AQA Psychology Student Guide 1: Introductory topics in psychology (includes psychopathology)

Exam Board: AQA Level: AS/A-level Subject: Psychology First Teaching: September 2015 First Exam: June 2016 Reinforce students' understanding throughout their course with clear topic summaries and sample questions and answers to help your students target higher grades. Written by experienced teacher and subject expert Molly Marshall, our Student Guides are divided into two key sections, content guidance and sample questions and answers. Content guidance will: - Develop students' understanding of key concepts and terminology; this guide covers introductory topics in psychology: social influence, memory, attachment and psychopathology. - Consolidate students' knowledge with 'knowledge check questions' at the end of each topic and answers in the back of the book. Sample questions and answers will: - Build students' understanding of the different question types, so they can approach each question with confidence. - Enable students to target top grades with sample answers and commentary explaining exactly why marks have been awarded.

The Complete Companions for AQA Fourth Edition: 16-18: the Complete Companions: a Level Year 1 and AS Psychology: Paper 1 Exam Workbook for AQA

From the team that brought you the bestselling and trusted The Complete Companions, The Complete Companions Exam Workbooks provide students with skills-building activities and step-by-step practice questions to ensure they approach their exams confident of success. They are matched to AQA's AS and A Level examination requirements.

Psychology A Level Year 1 and AS: The Mini Companion for AQA

This all-in-one textbook covers the Year 1 and Year 2 specifications. - Engage your students through extensive real-life contemporary research, including evaluation points at the end of each research section to develop their analytical skills. - Test knowledge and support exam preparation with updated practice questions, based on past assessments. - Ensure progression and encourage independent thinking with extension suggestions and activities. - Help your students understand the assessment objectives and develop their examination skills with assessment guidance throughout. - Ensure students learn and understand content for all the key topics with the clear, accessible style, written by Jean-Marc Lawton and Eleanor Willard. Please note: The following topics will not be included in the printed book but will be available to download online as part of your purchase: addiction, cognition and development, eating behaviour.

Psychology A Level Year 1 and AS: The Complete Companion Student Book for AQA

The Complete Companion for AQA A Level Year 1 and AS 5th edition Student Book delivers outstanding and up-to-date study, revision and exam-specific support. Written by leading authors Mike Cardwell and Cara Flanagan and reviewed by examiners, this book has a proven track record with The Complete Companions celebrating 15 years of companionship to teachers and learners in 2018. The comprehensive, thorough and exceptionally clear coverage of AQA's AS and A Level specifications will help turn understanding of psychology into even better exam performance. Following a thorough review of the latest examiners' reports, the assessment information has been enhanced throughout to ensure this 5th edition gives the best and most up-to-date support. In addition, the evaluation sections and sample answers with examiner comments have been remodelled to give crystal clear exam signposting and guidance so you can easily digest the advice needed to achieve your best results. Suitable for both AS and A Level students with A Level-only content clearly highlighted, this book covers Social influence, Memory, Attachment, Psychopathology, Approaches, Biopsychology and Research Methods. Other titles include: The Complete Companions: A Level Year 2 Psychology Student Book (Fifth Edition) The Complete Companions: A Level and AS Kerboodle for AQA Psychology A range of exam workbooks and revision guides is also available.

Paper 1 - Introductory Topics in Psychology

This AS-level Psychology revision guide is written for students studying the AQA specification. It covers social influence, memory, attachment, psychopathology, approaches in psychology and research methods in-depth. A clear system is outlined for evaluating studies, theories and treatments making evaluation easier in the exam. Model answers to exemplar exam questions are given with a commentary.

