What We Do in Lent

What does Advent taste like? What does Christmas feel like? What does Ordinary Time smell like? What does Lent sound like? What does Easter look like? This collection of activities will help people of all ages explore and experience seven significant periods of the liturgical cycle: Advent, Christmas, Epiphany, Lent, Easter, Pentecost, and Ordinary Time. Each chapter features one of these periods, offering one learning center activity for each of the five senses. Use them in the classroom, for family or intergenerational events, in worship settings such as Children's Liturgy of the Word, or at any other time when you can invite believers to enter the church year experientially. These creative activities will remind learners to get ready for the Messiah during Advent, celebrate the birth of the Savior at Christmas, rejoice in God's gift of the Christ Child throughout Epiphany, remember the life and ministry of Jesus in Lent, commemorate the Savior's death and resurrection at Easter, share the Good News of God's love during Pentecost, and grow as disciples throughout Ordinary Time.

Parenting the ADD Child

Ask almost any priest what his or her biggest headache is and the answer is likely to be 'coming up with ideas for including children in worship'. Here is the answer to those prayers - a whole year's worth of activities and ideas complete with artwork and visual aids. These sixty outlines have been developed and used in an Anglican parish church over the last eight years by a professional educationalist, artist and experienced children's church leader. The worship outlines include simple children's liturgies and a complete lesson or story plan that harmonizes with what the adults are doing in church on the same day. Through fun ideas, children encounter a real aspect of the Christian faith focused on a theme to be found in the Gospel of the day. Each outline includes a variety of options which make them workable with small and large groups of children or single groups of mixed ages. Illustrated throughout, the text and artwork appears on the accompanying CD Rom in full colour for downloading and printing or copying.

The eight volumes of Godly Play invite children from ages 3 to 12 to enter into a deeper and more spontaneous and playful relationship with God. Based on the Montessori method, Godly Play uses a purposeful telling of lessons and stories, engaging storytelling materials and the community of children themselves to encourage participants to seek and find their own answers to their faith questions. This unique approach to religious education invites children to wonder about themselves, God and the world in a way that is both playful and meaningful. Godly Play is really a practice of spiritual guidance because it respects the innate spirituality of children and encourages them to use their own curiosity and imagination to experience deeply the joy and mystery of God. Volume 8 of The Complete Guide to Godly Play includes the following lessons: The Greatest Parable Jesus and Jerusalem: The Story of Holy Week Mary, the Mother of Jesus Knowing Jesus in a New Way The Church The Liturgical Synthesis It also includes a wealth of capstone insights gleaned from decades of research and practice, as well as an appendix summarizing the foundational literature and describing the entirety of the Godly Play spiral curriculum as it exists today.
