A Polyglot Pocket Dictionary of Lingála, English, French, and Italian

A Polyglot Pocket Dictionary of Lingala, English, French and Italian represents a glossary that allows the reader to appreciate positive diversity and interculturalism through multilingualism. Building on, and referring to, the author's experiences of studying and living abroad as a series of transits, transitions, and translations, it urges the reader to enhance their global competency and brain power, and to seek cosmocitizenship through the study of world languages and cultures. To this end, it shares enlightening reflections on the benefits of multilingualism, and allows the reader to develop basic language skills in Lingala, English, French, and Italian. As such, in addition to the glossary, this work also contains key facts about the languages at hand, as well as useful phrases, weekdays, numbers, and elements of grammar.

Translation as Stylistic Evolution

Why did Italo Calvino decide to translate *Les Fleurs bleues* by Raymond Queneau? Was his translation just a way to pay a tribute to one of his models? This study looks at Calvino's translation from a literary and linguistic perspective: Calvino's *I fiori blu* is more than a rewriting and a creative translation, as it contributed to a revolution in his own literary language and style. Translating Queneau, Calvino discovered a new fictional voice and explored the potentialities of his native tongue, Italian. In fact Calvino's writings show a visible evolution of poetics and style that occurred rather abruptly in the mid 1960s; this sudden change has long been debated. The radical transformation of his style was affected by several factors: Calvino's new interests in linguistics, in translation theory, and in the act of translation. *Translation as Stylistic Evolution* analyses several passages in detail and scrutinizes quantitative data obtained by comparing digital versions of the original and Calvino's translation. The results of such

assessment of Calvino's text-consistency suggest clear interpretations of the motives behind Calvino's radical and remarkable change of style that are tied to his notion of creative translation.

Threads and Traces

"This book is a translation of historian Carlo Ginzburg's latest collection of essays. Through the detective work of uncovering a wide variety of stories or microhistories from fragments, Ginzburg takes on the bigger questions: How do we draw the line between truth and fiction? What is the relationship between history and memory? Stories range from medieval Europe, the inquisitional trial of a witch, seventeenth-century antiquarianism, and twentieth-century historians"--Provided by publisher.

Handbook of Multilingualism and Multiculturalism

Built around the concept of linguistic and cultural plurality, this book defines language as an instrument of action and symbolic power. Plurality is conceived here as : a complex array of voices, perspectives and approaches that seeks to preserve the complexity of the multilingual and multicultural enterprise, including language learning and teaching ; a coherent system of relationships among various languages, research traditions and research sites that informs qualitative methods of inquiry into multilingualism and its uses in everyday life ; a view of language as structured sociohistorical object, observable from several simultaneous spatiotemporal standpoints, such as that of daily interactions or that which sustains the symbolic power of institutions. This book is addressed to teacher trainers, young researchers, decision makers, teachers concerned with the role of languages in the evolution of societies and educational systems. It aims to elicit discussion by articulating practices, field observations and analyses based on a multidisciplinary conceptual framework.

The Etruscan World

The Etruscans can be shown to have made significant, and in some cases perhaps the first, technical advances in the central and northern Mediterranean. To the Etruscan people we can attribute such developments as the tie-beam truss in large wooden structures, surveying and engineering drainage and water tunnels, the development of the foresail for fast long-distance sailing vessels, fine techniques of metal production and other pyrotechnology, post-mortem C-sections in medicine, and more. In art, many technical and iconographic developments, although they certainly happened first in Greece or the Near East, are first seen in extant Etruscan works, preserved in the lavish tombs and goods of Etruscan aristocrats. These include early portraiture, the first full-length painted portrait, the first perspective view of a human figure in monumental art, specialized techniques of bronze-casting, and reduction-fired pottery (the bucchero phenomenon). Etruscan contacts, through trade, treaty and intermarriage, linked their culture with Sardinia, Corsica and Sicily, with the Italic tribes of the peninsula, and with the Near Eastern kingdoms, Greece and the Greek colonial world, Iberia, Gaul and the Punic network of North Africa, and influenced the cultures of northern Europe. In the past fifteen years striking advances have been made in scholarship and research techniques for Etruscan Studies. Archaeological and scientific discoveries have changed our picture of the Etruscans and furnished us with new, specialized information. Thanks to the work of dozens of international scholars, it is now possible to discuss topics of interest that could never before be researched, such as Etruscan mining and metallurgy, textile production, foods and agriculture. In this volume, over 60 experts provide insights into all these aspects of Etruscan culture, and more, with many contributions available in English for the first time to allow the reader access to research that may not otherwise be available to them. Lavishly illustrated, *The Etruscan World* brings to life the culture and material past of the Etruscans and highlights key points of development in research, making it essential reading for researchers, academics and students of this fascinating civilization.

