How to Seduce Hot Women Online

I've been banned more than 5 times, nearly always in less than 2 weeks, and for one reason only – I was picking all the women I wanted from many online platforms. Most of these websites were not for dating, and many of the women I met had boyfriends or husbands, but this didn't stop them from contacting me and go out on a date. In this book, I reveal the secret that allowed me to pick-up dozens of beautiful women from many websites, and that allowed acquaintances to do it faster than me from Facebook and other more popular platforms. The secrets here revealed are so effective that quickly draw the attention of everyone, both jealous men and competitive women. In the end, it's a race against time, while the men try to put you out of the competition in every way they can, and women make you so popular that you start receiving invitations to talk privately online and go on dates with those you haven't had to say whatsoever. This is about a female magnet that works every single time, even though it will eventually make you get banned as well. But, who cares about being banned, once your mobile is full of numbers of hot women and most of them expect to become your girlfriend or at least sleep with you? Don't be fooled about how simple these strategies may seem! Every single pick-up artist that teaches you online dating is either using part of them or all at the same time. Game on!

How to Be a Pickup Artist

Many men have tried to spend time with me to learn what makes me special with women. They can't see it because it's not obvious from how I behave or dress. It's not even obvious by how I talk. And this can be puzzling. In other words, I'm basically impossible to copy. So what makes women so attracted to me? I'm not well-build and full of muscles, I'm not tall and blond; I just don't have anything in me or in my behavior that can make me look like a potential threat to other men. And yet they perceive me as one. But they only perceive me as one, once they see all the girls moving towards my side, leaning on me, and hooking on me. Like a Ninja, I am impossible to detect until the job is done. And that, I believe, increases the level of mystery in what regards my personality and my social magnetism. Now, before all that happens, there are certainly things I have in me and my capacity to observe that makes me fast and efficient at picking up the best women. And in this book I will explain to you how you can develop the same type of qualities. The qualities presented here emerge from a peculiar attitude to life, one that emanates a vibe women can feel and are unable to resist. And it's much more than what shows in confidence; but you'll have to read more to find the big secrets that even most PUAs don't know.

The Sense of an Ending

A monumental novel capturing how one man comes to terms with the mutable past. 'A masterpiece... I would urge you to read - and re-read ' Daily Telegraph **Winner of the Man Booker Prize for Fiction** Tony Webster and his clique first met Adrian Finn at school. Sex-hungry and book-hungry, they would navigate the girl-less sixth form together, trading in affectations, in-jokes, rumour and wit. Maybe Adrian was a little more serious than the others, certainly more intelligent, but they all swore to stay friends for life. Now Tony is retired. He's had a career and a single marriage, a calm divorce. He's certainly never tried to hurt anybody. Memory, though, is imperfect. It can always throw up surprises, as a lawyer's letter is about to prove.

How to Seduce the Hottest Women in the World

It's interesting that we tend to seek for answers with the same brain that has produced the questions and then wonder why we keep the questions but not have the answers or why the answers never seem to match our initial perceptions or expectations when making the questions? And yet, for some reason, we persist for months, and even years of our life, with the same questions. Very often, we give up on finding the answers, but the questions remain, buried in our subconscious mind. And so, and ironically, I find myself realizing that the best answers can only be seen and not searched. Truly, you can only look at what lays in front of you, because life is perfect already, and anything that can be found beyond our preconceived ideas about life is really beyond our preconceptions, thoughts or expectations, which means one cannot be without not being. In this book, I will show you what I've found when forgetting myself, when allowing myself to feel stupid and realizing that I know very little about life, and in specific, women, which is something I had to do if I wanted to truly know how to conquer a ten instead of settling for less. I actually thought I had conquered many tens before in my life, you know, those women every man wants, that they try to anxiously seduce even as she is right next to me, or that they want to learn

