Through the Eyes of Rebel Women

THROUGH THE EYES OF REBEL WOMEN: The Young Lords, 1969-1976 is the first book about the experiences of the women members -- a "story within a story" told from the inside out. The Young Lords Organization emerged in New York in the late sixties to fight poverty, racial and gender inequality, and the colonial status of Puerto Rico. Women in the Young Lords organized to build a people's movement and fought the "revolution within the revolution" believing that women's equality was inseparable from the society's progress as a whole. Written and edited by Iris Morales, **THROUGH THE EYES OF REBEL WOMEN** consists of essays, interviews, and primary source documents. Morales chronicles the revolutionary rise of the Young Lords, the role and contributions of women, the opening of branches in Puerto Rico, and the group's demise. Personal interviews with former women members conducted for the film ¡Palante, Siempre Palante! The Young Lords have been edited for the book. Photographs of the Young Lords and articles written from 1969 through 1973 complete the volume. The entire narrative affirms that social movements do not develop in a vacuum but arise to spearhead solutions to the injustices occurring in society.

Rebel Women

This interwoven collection of short stories and sketches depicts the everyday lives of the suffragettes who bravely flouted political strictures and social norms in the early twentieth century in order to secure equal rights for themselves and for all women.

All the Rebel Women

On a bright day at the Epsom Derby, 4 June 1913, Emily Wilding Davison was hit by the king's horse in one of the defining moments of the fight for women's suffrage – what became known as feminism's first wave. The second wave arose in the late-1960s, activists campaigning tirelessly for women's liberation, organising around a wildly ambitious slate of issues – a struggle their daughters continued in the third wave that blossomed in the early-1990s. Now, a hundred years on from the campaign for the vote, fifty years since the very first murmurs of the second wave movement, a new tide of feminist voices is rising. Scattered across the world, campaigning online as well as marching in the streets, women are making themselves heard in irresistible fashion. They're demonstrating against media sexism, domestic violence and sexual assault, fighting for equal pay, affordable childcare and abortion rights. Thousands are sharing their experiences through the Everyday Sexism project, marching in Slutwalk protests, joining demonstrations in the wake of the Delhi gang rape, challenging misogynist behaviour and language, online crusaders and ordinary people organising for the freedom of women everywhere. Kira Cochrane's *All the Rebel Women* is an irrepressible exploration of today's feminist landscape, asking how far we have come over the past century – and how far there still is to go. Whether engaging with leading feminists, describing the fight against rape culture or bringing immediate, powerful life to vital theories such as intersectionality, *All the Rebel Women* binds everything together into one unstoppable idea. This is modern feminism. This is the fourth wave.

These selected paragraphs distill the contents and give you a quick look inside Rebel women: Look inside the book: You could not expect a magistrate, faced with something like forty cases, to stop and consider the terrible monotony of existence that had driven the little scullery-maid to be 'drunk and disorderly,' or the poor clerk to steal his employer's money, thinking to steal his happiness with it; or the lad with the jolly fearless face to beg in the streets because he was 'out of work'-at fifteen -or the boy, whose eyes were swollen with crying, to be so unmanageable that his father had to bring him to a place where no child should be, at an age when, in happier circumstances, he would be just starting for Eton with a prospect before him of unlimited opportunities²⁴ for 'ragging.' ...Looking round at that swaying, white-faced multitude, mad with a hero-worship that lost not a jot of its attraction in her eyes because for her there was no hero, the woman in the front row, who had never been to a political meeting before, felt a moment's amazement at her own temerity in coming there, alone with one other, to defy an enthusiasm that had all the appearance of invincibility.

Rebel Women (Classic Reprint)

Who is the iconic rebel? Is it a character from the legacy of James Dean or Clint Eastwood, or maybe a Beat Generation writer? Is it a woman? Modern pop culture and the media have distorted the notion of rebellion. Classic male rebels appear sexy, nomadic—naturally rebellious—while unorthodox women are reprimanded, made to fit unrealistic roles and body images, or mocked for their decadence and self-indulgence. In order to appreciate our legacy of female rebels—and create space for future cultural icons—the notion rebellion needs to be reevaluated. From Madonna and Marilyn Monroe to the reality TV stars and hotel chain heiresses of the twenty-first century, Hellions analyzes the celebration of pop culture icons and its impact on notions of gender. Looking at these past examples, Hellions expands upon the definition of rebellion and offers a new understanding of what would be considered rebellious in the celebrity-obsessed media culture of the twenty-first century.

