# **Dark Horde Rising**

A thousand years have passed since the Elder Kingdoms were lost. Once the Elder races ruled all the northern lands and their knowledge and power were legend. What calamity befell them, none now know. Centuries on and the north is a land where fell beasts and evil creatures roam unchecked, save in one place, the Wildlands of Darylor. Here mankind has slowly begun to explore and settle where once the Elder ruled, and within those lands, built amidst the ruins of a lost Elder city, lies the College of Magic. Inside, mankind seeks to rediscover the lost magics of old, but in secret one man desires the power to rule all and will stop at nothing to achieve his dream. Meanwhile, in the city of Shandrilos, in the shadow of the College of Magic, a groups of friends come together. Jon 'Bear' Madraig, fighter and mage, and his best friend the roquish swordsman and knight, Darin of Kenarth come to meet old friends and relive past adventures. The master mage, Arkadi Talcost and the beautiful druid, Rebba Korran, seek only to relax and enjoy some time away from the demands of their work and the College. For these friends, this is merely a reunion. However, for Zara Halven, the notorious Whore of Ostia, and for the monk, Garon Vale, the visit to Shandrilos is more; for one it is a chance for redemption and for the other it is a test of faith. Yet for the last of the friends, the visit to Shandrilos is the most important of all. For the huntress, Nat Bero it is a chance for forgiveness... and for revenge. These friends will be caught up in events that will change their lives forever, for the secret behind the destruction of the Elder is about to come to light... "The fate of all can be decided by the actions of one who the gods guide to the right place at the right time. Do not underestimate the power of even the lowest to affect the paths of the mighty..." The words of the seeress, Ry'Ina White Eyes If you are a reader of epic fantasy this is what you are looking for. If you liked Terry Brook's Shanara novels, Raymond E. Feist's Midkemia books, Harry Potter, Game of Thrones or Lord of the Rings then this is a book for you. In the same vein as the Wheel of Time and akin to the gaming fantasy of the Dragonlance books, Dark Horde Rising will propel you into a detailed new world of magic and mystery while introducing you to a whole range of new and interesting characters.

#### World of Warcraft: Rise of the Horde

Though the young Warchief Thrall ended the demon curse that had plagued his people for generations, the orcs still wrestle with the sins of their bloody past. As the rampaging Horde, they waged a number of devastating wars against their perennial enemy -- the Alliance. Yet the rage and bloodlust that drove the orcs to destroy everything in their path nearly consumed them as well. Long ago, on the idyllic world of Draenor, the noble orc clans lived in relative peace with their enigmatic neighbors, the draenei. But

the nefarious agents of the Burning Legion had other plans for both of the unsuspecting races. The demon-lord Kil'jaeden set in motion a dark chain of events that would succeed not only in eradicating the draenei, but forging the orc clans into an single, unstoppable juggernaut of hatred and destruction.

## World of Warcraft: Shadows Rising

An all-new official preguel novel to Shadowlands, the next expansion for Blizzard Entertainment's legendary online game World of Warcraft. "The Horde is nothing!" With those infamous words, Sylvanas Windrunner betrayed and abandoned the Horde she vowed to serve. The Dark Lady and her forces now work in the shadows as both the Horde and Alliance, including her own sister, Alleria, race to uncover her next move. Struggling to shoulder the crushing weight of leadership, King Anduin entrusts the void elf and High Exarch Turalyon to uncover Sylvanas's whereabouts. The Horde now stands at a crossroads. The various factions form a council, leaving the mantle of warchief to rest. Thrall, Lor themar Theron, Baine Bloodhoof, First Arcanist Thalyssra, and many other familiar faces rise to this new challenge. But the threats are numerous, and the distrust runs too deep. When the council is derailed by a failed assassination attempt on Talanji - the Zandalari queen and a key ally - Thrall and the rest of the Horde leaders are forced into action. They empower the young troll shaman Zekhan, still grieving the loss of Varok Saurfang, with a critical mission to aid Talanji and help uncover the rising threat against her. Meanwhile, Nathanos Blightcaller and Sira Moonwarden have been tasked by the Dark Lady with a terrifying gambit: to kill the troll loa of death himself, Bwonsamdi. As Zekhan and Talanji work to save Bwonsamdi, their journey will be a key turning point in bolstering the Horde against the coming darkness and finding themselves along the way. Failure to save their allies and the trickster god will surely doom them - but through success, they may rediscover what makes the Horde strong.

