The French Revolution : a History

"This concise introduction to the French Revolution explains the origins, development, and eventual decline of a movement that defines France to this day. Through an accessible chronological narrative, Sylvia Neely explains the complex events, conflicting groups, and rapid changes that characterized this critical period in French History. She traces the fundamental transformations in government and society that forced the French to come up with new ways of thinking about their place in the world and led to liberalism, conservatism, terrorism, and modern nationalism. All readers interested in France and revolutionary history will find this a rewarding read."--BOOK JACKET.

A Concise History of the French Revolution

This is the most authoritative, comprehensive history of the French Revolution of 1789. Published to mark the bicentenary of its outbreak, this survey draws on a generation of extensive research and scholarly debate to reappraise the most famous of all revolutions. Opening with the accession of Louis XVI in 1774, the book traces the history of France through revolution, terror, and counter-revolution, to the triumph of Napoleon in 1802; and analyses the impact of events both in France itself and the rest of Europe. William Doyle shows how a movement which began with optimism and general enthusiasm soon became a tragedy, not only for the ruling orders, but for the millions of ordinary people all over Europe whose lives were disrupted by religious upheaval, and civil and international

war. It was they who paid the price for the destruction of the old political order and the struggle to establish a new one, based on the ideals of liberty and revolution, in the face of widespread indifference and hostility. - ;France under Louis XVI; A crisis of confidence; The collapse of Government, 1776-1788; The Estates-General, September 1788-July 1789; The principles of 1789 and the reform of France; The breakdown of revolutionary consensus, 1790-1792; Europe and the Revolution, 1788-1791; The Republican Revolution, 1791-January 1793; War against Europe, 1792-1797; The revolt of the Provinces; Government by terror, 1793-1794; Thermidor, 1794-1795; Counter-revolution, 1789-1795; The directory, 1795-1799; Occupied Europe, 1794-1799; An end to Revolution, 1799-1802; The Revolution in perspective; chronology; annotated list of further reading -

History of the French Revolution, from 1789-1814

The Coming of the French Revolution remains essential reading for anyone interested in the origins of this great turning point in the formation of the modern world. First published in 1939, on the eve of the Second World War, and suppressed by the Vichy government, this classic work explains what happened in France in 1789, the first year of the French Revolution. Georges Lefebvre wrote history "from below"—a Marxist approach. Here, he places the peasantry at the center of his analysis, emphasizing the class struggles in France and the significant role they played in the coming of the revolution. Eloquent translated by the historian R. R. Palmer and featuring an introduction by Timothy Tackett that provides a concise intellectual biography of Lefebvre and a critical appraisal of the book, this Princeton Classics edition continues to offer fresh insights into democracy, dictatorship, and insurrection.

The Oxford History of the French Revolution

Reprint of the original, first published in 1871. The publishing house Anatiposi publishes historical books as reprints. Due to their age, these books may have missing pages or inferior quality. Our aim is to preserve these books and make them available to the public so that they do not get lost.

The French Revolution

This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.

The French Revolution: a history

Reprint of the original, first published in 1866.

The History of the French Revolution

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

The Coming of the French Revolution

A Marxist analysis of the causes and course of the French Revolution argues that it can be understood, on all levels, only in terms of class struggle.

Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

The French Revolution: A History

This book explores Thomas Paine's French decade, from the publication of the first part of Rights of Man in the spring of 1791 to his return trip to the United States in the fall of 1802. It examines Paine's multifarious activities during this period as a thinker, writer, member of the French Convention, lobbyist, adviser to French governments, officious diplomat and propagandist. Using previously neglected sources and archival material, Carine Lounissi demonstrates both how his republicanism was challenged, bolstered and altered by this French experience, and how his positions at key moments of the history of the French experiment forced major participants in the Revolution to defend or question the kind of regime or of republic they wished to set up. As a member of the Lafayette circle when writing the manuscript of Rights of Man, of the Girondin constellation in the Convention, one of the few democrats who defended universal suffrage after Thermidor, and as a member of the Constitutional Circle which promoted a kind of republic which did not match his ideas, Paine baffled his contemporaries and still puzzles the present-day scholar. This book intends to offer a new perspective on Paine, and on how this major agent of revolutions contributed to the debate on the French Revolution both in France and outside France.

The History of the French Revolution

Excerpt from The History of the French Revolution, Vol. 1 of 4 It is to be regretted that an author so well versed in the annals of his country as M. Thiers, has not thought it worth his while to enter more into detail on the subject of the numerous secondary causes which helped to bring about the French Revolution. It will be observed that, after a few brief introductory paragraphs, of a didactic rather than an historical character, he comes at once to his subject, as if he took for granted that all his readers were as well acquainted as himself with the remote, as well as with the immediate, origin of that memorable event His history may be said to commence with the derangement of the national finances after the death of Maurepas; but the seeds of the revolution were sown long before his time. The immediately propelling cause was no doubt financial, but the struggle had become necessary - it may almost be said from the day of the decease (if the Grand Monarque. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