AQA Psychology Revision Guide AS Level

Approved by AQA and written by leading psychology authors, Cara Flanagan, Matt Jarvis and Rob Liddle, the 2nd Edition of this popular Student Book will support you through the AS / Year 1 course and help you thoroughly prepare for your exams. // Approved by AQA, this book offers high quality support you can trust. // The clear and accessible layout will help you engage with and absorb the information. // Each topic is presented on one spread to see the whole picture with description and evaluation clearly separated. // Evaluation material uses a three-paragraph structure (point, evidence and conclusion) and includes counterpoints to develop discussion skills. // 'Apply it' activities provide plenty of opportunities to practise application skills. // Mathematics and research methods requirements are thoroughly covered with practice questions on most spreads and ideas for research activities in each chapter. // Visual summaries of each chapter help ensure a good grasp of the basics. // Exam practice, example student answers and skills guidance are provided. // For invaluable revision support it combines brilliantly with the 'Green-hair Girl' 2nd Edition Revision Guide and Flashbook as well as the original (and still completely relevant) Revision App.

AQA Psychology for A Level Year 1 & AS Student Book: 2nd Edition

Now in full colour, this thoroughly revised and updated 3rd edition of Psychology for AS Level takes into account all the latest changes to the AQA-A syllabus since the last edition was published. It remains closely mapped to the specification making it ideal for students taking the AS Level Psychology exam. New to this edition is a strong emphasis on exam technique, giving students the best chance possible of the highest grades. A whole chapter is devoted to how to study and how to pass, with an 'Examiner's Viewpoint' written by the Chief Examiner at AQA-A. Throughout the book are hints and tips on picking up marks, and there are constant page references to the summarised content in our companion AS revision guide. Further examination support is provided by our accompanying student website, AS Online, available on a subscription basis to all schools and sixth form colleges that adopt the text. This includes a Student Workbook, interactive exercises, sample essays, interactive multiple-choice questions, a complete Exam Companion and much more. We also provide teacher resources free of charge to qualifying adopters which include a week-by-week teaching plan, sample essays, chapter-by-chapter lecture presentations, and classroom exercises and activities. Please see <http://www.a-levelpsychology.co.uk/online> for further details of these resources and a demo chapter of AS Online. The book includes coverage of six key areas in psychology: human memory, attachments in development, stress, abnormality, social influence and research methods. It retains the thorough content, volume of features and excellent writing style of previous editions but the layout is now fully structured to improve accessibility. Unlike other A-Level textbooks which focus solely on passing the exam, 'Psychology for AS Level' is also designed to foster an interest in the study of psychology as

a subject. To this end, the book includes an additional general chapter to introduce the theories and explanations that make psychology a fascinating discipline.

Paper 1 - Social Influence Student Workbook & Answers

Provides all the essential information students need to know in a visually engaging way along with plenty of activities to develop skills for interpreting and answering exam questions. Encourages students to revise, practice and then apply what they have learnt to fully prepare them for their exams.

AS Introductory Topics and Psychology in Context (Black & White)

Exploring Psychology follows the AQA A specification, with the emphasis on teaching students not only the required knowledge and understanding, but to think and act like psychologists too. Designed to add considerable value to students' exam performance, Exploring Psychology is best suited to students of average and above-average ability. It helps provide an ideal grounding for those considering studying Psychology and related subjects at degree level.

Psychology for AS Level

Exam Board: AQA Level: A-Level Subject: Psychology First Teaching: September 2015 First Exam: Summer 2016 Your survival guide for every topic, two pages at a time. Get ahead in your AQA Psychology AS Level revision with this handy revision and study skills guide. - Use this guide to make sense of the specification, one bit at a time. - Evaluate key topics quickly and easily using handy summaries. - Use throughout the course to help you understand all the key topics. - Cram before exams with all the key information for revision. - Learn the skills you need for the course, with handy hints for every topic.

The Complete Companions: a Level Year 1 and AS Psychology: the Revision and Exam Companion for AQA

A 2nd Edition of this incredibly popular revision guide, this portable-sized book is ideal for consolidating knowledge both at home for revision, and at school as a lesson-by-lesson summary as the course progresses. // AO1 Description on the left-hand page: content divided into six points for six AO1 marks in extended writing questions. // AO3 Evaluation is on the right-hand page: three AO3 points plus counterpoint and extra evaluation (discussion) point. // Exam practice questions, including AO2 application questions, are on every spread providing lots of practice. // Research studies have been simplified to help revise and recall the information. // Detailed exam advice section is included, with hints and tips offered throughout the book. // Lots of illustrations and the odd corny joke help make it very user-friendly! // It combines brilliantly with the 'Green-hair Girl' 2nd Edition Flashbook as well as the original (and still completely relevant) Revision App.

