The Secret in Their Eyes

Part haunting crime thriller, part love story, this brilliantly executed novel within a novel is the book on which the Oscar-winning best foreign film of the same name was based. But it stands alone as a gobsmackingly good read, reminiscent of another peerless Spanish tale, THE SHADOW OF THE WIND.

In Battle for Peace frankly documents Du Bois's experiences following his attempts to mobilize Americans against the emerging conflict between the United States and the Soviet Union. A victim of

McCarthyism, Du Bois endured a humiliating trial—he was later acquitted—and faced political persecution for over a decade. Part autobiography and part political statement, *In Battle for Peace* remains today a powerful analysis of race in America.

Everything Dahl says can be applied in a fascinating way to the governing of any human enterprise involving more than one person—whether it is a nation-state, a political party, a business firm, or a university.

A Short History of Film, Third Edition

An informative in-depth look at the lives of several extraterrestrials (E.T.'s), Extraterrestrial Biological Entities (E.B.E.'s), and aliens, what their lives are like on their planets in their galaxies, what their spaceships are like, and how they are connected to us here on Earth. In addition, the book delves into how they are important to our religion and military strength. This novel also looks at some historical revelations, future predictions, and current happenings including an interesting collection of anecdotes regarding an ex-CIA agent who gets his wishes granted. It's the author's intention to, at the very least, bridge the gaps that exist between the religions of our generation. One gap is between our present long standing accepted knowledge of our concept of God, and our comprehensible real God. As well, a gap exists between how we are told we should interpret and demonstrate the meaning of God and how we show our faith and prove our belief in the living Creator. These are some things that the author thinks everyone needs to know about God, Satan, and UFOs. This book has been a long time in the making, twenty years, but somehow it still manages to remain ahead of its time, in most cases.

"Immanent Visitor is a triumphant procession of that hallucinated angel, Jaime Saenz, carried into English by Kent Johnson and Forrest Gander."—Eliot Weinberger "The appearance of Jaime Saenz in English is a major event for all of us who live and write within that language. In this authoritative selection and translation by Forrest Gander and Kent Johnson he enters the imagination of North America—a later but crucial member of the pantheon of west coast South American poets that includes Neruda, Vallejo, Huidobro, and Parra. The poetry is relentless and the genius of the man who made it inescapable. For a poetry of awakening and terror, this is the place to look."—Jerome Rothenberg "These poems in translation are a revelation, a masterful conceit. 'Reading Saenz we are struck awake into a surging, polyphonic language of unstable, rapid transitions,' the poet/translators say, and so it is: a plain of shifting verbal sands, Saenz unfolds in their hands. The poem and the reader are both

kept off-balance until they levitate into a trance, el momento of fusion where poetry begins. It is a great thing to witness this translation as event, the coming of Saenz into a new 'us,' a moment when poetry can be read as 'ours,' meaning 'north and south connected.' This is nuestra poesía."—Cecilia Vicuña, author of *The Precarious/Quipoem: The Art and Poetry of Cecilia Vicuña*

Sensible Ecstasy investigates the attraction to excessive forms of mysticism among twentieth-century French intellectuals and demonstrates the work that the figure of the mystic does for these thinkers. With special attention to Georges Bataille, Simone de Beauvoir, Jacques Lacan, and Luce Irigaray, Amy Hollywood asks why resolutely secular, even anti-Christian intellectuals are drawn to affective, bodily, and widely denigrated forms of mysticism. What is particular to these thinkers, Hollywood reveals, is their attention to forms of mysticism associated with women. They regard mystics such as Angela of Foligno, Hadewijch, and Teresa of Avila not as emotionally excessive or escapist, but as unique in their ability to think outside of the restrictive oppositions that continue to afflict our understanding of subjectivity, the body, and sexual difference. Mystics such as these, like their twentieth-century descendants, bridge the gaps between action and contemplation, emotion and reason, and body and soul, offering new ways of thinking about language and the limits of representation.

The latest in the Little Sister's Classics series resurrecting gay and lesbian literary gems: a viciously funny, shocking yet ultimately moving 1975 novel, an allegory of Franco's Spain, about a young gay man (the self-described "carnivorous lamb") coming of age with a mother who despises him, a father who ignores him, and a brother who loves him. Author Agustín Gómez-Arcos left his native Spain for France in the 1960s to escape its censorship policies. *The Carnivorous Lamb*, originally written in French, won the Prix Hermes, and this, its 1984 English translation, was widely acclaimed.

Finally available in paperback, one of the neglected masterpieces of Latin American literature -- an obsessive, yet lucid, exploration of the human body as a nexus of power and pleasure. Twenty-year-old René is sent to be groomed at a boarding school whose motto is: "Suffer in silence". It is there that his education in "the service of pain" begins.

