Scientology edited and posted content from Leah Remini & Mike Rinder's podcasts; Scientology's channel was removed by YouTube

Scientology's attempt to take down Karen's channel. [to read more see here

Jon on Scientology's copyright litigation. In Denmark, in 1984, Scientology sued for industrial espionage when secret upper-level materials were taken by Independent Scientologists

Jon's work on Russell Miller's Bare-Faced Messiah as a researcher and an expert witness. Scientology lost all of its suits – in England, the US and Australia.

Cyril Vosper's exposé of Scientology "The Mind Benders" sold 108,000 copies

Hubbard claimed a disability pension from Veteran's Administration for life. Jon reads from a letter where Hubbard begged for psychiatric treatment [the letter is reprinted in Jon's Scientology: The Cult of Greed – available here:]

including, "All men are my slaves ... All elemental beings are my slaves." In a 1938 letter, Hubbard says his "only goal" is to "smash" his "name into history" [reprinted in Scientology: The Cult of Greed] As his oldest son Nibs said, Hubbard considered himself a "god-maker".

The upper levels of Scientology are a form of exorcism.

Hubbard believed he had a "Holy Guardian Angel", whom he called the Empress. He told one of his assistants that the Empress dictated Dianetics: The Modern Science of Mental Health

In a 1949 letter, Hubbard told his literary agent he could rape women without them knowing it [the letter is on Tony Ortega's Underground Bunker, here:]

Steve Hall read the Affirmations at Scientology's Gold Base [you can read more about this at the Bunker, here:]

At any given time, there are at least a hundred staff at each major center waiting to leave following the tortuous "routing form" which demands extensive "security checking" on Scientology's lie-detector On the original OT VIII Hubbard wrote that he is the Antichrist, Lucifer, and that Jesus was a "lover of young men and boys"

It costs about \$1 million to reach Scientology's highest level Scientology OT VIII. Only 184 Scientologists were invited onto OT VIII when it was released. Many left after seeing the material.

Forty years after Omar Garrison was commissioned, Scientology is yet to release a Hubbard

biography.

David Miscavige has no checks and balances. He is the autocrat of Scientology and his word is law. Jon explains the long history of Hubbard's belief that he was the Antichrist Lucifer and his lifelong devotion to Aleister Crowley.

Hubbard's ten-volume "Mission Earth" is significantly rewritten by Robert Vaughn Young, edited to remove incoherent and demented passages.

Hubbard's devotion to Aleister Crowley [see Jon's Hubbard and the Occult, here:].

At the end of WWII, Hubbard moved in with Jack Parsons in Pasadena. They performed Sex Magick to find a woman who would give birth to the Whore of Babylon from the biblical Book of Revelation.

Hubbard's determination to be seen as the creator God – the Source of the Universe

Crowley's "Moonchild" – just like the Hubbard/Parsons' ritual

Nibs' claims that his father drugged, cut and raped female followers.

A summary of OT VIII, Scientology's highest level.
