A Heart as Wide as the World

A book by a popular Buddhist teacher offers genuine aid and comfort for anyone on the spiritual path, discussing the inevitable ups and downs of meditation practice, the cultivation of wisdom and compassion, and how to incorporate the benefits of meditation into our lives. Reprint. 20,000 first printing.

A Heart as Wide as the World

"A book of encouragement and inspiration for anyone on the spiritual path ... Salzberg reveals how are own happiness is found in the capacity to open our hearts to others."--Jacket.

A Heart as Wide as the World

The Buddhist teachings have the power to transform our lives for the better, says Sharon Salzberg, and all we need to bring about this transformation can be found in the ordinary events of our everyday experiences. Salzberg distills more than twenty-five years of teaching and practicing meditation into a series of short essays, rich with anecdotes and personal revelations, that offer genuine aid and comfort for anyone on the spiritual path. Many chance moments, both small and profound, serve as the basis for Salzberg's teachings: hearing a market stall hawker calling "I have what you need!"; noting hotel guests' reactions to a midnight fire alarm; watching her teacher, Dipa Ma, bless a belligerent dog; seeing the Dalai Lama laughing uproariously at his own mistake. Each passing moment, Salzberg shows, can help us down the path toward "a seamlessness of connection and an unbounded heart."

Westward Dharma

The first authoritative volume on the totality of Buddhism in the West, *Westward Dharma* establishes a comparative and theoretical perspective for considering the amazing variety of Buddhist traditions, schools, centers, and teachers that have developed outside of Asia. Leading scholars from North America, Europe, South Africa, and Australia explore the plurality and heterogeneity of traditions and practices that are characteristic of Buddhism in the West. This recent, dramatic growth in Western Buddhism is accompanied by an expansion of topics and issues of Buddhist concern. The contributors to this volume treat such topics as the broadening spirit of egalitarianism; the increasing emphasis on the psychological, as opposed to the purely religious, nature of practice; scandals within Buddhist movements; the erosion of the distinction between professional and lay Buddhists; Buddhist settlement in Israel; the history of Buddhism in internment camps; repackaging Zen for the West; and women's dharma in the West. The interconnections of historical and theoretical approaches in the volume make it a rich, multi-layered resource.

Big Love

"I look to Scott for wisdom and leadership and he has delivered both with *Big Love*. This book opened my heart and mind and I'm forever grateful." —Glennon Doyle, author of #1 New York Times–bestseller *Love Warrior* What happens when you fully commit yourself to love? Endless good, insists Scott Stabile, who found that out by overcoming plenty of bad. His parents were murdered when he was fourteen. Nine years later, his brother died of a heroin overdose. Soon after that, Scott joined a cult that dominated his life for thirteen years before he summoned the courage to walk away. In *Big Love*, his insightful and refreshingly honest collection of personal essays, Scott relates these profound experiences as well as everyday struggles and triumphs in ways that are universally applicable, uplifting, and laugh-out-loud funny. Whether silencing shame, rebounding after failure, or moving forward despite fears, Scott shares hard-won insights that consistently return readers to love, both of themselves and others.

Lovingkindness

Throughout our lives we long to love ourselves more deeply and find a greater sense of connection with others. Our fear of intimacy—both with others and with ourselves—creates feelings of pain and

longing. But these feelings can also awaken in us the desire for freedom and the willingness to take up the spiritual path. In this inspiring book, longtime meditation practitioner and teacher Sharon Salzberg shows how the Buddhist path can help us discover the radiant, joyful heart within each one of us, drawing on Buddhist teachings, wisdom from various traditions, her personal experiences, and guided meditation exercises. With these tools, she teaches how the practice of lovingkindness can illuminate a path to cultivating love, compassion, sympathetic joy, and equanimity—the four “heavenly abodes” of traditional Buddhism.

Real Love

In *Real Love*, one of the world's leading authorities on love tells us how to find it, how to nurture it, how to honor it—and most of all how to rethink it ... This book has the power to set your heart at peace.' —Susan Cain, author of *Quiet* What is love? Sharon Salzberg believes that love is a powerful healing force for us all, and that modern associations with romance and adoration are limiting. By redefining love, she helps us to recognize our desire for happiness and enhance our connections with each other. *Real Love* is a creative toolkit of mindfulness exercises and meditation techniques that can help you to truly engage with your present experience and create deeper love relationships - with yourself, your partner, friends and family, and with life itself. The book encourages us to strip away layers of negative habits and obstacles and to improve deeper connections, helping us to experience authentic love based on direct experience, rather than preconceptions.