Good Night Stories for Rebel Girls: 100 Tales of Extraordinary Women

A timely, beautiful and bold compendium of women around the world who said “time’s up” on inequality. Rule Breakers. Risk Takers. Rebel Women. Law Makers. This book is a celebration of women standing up, speaking out, and sticking together to battle inequality and win the vote. In January 2017, more than 3 million women around the world marched, demanding their voices be heard and their rights defended. *Rebel Voices* is a book about historical events, but truly for our times. It features the brave campaigners who fought for women’s right to vote. Discover that it was never illegal for women to vote in Ecuador, or how 40,000 Russian women marched through St. Petersburg demanding their rights. Find out how one Canadian woman changed opinions with a play, and Kuwaiti women protested via text message. And learn that women climbed mountains, walked a lion through the streets of Paris, and starved themselves, all in the name of having a voice. Tracing its history from New Zealand at the end of the 19th century, follow this empowering movement as it spread from Oceania to Europe and the Americas, then Africa and Asia up to the present day. Meet the women who rioted, rallied and refused to give up. Stunningly illustrated by Eve Lloyd Knight, this book celebrates the women who refused to behave, rebelling against convention to give women everywhere a voice. Rebel Voices

'They will have to choose between giving us freedom or giving us death' So said, in 1913, the brilliant orator and suffragette, Emmeline Pankhurst, just one of the inspiring women who won the vote for women. She remains a heroine for those determined to go to any lengths to change our world and one of those inspirational souls who feature in Rosalind Miles' gallery of famous, infamous and little-known rebels. We begin with the French Revolution when women took on the fraternal of man, then it's off to America to round up the rebels fighting side by side for freedom with their men, before heading back to Britain to witness the courage of the suffragettes. From Australia to Iceland, from India to China and from many other countries, we track women who - often at a very high cost to themselves - have stood up to age-old cruelties and injustices. Recording the important milestones in the long march of women towards equality through a colourful pageant of astonishing women, we chart the birth of modern womanhood. Women in sport, women in business, women in religion, women in politics and women in power - all female life is there. We end in the present day thrilled with what women have done - and can and will do. Give us Freedom is as brave and as brilliant as its heroines. Formerly published as Rebel Women

Rebel Women

This book examines the rise of feminism in the Young Lords Party from 1969 to 1972 and the factors that advanced or derailed it. Women joined the organization to fight for the rights of Puerto Ricans and the decolonization of Puerto Rico. Feminists brought attention to gender injustice, challenged sexist ideas and practices, and organized campaigns for reproductive rights, childcare, ending gender violence, and other issues. In this seminal period for US feminists of color, women in the Young Lords allied with African American, Latina, Indigenous, and Asian feminists to end poverty and racism, and bring about systemic change. The feminist herstories of the Young Lords Party provide a nuanced account of the organization. They document an overlooked chapter in Puerto Rican and women's social movement history, not just to interpret the past but also to shape the future.

Revisiting Herstories

The women in these stories did the unthinkable for their time: they followed their own paths, flouting convention and daring to break from the traditions of family and marriage. They chose a life outside the norm, a decision for which most paid dearly. Nell Shipman was overlooked because she was not as acquiescent as required; she opened an independent production company just when the major Hollywood studios began exerting their power. Isobel Gunn, once revealed to be a woman, lost her livelihood and her respectability. And almost everyone scorned Mother Caroline Fulham. In Rebel Women, you'll discover women who faced conflict, adversity and doubt to follow their dreams.

Inspired by actual events in 1969, this beautifully illustrated book tells the story of how people in East Harlem, New York united with the Young Lords Organization to spark positive neighborhood changes. Vicki and A Summer of Change! ¡Vicki y un verano de cambio! follows Vicki and Valentina, her older sister, who live in East Harlem/El Barrio. The streets are overrun with rotting garbage because sanitation trucks rarely pick up trash in the neighborhood. Children and adults are getting sick. Members of the Young Lords Organization, Puerto Ricans, Latinx, and African Americans, start sweeping the

streets. Valentina encourages Vicki to take part saying, "You're never too young to make a difference!" The sisters eagerly join their neighbors and discover that they can help change the world.

What did it mean to be a 'rebel woman' in the interwar years? Taking the form of a multiple biography, this book traces the struggles, passions and achievements of a set of 'fearlessly determined' women who stopped at nothing to make their mark in the traditionally masculine environments of mountaineering, politics, engineering and journalism. From the motorist Claudia Parsons to the 'star' reporter Margaret Lane, the mountaineer Dorothy Pilley and the journalist Shiela Grant Duff, the women charted in this book challenged the status quo in all walks of life, alongside writing vivid, eye-witness accounts of their adventures. Recovering their voices across a range of texts including novels, poems, journalism and diaries, *Rebel women between the wars* reveals their inch by inch gains won through courageous and sometimes controversial and dangerous actions.

