Confabulario and Other Inventions

This biting commentary on the follies of humankind by a noted Mexican author cuts deeply yet leaves readers laughing—at themselves as well as at others. With his surgical intelligence, Juan José Arreola exposes the shams and hypocrisies, the false values and vices, the hidden diseases of society. Confabulario total, 1941–1961, of which this book is a translation, combines three earlier books—Varia invención (1949), Confabulario (1952), Punta de plata (1958)—and numerous later pieces. Although some of the pieces have a noticeably Mexican orientation, most of them transcend strictly regional themes to interpret the social scene in aspects common to all civilized cultures. Arreola's view is not limited; much of his sophistication comes from his broad, deep, and varied knowledge of present and past, and from his almost casual use both of this knowledge and of his insight into its meaning for humanity. His familiarity with many little-known arts and sciences, numerous literatures, history, anthropology, and psychology, and his telling allusions to this rich lode of fact, increase the reader's delight in his learned but witty, scalding but poetic, satire.

Confabulario and Other Inventions

Imaginative and satirical stories, fables and vignettes, including a "Bestiary" in which man is seen through the characteristics of animals.

Encyclopedia of Latin American Literature

A comprehensive, encyclopedic guide to the authors, works, and topics crucial to the literature of Central and South America and the Caribbean, the Encyclopedia of Latin American Literature includes over 400 entries written by experts in the field of Latin American studies. Most entries are of 1500 words but the encyclopedia also includes survey articles of up to 10,000 words on the literature of individual countries, of the colonial period, and of ethnic minorities, including the Hispanic communities in the United States. Besides presenting and illuminating the traditional canon, the encyclopedia also stresses

the contribution made by women authors and by contemporary writers. Outstanding Reference Source

Contemporary literature encompasses so many genres, literary forms, and themes that it would seem almost impossible to identify a unifying thread between them. Yet in the tradition established by literary heavyweights who came before, modern writers of all stripes and backgrounds have continued to entertain and to confront the social, cultural, and psychological realities of the times—including everything from racial identity to war to technology—with their own flair and insight. The diversity of authors profiled herein—from Toni Morrison to Sylvia Plath to Stephen King to David Foster Wallace—attests to the scope and complexity of modern society.

As the magazine of the Texas Exes, *The Alcalde* has united alumni and friends of The University of Texas at Austin for nearly 100 years. *The Alcalde* serves as an intellectual crossroads where UT's luminaries - artists, engineers, executives, musicians, attorneys, journalists, lawmakers, and professors among them - meet bimonthly to exchange ideas. Its pages also offer a place for Texas Exes to swap stories and share memories of Austin and their alma mater. The magazine's unique name is Spanish for "mayor" or "chief magistrate"; the nickname of the governor who signed UT into existence was "The Old Alcalde."

Mead, the elixir of red-bearded Vikings and sloe-eyed Sheba, is enjoying an international revival. Ancient peoples believed that drinking the fermented honey imparted the divine gifts of prophecy, poetry and fertility. "Mad About Mead" is an eclectic mix of history, mythology, rituals and instructions. The detailed recipe section has information about honey varieties, yeasts, equipment and problem solving.

First published in 1996. For most of the time since the Grimm brothers first contrasted the fairy tale (Märchen) and the legend (Sage), the former has enjoyed the greater reputation among folklorists. Only in recent years, and with the work of such scholars as Gillian Bennett and Paul Smith, has it been recognized that—both as art and as news—the legend is now central to contemporary culture in a way that the Märchen no longer is. The present book is the first collection of essays on legend to appear in English since 1971. Nevertheless, its publication consolidates a gradual shift which has taken place over the last two decades, in which English-language scholarship has taken the lead in the study of certain kinds of legends—variously dubbed modern horror legends, urban legends, urban myths or, here, contemporary legends.

