The Alchemy of Desire

Celebrating the chaotic spirit of India at a time of great change, this book offers a sensual account of the complex chemistry between sex, ambition and love.

Alchemy of Desire

Leading Jungian analysts reflect on a broad range of contemporary cultural and psychological issues, mixing both classical and postmodern sensibilities in their exploration of childhood seduction, trauma, false memory syndrome, victimization, racism, feminism, the sex war and the goal of analysis.

The Alchemy of Desire

Quick-paced and inventive, brimming with ideas and memorable characters, The Alchemy of Desire celebrates the chaotic spirit of India at a time of great change. It also offers, in searing, lucid prose, a deeply sensual and moving account of the complex chemistry between sex, ambition and love. This is a major novel by one of the most significant new voices of his generation. 'A bold and weighty first novel . . . sex is practically a character in its own right here, endlessly examined in all its luscious, experimental glory . . . A memorable and impressive debut' Sunday Times 'Throughout, it reveals Tejpal's eye for characterisation and description' Guardian 'The passion in the novel is deeply organic to the characters and the narrative. As an attempt to compel readers to look at desire without the crippling impulse of shame and hypocrisy, it works beautifully' Independent 'Throughout the novel, Tejpal's sensuous language produces moments of breathtaking beauty, and he displays a poet's joy in catching the feel, odour and appearance of the living world' Big Issue

Fire in the Stone

We've all felt the giddy flutter of excitement when our new lover walks into the room. Waited by the phone, changed our plans...But are we in love, or is there something darker at work? In Desire: Where Sex Meets Addiction, Susan Cheever explores the shifting boundaries between the feelings of passion

and addiction, desire and need, and she raises provocative and important questions about who we love and why. Elegantly written and thoughtfully composed, Cheever's book combines unsparing and intimate memoir, interviews and stories, hard science and psychology to explore the difference between falling in love and falling prey to an addiction. Part one defines what addiction is and how it works -- the obsession, the betrayals, the broken promises to oneself and others. Part two explores the possible causes of addiction -- is it nature or nurture, a permanent condition or a temporary derangement? Part three considers what we can do about it, including a provocative suggestion about how we describe and treat addiction, and a look at the importance of community and storytelling. In the end, there are no easy answers. "A straight look about some crooked feelings," Desire shows us the difference between the addiction that cripples our emotions, and healthy, empowering love that enhances our lives.

The Alchemy of Desire

Marking the company's ninetieth anniversary, this lushly illustrated volume showcases Damiani's tradition of creative and beautifully crafted jewelry-the best of Italian style. Damiani jewelry represents the highest expression of Italian style: unique pieces created with passion and craftsmanship for three generations. Founded in 1924 by Enrico Grassi Damiani, personal jeweler to the nobility, the company celebrates its ninetieth anniversary with a lavishly designed volume that focuses on tradition, craftsmanship, and creativity. Today, Damiani's clientele includes many highly visible celebrities around the world. Creativity, design, and entrepreneurship are the key elements that have driven the Damiani family for nearly a century, together with a deep passion for their art. Strengthened by decades of tradition, the Damiani Group has always been renowned for the quality of its products and materials and for the exclusive design of its collections.

Alchemy

The Alchemy of Intimacy is a 13-week process to uncover and recreate the divine love story between your physical matter and your spiritual essence. Union of these two things creates a sacred marriage within. Irresistible radiance is the result. Damiani

From Simon & Schuster, The Alchemy of Love and Lust is Theresa L. Crenshaw's guide to how our sex hormones influence our relationships. The Alchemy of Love and Lust identifies the role our hormones

play in the different sexual stages, exploring the age-old concept of chemistry between the sexes and how hormones can determine the course of human relationships.

The Alchemy of Intimacy

Jarow offers a practical guide--complete with a series of exercises and guided visualizations--to help cultivate one's relationship with the universe by exploring 12 key areas on the pathway to fulfillment.

Alchemy

Late at night, in a dingy apartment hidden in a side street of a nondescript foreign city, a man tries to write out his story before daybreak. He doesn't believe he'll live to see daylight and he's driven to tell the world the story of his killers while there's still time. Until he escaped, the man himself was one of those killers, known only as 'X470.' He was a Wafadar, one of a brotherhood of trained, ninja-like assassins indoctrinated with the task of protecting the commune, an anonymous collective hidden in a valley of the Himalayas.

