[#OTC derivatives](#) [#global derivatives market](#) [#over-the-counter market](#) [#financial derivatives trading](#) [#market risk management](#)

The global OTC derivatives market is a vast and complex segment of the financial world, dealing with financial instruments traded directly between two parties rather than through a formal exchange. This over-the-counter market facilitates various sophisticated transactions, playing a crucial role in risk management and speculation across international finance, encompassing a wide range of financial derivatives trading.
