his questions bring him a bit of bother it all turns out for the better in the end. We hope this book will help keep that sense of wonder and fun alive ! The hand painted art work created for that series. originals can be seen on [www.graber-miller.com](http://www.graber-miller.com)