Hispanic Literature Criticism

The essays in *Women's Folklore, Women's Culture* focus on women performers of folklore and on women's genre of folklore. Long ignored, women's folklore is often collaborative and frequently is enacted in the privacy of the domestic sphere. This book provides insights balancing traditional folklore scholarship. All of the authors also explore the relationship between male and female views and worlds. The book begins with the private world of women, performances within the intimacy of family and fields; it then studies women's folklore in the public arena; finally, the book looks at the interrelationships between public and private arenas and between male and female activities. By turning our attention to previously ignored women's realms, these essays provide a new perspective from which to view human culture as a whole and make *Women's Folklore, Women's Culture* a significant addition to folklore scholarship.

Hispanic Literature Criticism: Allende to Jiménez

This book is an extensive compilation of biographical information on more than 470 notable Hispanic women and men from the 15th century to the present.--[from preface].

Women's Folklore, Women's Culture

Includes entries for maps and atlases.

Dictionary of Hispanic Biography

Contains more than four hundred entries on twentieth-century Hispanic writers, all originally written or updated for this volume.

The Archive of Hispanic Literature on Tape

This volume features approximately 600 entries that represent the major writers, literary schools, and cultural movements in the history of Mexican literature. A collaborative effort by American, Mexican, and Hispanic scholars, the text contains bibliographical, biographical, and critical material--placing each work cited within its cultural and historical framework. Intended to enrich the English-speaking public's appreciation of the rich diversity of Mexican literature, works are selected on the basis of their contribution toward an understanding of this unique artistry. The dictionary contains entries keyed by author and works, the length of each entry determined by the relative significance of the writer or movement being discussed. Each biographical entry identifies the author's literary contribution by including facts about his or her life and works, a chronological list of works, a supplementary bibliography, and, when appropriate, critical notes. Authors are listed alphabetically and cross-referenced both within the text and the index to facilitate easy access to information. Selected bibliographical entries are also listed alphabetically by author and include both the original title and English translation, publisher, date and place of publication, and number of pages.

National Union Catalog

The late scholar and critic Flores (1900-1992) selected some 330 major novelists and poets from Puerto Rico, the Caribbean, and Central and South America, both as exemplars of the literature of all the countries of Spanish America and as personally important literary creators. Flores knew most of the authors and was able to obtain from many extraordinary autobiographical passages that often form a part of the author's sketch. Most of the sketches were written in Spanish and translated into English. Critical insights and assessments of translations (a feature of inestimable value and interest) accompany biographies and autobiographies. All material was edited by Flores, who also prepared most of the excellent and extensive bibliographies. Annotation copyright by Book News, Inc., Portland, OR

Catalog of the Cuban and Caribbean Library, University of Miami, Coral Gables, Florida

Mexico has a rich literary heritage that extends back over centuries to the Aztec and Mayan civilizations. This major reference work surveys more than five hundred years of Mexican literature from a sociocultural perspective. More than merely a catalog of names and titles, it examines in detail the literary phenomena that constitute Mexico's most significant and original contributions to literature. Recognizing that no one scholar can authoritatively cover so much territory, David William Foster has assembled a group of specialists, some of them younger scholars who write from emerging trends in Latin American and Mexican literary scholarship. The topics they discuss include pre-Columbian indigenous writing (Joanna O'Connell), Colonial literature (Lee H. Dowling), Romanticism (Margarita Vargas), nineteenth-century prose fiction (Mario Martín Flores), Modernism (Bart L. Lewis), major twentieth-century genres (narrative, Lanin A. Gyurko; poetry, Adriana García; theater, Kirsten F. Nigro), the essay (Martin S. Stabb), literary criticism (Daniel Altamiranda), and literary journals (Luis Peña). Each essay offers detailed analysis of significant issues and major texts and includes an annotated bibliography of important critical sources and reference works.