Jump and Other Stories

In this collection of sixteen stories, Gordimer brings unforgettable characters from every corner of society to life: a child refugee fleeing civil war in Mozambique; a black activist's deserted wife longing for better times; a rich safari party indulging themselves while lionesses circle their lodge. *Jump* is a vivid, disturbing and rewarding portrait of life in South Africa under apartheid.

Le Berger extravagant, pastorale burlesque. [Based on the novel of the same title by Charles Sorel.]

School Days (Chemin-d'Ecole) is a captivating narrative based on Patrick Chamoiseau's childhood in Fort-de-France, Martinique. It is a revelatory account of the colonial world that shaped one of the liveliest and most creative voices in French and Caribbean literature today. Through the eyes of the boy Chamoiseau, we meet his severe, Francophile teacher, a man intent upon banishing all remnants of Creole from his students' speech. This domineering man is succeeded by an equally autocratic teacher, an Africanist and proponent of "Negritude." Along the way we are also introduced to Big Bellybutton, the class scapegoat, whose tales of Creole heroes and heroines, magic, zombies, and fantastic animals provide a fertile contrast to the imported French fairy tales told in school. In prose punctuated by Creolisms and ribald humor, Chamoiseau infuses the universal terrors, joys, and disappointments of a child's early school days with the unique experiences of a Creole boy forced to confront the dominant culture in a colonial school. School Days mixes understanding with laughter, knowledge with entertainment—in ways that will fascinate and delight readers of all ages.

Nowadays thousands of grammar books, textbooks, outlines, references and language guides of Spanish, Portuguese, Italian and French are published year by year. However, all of them teach these languages separately. Here you will find a comparative grammar of the four major Romance languages together based on their grammatical and lexical similarities for you, lovers of foreign languages, to learn and compare Spanish, Portuguese, Italian and French simultaneously. It is an audacious endeavor to find or create a novel way of learning to speak several languages and becoming a multilingual person. It took me over 3 years to finish the book. It consists of over 800 pages, 10 chapters covering all the grammatical aspects of these 4 languages. It includes over 1000 examples, 500 easy-to-follow charts and tables. It contains 138 geographical, historical and cultural facts about Spanish, Portuguese, Italian and French countries. Below I will discuss several reasons why I decided to write this book and why you need it. 1) First of all, this book is written for readers like you who are fond of or would like to learn Spanish, Portuguese, Italian and French simultaneously or just to get an all-round knowledge of all these four Romance languages. It is designed not only for beginners who do not have an extensive knowledge of grammar, yet need a guide through the grammatical concepts of all mentioned above languages, but also intermediate and advanced students who would like to have a reference book of several Romance languages at once. 2) Second of all I spent many years learning these languages separately, which was a complete waste of time before I realized it. This book will hopefully save you a great deal of time and allow you to study and compare at a glance the four main Neo-Latin languages. 3) Knowledge of foreign languages is fast becoming a necessary requirement for those who are involved in international business, tourism, culture and education. This book offers you four languages to learn, which will make you feel at homewherever you go, whether as a tourist or businessman. 4) Learning several languages simultaneously or one by one will train and strengthen your memory and can help

stave off such terrible diseases as Alzheimer's.⁵) If you have never studied several languages at once before and you like challenges, then you should definitely try it. Because it is a really entertaining and challenging task to do. In conclusion, I would like to sincerely thank you for preordering the book and your interest in it. I hope it will help you improve your languages and become multilingual.

LOVE, ALICE follows Alice, a middle-aged literature teacher whose lifelong loneliness is exacerbated upon her move from the French countryside to Paris. Alienated from her only daughter and hungry for comfort and companionship, Alice begins to develop romantic feelings for her quiet, reserved Japanese masseur, Akifumi. Too guarded to tell him the truth face-to-face, Alice instead writes Akifumi a long letter in which she reveals not only her burgeoning love and intense longing for him but also opens up about her difficult, at turns shocking past.

