Heart of the Hunter

Suspense fiction. Detective and mystery stories. The big man known as 'Tiny' has a past littered with violence and death. An assassin's past that he hopes never to face again. But when his best friend is kidnapped, Tiny suddenly finds himself on the back of a stolen motorbike, speeding away from his child and the woman he loves. Tiny has only 72 hours in which to deliver a computer disk that one group of people would kill to possess, and another would kill to destroy. If he fails, his best friend dies. HEART OF THE HUNTER is the tale of one man's struggle for survival against a corrupt government, a group of bloodthirsty killers and most of all, against his past.

Heart of the Hunter

A former assassin in post-apartheid South Africa is drawn back into his former profession in this "rip-roaring adventure" (The Washington Post). Six-foot five-inch Thobela "Tiny" Mpayipheli was once a feared freedom fighter, trained by the Stasi and KGB. Now, he's a family man working in a garage in post-apartheid South Africa. But when the daughter of one of Tiny's former associates comes to him with a desperate plea, he finds himself returning to his violent former life. With his old friend Johnny being held hostage, Tiny agrees to do whatever it takes to get him back safely. But as he races to the rendezvous point on a stolen BMW motorcycle, Tiny is trailed by several hostile forces, including South Africa's Presidential Intelligence Unit. And when his old training kicks in, his pursuers will learn what kind of man they're up against . . . With books published in twenty languages, Deon Meyer has established himself as one of the best crime writers in the world. In Heart of the Hunter, he has created a thriller "good enough to nip at the heels of Le Carré" (Kirkus Reviews). "This guy is really good. Deon Meyer hooked me with this one right from the start." —Michael Connelly, New York

Times—bestselling author of the Harry Bosch novels “A portrait of spy-world duplicity and a look at South Africa’s post-apartheid politics.” —The Washington Post “The dark, explosive side of Alexander McCall Smith’s Botswana books, as full of love for the vast beauty of the country but also riddled by the anger of South Africa’s recent racial and political struggles.” —Chicago Tribune “A brilliant American debut by Afrikaans writer Deon Meyer, uses political intrigue as the fuel for a fast-paced crime thriller.” —The Times-Picayune

Heart of the Hunter

With the publication of her first novel, *THE HEART IS A LONELY HUNTER*, Carson McCullers, all of twenty-three, became a literary sensation. With its profound sense of moral isolation and its compassionate glimpses into its characters' inner lives, the novel is considered McCullers' finest work, an enduring masterpiece first published by Houghton Mifflin in 1940. At its center is the deaf-mute John Singer, who becomes the confidant for various types of misfits in a Georgia mill town during the 1930s. Each one yearns for escape from small town life. When Singer's mute companion goes insane, Singer moves into the Kelly house, where Mick Kelly, the book's heroine (and loosely based on McCullers), finds solace in her music. Wonderfully attuned to the spiritual isolation that underlies the human condition, and with a deft sense for racial tensions in the South, McCullers spins a haunting, unforgettable story that gives voice to the rejected, the forgotten, and the mistreated -- and, through Mick Kelly, gives voice to the quiet, intensely personal search for beauty. Richard Wright praised Carson McCullers for her ability to rise above the pressures of her environment and embrace white and black humanity in one sweep of apprehension and tenderness. She writes with a sweep and certainty that

are overwhelming, said the NEW YORK TIMES. McCullers became an overnight literary sensation, but her novel has endured, just as timely and powerful today as when it was first published. THE HEART IS A LONELY HUNTER is Carson McCullers at her most compassionate, endearing best.

"Driven by his unfulfilled passions John Wilson could find no peace, in spite of his wealth, his talent, his fame as a Hollywood director. His safari in Africa was another move in his restless search for new sensations. Here at last he found a passion so primitive and elemental he could not control it. His veneer of civilization was stripped away and he came face to face with the dark secret in his evil, twisted soul.