Hispanic Writers

Devoted to those practitioners of the art of short fiction, this new 2nd edition offers thorough coverage of approximately 375 authors and 400 of their works. In a single volume, Reference Guide to Short Fiction features often-studied authors from around the world and throughout history, all selected for inclusion by a board of experts in the field. Reference Guide to Short Fiction is divided into two sections for easy study. The first section profiles the authors and offers personal and career details, as well as complete bibliographical information. A signed essay helps readers understand more about the author. These authors are covered: -- Sandra Cisneros -- Nikolai Gogol -- Ernest Hemingway -- Langston Hughes -- Gabriel Garcia Marquez -- Salman Rushdie -- Jean-Paul Sartre -- Edith Somerville -- Eudora Welty -- And others Section two helps readers gain deeper understanding of the authors and the genre with critical essays discussing 400 important works, including: -- "The Hitchhiking Game"

Confabulario and Other Inventions

This biting commentary on the follies of humankind by a noted Mexican author cuts deeply yet leaves readers laughing—at themselves as well as at others. With his surgical intelligence, Juan José Arreola exposes the shams and hypocrisies, the false values and vices, the hidden diseases of society.

Confabulario total, 1941–1961, of which this book is a translation, combines three earlier books—*Varia invención* (1949), *Confabulario* (1952), *Punta de plata* (1958)—and numerous later pieces. Although some of the pieces have a noticeably Mexican orientation, most of them transcend strictly regional themes to interpret the social scene in aspects common to all civilized cultures. Arreola's view is not limited; much of his sophistication comes from his broad, deep, and varied knowledge of present and past, and from his almost casual use both of this knowledge and of his insight into its meaning for humanity. His familiarity with many little-known arts and sciences, numerous literatures, history, anthropology, and psychology, and his telling allusions to this rich lode of fact, increase the reader's delight in his learned but witty, scalding but poetic, satire.

Catalog of Copyright Entries. Third Series

First published in 1996. For most of the time since the Grimm brothers first contrasted the fairy tale (Märchen) and the legend (Sage), the former has enjoyed the greater reputation among folklorists. Only in recent years, and with the work of such scholars as Gillian Bennett and Paul Smith, has it been recognized that—both as art and as news—the legend is now central to contemporary culture in a way that the Märchen no longer is. The present book is the first collection of essays on legend to appear in English since 1971. Nevertheless, its publication consolidates a gradual shift which has taken place over the last two decades, in which English-language scholarship has taken the lead in the study of certain kinds of legends—variously dubbed modern horror legends, urban legends, urban myths or, here, contemporary legends.

Contemporary Legend

Reference Guide to Short Fiction provides study and commentary on the most instrumental writers of short fiction through the 20th century. International in scope, this single scholarly volume includes 779 entries on 377 authors and 402 short stories.

Contemporary Latin American Fiction

Hispanic literature criticism presents a selection of the best criticism of works by major Hispanic writers of the past one hundred years.

Reference Guide to Short Fiction

Hispanic Literature Criticism

The essays in *Women's Folklore, Women's Culture* focus on women performers of folklore and on women's genre of folklore. Long ignored, women's folklore is often collaborative and frequently is enacted in the privacy of the domestic sphere. This book provides insights balancing traditional folklore scholarship. All of the authors also explore the relationship between male and female views and worlds. The book begins with the private world of women, performances within the intimacy of family and fields; it then studies women's folklore in the public arena; finally, the book looks at the interrelationships between public and private arenas and between male and female activities. By turning our attention to previously ignored women's realms, these essays provide a new perspective from which to view human culture as a whole and make *Women's Folklore, Women's Culture* a significant addition to folklore scholarship.

Hispanic Literature Criticism: Allende to Jiménez

This book is an extensive compilation of biographical information on more than 470 notable Hispanic women and men from the 15th century to the present.--[from preface].

Women's Folklore, Women's Culture

Includes entries for maps and atlases.

Dictionary of Hispanic Biography

Contains more than four hundred entries on twentieth-century Hispanic writers, all originally written or updated for this volume.