Love, Alice: a Novella

A lush journey into a Tunisia of memory and imagination. *Talismano* is a novelistic exploration of writing seen as a hallucinatory journey through half-remembered, half-imagined cities—in particular, the city of Tunis, both as it is now, and as it once was. Walking and writing, journey and journal, mirror one another to produce a calligraphic, magical work: a palimpsest of various languages and cultures, highlighting Abdelwahab Meddeb's beguiling mastery of both the Western and Islamic traditions. Meddeb's journey is first and foremost a sensual one, almost decadent, where the narrator luxuriates in the Tunis of his memories and intercuts these impressions with recollections of other cities at other times, reviving the mythical figures of Arab-Islamic legend that have faded from memory in a rapidly westernizing North Africa. A fever dream situated on the knife-edge between competing cultures, *Talismano* is a testament to the power of language to evoke, and subdue, experience.

A crucial question throughout the Middle Ages, the relationship between body and spirit cannot be understood without an interdisciplinary approach – combining literature, philosophy and medicine. Gathering contributions by leading international scholars from these disciplines, the collected volume explores themes such as lovesickness, the five senses, the role of memory and passions, in order to shed new light on the complex nature of the medieval Self.

Body and Spirit in the Middle Ages

The general aim of this book is to present a study of a dramatic genre which was a significant facet of French drama in the period from 1784 to 1834 and has never before been singled out or analyzed. The striking feature of the plays of this genre is that the protagonists represent French literary figures. A casual examination of a collection of late eighteenth- and early nineteenth-century plays, many of

which concern literary figures, led to the initial idea for this study. Conscientious cross-checking was subsequently done in a number of reference works and contemporary newspapers to obtain complete coverage and to draw up a list of all the plays in which French literary figures appeared as characters. From the total number of such plays, 153 have been used as the primary source of information. They were found scattered either in different collections or as separate copies in various libraries. This source has been supplemented by use of theatrical journals and almanacs giving reviews of some of the plays which were not published.

Literary Figures in French Drama (1784–1834)

It is difficult to write well even in one language. Yet a rich body of translingual literature -- by authors who write in more than one language or in a language other than their primary one -- exists. The Translingual Imagination is a pioneering study of the phenomenon, which is as ancient as the use of Arabic, Latin, Mandarin, Persian, and Sanskrit as *linguae francae*. Colonialism, war, mobility, and the aesthetics of alienation have combined to create a modern translingual canon. Opening with an overview of this vast subject, Steven G. Kellman then looks at the differences between ambilinguals -- those who write authoritatively in more than one language -- and monolingual translinguals -- those who write in only one language but not their native one. Kellman offers compelling analyses of the translingual situations of African and Jewish authors and of achievements by authors as varied as Mary Antin, Samuel Beckett, Louis Begley, J. M. Coetzee, Joseph Conrad, Eva Hoffman, Vladimir Nabokov, and John Sayles. While separate studies of individual translingual authors have long been available, this is the first in-depth study of the general phenomenon of translingual literature.

The Historiography of Late Republican Civil War represents a close and coherent study of developments and discussions concerning the concept of civil war in the late republican and early imperial historiography of the late Republic.

The Translingual Imagination

In 1996, Alan Sokal, a Professor of Physics at New York University, wrote a paper for the cultural-studies journal *Social Text*, entitled 'Transgressing the Boundaries: Towards a transformative hermeneutics of quantum gravity'. It was reviewed, accepted and published. Sokal immediately confessed that the whole article was a hoax - a cunningly worded paper designed to expose and parody the style of extreme postmodernist criticism of science. The story became front-page news around the world and triggered fierce and wide-ranging controversy. Sokal is one of the most powerful voices in the continuing debate about the status of evidence-based knowledge. In *Beyond the Hoax* he turns his attention to a new set of targets - pseudo-science, religion, and misinformation in public life. 'Whether my targets are the postmodernists of the left, the fundamentalists of the right, or the muddle-headed of all political and apolitical stripes, the bottom line is that clear thinking, combined with a respect for evidence, are of the utmost importance to the survival of the human race in the twenty-first century.' The book also includes a hugely illuminating annotated text of the Hoax itself, and a reflection on the furore it provoked.

