During the aftermath of the Vietnam War, Van wakes up one morning to find that her mother, her sisters Loan and Lan, and her brother Tuan are gone. They have escaped the new communist regime that has taken over Ho Chi Minh City for freedom in the West. Four-year-old Van is too young--and her grandmother is too old--for such a dangerous journey by boat, so the two have been left behind. Once settled in North America, her parents will eventually be able to sponsor them, and Van and her grandmother will fly away to safety. But in the meantime, Van is forced to work hard to satisfy her aunt and uncle, who treat her like an unwelcome servant. And at school she must learn that calling attention to herself is a mistake, especially when the bully who has been tormenting her turns out to be the son of a military policeman. Van Ho's true story strikes at the heart and will resonate with so many families affected by war, where so many children are forced to live under or escape from repressive regimes.

LIFT UP YOUR EYES is a book of daily devotions written by a Christian pastor who over a lifetime of ministry has come to know the hungers and hurts, the hearts and hopes of humanity. It consists of 374 one-page devotions chosen from over two decades of religious columns written for the Saturday editorial page of the Temple Daily Telegram, by the Rev. Clyde E. Nichols, Minister Emeritus of the First Christian Church (Disciples of Christ) of Temple Texas where he served as senior minister for 23 years from 1963 to 1986. The book contains 365 devotions, one for every day of the year, plus eight for movable holidays (Martin Luther King Day, Easter, Thanksgiving, etc.). Each of the devotions is matched with a carefully chosen memory verse from the Bible. Using wonderful stories, humor, Scripture and anecdotes, this book speaks to the real life situations we all confront and helps us do a better job of

meeting them. Each of the daily devotions is calculated to lift the spirit, focus the mind, and bring a more positive perspective on all we are facing. It is for young and old alike—children, teenagers, adults, senior citizens. Kept on the coffee table or night stand, LIFT UP YOUR EYES can be read daily with one's devotions or picked up, opened anywhere, and read two or three at a time for comfort, challenge, personal growth, self-development and self-esteem. To spend a year with LIFT UP YOUR EYES is to grow in the grace of the Lord Jesus Christ.

Joel Beath and Elizabeth Price explore this question drawing inspiration from a diverse collection of apartment designs, all smaller than 50m²/540ft². Through the lens of five small-footprint design principles and drawing on architectural images and detailed floor plans, the authors examine how architects and designers are reimagining small space living. Full of inspiration we can each apply to our own spaces, this is a book that offers hope and inspiration for a future of our cities and their citizens in which sustainability and style, comfort and affordability can co-exist. Never Too Small proves living better doesn't have to mean living larger.

The New York Times bestselling author of *Love Her to Death* shares the true-crime story of a small-town Midwestern teenager murdered by her own friends. Sixteen-year-old Adrienne Reynolds couldn't unravel the twisted tangles of jealousy and domination complicating her new life in East Moline, Illinois. What began as a fresh start after a troubled home life in Texas ended with Adrienne's body charred, stuffed into garbage bags, and scattered. It seemed the work of hardened criminals, but the truth was far more astonishing: her own "best friends" choked Adrienne to death and cut her up. Now, master crime writer M. William Phelps recounts this horrific saga of teen lust and violence in every gripping detail. Praise for *Too Young to Kill* "Phelps is the Harlan Coben of real-life thrillers." —Allison Brennan, New York Times bestselling author of *Tell No Lies* Includes sixteen pages of revealing photos

Young Aaron wants to learn how to speak to the chickens like his Zayde (grandfather). Zayde's stories and his many books, with their mysterious worlds and their guarded secrets, fascinate Aaron. But always Aaron is too young to learn Yiddish. Zayde thinks that Aaron, and all the new generation

of American Jews, should speak English and play baseball?just like all Americans do. When Zayde becomes very old and can no longer see well enough to read his precious books, Aaron decides it is time that Zayde teach him to speak to the chickens before it's too late. This poignant tale about preserving a dying language and the memories of the people who spoke it is also an eloquent tale of America. Too Young to Kill

Lark Lawrence was alone. In all the world there was no one who cared for her. Still, there were worse things than independence-and Lark had grown quite capable of providing for herself. Nevertheless, as winter loomed, she suddenly found herself with no means by which to afford food and shelter-destitute. Yet, Tom Evans was a kind and compassionate man. When Lark Lawrence appeared on his porch, without pause he hired her to keep house and cook for himself and his cantankerous elder brother, Slater. And although Tom had befriended Lark first, it would be Slater Evans-handsome, brooding and twelve years Lark's senior-who would unknowingly abduct her heart. Still, Lark's true age (which she concealed at first meeting the Evans brothers) was not the only truth she had kept from Slater and Tom Evans. Darker secrets lay imprisoned deep within her heart-and her past. However, it is that secrets are made to be found out-and Lark's secrets revealed would soon couple with the arrival of a woman from Slater's past to forever shatter her dreams of winning his love-or so it seemed. Would truth and passion mingle to capture Lark the love she'd never dared to hope for?

