The Tempest

The Tempest was first published in 1623 and is probably the last play Shakespeare wrote by himself. The product of his artistic maturity, it has inspired a variety of modern adaptations and remains one of his most popular plays. While its plot is fairly straightforward, The Tempest addresses numerous issues and topics current in the 17th century, such as magic and colonialism. Scholars, in turn, have responded by generating a vast body of criticism. This reference is a comprehensive guide to the play. The volume begins with a brief consideration of the play's textual history, followed by an evaluation of the merits of various modern editions. It then looks at some of Shakespeare's likely sources and influences, from classical literature to accounts of a 17th-century shipwreck. A chapter on the play's dramatic structure moves through the text and touches on issues raised in greater detail later in the book. The volume then studies some of the play's themes and summarizes how critics have responded to them. Finally, the book comments on the play's performance history and analyzes major productions.

Shakespeare's The Tempest

In the 400 years since The Tempest was first staged, millions of words have been written about it. Critics, directors and actors have interpreted it in widely different ways and developed theories ranging from the more-or-less plausible to the eccentric and the completely outlandish. It is undoubtedly one of Shakespeare's greatest plays, and as well as its bewitching music, its hallucinatory quality and its enchanted island setting, it contains some of Shakespeare's most beautiful poetry and most famous lines. From Caliban's "The isle is full of noises" to Prospero's "We are such stuff/As dreams are made on", The Tempest haunts our collective imagination. But what is it actually about? Is it about British colonialism, as so many modern critics, especially modern American critics, firmly maintain? Is it a Christian play? Or is it, as Sir Peter Hall believes, the "most blasphemous play Shakespeare wrote", about a "man on an island who's allowed to play God and who doesn't just dabble in witchcraft but actually performs it"? Is it an anti-feminist play, as some feminist critics believe? Or does it, on the contrary present a softer, more feminised view of the world than his earlier works? And what does The Tempest, the last play Shakespeare wrote on his own, tell us about his view of art, and of the human condition? This short guide, drawing on the most interesting and arresting criticisms of the play, explains the issues which have perplexed and divided scholars through the ages, and offers a bold, incisive and authoritative view of its own.

The Tempest

This edition of The Tempest provides a clear and authoritative text, edited to the highest standards of scholarship, and includes an in-depth survey of critical approaches to the play.

The Tempest

Reproduction of the original. The publishing house Megali specialises in reproducing historical works in large print to make reading easier for people with impaired vision.

edition. Excerpt: ...Miranda's character, in which tenderness and simple faith in good are throughout the leading notes. Notice her description of the vessel as " brave" and "good," and her instinctive confidence that it carried "noble creatures." 7. Who follows a neuter antecedent when it is personified, as here, " in her." II. or ere. The phrase is really pleonastic. Or represents E. E. wr, " before." As this meaning of or died out, it seems to have been combined with ere for the sake of emphasis. Cf. Abbott, 131. 13. freighting souls, the souls who composed the freight or freight. 14. piteous, pitying. 15. O, woe the day! Miranda, when she speaks these words, supposes not that the crew has escaped, but that her father counts their destruction " no harm." 19. Of whence. For this redundant phrase cf. Abbott, 179. more better. The double comparative is frequently used by Shakespeare. Cf. Abbott, 11. 20. full, completely. 25. Lie there, my art. Steevens quotes in illustration Fuller's anecdote about Lord Burleigh, Elizabeth's Lord Treasurer, who, " when he put off his gown at night, used to say, 'Lie there, Lord Treasurer.'" Voss aptly notices that " Shakespeare here very skillfully separates Prospero, the man, from Prospero, the magician. A magician, devoted body and soul to his art, can claim but little of our sympathy.... But Prospero's magic resides only in his mantle, staff, and book. Prospero himself remains akin to us." 26. wreck. The Ff here, and in lines 390, 414, 488, read wracke, which gives a far finer rhythm. 27. The very virtue of compassion, the very essence of compassion. 29-31. no soul... vessel. There is no necessity to alter the reading of the Ff; the sense is clear, though grammatically there is an anacoluthon. Prospero begins..."

Shakespeare's The Tempest

A new edition of The Tempest which brings alive the rich interpretative possibilities of this most popular play.