Language Awareness in the Classroom addresses the central educational question of the impact that explicit language knowledge has on learning and language learning. A substantial Introduction defines the issues and key concepts and relates them to contemporary educational policy and practice in Europe and internationally. The papers are organised into four thematic sections: the extent and nature of language awareness in teacher education; school-based language awareness programmes; tertiary education initiatives and modes of evaluation of language awareness programmes.

Andrea Zanzotto is one of the most important and acclaimed poets of postwar Italy. This collection of ninety-one pseudo-haiku in English and Italian—written over several months during 1984 and then revised slowly over the years—confirms his commitment to experimentation throughout his life. *Haiku for a Season* represents a multilevel experiment for Zanzotto: first, to compose poetry bilingually; and second, to write in a form foreign to Western poetry. The volume traces the life of a woman from youth to adulthood, using the seasons and the varying landscape as a mirror to reflect her growth and changing attitudes and perceptions. With a lifelong interest in the intersections of nature and culture, Zanzotto displays here his usual precise and surprising sense of the living world. These never-before-published original poems in English appear alongside their Italian versions—not strict translations but parallel texts that can be read separately or in conjunction with the originals. As a sequence of interlinked poems, *Haiku for a Season* reveals Zanzotto also as a master poet of minimalism. Zanzotto's recent death is a blow to world poetry, and the publication of this book, the last that he approved in manuscript, will be an event in both the United States and in Italy.

In the Shadow of the Wind

Leaving the lavender fields of Provence behind him, a young man sets off on a journey that will lead him all the way to Africa where deep in the interior, he discovers the mysterious Land of the Bees. Among those he encounters on his way are a penniless painter who bears more than a striking resemblance to Van Gogh, a dishevelled wanderer who could only be Rimbaud, and finally a woman with skin the colour of honey.

"Utterly sublime . . . Aduatells a gripping story of war, migration and family, exposing us to the pain and hope that reside in each encounter" (Maaza Mengiste, author of *The Shadow King*). Adua, an immigrant from Somalia, has lived in Italy nearly forty years. She came seeking freedom from a strict father and an oppressive regime, but her dreams of becoming a film star ended in shame. A searing novel about a young immigrant woman's dream of finding freedom in Rome and the bittersweet legacies of her African past. "Lovely prose and memorable characters make this novel a thought-provoking and moving consideration of the wreckage of European oppression." —Publishers Weekly (starred review) "Igiaba Scego is an original voice who connects Italy's present with its colonial past. Adua is an important novel that obliges the country to confront both memory and truth." —Amara Lakhous, author of *Dispute over a Very Italian Piglet* "This book depicts the soul and the body of a daughter and a father, illuminating words that are used every day and swiftly emptied of meaning: migrants, diaspora, refugees, separation, hope, humiliation, death." —Panorama "A memorable, affecting tale . . . Brings the decolonialization of Africa to life . . . All the more affecting for being told without sentimentality or self-pity." —ForeWord Reviews "Deeply and thoroughly researched . . . Also a captivating read: the novel is sweeping in its geographical and temporal scope, yet Scego nonetheless renders her complex protagonists richly and lovingly." —Africa Is a Country

The Beekeeper

A controversial figure of the postwar French literary and cultural scene, Marguerite Duras has exerted a powerful hold on readers around the world. This volume of interviews--hailed on its French publication as Duras's "secret confession"--offers readers a rich vein of new insight into her work, opinions, life, and relationships. The interviews that make up the book were conducted in 1987, when Italian journalist Leopoldina Pallotta della Torre met the seventy-three-year-old Duras at her Paris flat and convinced her to sit for a series of conversations. The resulting book was published in Italian in 1989, but it somehow failed to attract a French publisher, and it was quickly forgotten. Nearly a quarter of a century later, however, the book was rediscovered and translated into French, and, it has now become a sensation. In its revealing pages, Duras speaks with extraordinary freedom about her life as a writer, her relationship to cinema, her friendship with Mitterand, her love of Chekhov and football, and, perhaps most significantly, her childhood in pre-war Vietnam, the experiences that propelled her most famous novel, *The Lover*. A true literary event, finally available in English, *The Suspended Passion* is a remarkable document of an extraordinary literary life.