The No.1 bestselling novel from one of Ireland's most loved writers! With the threat of the First World War looming, tension simmers under the surface of Ireland. Bright, beautiful and intelligent, the Gifford sisters Grace, Muriel and Nellie kick against the conventions of their privileged, wealthy Anglo-Irish background and their mother Isabella's expectations. As War erupts across Europe, the spirited sisters soon find themselves caught up in Ireland's struggle for freedom. Muriel falls deeply in love with writer Thomas MacDonagh, artist Grace meets the enigmatic Joe Plunkett - both leaders of 'The Rising' - while Nellie joins 'The Citizen Army' and takes up arms to fight alongside Countess Markievicz in the rebellion. On Easter Monday 1916, the Rising begins, and the world of the Gifford sisters and everyone they hold dear is torn apart in a fight that is destined for tragedy. _____ 'Engrossing' Sunday Times 'Marvellous ... A gripping read' Irish Independent 'Finally, women are being written back into the history of [Ireland's] awakening' Irish Mail on Sunday

Rebel Voices

The history of India's struggle for independence has often focused on nationalist leaders such as Gandhi, Nehru and Jinnah. Women have appeared merely as wives, sisters or daughters. Yet women were present at all levels of the struggle: as followers of Gandhi's great campaigns of civil Disobedience in the 1920s and 1930s; and as vigorous and outspoken campaigners for self-rule. Rozina Visram looks at the role of women in the struggle for independence from the British, as well as in their fight for equal rights and the vote. Largely through the eyes of Indian women, she examines their traditional role; their social and political awakening; and their active part in the political life of India and Pakistan before and since 1947. A chapter on rebel women also uncovers the terrorist activities of the determined minority of women advocating revolution.

Women in India and Pakistan

Nine women who have dedicated their lives to the struggle for social justice—movement leaders, organizers, and cultural workers—tell their life stories in their own words. Sharing their most vulnerable and affirming moments, they talk about the origins of their political awakenings, their struggles and aspirations, insights and victories, and what it is that keeps them going in the fight for a better world, filled with justice, hope, love and joy. Featuring Malkia Devich-Cyril, Priscilla Gonzalez, Terese Howard, Hilary Moore, Vanessa Nosie, Roz Pelles, Loretta Ross, Yomara Velez, and Betty Yu

Women Who Change the World

Visionaries, pioneers, activists and artists - women who made a difference to Australia An updated and condensed edition of Susanna de Vries' Great Australian Women, this is a celebration of women who broke the mould, crashed through the ceilings, and shaped the nation in the fields of medicine, law, the arts and politics. From Lillie Goodisson, pioneer of family planning, to Eileen Joyce, world-famous pianist, Enid Lyons, our first female cabinet minister, Stella Miles Franklin, who endowed our most celebrated literary prize, and Catherine Hamlin, who has given hope to thousands of women through her fistula hospitals in Africa, these are women who have made a difference. They are the women who helped to forge the Australia we know today.

The Nuyorican Poets Café has for the past forty years provided a space for multicultural artistic expression and a platform for the articulation of Puerto Rican and black cultural politics. The Café's performances—poetry, music, hip hop, comedy, and drama—have been studied in detail, but until now, little attention has been paid to the voices of its women artists. Through archival research and interview, Nuyorican Feminist Performance examines the contributions of 1970s and '80s performers and how they challenged the Café's gender politics. It also looks at recent artists who have built on that foundation with hip hop performances that speak to contemporary audiences. The book spotlights the work of foundational artists such as Sandra María Esteves, Martita Morales, Luz Rodríguez, and Amina Muñoz, before turning to contemporary artists La Bruja, Mariposa, Aya de León, and Nilaja Sun, who infuse their poetry and solo pieces with both Nuyorican and hip hop aesthetics.

Good Night Stories for Rebel Girls 2

With the rise of the militant suffrage movement, challenges to marriage and divorce laws and expanding opportunities for education and employment, the early years of the twentieth century constituted nothing less than a social revolution. Looking at a wide range of novels from this period, this book demonstrates how these changes rendered traditional fictional narratives based upon romance and marriage insufficient, and forced Edwardian novelists to develop innovative strategies to counter the limitations and ideological implications of those narratives. The original and provocative novels which resulted depict the experiences of modern women with unprecedented variety, specificity and frankness.