Welcoming Beginner's Mind

This nuanced commentary on the famous Zen oxherding pictures explores the paradox of welcoming our true nature anew at each stage of spiritual unfolding. Renowned for centuries, the classic Zen oxherding pictures vividly illustrate the stages of the spiritual journey—from seeking and finding to ultimately forgetting the illusory self and awakening to our true nature. In his commentary on these images, Gaylon Ferguson guides us on an experiential path into these seeming contradictions through welcoming—the simple, challenging, and always new possibility of opening to exactly what's occurring in our experience. Distinct from meditation and mindfulness, this contemplative exercise leads us beyond spiritual bypassing (using spiritual practices to repress or avoid parts of ourselves) and spiritual materialism (practicing with a heavy sense of ego). Rich with teachings from the great Zen teacher and author of *Zen Mind, Beginner's Mind* Shunryu Suzuki Roshi, as well as extensive commentary from Tibetan meditation master Chögyam Trungpa Rinpoche and others who have illuminated the oxherding pictures, this book invites you into a process of spiritual maturation that never occurs elsewhere than here or other than now. Featuring a foreword by David Chadwick, author of *Crooked Cucumber: The Life and Zen Teaching of Shunryu Suzuki*.

Gardens and the Passion for the Infinite

What essentially is a garden? Is it a small plot of land that we put aside to cultivate our favorite vegetables or to grow flowers for our personal enjoyment? Or is it a symbol, a mirror, a reflection of our human passions? The topic of the present volume is the mysterious ways in which *Imaginatio Creatix* plays within the human ingrownness in natural life, transposing dreams, nostalgias, and enchantments.

Chants of a Lifetime

Chants of a Lifetime offers an intimate collection of stories, teachings, and insights from Krishna Das, who has been called "the chant master of American yoga" by the New York Times. Since 1994, the sound of his voice singing traditional Indian chants with a Western flavor has brought the spiritual experience of chanting to audiences all over the world. He has previously shared some of his spiritual journey through talks and workshops, but now he offers a unique book-with-audio download combination that explores his fascinating path and creates an opportunity for just about anyone to experience chanting in a unique and special way. *Chants of a Lifetime* includes photos from Krishna Das's years in India and also from his life as a kirtan leader—and the audio that is offered exclusively in the book consists of a number of "private" chanting sessions with the author. Instead of just being performances of chants for listening, the recordings make it seem as if Krishna Das himself is present for a one-on-one chanting session. The idea is for the listener to explore his or her own practice of chanting and develop a deepening connection with the entire chanting experience.

The Kindness Handbook

Why is it that kindness seems so hard to give precisely when it's needed most? With *The Kindness Handbook*, bestselling author Sharon Salzberg answers this question and more in her practical companion to inspire generosity of the spirit in any life situation. Just as cruelty can ravage lives and trample hope, kindness can be the quality we choose to steer our lives, teaches Salzberg. Whether you're frustrated that your plane is hours late, a friend is unhappy and you can't seem to help, or you and your partner can't communicate, her gentle guidebook will help you respond to others-and yourself-in a genuinely loving way. It has been said that kindness is "compassion in action." But kindness is not just about being nice; it's a profound spiritual practice. Here is an important resource for anyone wondering how to cultivate an open heart, empathy, and inner peace-each and every day.

Living with Your Heart Wide Open

The way we talk to ourselves is often unkind and filled with self-judgments. These overly harsh self-criticisms can make us feel unworthy and incomplete. What if what you really need is not higher standards for yourself, but greater self-compassion? In *Living with Your Heart Wide Open*, you'll discover how mindfulness and self-compassion can free you from the thoughts and beliefs that create feelings of inadequacy and learn to open your heart to the loving-kindness within you and in the world around you. Based in Western psychotherapy and Buddhist psychological principles, this book guides you past painful and self-limiting beliefs about yourself and toward a new perspective of nonjudgmental awareness and acceptance of who you are, just as you are. You'll receive gentle guidance in mindfulness and compassion practices that will lead you away from unproductive, self-critical thoughts and help you live more freely and fearlessly, with your heart wide open.

