[#John Hunt Morgan](#) [#Morgan's Raid](#) [#American Civil War](#) [#Confederate Cavalry](#) [#Kentucky History](#)

John Hunt Morgan's Great Raid, a daring Confederate cavalry operation during the American Civil War, saw Morgan and his men venture far north into Union territory, primarily through Kentucky, Indiana, and Ohio. The raid aimed to disrupt Union supply lines, bolster Confederate morale, and potentially draw Union forces away from other critical battlefields, though it ultimately ended with Morgan's capture and significant losses for his command. This audacious raid remains a significant event in Civil War history, known for its speed, daring, and impact on the civilian population in the North.