#### Ride a Dark Horse

Set against the sweeping landscape of Virginia horse country, this breathtaking story of love in the wake of tragedy marks the debut of an exciting voice in romantic fiction. Cassie Miller was on track to be one of the best equestrian riders of the sport when a terrible accident left her as the guardian of an orphaned niece and nephew. Seeking means to support the twins -- now five years old -- Cassie takes a job as a horse trainer at the prestigious Five Oaks farm where she finds not one, but two worthy adversaries -- Orion, a bold, dark horse that has yet to find a rider it deems its equal, and local veterinarian Caleb Wells, a man whose startling good looks and quick wit leave Cassie unnerved. As Cassie trains Orion for competition, Caleb, a partner in the farm, watches over their progress. A womanizer since his recent divorce, he soon finds his heart softening for this strong and gifted woman -- and for her unconventional family. But as Orion's Hampton Classic competition looms, Caleb's vengeful ex-wife threatens to ruin everything Cassie and Caleb have worked for... Reminiscent of the early classics in romantic fiction, Ride A Dark Horse is a winning tale of the bittersweet glories of life and the transformative power of love.

# Dark Horse Rising

After Ronald Reagan disappears mysteriously, another California entertainer joins the 1980 primary: Charles Manson. In the summer of 1969, he was discovered by a music promoter and his rise to stardom began. When he turns his attention to politics, his spin doctors go into overdrive to clean up his image as conventional politicians scramble to keep up. Will this musician with a folksy, quirky image breathe a much-needed breath of fresh air into politics? Will nagging questions about his past take the shine off of his groundswell of popularity? Manson's campaign manager and long-time associate Lynette Fromme released a more toned-down statement, explaining his past as the result of socioeconomic deprivation. She cited his successful career as evidence of reform, and summed up as an American success story his rise from a broken home and troubled youth, concluding that "He certainly isn't the only great musician to come from the wrong side of the tracks." Conservative commentator William F. Buckley thunderously denounced this remark as a flagrant ignoratio elenchi.

This historical epic, set in the world of 300, tells of the upsurge and decline of the Persian King's empire, and the ascent of the Grecian realm through Alexander. Written and illustrated by comics luminary and legend, Frank Miller (Sin City, The Dark Knight, 300), and colored by Alex Sinclair (Batman: The Dark Knight III: The Master Race), this companion to Miller's epic masterpiece, 300, brings the historical story of Xerxes to the graphic novel audience with grit and visual style! The ongoing Greek rebellion against Persian tyranny reaches a turning point after the destruction of the city of Sardis and the later battle of Marathon: on a military campaign to vanquish the city of Athens and silence the Greeks once and for all, Xerxes, Persian Prince, watches as his father, King Darius, falls in battle . . . The mantle of king is passed and while his newly-inherited fleet retreats toward home, Xerxes' hatred is cemented toward Athens--and his incentive to build the Persian empire is fueled. Xerxes becomes the king of all countries--the king of Persia, ruler of Zion, and Pharoah of Egypt--and his empire is unlike any the world has ever seen, until . . . The mantle is again passed, the god king dies and Darius III continues as the king of all. But then, from the west, a tiger force strikes in Asia Minor and is on a course for collision with Persian forces. This will be the beginning of the end for Persia and the launch of Alexander the Great's rise to power!

Xerxes: The Fall of the House of Darius and the Rise of Alexander

Mirdza Strelkova should have minded her own business on the long train ride, because she knew just how nasty violent men could be. Perhaps that's precisely why she stepped in to help the frightened mother and terrified child. But in her wildest dreams, she never imagined she'd be tossed out the window of a moving train, broken and bleeding. And she could never have predicted the dark horse who would come to her aid, or the comeback story that lay before them both. Publisher's Weekly said, "My Dark Horse Prince is a fast-paced, action-filled romance [that] follows Mirdza Strelkova and her shape-shifting love interest, Grigoriy. The narrative will ensnare readers from the start, traveling a twisty road. The book's unique combination of romance and fantasy is appealing, and Baker's choice to feature a strong female character who is in a wheelchair was refreshing."