In a feat of extraordinary archival research Sheila Rowbotham uncovers six little-known women and men whose lives were both dramatic and startlingly radical. Rowbotham tells a story that moves from Bristol, Belfast and Edinburgh to Massachusetts and the wildernesses of California, showing how rebellious ideas were formed and travelled across the Atlantic. *Rebel Crossings* offers fascinating perspectives on the historical interaction of feminism, socialism, anarchism and on the incipient consciousness of a new sense of self, so vital for women seeking emancipation. Their influences ranged from Unitarianism, High Church Anglicanism, and esoteric spirituality through to Walt Whitman, William Morris, Edward Carpenter, Eleanor Marx, Peter Kropotkin, Benjamin Tucker, and Max Stirner. In differing ways they sought to combine the creation of a co-operative society with personal freedom, enhanced perception and loving friendships, experimenting with free love, rational dress, health diets and deep breathing. A work of significant originality in terms of historical scholarship, this book also speaks to the dilemmas of our own times.

Rebel Crossings

"At the beginning of the third decade of the twenty-first century, the Latino minority, the nation's biggest and fastest growing, is at a crossroads. Is assimilation taking place in ways comparable to previous immigrant groups? Are the links to the original countries of origin being redefined in an age of contested globalism? How are Latinos changing America and how is America chanting Latinos? The growth of Latino Studies as a discipline, which seeks to understand these questions and others, is one of the most exciting phenomena in the humanities in the last few decades. This collection of twenty-three essays and a conversation by leading and emerging scholars assesses the current state of the discipline, and contains chapters on the Chicano Movement, gender and race relations, changes in demographics, the tension between rural and urban communities, immigration, the legacy of colonialism, language identity and the controversy surrounding Spanglish, and meditations on popular culture and the lasting power of literature"--

This timely guide will help leaders of color succeed within white spaces while working to dismantle those spaces for a new system where they—and students—thrive. As a leader of color, what do you need to succeed in the systems that often have marginalized the populations you represent? What skills and support will help you to replace these existing systems with new ones that will better serve today's students? In *Leading Within Systems of Inequity in Education*, Mary Rice-Boothe addresses these questions with specific recommendations, outlining the “whys” and “hows” of 10 individual, interpersonal, and institutional competencies for leaders: 1. Demonstrate self-awareness. 2. Operate outside your comfort zone. 3. Practice love and rage. 4. Practice self-care. 5. Engage in authentic dialogue. 6. Attend to relationships. 7. Create a coalition. 8. Be patient but persistent. 9. Take a stand in pursuit of a liberatory education system even if it's unpopular. 10. Act to change systemic racism every day in policies, procedures, and systems. You will learn from the experiences and insights of equity officers and principals in districts of all sizes and explore key takeaways, reflection questions, and additional resources. Both inspiring and practical, *Leading Within Systems of Inequity in Education*

is an indispensable liberation guide for overcoming obstacles and creating the path to genuine equity in schools.

In early 2019, after three years of careful planning, Rahaf Mohammed finally escaped her abusive family in Saudi Arabia—but made it only to Bangkok before being stripped of her passport. If forced to return home, she was sure she would be killed, like other rebel women in her country. As men pounded at the door of her barricaded hotel room, she created a Twitter account. The teenager reached out to the world, and the world answered—she gained 45,000 followers in one day, and those followers helped her seek asylum in the West. Now, Rahaf Mohammed tells her remarkable story in her own words, revealing untold truths about life in the closed kingdom, where young women are brought up in a repressive system that puts them under the legal control of a male guardian. Raised with immense financial privilege, but under the oppressive control of her male relatives—including her high-profile politician father—Rahaf endured an abusive childhood in which oppression and deceit were the norm. Moving from Rahaf's early days on the underground online network of Saudi runaways who use coded entries to learn how to flee the brutalities of their homeland, to her solo escape to Canada, *Rebel* is a breathtaking and life-affirming memoir about one woman's tenacious pursuit of freedom.

Almost All Aliens offers a unique reinterpretation of immigration in the history of the United States. Setting aside the European migrant-centered melting-pot model of immigrant assimilation, Paul Spickard, Francisco Beltrán, and Laura Hooton put forward a fresh and provocative reconceptualization that embraces the multicultural, racialized, and colonially inflected reality of immigration that has always existed in the United States. Their astute study illustrates the complex relationship between ethnic identity and race, slavery, and colonial expansion. Examining the lives of those who crossed the Atlantic, as well as those who crossed the Pacific, the Caribbean, and the North American Borderlands, *Almost All Aliens* provides a distinct, inclusive, and critical analysis of immigration, race, and identity in the United States from 1600 until the present. The second edition updates *Almost All Aliens* through the first two decades of the twenty-first century, recounting and analyzing the massive changes in immigration policy, the reception of immigrants, and immigrant experiences that whipsawed back and forth throughout the era. It includes a new final chapter that brings the story up to the present day. This book will appeal to students and researchers alike studying the history of immigration, race, and colonialism in the United States, as well as those interested in American identity, especially in the context of the early twenty-first century.

