With weekly sales of 20 million copies TV Guide has had the largest circulation of any magazine in the U.S. and has dealt for decades with contemporary social and political issues. Here is a star-studded tour of television history that also chronicle's the publication's more recent moves under the ownership of Rupert Murdoch. Photographs.

Changing Channels

This book looks at the origins and growth of television through the pages of TV Guide and covers the complete run of this American icon from the first guides in 1953 to the last issue in guide format on October 9, 2005. It includes full color reproductions of every cover ever printed, and is both a collector's guide with pricing included, and a retrospective view of the medium.

TV Guide, the First 25 Years

Jerry Alten started as Art Director of TV Guide in 1967, and for almost 50 years he engaged the world's greatest illustrators to provide the artwork for the pages of the widest circulated magazine in the world. Unlike TV Guide and other entertainment magazines today, the digest-sized magazine relied almost solely on illustration, and in many cases, it helped to support the careers of many of the illustrators. Artists ranged from Norman Rockwell to Charles Addams, Edward Gorey to Andy Warhol. Jerry Alten provides a view behind-the-scenes of a magazine that featured some of America's greatest celebrities, the artists who painted them, and the interesting, highly entertaining, and sometimes outrageous interactions between subject, artist, and art director. The book is also a nostalgic look at the people who helped make the medium what it is today.

TV Guide

In this special collection of essays, the editors and writers of TV Guide present their 100 favorite shows. Ranging from the iconic shows of yesterday, such as *I Love Lucy* and *All in the Family*, to current hits like *Lost*, the book represents every genre -- from dramas and sitcoms to reality TV shows and even news programs. Each show is given an explanation of what makes it so special, both on a national scale and on a personal level, and features vital data such as season dates and key cast members. Entertaining sidebars, including "Classic Close-up" (very special episodes), "Preview Review" (what the magazine said when the show first premiered), "Jump the Shark" (the show's death throes), and "Did You Know?," add additional details. Both a viewer's companion and a celebration of one of America's favorite magazines, *I Heart TV* is a must-have reference for every TV fan.

Plunkett's Entertainment & Media Industry Almanac 2006: The Only Complete Guide to the Technologies and Companies Changing the Way the World Shares En

It's a TV jungle out there. Five terrestrial channels, 20 more on satellite/cable, more if you have the technology. What you need is a guide through the tangled forbidding forest of multi-channel, non-stop, viewer-hungry TV. And here it is. At the flick of a page, look up the programme, read a critical overview, peruse the cast. You can, for greater viewing safety, cross-reference artists and behind-camera crew (credits include producers, directors, writers) and checkout their back catalogue. Then amaze the rest of the sofa with your erudition, before dazzling them with your grasp of totally useless trivia. So, what's included and what's not? Chronologically, the Ultimate TV Guide spans 1946 - the oldest programme is Muffin The Mule - to the present, from the age of black and white nostalgia to the hi-tech high-definition present. There's no news, no documentaries (apologies, no space). All forms of TV fiction are covered - crime, westerns, sci-fi, soaps, comedy, adventure, horror along with children's TV and light entertainment (quizzes, games shows). Of these the authors have collected the classics, the innovators, the lost treasures, the obscure objects of cult desire, the hits - the shows in short, of screen note. Even if it's only because, like the BBC's sand-and-sangria melodrama Eldorado, they were such total turkeys. And, why not, they've also put in a few because they like 'em, and so should you. (The sci-fi 'Japanimation' The Guyver comes to mind). All have been broadcast in the UK. Completely updated.

The TV Guide Book of Lists

Discusses some of the good and bad aspects of television and points out safety factors to observe while watching television, how to choose a suitable program, and how to adopt a critical approach to commercials.

Journey back fifty years to explore the decade of baby boomers, the Red scare, and the birth of rock and roll with Robert Rodriguez's The 1950s' Most Wanted: The Top 10 Book of Rock & Roll Rebels, Cold

War Crises, and All-American Oddities. America was revving its engines when the fifties came along, and its citizens more than ready for everything the historic decade had to offer. Rodriguez takes you on a spin down memory lane with dozens of top-ten lists filled with amazing, amusing, and even astonishing trivia from the 1950s. Television exploded into the mainstream in the 1950s, and in this book you'll find kids' television, shows that were immensely popular then but forgotten now, and potential series that never got off the ground. Film and music history are also well represented, with lists highlighting the fathers of rock and roll and some unlikely recording artists, plus catchphrases from contemporary films and first roles of future stars. Relive the most notorious crimes of the decade, such as the one that inspired the TV show and film *The Fugitive*, and its big scandals, such as the quiz show debacle and the deportation of Charlie Chaplin. You'll read about politicians, celebrities, fashion, toys, fads, and disasters. Relearn the hip slang of the time while finding out which tales from the fifties were really tall tales or urban legends that are now debunked. Rodriguez gives you a whole decade's worth of fun, facts, and all-important memories. It may have been half a century ago, but with *The 1950s' Most Wanted™*, it'll seem like just yesterday.

Fifty-five years ago, a sitcom called I Love Lucy transformed the television landscape and made its leading lady, Lucille Ball, a superstar.
