Indian Police and Miscarriage of Justice

Indian Police Act Came Into Existence In 1861. The Objectives Of The Act, Through Spelt Out Clearly In The Act, Are At Best Suspicious. For, The Law Was Enacted More For The Maintenance Of The British Domain In India Via Police Than Administration Of Fair Justice To The People. For, Wounded Justice Administration Has Been In Existence Ever Since The Indian Police Act - 1861 Came Into Force. Every Now And Then, Criticisms Are Levelled Against The Police And Against Police Strategies. Crimes Have Been Constantly On the Increase And Conviction Rate On The Decrease. The Story Of Indian Police Is A Story Of Wounded Justice Administration And It Can Be Injustice Or Miscarriage Of Justice (?) Police Became Unpopular With The Public And Popular With The Vested Interest. Justice Meant Goodness, Reighteousness And Truth For The British, But It Was Not So For Them For Indians. For, The British Never Wanted It To Be So In India. When India Became Independent, The British Left The Country And Democracy Was Established. In Indian Democracy, The Political Parties Which Came Into Power From Time To Time Ruled The Police Just Like The British Did Here. They Too Wanted To Maintain Their Domain Through The Police. In Order To Please The Government In Power, The Police Resorted To Everything And Ultimately, It Has Been Observed That The Police Failed To Administer Proper Justice To The People. Just Like The White Men Occupied Important Positions In Police During The Colonial Rule, Officers Who Are The Yes Man Of The Political Party In Power Occupied Strategic Posts After India Became Independent. Now, There Is A Move To Divorce The Police From Political Inteference As The Nexus Between The Political Parties And The Police Often Becomes A Powerful Cause For Administration Of Wounded Justice. Chapter 1: Introduction, Chapter 2: Wounded Justice And Police Under The British, Chapter 3: Wounded Justice: The Police Legacy Or People S Curse?, Chapter 4: Wounded Justice: The Police Pragmatism Or People S Fatalism?, Chapter 5: Wounded Justice: The Police Instincts And The People S Expectations, Chapter 6: Wounded Justice: An Age Old Evil And Public Reaction, Chapter 7: Wounded Justice: Police Commission And Politicians, Chapter 8: Wounded Justice: National Police Commission-Before And After, Chapter 9: Wounded Justice: Philosophies And Principles, Chapter 10: Wounded Justice And Committee On Police Reforms: Looking Ahead.

Policing The Police May Be A Strange Concept For The Police - But Is Necessary To Police The Society In Indian Democracy Today. Policing The Police With People S Participation Is A New Concept Of Recent Origin And The Book Deals With The Lack Of Policing In Police Down The Centuries. The British Created An Oppressive And Repressive Police To Retain Their Imperialism. The Police Committed Crimes With Abandon And The British Legacy Continued Even After India Became Independent. The Politicians Exploited The Police And Abused Police Muscles To Achieve Political Advantages For Them. The Police Misused Their Power And Authority To Serve Their Self Interests. Owing To The Lack Of Policing With The Police, People Developed A Negative, Avoiding And Hostile Attitude To Police Service. The Antiquated Police Act-1861 Did Not Envisage Any Healthy Human Contact Between The Police And The Citizenry. The Same Situation Continues Even After 50 Long Years To Policing The Democracy. The Book Treats Extensively All These Aspects And Many More For Policing The Police For The Third Millennium. Lawless Law Enforcement Is Condemned And The Book Will Interest Police Officials, Policy-Makers, Administrators, Academicians, Jurists, Lawyers, Politicians, Students Of Criminology, Administration Of Justice, Political Science, Sociology And Public Administration.
