I thought I'd use my "influence" to draw attention to another issue

Prehistoric primates are rad as hell, but you know what's also cool?

Poaching and habitat destruction has nearly driven these beautiful creatures to extinction

So, I say as a fellow primate enthusiast, Let's put our money where our mouths are, and make a difference!

We're capable of great things when we work together. Regardless of what dino you voted for, or how you play ARK

That's all for now my peeps. Stay positive, protect primates!
