Small Group Leader's Handbook

Leading a small group can literally change the world. We have been commissioned to make disciples who make disciples, and Jesus showed us that the best way to carry that out is through small groups of believers. Just like the first-century church, small groups form the foundation to take the gospel to the ends of the earth. Chris Surratt, Discipleship and Small Groups Specialist for Lifeway Christian Resources, and author of *Small Groups for the Rest of Us*, wants to help you get from here to there. Regardless of whether you have never lead a small group or have been leading one for years, all of us want to know how to create environments where spiritual growth takes place and communities are changed. *Leading Small Groups* walks the reader through the stages of gathering, launching, leading, and multiplying a gospel-centered small group. There are also follow-up questions for discussion and reflection at the end of each section, and practical resources that can be implemented immediately by the small group leader. Jesus left his followers with a task—the Great Commission. This book will help small group leaders and churches in their obedience to this task.

Most work in the field of Christian leadership has focused on the leader and techniques of management and control. Effective Christian leadership begins with the focus on people and God's purpose for them. With the model of Jesus and His disciples as her starting point, Billie Davis has provided a tool for developing a small group ministry in which members' strengths and gifts are used to help one another in the biblical sense of Body. Applying an age-level and intercultural approach, Davis examines the structure of groups, how the group influences learning and spiritual development, and the roles people take within groups. Each chapter has self-directed learning exercises and a bibliography of current resources to enhance the reader's experience.

Small Group Dynamics for Dynamic Group Leaders

There are countless helpful resources available to the small group leader. As managing editor of smallgroups.com, Sam O'Neal has seen the best of them come and go. They tend to deal with the big vision of small groups--how they can revolutionize your church and transform your congregation. Or they consider the big idea of small group ministry, how it reflects God's communal vision for us. But sometimes a small group leader just wants to know how to survive the next meeting--not how to instruct and correct or shock and awe, but simply how to set the table for a life-changing encounter with God. The Field Guide for Small Group Leaders focuses in on the small group gathering as spiritual event. Useful to newly minted leaders and as a ready resource for small group experts, this go-to guide helps leaders prepare themselves to prepare their groups for the adventure of a collective encounter with a great God.

How to Lead a Healthy Small Group

God does big things through small groups: He heals, unifies, encourages, and equips. Christ trained his twelve apostles in a small group. Paul and Barnabas were called to international missions while participating in a small group (Acts 13:1-3). Essentially, all believers owe something to those initial small groups, and many of us have experienced great blessing through contemporary ones. God does big things through small groups, and that's why we participate in them and aim to lead them. In this study, we will look at the WHY of small group leadership. Why should we participate in and lead them? We will consider the WHAT of small group leadership, as we look at types of small groups, their elements, and their focus. We will look at the WHO of small group leadership, as we consider qualities of good small group leaders. Finally, we will look at the HOW of small group leadership, as we consider the skills of a leader, the basic order of a small group gathering, and a sample Bible study lesson. Let's learn more about excelling at this strategic ministry together with The Bible Teacher's Guide."Helpful to both the

layman and the serious student, The Bible Teacher's Guide, by Dr. Greg Brown, is outstanding!"-Dr. Neal Weaver, President of Louisiana Baptist University

Does God Heal Today?

What does living as a Christian really look like? What changes do I need to make to the way I live my life? How does Jesus want me to live? The Sermon on the Mount is Jesus' teaching on how to conduct our lives. While his original audience was a crowd of first-century Jews, his words are astutely relevant to 21st century living, particularly as modern Western cultural trends are increasingly at odds with Jesus' teaching. Laid out to follow the structure of Matthew 5-7, each chapter delves into the topics raised in these verses, including: - Dealing with anger - Handling conflict and criticism - Managing money - Sex, marriage and divorce - The secret of true happiness With his familiar mix of wisdom and humour, Nicky Gumbel explains Jesus' teaching and presents practical ways to apply it so Christians can follow Jesus in every aspect of their lives.

Mission Shaped Living Participant's Guide

The Leaders training course, effective leadership for small groups is an indispensable resource for small groups and cell group leaders. God has called every Christian to fulfill the Great Commission. This implies that each Christian must develop leadership qualities by stepping up and developing his own quality leadership by employing what he has learned by leading a small group. This leaders training course will help. The leadership qualities of a small group leader are learned! Leaders are not born but cultivated, thus the need for a leaders training course. Jesus trained His own small group or "cell group" as we like to call them. These men began with no leadership qualities. They learned through the years they spent walking with Jesus. In the same way today, small group and cell group leaders must learn the principles that lead to effective leadership and these are not intuitively acquired. Quality leadership is always effective leadership. Leadership is about results and not just organization! Each lesson of the small group leaders training course shows how you as the leader of your cell group can identify and improve your leadership qualities and exercise an effective leadership resulting not only in your own growth, but also the growth of the members that you serve. Christian leadership today is going through a tremendous crisis. The church has confused leadership with administration, which is important but not foundational! The small group leaders training course reinforces this distinction by teaching the proper identity we have as children of God and the purpose that God the Father has for each of His children. This leaders training course teaches the foundations of God's throne and how spiritual authority plays in extending His rule over the earth. Each small group leader will learn effective leadership qualities by understanding and practicing these principles of spiritual authority. Spiritual authority has been woefully abused through the centuries and as a result many churches have abandoned the principle altogether. The small group leaders training course shows how to practice these principles without getting lost in its abuses. The leaders training course teaches the effective leadership qualities that new leaders need to protect themselves and the network of leaders in which they work from the dangers of these abuses. Each small group leader will learn effective leadership qualities by observing the lives of OT and NT leaders like Moses, Joshua, David, and the Apostle Paul. The effective leadership qualities that these men practiced are often overlooked in the narrative of each gospel account. However, we must recognize that effective leadership qualities are the hallmark of each positive bible character and the negative characters in the bible are presented as models of leadership qualities that must be avoided. Each small group leader will learn effective leadership qualities in evangelism, how to overcome barriers to evangelism, styles of evangelism, and tips for mobilizing your small group in evangelism. Each small group leader will learn effective leadership qualities related to praise and worship. Not every group

member will have the gifts for ministering praise and worship but some will and you must know how to lead them into serving the group in this capacity.