Sermon for the Crisis

Distill the great spiritual teachings from around the world down to their most basic principles, and one thread emerges to unite them all: kindness. In *The Force of Kindness*, Sharon Salzberg, one of the nation's most respected Buddhist authors and meditation teachers, offers practical instruction on how we can cultivate this essential trait within ourselves. Through her stories, teachings, and guided meditations, Sharon Salzberg takes readers on an exploration of what kindness truly means and the simple steps to realize its effects immediately. She reveals that kindness is not the sweet, naive sentiment that many of us assume it is, but rather an immensely powerful force that can transform individual lives and ripple out, changing and improving relationships, the environment, our communities, and ultimately the world. Readers will learn specific techniques for cultivating forgiveness; turning compassion into action; practicing speech that is truthful, helpful, and loving; and much more. When we fan even the smallest ember of kindness, according to Sharon Salzberg, we begin to overcome our own fears, doubts, and personal attachments—and tap an endless source of gentle strength that is always available to us. With her graceful writing and six guided meditations on CD, this beloved meditation master empowers readers to enhance *The Force of Kindness* in their own spiritual practice. Note: Cover artwork refers to the softcover version.

The Force of Kindness

Collected Wheel Publications Volume I

Four hundred million people call themselves Buddhists today. Yet most Westerners know little about this powerful, Eastern-spawned faith. How did it begin? What do its adherents believe? Why are so many Westerners drawn to it? Essential Buddhism responds to these questions and many more, offering an accessible, global perspective on the religion's past, present, and future. It identifies how the principal concepts and practices originated and evolved through diverse cultural adaptations into three basic formats: * Theravada (including Vipassana, brought from Vietnam in the 1960s and including such practitioners as Jack Kornfield and Jon Kapat-Zinn) * Mahayana (including Zen Buddhism, originally brought to America by Japanese teachers after World War II and popularized by Jack Kerouac and Thomas Merton) * Vajrayana (including Tibetan Buddhism, from the teachers who fled the Chinese takeover of Tibet in the 1950s as well as the Dalai Lama, and embraced by Allen Ginsberg, Richard Gere, and countless others) Essential Buddhism is the single best resource for the novice and the expert alike, exploring the depths of Buddhism's popularity and illuminating its tenets and sensible approach to living. Written in the lucid prose of a longtime professional storyteller, and full of Buddhist tales, scriptural quotes, ancient stories, and contemporary insights, Essential Buddhism is the first complete guide to the faith and the phenomenon.

Essential Buddhism

"This book is written to give you a living experience of freedom." These are the opening words of Freedom Is — and Brandon Bays gives us exactly what she promises. This is a book about freedom, freedom in the truest sense, freedom on all levels of being. Brandon doesn't merely talk about freedom; she gives us a direct experience of it. She guides us, in her sure and gentle way, into the stillness and joy that are within us. She shows us how to liberate ourselves from any emotional blocks we may have, lift away negative self-concepts, and release past limitations so that we open naturally into our own soaring magnificence. Freedom Is is filled with powerfully effective process work, user-friendly tools, meditations, contemplations, and inspiring stories that will open your heart and draw you into the sublime presence of freedom.

Freedom Is

Describes how the use of mindfulness and meditation practices can provide relief for anxiety and stress-related conditions and enhances one's health.

Calming Your Anxious Mind

While academic and popular studies of Buddhism have often neglected race as a factor of analysis, the issues concerning race and racialization have remained not far below the surface of the wider discussion among ethnic Buddhists, converts, and sympathizers regarding representations of American Buddhism and adaptations of Buddhist practices to the American context. In *Race and Religion in American Buddhism*, Joseph Cheah provides a much-needed contribution to the field of religious studies by addressing the under-theorization of race in the study of American Buddhism. Through the lens of racial formation, Cheah demonstrates how adaptations of Buddhist practices by immigrants,

converts and sympathizers have taken place within an environment already permeated with the logic and ideology of whiteness and white supremacy. In other words, race and religion (Buddhism) are so intimately bounded together in the United States that the ideology of white supremacy informs the differing ways in which convert Buddhists and sympathizers and Burmese ethnic Buddhists have adapted Buddhist religious practices to an American context. Cheah offers a complex view of how the Burmese American community must negotiate not only the religious and racial terrains of the United States but also the transnational reach of the Burmese junta. *Race and Religion in American Buddhism* marks an important contribution to the study of American Buddhism as well as to the larger fields of U.S. religions and Asian American studies.