Exploring Psychology: AS Student Book for AQA A

AS Level Psychology Workbook includes structured worksheets for students to fill in as they progress through their AS psychology course. The resulting notes are aimed to provide a useful resource bank for revision purposes. In addition to outlining a structure for note-taking, the workbook also gives supported guidance on everything students need to know in order to do well in the exams. The content is directly relevant to the AQA Specification A and can be used in conjunction with any AS psychology textbook. To integrate with the rest of the learning materials in the Psychology Press A-Level Programme, cross-references are provided throughout to the appropriate pages in Eysenck's AS Level Psychology, and Brody and Dwyer's Revise AS Level Psychology. AS Level Psychology Workbook includes the following features: Learning objectives that condense the vast amount of specification content into focused and manageable chunks for each topic Structured worksheets that map on to each of the learning objectives and consist of cues for note-taking, opportunities to fill in the blanks, and activities to enrich learning "Using this in the exam" sections that consider possible exam questions, along with guidance on how to answer them. This workbook will be invaluable for all students tackling AS psychology. It enables them to navigate through the wealth of material linked to the subject, and encourages active learning to promote enjoyment of study. The AS workbook has been fully revised for the new specification for teaching from September 2008.

AQA PSYCHOLOGY BRILLIANT MODEL ANSWERS

AQA Psychology for AS and A-level Year 1 is the definitive textbook for the new 2015 curriculum. Written by eminent psychologist Professor Michael Eysenck, in collaboration with a team of experienced A-level teachers and examiner, the book enables students not only to pass their exams with flying colours, but also to fully engage with the science of psychology. As well as covering the six core topics students will study, the book includes: Activities which test concepts or hypotheses, bringing theory to life Key research studies explained and explored, showing the basis on which theory has developed Case studies which show how people's lives are affected by psychological phenomena Evaluation boxes which critically appraise key concepts and theories Self-assessment questions which encourage students to reflect on what they've learnt Section summaries to support the understanding of specific ideas – perfect for revision Exam hints which steer students towards complete and balanced answers Key terms defined throughout so students aren't confused by new language 200 figures, tables and photos End of chapter further reading to enable students to develop a deeper understanding End of chapter revision questions and sample exam papers to consolidate knowledge and practice exam technique A full companion website with a range of further resources for both students and teachers, including revision aids and class materials Incorporating greater coverage of research methods, as well as key statistical techniques, the sixth edition of this well-loved textbook continues to be the perfect introduction to psychology. Accessible yet rigorous, the book is the ideal textbook for students taking either the AS course or year 1 of the A-level.

AQA AS Psychology: Revision Made Easy

Revise AS Level Psychology is designed to give a clear framework of the content of the course. It will help both the hard-working student who has worked solidly throughout the course and the 'I should have worked harder' student who urgently needs to gain sufficient knowledge to pass the exam. It has been updated in line with the latest syllabus specification and includes page references to AS Level Psychology, 4th Edition by Michael W. Eysenck. Although it is designed to supplement this book, it can be used alongside any AS-level psychology textbook. This revision guide is written for a broad spectrum of students taking the AQA-A AS psychology exam. It gives excellent guidance, not only on how to pass the exam, but also on how to avoid the panic and pitfalls that so many students face at exam time. It includes a number of helpful features: An outline of the format of the exam, following the most up-to-date syllabus requirements, along with tips on how to perform well and advice on raising grades Essential topic information presented as flow charts and summary lists Clear and full definitions of important terms and concepts, studies, and theories An explanation of how examiners assess students Guidance throughout the text that encourages active engagement with the material Can be used with any AS-level psychology textbook, though there are cross-references throughout to the appropriate pages in Eysenck's AS Level Psychology

AQA Psychology for A Level Year 1 & AS Revision Guide: 2nd Edition