Never Too Old to Teach

With the numbers of childfree women increasing around the globe, it's time to recognise that the choice not to have children is a valid option, and childfree women are reshaping the definition of womanhood in a fundamental way. Unfortunately, they are largely misunderstood, judged, criticised and scorned. And this pressure, these expectations, can make some women feel compelled to make a decision that's wrong for them, or to put off making a decision only to change their minds later. Regardless of your choice, this is a choice that you should be allowed to make based on what you want. Having a child, or being childfree, should never be something that you do due to obligation, tradition, expectation or because all your friends are doing it. With this in mind, the goal of this book is to unveil some of the different forces that might have been turning you away from what you truly want, or diluting the strength of your inner voice, as well as to help you make a decision that's right for you.

Weathered Too Young

One of the Evening Standard's Best Non-fiction 2021. 'We knew that black and brown bodies, working class voices, women's voices, did not have a space where they could be heard - and so this writing collective was a necessary and political act' In the early years of the new millennium, poets Malika Booker and Roger Robinson saw the need for a space for writers outside of the establishment to grow, improve, discuss and learn. One Friday night, Malika offered her Brixton kitchen table as a meeting place. And so Malika's Poetry Kitchen was born. 'Kitchen', as it became known, has ushered in a new generation of voices, launching some of the most exciting writers, books and initiatives in British poetry in the past twenty years. Today, Kitchen is a thriving writers' collective, with a wealth of talented poets and branches in Chicago and India. Too Young, Too Loud, Too Different is a celebration of Kitchen's legacy, an appreciation of its foundational spirit and a rallying cry for all writers to dream the future. The collection features breathtaking new poems by Warsan Shire, Inua Ellams, Kayo Chingonyi, Dean Atta, Roger Robinson, Malika Booker among many others.

A unique and personal insight into the ecology and evolution of pollinators, their relationships with flowers, and their conservation in a rapidly changing world. The pollination of flowers by insects, birds and other animals is a fundamentally important ecological function that supports both the natural world and human society. Without pollinators to facilitate the sexual reproduction of plants, the world would be a biologically poorer place in which to live, there would be an impact on food security, and human health would suffer. Written by one of the world's leading pollination ecologists, this book provides an introduction to what pollinators are, how their interactions with flowers have evolved, and the fundamental ecology of these relationships. It explores the pollination of wild and agricultural plants in a variety of habitats and contexts, including urban, rural and agricultural environments. The author also provides practical advice on how individuals and organisations can study, and support, pollinators. As well as covering the natural history of pollinators and flowers, the author discusses their cultural importance, and the ways in which pollinator conservation has been portrayed from a political perspective. The book draws on field work experiences in South America, Africa, Australia, the Canary Islands and the UK. For over 30 years the author has spent his career researching how plants and pollinators evolve relationships, how these interactions function ecologically, their importance for society, and how we can conserve them in a rapidly changing world. This book offers a unique and personal insight into the science of pollinators and pollination, aimed at anyone who is interested in understanding these fascinating and crucial ecological interactions.

Too Young, Too Loud, Too Different

Sixteen-year-old Jahrett Dunovant understands the pressures faced by today's teens. He spent hours absorbed in various video games, and though he attended church with his parents, he was an apathetic Christian. The day God spoke to him, asking him to put aside the electronics and pick up the Bible, would change his life forever. In his new book, Dunovant offers down-to-earth, empathetic advice to other teenagers. With foundation in scripture and the real-life experiences of today's teens, *Never Too Young to Serve God's Purpose* is the perfect biblically inspired guide to godly teenage living. In a voice that's both mature and relatable, Dunovant shares his own feelings and experiences of faith. Yes, he feels the pressure to act cool. Yes, his parents sometimes embarrass him. Yes, he wants fancy things and feels strong attractions to pretty girls. The premise of the book is not to shame teenagers out of their natural feelings and impulses; he simply asks them to look to the Bible, find strength in discipline, and listen closely for the voice of God. Dunovant's approachable style, firmly rooted in fundamental Christian values, is reminiscent to that of a young Joel Osteen. This guide introduces a powerful new voice to Christian youth.