Race and Religion in American Buddhism

"Since the 1960s Buddhism in America has been viewed through the lens of idealism, generally associated with the spiritual quest of baby boomers. This portrayal has been accurate only to a degree. Charles Prebish's *Luminous Passage* is the first account in a new generation of commentary to demonstrate the complexity and variety of this tradition as it establishes roots in this country. This book will surely stand as one of the most comprehensive assessments of Buddhism in the United States at the turn of the millennium."—Richard Seager, Hamilton College

Luminous Passage

Whisper in the Heart documents lively accounts from around the world of Neem Karoli Baba, a great Indian saint, appearing in visions and dreams to offer spiritual comfort and guidance. Neem Karoli Baba left his body in 1973, but his presence has continued unabated. He has appeared to thousands of individuals across the globe, in dreams and visions, in meditation, and out of the blue in broad daylight. He comes to open hearts with a blast of unconditional love, to bring comfort and aid in response to calls for help, and as a reminder that we are, indeed, all One. *Whisper in the Heart* recounts the stories of over 150 people and the ways in which they "met" Maharajji, as he is fondly known. It could have been while chanting at a kirtan, while at a spiritual retreat or in a temple, while looking at a photo or reading a book, or as in some of the more extraordinary stories, when he shows up on a desperate woman's doorstep in France, brings years of abuse to an end for a nine-year-old child in Australia, dances on a beach in Miami, or appears to a policeman in Taos, New Mexico. Not just for Maharajji devotees, *Whisper in the Heart* can help those who are having spiritual experiences of connection with enlightened beings who are no longer in the body to accept their reality and to know that they are not, in fact, "going crazy." Maharajji himself used to say: When you think of me, I'll be there. In this book, you will get a glimpse of how he is fulfilling that promise. **A LEGACY OF LOVE:** *Whisper in the Heart* continues Neem Karoli Baba's mission of universal love, kindness, and connection **PERSONAL STORIES:** Includes more than 150 accounts of Maharajji appearing in visions, dreams and even in broad daylight **HELPING AND HEALING:** Visions of Neem Karoli Baba have helped diverse people from around the world heal spiritually and physically **MOTIVATING MESSAGE:** The moving stories of Maharajji's love can inspire a deeper spiritual practice and connection to humanity **RAM DASS COLLABORATION:** Neem Karoli Baba's teachings were brought to the west by Ram Dass, whose Love Serve Remember Foundation continues to preserve his legacy and spread his message

Whisper in the Heart

The ultimate practical guide to MBSR—with more than 115,000 copies sold—is now available in a fully revised and updated second edition. Stress and pain are nearly unavoidable in our daily lives; they are part of the human condition. This stress can often leave us feeling irritable, tense, overwhelmed, and burned-out. The key to maintaining balance is responding to stress not with frustration and self-criticism, but with mindful, nonjudgmental awareness of our bodies and minds. Impossible? Actually, it's easier than it seems. In just weeks, you can learn mindfulness-based stress reduction (MBSR), a clinically proven program developed by Jon Kabat-Zinn, author of *Full Catastrophe Living*. MBSR is effective in alleviating stress, anxiety, panic, depression, chronic pain, and a wide range of medical conditions. Taught in classes and clinics worldwide, this powerful approach shows you how to focus on the present moment and permanently change the way you handle stress. As you work through *A Mindfulness-Based Stress Reduction Workbook*, you'll learn how to replace stress-promoting habits with mindful ones—a skill that will last a lifetime. This groundbreaking, proven-effective program will help you relieve the symptoms of stress and identify its causes. This fully revised and updated second

edition includes new audio downloads, new meditations, and extensive chapter revisions to help you manage stress and start living a healthier, happier life.

A Mindfulness-Based Stress Reduction Workbook

This booklet contains two essays: Four Sublime States by Ven. Nyanaponika Thera and the Practice of Loving-Kindness (Metta) by Ven. Nanamoli Thera. The four sublime states, known as the brahmavihara are the lofty mental states of love, compassion, sympathetic joy and equanimity. Ven. Nyanaponika gives a brief description of all four with a section of contemplation exercises for each. He concludes with a section on the inter-relationship of all four. Ven. Nanamoli's essay focuses on the basic brahmavihara of metta, translating for us in his lucid style the key passages from the Pali Canon in which the Buddha taught the practice of metta.

The Four Sublime States and the Practice of Loving Kindness (Metta)

Faith is a word that is often misunderstood - we may think the innocent lucky few have it while the rest of us couldn't possibly, or that we have to give up independence to attain it. In this book, Sharon Salzberg strips away negative conceptions that dismiss faith as being divisive or requiring blind adherence to a belief system. She offers advice on understanding faith as a healing quality that is grounded in common sense, intelligence and, most importantly, our own experience.