how to seduce by becoming my friends first and copying what I do next. But recent experiences shown me that the level can always be upgraded. Those tens are now ones when compared to the astonishing goddesses I met in the baltic countries. In my previous books I did mention women that are socially perceived as a ten. But what if you met the hottest girls in the world? What kind of ten is that previous girl you met? Relearning about how to answer such questions is what I did to write this book. After ending a five years relationship with a woman that was a ten from the social perception of any country we visited together, in a nearly total of thirty countries, often making men wondering what a guy like me had that they didn't, and assuming it's just the size of my cock, was what I did to upgrade my game and take it to a completely new level, far beyond my personal expectations. I decided to travel for 4 months in 7 of the countries with the most beautiful women in the world: Finland, Estonia, Latvia, Lithuania, Denmark, Belgium and Spain. This book resumes conclusions that I'm not necessarily proud or happy about, but that, as a social, psychological, but also psychopathic, and foremost, mindfucking scientist, as well as researcher, do present very accurate insights into the female mind, at least the one that is at the top as the most appreciated, the tall, blond and blue or green eyes blond with long hair and beautiful facial features. You know, that goddess that you thought only existed either in the Lord of the Rings or very high quality porn movies. Yep, I'm going to teach you here how to blow yourself away with amazing success in picking up and dating the hottest women in the world. And if you can't, well, fuck it and fuck you, because I'm not your father and this isn't LSD and won't make miracles for you just because you read it. This is just a book. You're responsible for what you do, say and also for who you are. So, don't blame me or anyone else for being yourself and existing in the way you do. If you want these tips to work, you must use them over and over again, because they're so good that they even work on men. That's right, I made as many male friends as I made female friends by behaving and talking like what I will show you here. And I also did have amazing conversations with some guys while seducing their girlfriend in front of them. The emails that these girls kept sending me still surprise me to this day.

But don't take our word for it, here's what Johnny's clients say about him: "I sought out Johnny because I came to a point in my life where I needed a change. I was 21 and I've been nervous and awkward around attractive women my whole life. I've had a few brief relationships but they all ended badly and I could never approach women in social occasions. In fact, until I met Johnny, I had severe doubts about whether if I could attract beautiful women at all." - Marcus, Private Equity, London "Johnny is a master psychologist. His understanding of women does not only come from his past experiences, but also through his vast knowledge gathered from NLP and other psychology-related publications. His infield coaching not only gives students an edge in dealing with women but also gives students a unique insight into many aspects of human behaviour." - Justin, Computer Technology, London "I'd always had a huge fear of approaching, Johnny has helped me overcome that and then showed me a completely different side to social interaction which I genuinely thought only existed in films". - Chris, Systems Analyst, London

Second Lives

We've always dreamed of perfect places: Eden, heaven, Utopia. Imagine gambling without loss, love without heartbreak, sex without exposure, experience without risk. Welcome to the fascinating world of online virtual reality, the land of invented places and populations that is entered and inhabited every week by nearly fifty million people worldwide. Each participant creates a virtual body, works at virtual jobs, and makes virtual friends and family. In *Second Lives*, Tim Guest, an internationally acclaimed young journalist, takes us on a revelatory journey through the electronic looking glass as he investigates one of the most bizarre phenomena of the twenty-first century. From *Second Life* to *EverQuest* and beyond, here are the computer-generated environments and characters that can easily become more engrossing and fulfilling than earthly existence. With the click of a mouse you can select eye color, face shape, height—you can even give yourself wings. Your character, or avatar, can build houses, make and sell works of art, earn money, get married and divorced. In this fascinating and groundbreaking book, Guest meets people who found meaningful love and friendship despite never having met in person, catches up with the companies that have used virtual worlds to make big money, investigates the U.S. military's massive online global model that trains soldiers to fight anyone anywhere, and travels all the way to gaming-crazed Korea to get a taste for just how big this phenomenon really is. At first glance, these new computer-generated places seem free from trouble and sorrow. But Guest examines the dark side of this technology too, including the online criminals who plague imaginary worlds, from cyber mafiosos and prostitutes to real hackers and terrorists. It seems that one cannot escape greed, corruption, and human weakness—even inside a computer screen. Are these virtual worlds a way to enhance life or to escape it? Guest explores this question personally as he lets himself be transported into myriad parallel universes. By turns provocative, inspiring, and disturbing, *Second Lives* is a crucial book for this millennium. After all, real life is so twentieth century. Advance praise for *Second Lives* "Tim Guest is a young writer with the literary goods. My *Life in Orange*, his hit memoir of growing up in a commune, looked at his past; his riveting new book, *Second Lives*, looks at our future: the world of virtual reality and the spellbound people who inhabit it. The book is some kind of revelation—by turns compelling, chilling, and illuminating. Curious, intelligent, offbeat, and artful, Guest is at the beginning of a big career." —John Lahr, senior drama critic, *The New Yorker*, author of *Prick Up Your Ears: The Biography of Joe Orton* Praise from England for *Second Lives* "An anthropological adventure but also Guest's personal voyage . . . a fascinating portrait of rainbow landscapes and their inhabitants." —*Time Out London* "Rich and colourful . . . an important mapping of a new social frontier." —*The Guardian* "Remarkably timely." —*The Sunday Telegraph* "Astonishing." —*The Sunday Times*