Almost All Aliens

A collection of essays by many distinguished contributors, focused on the portrayal of rebel women in ancient Greek drama. Ancient Greek drama provides the modern stage with a host of powerful female characters who stand in opposition to the patriarchal structures that seek to limit and define them. For contemporary theatre directors their representation serves as a vehicle for examining and illuminating issues of gender, power, family and morality, as germane today as when the plays were first written. *Rebel Women* brings together essays by leading writers from across different disciplines examining the representation of ancient Greek heroines in their original contexts and on today's stage. Divided into three sections, it considers in turn international productions, Irish versions, and studies of the original texts. The articles explore how such characters as Iphigenia, Medea, Antigone and Clytemnestra have been portrayed in recent times and the challenges and provocation they offer to both contemporary audiences and dramatists alike. 'Seamus Heaney and Athol Fugard are brought together as contributors by the inspiration that ancient Greek tragedy has offered to them both. There are offerings here on Iphigenia, Medea, Antigone, Clytemnestra, film, drama, Greece, Russia ... and especially Ireland. Amidst all this variety, the level of interest and of scholarship are consistently high.' Oliver Taplin, Professor of Classical Languages and Literature, Oxford University

Damn' Rebel Bitches takes a totally fresh approach to the history of the Jacobite Rising by telling fascinating stories of the many women caught up in the turbulent events of 1745-46. Many historians have ignored female participation in the '45: this book aims to redress the balance. Drawn from many

original documents and letters, the stories that emerge of the women - and their men - are often touching, occasionally light-hearted and always engrossing.

Damn' Rebel Bitches

In 1992 Baton Rouge, a single rumor has the power to change a girl's life forever. When it comes to being social, Athena Graves is far more comfortable creating a mixtape playlist than she is talking to cute boys—or anyone, for that matter. Plus her staunchly feminist views and love of punk rock aren't exactly mainstream at St. Ann's, her conservative Catholic high school. Then a malicious rumor starts spreading through the halls...a rumor that her popular, pretty, pro-life sister had an abortion over the summer. A rumor that has the power to not only hurt Helen, but possibly see her expelled. Despite their wildly contrasting views, Athena, Helen, and their friends must find a way to convince the student body and the administration that it doesn't matter what Helen did or didn't do...even if their riot grrrl protests result in the expulsion of their entire rebel girl gang.

The Rebel of the Family (1880) is the first New Woman novel by Eliza Lynn Linton. Perdita Winstanley, the novel's protagonist, struggles to balance the competing demands of her snobbish, conservative mother and sisters, her radical friends in the women's rights movement, and an admirable but low-born chemist and his family. *The Rebel of the Family* also includes what is perhaps the first literary portrait of the late-Victorian lesbian community in London, featuring Bell Blount and her "little wife" Connie. This Broadview edition includes a critical introduction and appendices that help to set the work in its historical and literary contexts.

Latinas: Struggles & Protests in 21st Century USA is a timely collection of poetry and prose reflecting on lived experiences as women as well as by class, race, ethnicity, and immigration status. The anthology's 40 contributors are poets, activists, educators, artists, and journalists engaged in a variety of activities from workplace organizing to university teaching. They range in age from their twenties to their sixties and live in communities across the US. Together their writings open a window into Latina perspectives on contemporary socio-economic-political and cultural issues, activism, and imaginings for a more humane world. The anthology includes a mix of genres: poems, personal narratives, blog posts, letters, scholarly essays, artwork, mission statements, excerpts from plays, lyrics, and herstories, looking across time, generational and geographic boundaries. Each piece is unique. They illustrate both diversity and unity, and are most closely aligned with an understanding of feminism as a movement to end sexist oppression--both its institutional and individual manifestations. "This anthology is especially urgent in a moment marked by the "silence breakers" . . . and the simultaneous silencing of women of color within these narratives. Latinas, in particular, have much to teach us as we face escalated attacks on Latinx immigrants, the U.S.-fueled crisis in Puerto Rico, and the misogyny that guides legislation against health care." Dr. Deborah Paredez, Co-Director and Co-Founder of CantoMundo, Associate Professor of Professional Practice in the Writing Program at Columbia University, and author of *This Side of Skin* and *Selenidad: Selena, Latinos, and the Performance of Memory*.