Faith

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

Billboard

Philosophy and anthropology have long debated questions of difference: rationality versus irrationality, abstraction versus concreteness, modern versus premodern. What if these disciplines instead focused on the commonalities of human experience? Would this effort bring philosophers and anthropologists closer together? Would it lead to greater insights across historical and cultural divides? In *As Wide as the World Is Wise*, Michael Jackson encourages philosophers and anthropologists to mine the space between localized and globalized perspectives, to resolve empirically the distinctions between the one and the many and between life and specific forms of life. His project balances abstract epistemological practice with immanent reflection, promoting a more situated, embodied, and sensuous approach to the world and its in-between spaces. Drawing on a lifetime of ethnographic fieldwork in West Africa and Aboriginal Australia, Jackson resets the language and logic of academic thought from the standpoint of other lifeworlds. He extends Kant's cosmopolitan ideal to include all human societies, achieving a radical break with elite ideas of the subjective and a more expansive conception of truth.

The Wide, Wide World

SELECTED FOR BARACK OBAMA'S SUMMER READING LIST 'A monstrous and brilliant book' Philip Pullman 'Wholly mesmerising and revelatory... Completely fascinating' William Boyd Sometimes discovery brings destruction When We Cease to Understand the World shows us great minds striking out into dangerous, uncharted terrain. Fritz Haber, Alexander Grothendieck, Werner Heisenberg, Erwin Schrödinger: these are among the luminaries into whose troubled lives we are thrust as they grapple with the most profound questions of existence. They have strokes of unparalleled genius, they alienate friends and lovers, they descend into isolated states of madness. Some of their discoveries revolutionise our world for the better; others pave the way to chaos and unimaginable suffering. The lines are never clear. With breakneck pace and wondrous detail, Benjamín Labatut uses the imaginative resources of fiction to break open the stories of scientists and mathematicians who expanded our notions of the possible.

As Wide as the World Is Wise

To make the journey into the Now we will need to leave our analytical mind and its false created self, the ego, behind. From the very first page of Eckhart Tolle's extraordinary book, we move rapidly into a significantly higher altitude where we breathe a lighter air. We become connected to the indestructible

essence of our Being, "The eternal, ever present One Life beyond the myriad forms of life that are subject to birth and death." Although the journey is challenging, Eckhart Tolle uses simple language and an easy question and answer format to guide us. A word of mouth phenomenon since its first publication, *The Power of Now* is one of those rare books with the power to create an experience in readers, one that can radically change their lives for the better.

When We Cease to Understand the World

From a bestselling author—"a riveting, fun, and insightful tour of life's meaning and purpose, essential reading for anyone drawn to the query, 'How ought we to live?'" (Daniel Goleman, author of *Emotional Intelligence*) Contrary to what we've been taught in our reason-obsessed culture, argues Matousek, emotions are the bedrock of ethical life; without them, human beings cannot be empathic, moral, or good. But how do we make the judgment call between self-interest and caring for others? What does being good really mean? Which parts of morality are biological, which ethical? When should instinct be trusted and when does it lead us into trouble? How can we know ourselves to be good amidst the hypocrisy, fears, and sabotaging appetites that pervade our two-sided natures? Drawing on the latest scientific research and interviews with social scientists, spiritual leaders, ex-cons, altruists, and philosophers, Matousek examines morality from all angles in this thoroughly entertaining and helpful guide to crossing one's own murky moral terrain.

Heart of Darkness

In this anthology, leading Western teachers of Buddhism share their personal experiences on the path of insight meditation; their understanding of the basic teachings of the Buddha; the lessons they've learned in their training with their own teachers; and some good advice on following the Buddha Dharma in everyday situations of work, family, and service. Contributors include: • Jack Kornfield • Sharon Salzberg • Larry Rosenberg • Sylvia Boorstein • Christopher Titmuss • Joseph Goldstein • Steve Armstrong • Narayan Liebenson Grady • Bhante Gunaratana • Gavin Harrison • Kamala Masters • Michele McDonald-Smith • Rodney Smith • Steven Smith • Ajahn Sumedho • Carol Wilson • Christina Feldman

