A Billion Dollars in Blood Money

Keisha had just received a call from one of her warehouse employees informing her that two large crates had arrived and were awaiting inspection by her. Keisha replied, Im on my way, and hung up the phone. Keisha got out of her limo and her people led her to tha two large crates. And as soon as she saw them she said, Open em up. And as soon as they did Keisha saw Loco and his family inside of the crates, and didnt even flinch as she stared at their headless bodies and their heads. Keisha said to one of her guards. Hand me that bloody letter. And as soon as she had the letter she read it, balled it up, and threw it back inside tha crate. Keisha left the warehouse and got into her limo and called her Army base. On the third ring a male voice answered, Commander Hopkins. Keisha said, Commander Hopkins, this is Mrs. Washington. I need you to get some airstrike teams and some ground teams together for a mission that I need handled immediately. Keishas plans were to send two Steath bombers, four Harrier jets, and five thousand ground team soldiers to New Delhi and to wreck complete havoc on the ones responsible for the death of Loco and his family. Keishas final instructions to Commander Hopkins were, As as soon as tha Stealth bombers have dropped tha last of their bombs send in tha Harrier jets to assist tha ground team. And Commander, call me on my cell two minutes before they make it to their target. Keisha was sitting in her gazebo holding her daughter when her cell started ringing. And as soon as she answered it Commander Hopkins said, Our people are two minutes away from the target. And Keisha said, Good, and ended the call. Keisha scrolled through her list of numbers on her cell until she found the one she was looking for. Then with a smile that would scare Satan himself, she pressed the send button and waited for someone to answer...

Blood Money

Blood, Money, & Power exposes the secret, high-level conspiracy in Texas that led to President John F. Kennedy's death and the succession of Lyndon B. Johnson as president in 1963. Attorney Barr McClellan, a former member of L.B.J.'s legal team, uses hundreds of newly released documents, including insider interviews, court papers, and the Warren Commission, to illuminate the maneuvers, payoffs, and power plays that revolved around the assassination of Kennedy and to expose L.B.J.'s involvement in the murder plot. In addition to revealing new information, McClellan answers common questions surrounding the assassination of our thirty-fifth president. Who had the opportunity, motive, and means to assassinate J.F.K.? Who controlled the investigation and findings of the Warren Commission? This historically significant book is proof that absolute power, money, blood, corruption, and deception were at the heart of politics in the early 1960s, and it represents the very best investigative journalism has to offer.

Blood Money

As a television reporter for the '60 Minutes' programme, the author visited war-torn Somalia. She met David Morris, whose company was providing food for United Nations troops. He was later murdered by Moslem fundamentalist. This book tells the story of Morris, the war, and the United Nations in Somalia. Colour photographs are included.

Named a Best Book of 2018 by the Financial Times and Fortune, this "thrilling" (Bill Gates) New York Times bestseller exposes how a "modern Gatsby" swindled over \$5 billion with the aid of Goldman Sachs in "the heist of the century" (Axios). Now a #1 international bestseller, *Billion Dollar Whale* is

"an epic tale of white-collar crime on a global scale" (Publishers Weekly), revealing how a young social climber from Malaysia pulled off one of the biggest heists in history. In 2009, a chubby, mild-mannered graduate of the University of Pennsylvania's Wharton School of Business named Jho Low set in motion a fraud of unprecedented gall and magnitude--one that would come to symbolize the next great threat to the global financial system. Over a decade, Low, with the aid of Goldman Sachs and others, siphoned billions of dollars from an investment fund--right under the nose of global financial industry watchdogs. Low used the money to finance elections, purchase luxury real estate, throw champagne-drenched parties, and even to finance Hollywood films like *The Wolf of Wall Street*. By early 2019, with his yacht and private jet reportedly seized by authorities and facing criminal charges in Malaysia and in the United States, Low had become an international fugitive, even as the U.S. Department of Justice continued its investigation. *Billion Dollar Whale* has joined the ranks of *Liar's Poker*, *Den of Thieves*, and *Bad Blood* as a classic harrowing parable of hubris and greed in the financial world.

"Quiet Complicity provides for the first time a comprehensive accounting of the hidden role that the Canadian government played in Vietnam during the period 1945-1975. The result is a story of diplomatic skulduggery, ill-advised economic entanglement, and political duplicity. Through a detailed study of Canada's commercial ties to Southeast Asia, Levant argues convincingly that Canada had a definite and direct economic stake in the U.S. prosecution of the war. He shows how Canada placed its own assets-- including its aid program, its supply of French-speaking public servants, and its international reputation for peace-keeping-- at the service of the U.S. war machine. Based on a wealth of new research including access to government files and cables, *Quiet Complicity* is sure to become the definitive record of Canada's less than honourable role in the Vietnam War." --

Blood, Money and Greed

Investigative journalist Judith Reitman delivers the never-before-told story of the American Red Cross's fall from grace--an incredible account of gross mismanagement and shocking neglect. From the Red Cross's decision in 1983 not to use an HIV-screening test, to May 1993 when the FDA brought an unprecedented lawsuit against the organization and its president for thousands of violations of federal blood safety laws, this explosive true account exposes a system that is slowly killing the very people it has sworn to protect.

The Battle of Cable Street: Britain's fight against fascism - BBC News - The Battle of Cable Street:
Britain's fight against fascism - BBC News by BBC News 242,991 views 7 years ago 1 minute, 12
seconds - On this day 1936: The **Battle**, of Cable Street took place when Oswald **Mosley's**, fascists

were forced out of the east end of London.

Sir Oswald Mosley led the British Union of Fascists, known as the Blackshirts, on mass demonstrations.

Mosley admired Adolf Hitler and Benito Mussolini.

Fascist rallies often ended in violence.

After two years of marching into largely Jewish areas of the east end of London, the Battle of Cable Street broke out.

London Jews and Irish labourers attacked and turned back a fascist rally.

The men who did the street fighting, who led it, were the very flower of the English army.

Men, again, as I say, wearing every medal for gallantry and drawing to them similar men.

Fascism and Mosley's influence faded, as Britain moved slowly towards war.