Game

Game teaches men a 9-step program for meeting and attracting women in an age when smartphones, feminism, and anti-masculinity propaganda have made connecting with the opposite sex harder than ever. It will help you achieve casual or monogamous relationships while safeguarding you from sexual harassment and rape accusations that have increased due to the spread of social justice and hashtag activism. Game was written after the author's 17-year obsessive journey into the art of seducing women. The book begins with... -The 8 beliefs you must internalize to attract women without conscious effort -How to maximize your physical appearance so that most of a seduction is complete before you even begin talking -The hygiene and body flaws that turn women off without you realizing it -8 attraction triggers that cause a woman to be deeply drawn into a man -3 destroyers of attraction that turn off just about all women in their physical prime The biggest chapter is on approaching. Even if you don't have a large social circle, or any friends at all, Game teaches you how to have pleasant face-to-face interactions with women. You'll learn... -How to walk out your front door and casually meet women during the day in a way that won't make you anxious -How to meet girls at night in bars, clubs, or on the street -Dozens of word-for-word examples of how to approach women and converse with them -The best way to know that a girl likes you and will show up on a first date -The number one sign that a girl is ready to be kissed so that you never have to worry about being physically "rejected" -How to move things to the bedroom on the same day or night you meet a girl If you're not a fan of casual hook-ups, the book has you covered with a traditional dating program. You'll learn... -How to contact a girl using a text messaging script that gets right to the point of scheduling a date -6 fun date questions to ask that help reveal if she's worth a long-term relationship -6 conversational guidelines that prevent you from running out of things to say -How to "qualify" and tease a girl so that she always sees you as a high-value man -The smoothest way to move things to a private home when she's ready for intimacy -A safe progression to having consensual sex that won't get you in trouble with the law Once you start dating a girl you like, you'll enjoy the chapter on relationships. You'll learn... -How to lovingly mold a girl into your ideal partner while resisting her efforts to train you into a beta male slave -The most important standards you must uphold to maintain the integrity of the relationship -How to regain attraction after your girlfriend becomes distant -6 warning signs that tell you a girl is not worth marriage -How to know if your girlfriend is cheating on you You'll also find two large appendices. They share... -The best way to enter social circles where women will see you as the apex male -How to get intimate with a girl in your social circle so that things don't get weird or awkward -An easy trick to identify which foreign cities contain women that will be most receptive to your look and personality -How to plan for trips that maximize the chance you'll get lucky with foreign women The above only scratches the surface of what Game contains. It is seminal work of a hyper-sexualized man who dedicated tens of thousands of hours into understanding women and attracting them while fending off defamatory attacks from mainstream feminists and fake news journalists who want to criminalize healthy masculinity. Whether your goal is to have fun in a big city with lots of women or fall in love with only one before getting married, Game

will help you accomplish your goals in a way that keeps you safe from degrading cultural winds that continue to divide men and women.