Jaime Saenz is arguably the greatest Bolivian writer of the twentieth century. His poetry is apocalyptic, transcendent, hallucinatory, brilliant--and, until recently, available only in Spanish. Forrest Gander and Kent Johnson's translations of Saenz's work have garnered much-deserved attention and acclaim. Here for the first time in English they give us his masterpiece, *The Night*, Saenz's most famous poem and the last he wrote before his death in 1986. An unusual man, Saenz lived his whole life in La Paz, Bolivia, seldom venturing far from the city and its indigenous culture that feature so prominently in his writings. He sought God in unlikely places: slum taverns, alcoholic excess, the street. Saenz was nocturnal. He once stole a leg from a cadaver and hid it under his bed. On his wedding night he brought home a panther. In this epic poem, Saenz explores the singular themes that possessed him: alcoholism, death, nightmares, identity, otherness, and his love for La Paz. The poem's four movements culminate in some of the most profoundly mystical, beautiful, and disturbing passages of modern Latin American poetry. They are presented here in this faithful and inspired English translation of the Spanish original. Complete with an introduction by the translators that paints a vivid picture of the poet's life, and an afterword by Luis H. Antezana, a notable Bolivian literary critic and close friend of Saenz, this bilingual edition is the essential introduction to one of the most visionary and enigmatic poets of the Hispanic world.

Sacred Eroticism addresses a neglected chapter in Latin American literature, namely, the influence of Georges Bataille and Pierre Klossowski's atheist mysticism in the Latin American erotic novel of

thetwentieth century. Combining a Lacanian analytical framework with an(inter)textualist approach, Juan Carlos Ubilluz reveals how JulioCortazar, Salvador Elizondo, Mario Vargas Llosa, and Juan GarciaPonce adopted Bataille and Klossowski's aesthetic and philosophicalmodels as a point of departure to rearticulate the modern subject'sburied dimension of the sacred through various innovations on the eroticnovel's form.

Stories about Children

An irreverent and charming collection of deeply personal essays about the joys of low pop culture and bad taste, exploring coming of age in the 2000s in the age of Hot Topic, Creed, and frosted lip gloss—from the James Beard Award-nominated writer of the Catapult column "Store-Bought Is Fine" Tacky is about the power of pop culture—like any art—to imprint itself on our lives and shape our experiences, no matter one's commitment to "good" taste. These fourteen essays are a nostalgia-soaked antidote to the millennial generation's obsession with irony, putting the aesthetics we hate to love—snakeskin pants, Sex and the City, Cheesecake Factory's gargantuan menu—into kinder and sharper perspective. Each essay revolves around a different maligned (and yet, Rax would argue, vital) cultural artifact, providing thoughtful, even romantic meditations on desire, love, and the power of nostalgia. An essay about the gym-tan-laundry exuberance of Jersey Shore morphs into an excavation of grief over the death of her father; in "You Wanna Be On Top," Rax writes about friendship and early aughts girlhood; in another, Guy Fieri helps her heal from an abusive relationship. The result is a collection that captures the personal and generational experience of finding joy in caring just a little too much with clarity, heartfelt honesty, and Rax King's trademark humor. The primary focus of *Democracy in America* is an analysis of why republican representative democracy has succeeded in the United States while failing in so many other places. Also, Tocqueville speculates on the future of democracy in the United States, discussing possible threats to democracy and possible dangers of democracy. These include his belief that democracy has a tendency to degenerate into "soft despotism" as well as the risk of developing a tyranny of the majority. He observes that the strong role religion played in the United States was due to its separation from the government, a separation all parties found agreeable. Tocqueville also outlines the possible excesses of passion for equality among men, foreshadowing the totalitarian states of the twentieth century as well as the severity of contemporary political correctness.

Sacred Eroticism

Music is omnipresent in human society, but its language can no longer be regarded as transcendent or universal. Like other art forms, music is produced and consumed within complex economic, cultural, and political frameworks in different places and at different historical moments. Taking an explicitly spatial approach, this unique interdisciplinary text explores the role played by music in the formation and articulation of geographical imaginations--local, regional, national, and global. Contributors show how music's facility to be recorded, stored, and broadcast; to be performed and received in private and public; and to rouse intense emotional responses for individuals and groups make it a key force in the definition of a place. Covering rich and varied terrain--from Victorian England, to 1960s Los Angeles, to the offices of Sony and Time-Warner and the landscapes of the American Depression--the volume addresses such topics as the evolution of musical genres, the globalization of music production and marketing, alternative and hybridized music scenes as sites of localized resistance, the nature of soundscapes, and issues of migration and national identity.