Healing from Heartbreak

BOOK DESCRIPTION Sharon Webster's nightmare became her terrible reality the day her 17 year old estranged daughter landed in a locked psychiatric ward following her failed suicide attempt. Sharon saw it coming and desperately sought professional help. But, the Department of Children and Families failed to respond to her pleas for help, psychologists were unfamiliar with Julia's condition and Family Court actually enabled abusive manipulation by her ex-spouse. From the day she rejected her mother and walked from her home to live with her abusive father Julia felt perpetual guilt burn through her stomach

until it one day, three years later it exploded like a volcano. Julia sought relief through a failed suicide attempt that brought her to the care of Dr. Elizabeth Malone, herself a tortured psychologist committed to rescuing young victims of child abuse. Something unique about Julia haunts Dr. Malone and feeds the demons that have stalked her lonely nights and caused her to seek relief through amphetamine abuse. Yet, in Julia she sees hope, hope for her young patient and hope for herself. Can Malone and Julia rescue each other from the abyss and can Malone skirt the law to bring Julia's abusive father to justice? Inspired by true events, "Tears In The Rain" is a story about a terrible social epidemic that destroys uncountable lives every year but is largely unknown and little understood. It is also a story of the insidious strength of hate. Mostly, it is a story of love, the unbreakable, bond of a mother's love for her child. READERS' COMMENTS * "I couldn't put it down for a whole day. It's almost like it was word for word what happened to me 6 years ago...Thank you for giving me such insight..."...Karey Q. * "This book is a blockbuster! Could not put it down. Despite being at the depths of despair, in the face of adversity, there is always a belief for the promise of a hopeful future. This is a coming of age story with a difference. It's 35 year old single mother Mandy who is forced to mature and grow up quickly, by the time we reach the final chapters of this incredible chronicle that takes us from the blindness of naivety into pain, despair and eventually, at great cost, the maturity of hard-won wisdom. Set in the mid nineteen eighties in Edinburgh, a city dubbed as the drug's capital of Europe, a place where Mandy faces a mother's worst nightmare. The warning signs are staring her in the face, but at first she doesn't heed them. All she wants to do is love, nurture and protect her family, but despite all her efforts she has to stand by, watching helplessly as it fragments, and things fall apart. How does she bring things to a peaceful conclusion? Is it even possible?

From Heartbreak to Healing

We, the Mothers, are superhumans born on this planet. We nurture a new life within ourselves and then nurture a brand new human being throughout our life. It is often said that God cannot be everywhere and so he created mothers. A mother embodies love, sacrifice, patience, and strength in one person. While raising our child, we symbolize a blend of passionate sentiments, careful behavior, and beautiful sacrifice. We begin our journey of hope the moment the child makes his or her presence known in our womb. From then on, we take each step slowly, carefully, and cautiously, with the sole purpose of safeguarding our young one, who is more valuable to us than anything else! We are fearless and dare to take on the entire world to protect our children. We exude the purest kind of love and take any humiliation in stride, forgiving continually and silently enduring the anguish of rejection while returning the warm grin of affection no matter how much we are hurt. We may not be singers, but our lullabies are the sweetest; we may not be chefs, but no meal can compare to the deliciousness of what we cook; we may not be teachers, but the life lessons we deliver are unparalleled.

She found herself back in Melbourne at 37, single, heartbroken and living with her parents. Ally began dating with dedication, with sometimes hilarious and often soul-crushing results. Empty Cradle, Broken Heart

Becoming a Mother is the first book published in Ireland exploring the complexity of adoption from the perspective of an adoptive parent. It draws on a combination of seminal and modern texts and personal memoir to present a unique view of what it means to be an adoptive parent in Ireland today. The book has a particular focus on intercountry adoptive parenting, and also looks at adoption from the viewpoints of the adopted person and birth parent. A dearth of literature exploring adoption exists on Irish bookshelves. Becoming a Mother seeks to fill that void by exploring issues around the topic of adoption: the secrecy and silence that still pervades adoption, the primal desire to parent that drives adoptive parenting, the tumultuousness of search and reunion, and more. It includes shared experiences and tips on bonding with the adopted child as well as a look at parenthood for the adopted person. Becoming a Mother will be of interest to the estimated 10 per cent of the Irish population connected to adoption in some way, including the 5,000 children who were adopted from abroad. The book has been included as essential reading on preparatory courses for prospective adoptive parents and also on Barnardos' post-adoptive service reading list.