The Archive of Hispanic Literature on Tape

This volume features approximately 600 entries that represent the major writers, literary schools, and cultural movements in the history of Mexican literature. A collaborative effort by American, Mexican, and Hispanic scholars, the text contains bibliographical, biographical, and critical material--placing each work cited within its cultural and historical framework. Intended to enrich the English-speaking public's appreciation of the rich diversity of Mexican literature, works are selected on the basis of their contribution toward an understanding of this unique artistry. The dictionary contains entries keyed by author and works, the length of each entry determined by the relative significance of the writer or movement being discussed. Each biographical entry identifies the author's literary contribution by including facts about his or her life and works, a chronological list of works, a supplementary bibliography, and, when appropriate, critical notes. Authors are listed alphabetically and cross-referenced both within the text and the index to facilitate easy access to information. Selected bibliographical entries are also listed alphabetically by author and include both the original title and English translation, publisher, date and place of publication, and number of pages.

National Union Catalog

The late scholar and critic Flores (1900-1992) selected some 330 major novelists and poets from Puerto Rico, the Caribbean, and Central and South America, both as exemplars of the literature of all the countries of Spanish America and as personally important literary creators. Flores knew most of the authors and was able to obtain from many extraordinary autobiographical passages that often form a part of the author's sketch. Most of the sketches were written in Spanish and translated into English. Critical insights and assessments of translations (a feature of inestimable value and interest) accompany biographies and autobiographies. All material was edited by Flores, who also prepared most of the excellent and extensive bibliographies. Annotation copyright by Book News, Inc., Portland, OR

Catalog of the Cuban and Caribbean Library, University of Miami, Coral Gables, Florida

Mexico has a rich literary heritage that extends back over centuries to the Aztec and Mayan civilizations. This major reference work surveys more than five hundred years of Mexican literature from a sociocultural perspective. More than merely a catalog of names and titles, it examines in detail the literary phenomena that constitute Mexico's most significant and original contributions to literature. Recognizing that no one scholar can authoritatively cover so much territory, David William Foster has assembled a group of specialists, some of them younger scholars who write from emerging trends in Latin American and Mexican literary scholarship. The topics they discuss include pre-Columbian indigenous writing (Joanna O'Connell), Colonial literature (Lee H. Dowling), Romanticism (Margarita Vargas), nineteenth-century prose fiction (Mario Martín Flores), Modernism (Bart L. Lewis), major twentieth-century genres (narrative, Lanin A. Gyurko; poetry, Adriana García; theater, Kirsten F. Nigro), the essay (Martin S. Stabb), literary criticism (Daniel Altamiranda), and literary journals (Luis Peña). Each essay offers detailed analysis of significant issues and major texts and includes an annotated bibliography of important critical sources and reference works.

Hispanic Writers

Devoted to those practitioners of the art of short fiction, this new 2nd edition offers thorough coverage of approximately 375 authors and 400 of their works. In a single volume, Reference Guide to Short Fiction features often-studied authors from around the world and throughout history, all selected for inclusion by a board of experts in the field. Reference Guide to Short Fiction is divided into two sections for easy study. The first section profiles the authors and offers personal and career details, as well as complete bibliographical information. A signed essay helps readers understand more about the author. These authors are covered: -- Sandra Cisneros -- Nikolai Gogol -- Ernest Hemingway -- Langston Hughes -- Gabriel Garcia Marquez -- Salman Rushdie -- Jean-Paul Sartre -- Edith Somerville -- Eudora Welty -- And others Section two helps readers gain deeper understanding of the authors and the genre with critical essays discussing 400 important works, including: -- "The Hitchhiking Game"

Dictionary of Mexican Literature

Contains alphabetically arranged entries that examine over fifty works of literature from developing nations, each with an introduction to the work and its author, a plot summary, descriptions of important characters, analysis of important themes, a critical overview, and other information.

Spanish American Authors

This dictionary of writers, from the earliest Arabic poets to the bestselling authors of the present day, includes over 6,000 concise and pithy biographies

Letters from Italy

This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.