The Tempest

Believed to have been written between 1610 and 1611, "The Tempest" is likely the last play written solely by Shakespeare. The story concerns the Magician Prospero, the rightful Duke of Milan, and his daughter, Miranda, who have been stranded on an island by Prospero's jealous brother Antonio. The plot of "The Tempest" itself is however of less importance than in Shakespeare's other works. Supernatural elements are introduced with great freedom, and the dramatist's interest was clearly not in the reproduction of lifelike events. The presentation of character and the attractive picturing of the beauty of magnanimity and forgiveness are the things which, along with its delightful poetry, make the charm of this play. It is not to be wondered at that readers have frequently been led to find in the figure of the great magician, laying aside his robes and wonder-working rod in a spirit of love and peace toward all men, a symbol of the dramatist himself at the close of his great career; and it is surely legitimate to play with this idea without assuming that Shakespeare consciously embodied it. One can hardly conceive a more fitting epilogue to the volume which is the crown of the world's dramatic literature than the romance of "The Tempest". This edition is printed on premium acid-free paper, includes a preface and annotations by Henry N. Hudson, and an introduction by Charles H. Herford.

Shakespeare's The Tempest

"Shakespeare's valedictory play is also one of his most poetical and magical. The story involves the spirit Ariel, the savage Caliban, and Prospero, the banished Duke of Milan, now a wizard living on a remote island who uses his magic to shipwreck a party of ex-compatriots. This extensively annotated version of The Tempest makes the play completely accessible to readers in the twenty-first century." "Linguist and translator Burton Raffel offers generous help with vocabulary, pronunciation, and prosody and provides alternative readings of phrases and lines. His on-page annotations give readers all the tools they need to comprehend the play and begin to explore its many possible interpretations. Raffel provides an introductory essay, and in a concluding essay, Harold Bloom examines the characters Prospero and Caliban."--BOOK JACKET.

The Tempest

Honoring Shakespearean scholar Michael Neill, this eleventh issue of The Shakespearean International Yearbook brings together essays by a diverse group of writers, to examine Neill's extraordinary body of work, employing his many analyses of place as points of departure for new critical investigations of Shakespeare and Renaissance culture. It also challenges us to think about the conception of place implicit in the "International" of the Yearbook's title: the violence as well as calmness, the settling and unsettling, that has worked to produce—and still works to produce—the "global." Many of the essays

move out of early modern England, whether spatially (journeying to Ireland, India, Indonesia, Italy, Sudan, and New Zealand) or temporally (traveling to 20th- and 21st-century reproductions, rewritings, or reappropriations of Shakespeare and other texts). The volume concludes with an Afterword by Michael Neill. The Shakespearean International Yearbook continues to provide an annual survey of important issues and developments in contemporary Shakespeare studies across the world. Among the contributors to this volume are Shakespearean scholars from Italy, New Zealand, South Africa, UK, and the US.

Shakespeare's The Tempest

This issue marks the 10th anniversary of The Shakespearean International Yearbook. On this occasion, the special section celebrates the achievement of senior Shakespearean scholar Robert Weimann, whose work on the Elizabethan theatre and early modern performance culture has so influenced contemporary scholarship. Ten essays in this issue of Yearbook, including one by the honoree himself, focus on those aspects of Shakespearean studies which Weimann has impacted most profoundly: the idea and practice of a "popular tradition"

The Tempest

Shakespeare's Play of The Tempest

The Tempest is a comedy written by William Shakespeare. It is generally dated to 1610-11 and accepted as the last play written solely by him, although some scholars have argued for an earlier dating. While listed as a comedy in its initial publication in the First Folio of 1623, many modern editors have relabelled the play a romance.

The Tempest. Teacher's Guide

The Tempest is a play by English playwright William Shakespeare, probably written in 1610-1611, and thought to be one of the last plays that Shakespeare wrote alone.

The Tempest

Complete and unabridged paperback edition. The Tempest is a play by William Shakespeare, probably written in 1610-1611, and thought to be one of the last plays that Shakespeare wrote alone. After the first scene, which takes place on a ship at sea during a tempest, the rest of the story is set on a remote island, where the sorcerer Prospero, a complex and contradictory character, lives with his daughter Miranda, and his two servants -- Caliban, a savage monster figure, and Ariel, an airy spirit. The play contains music and songs that evoke the spirit of enchantment on the island. It explores many themes including magic, betrayal, revenge, and family. In act four, a wedding masque serves as a play-within-the-play, and contributes spectacle, allegory, and elevated language. Though The Tempest is listed in the First Folio as the first of Shakespeare's comedies, it deals with both tragic and comic themes, and modern criticism has created a category of romance for this and others of Shakespeare's late plays. The Tempest has been subjected to varied interpretations--from those that see it as a fable of art and creation, with Prospero representing Shakespeare, and Prospero's renunciation of magic signaling Shakespeare's farewell to the stage, to interpretations that consider it an allegory of European man colonizing foreign lands.