The Orthodox Presbyterian Theological Review and Missionary Recorder

In her latest book, five-time #1 New York Times bestselling author Dr Brené Brown, writes, "If we want to find the way back to ourselves and each other, we need language and the grounded confidence to both tell our stories, and to be stewards of the stories that we hear. This is the framework for meaningful connection." In *Atlas of the Heart*, Brown takes us on a journey through 87 of the emotions and experiences that define what it means to be human. As she maps the necessary skills and lays out an actionable framework for meaningful connection, she gives us the language and tools to access a universe of new choices and second chances - a universe where we can share and steward the stories of our bravest and most heart-breaking moments with one another in a way that builds connection. Over the past two decades, Brown's extensive research into the experiences that make us who we are has shaped the cultural conversation and helped define what it means to be courageous with our lives. *Atlas of the Heart* draws on this research, as well as Brown's singular skills as a researcher/storyteller, to lay out an invaluable, research-based framework that shows us that naming an experience doesn't give the experience more power, it gives us the power of understanding, meaning and choice. Brown shares, "I want this to be an atlas for all of us, because I believe that, with an adventurous heart and the right maps, we can travel anywhere and never fear losing ourselves. Even when we have no idea where we are."

The Power of Now

'I want to wish all of you joy-because there is no better gift. Two spiritual masters, the Dalai Lama and Archbishop Desmond Tutu, share their wisdom in this uplifting book. I promise you, it's the best \$26 you can spend.' Oprah Winfrey Nobel Peace Prize Laureates His Holiness the Dalai Lama and Archbishop Desmond Tutu have survived more than fifty years of exile and the soul-crushing violence of oppression. Despite their hardships - or, as they would say, because of them - they are two of the most joyful people on the planet. In April 2015, Archbishop Tutu travelled to the Dalai Lama's home in Dharamsala, India, to celebrate His Holiness's eightieth birthday and to create this book as a gift for others. They looked back on their long lives to answer a single burning question: how do we find joy in the face of life's inevitable suffering? They traded intimate stories, teased each other continually, and

shared their spiritual practices. By the end of a week filled with laughter and punctuated with tears, these two global heroes had stared into the abyss and despair of our times and revealed how to live a life brimming with joy. This book offers us a rare opportunity to experience their astonishing and unprecedented week together, from the first embrace to the final goodbye.

Ethical Wisdom

In today's increasingly electronic world, we say our personality traits are "hard-wired" and we "replay" our memories. But we use a different metaphor when we speak of someone "reading" another's mind or a desire to "turn over a new leaf"—these phrases refer to the "book of the self," an idea that dates from the beginnings of Western culture. Eric Jager traces the history and psychology of the self-as-text concept from antiquity to the modern day. He focuses especially on the Middle Ages, when the metaphor of a "book of the heart" modeled on the manuscript codex attained its most vivid expressions in literature and art. For instance, medieval saints' legends tell of martyrs whose hearts recorded divine inscriptions; lyrics and romances feature lovers whose hearts are inscribed with their passion; paintings depict hearts as books; and medieval scribes even produced manuscript codices shaped like hearts. "The Book of the Heart provides a fresh perspective on the influence of the book as artifact on our language and culture. Reading this book broadens our appreciation of the relationship between things and ideas."—Henry Petroski, author of *The Book on the Bookshelf*

Voices of Insight

Coping with anger and pain is more challenging than ever in these times—and more necessary. Two acclaimed Buddhist teachers offer strategies and wisdom in a book that's been called "possibly the most inspiring and liberating meditation on love ever written." When people and circumstances upset us, how do we deal with them? Often, we feel victimized. We become hurt, angry, and defensive. We end up seeing others as enemies, and when things don't go our way, we become enemies to ourselves. But what if we could move past this pain, anger, and defensiveness? Inspired by Buddhist philosophy, this book introduces us to the four kinds of enemies we encounter in life: the outer enemy, people, institutions, and situations that mean to harm us; the inner enemy, anger, hatred, fear, and other destructive emotions; the secret enemy, self-obsession that isolates us from others; and the super-secret enemy, deep-seated self-loathing that prevents us from finding inner freedom and true happiness. In this practical guide, we learn not only how to identify our enemies, but more important, how to transform our relationship to them. Love Your Enemies teaches us how to . . . · break free from the mode of "us" versus "them" thinking · develop compassion, patience, and love · accept what is beyond our control · embrace lovingkindness, right speech, and other core concepts First published in 2013, Love Your Enemies is, more than ever, required reading for navigating our world. Throughout, authors Sharon Salzberg and Robert Thurman draw from ancient spiritual wisdom and modern psychology to help you find peace within yourself and with the world. * Includes new prefaces from both authors *