The Alchemy of Love and Lust

Think of Torch Songs and the Tango. Think of films such as *Casablanca* and *The English Patient*, of novels such as *Wuthering Heights* and *Rebecca*. Think of romantic, obsessive love, the hot bed of passion we fall into, the emotion we, mistakenly, think of as true love. This is the subject of Rosemary Sullivan's provocative and fascinating new book *Labyrinth of Desire*.

Alchemy of Abundance

It is essential to set a balanced context for literary analysis amidst international, national and regional conditions. In terms of Indian perspectives, it travels deep down to religion, caste and cultural levels. To understand any Indian phenomenon, one needs to understand the diversity and its historical implications. Mahesh Elkunchwar as a notable Indian dramatist, holds a key position in Indian literature due to his excellent presentation of Indian consciousness on stage. Desire, revolt and violence are perhaps few of the most important issues in human relationships. The performance of the emotions on the stage receives special significance. The poststructuralist perspectives on Elkunchwar's plays by Vishnu Patil, present a fresh insight into the study of Indian drama in particular and critical thinking about desire and violence in general. It becomes a fine interweaving of eastern and western thinking about sexuality and violence. He investigates and offers deconstructive analysis on incest relationships, extramarital affairs, rape, prostitution, homosexuality, love relationships as depicted in the plays like *Desire in the Rocks*, *Garbo*, etc. He examines acts of violence and revolt in a post structuralist way especially in the light of ideas of post Lacanian critic Slavoj Žižek. Revolt however is treated on both the levels i.e. feminist and general level. The book continuously attempts to unveil the ideological forces functional under many regular social practices especially in the form of patriarchy, religion and so on. It succeeds in doing so by combining views on the issues desire and violence from ancient Indian contexts and its evolution through time. The textual references serve the purpose of setting a balanced review and investigation of relevance of certain ideas and sexual politics and it also helps to understand reasons and culminations of violent responses and politics responsible for its origin.

The Valley of Masks

David Kepesh, an adventurous man of intelligence and feeling, tries to make his way to both pleasure and dignity through a world of sensual possibilities. Temptation comes to him in both its ordinary and spectacular forms. This book explores in all its painful ramifications, the pursuit and loss of erotic happiness.

Labyrinth of Desire

With this book, Your Heart's Desire is within easy reach.

Alchemy of Desire, Revolt & Violence

"Desire" is book one of a collection of sensual and erotic short stories.

The Professor of Desire

'A breakthrough book. Wonderfully applicable to everything in life, and funny as hell.' Nassim Nicholas Taleb Why is Red Bull so popular – even though everyone hates the taste? Why do countdown boards on platforms take away the pain of train delays? And why do we prefer stripy toothpaste? Discover the alchemy behind original thinking, as TED Talk superstar and Ogilvy advertising legend Rory Sutherland reveals why abandoning logic and casting aside rationality is the best way to solve any problem. In his first book he blends cutting-edge behavioural science, jaw-dropping stories and a touch of branding magic on his mission to turn us all into idea alchemists. He shows how economists, businesses and governments have got it all wrong: we are not rational creatures who make logical decisions based on evidence. Instead, the big problems we face every day, whether as an individual or in society, could very well be solved by thinking less logically. To be brilliant, you have to be irrational.

Your Heart's Desire

Self Love and Spiritual Alchemy takes you on a journey to transform your mindset and master The Law of Attraction so that you can create a life that sets your soul on fire. Dani Watson, a Self Love and Law of Attraction coach, walks you through a process that will help you get clear on what you really want, ditch the limiting beliefs and negative thoughts that are holding your back and teach you how to raise your vibration so that you can to be, do and have anything you desire. Within the book, Dani shares her story of how she battled with anxiety after years of struggling to figure out her career path, accumulating significant debts and then dealing with heartbreak. Through learning how to love herself again and discovering the world of coaching and spirituality, Dani went on to figure out her purpose and find the confidence to go for her dreams. Self Love and Spiritual Alchemy weaves personal experiences with practical guidance so that you can discover how to unleash your inner goddess and co-create magic with The Universe. You can find out more about Dani via Instagram @dani_watson_coaching or online at www.daniwatson.com

Desire

The main secrets about money have always been explored and studied from different spiritual viewpoints but kept hidden from the majority. It has always seemed like a neglected topic for any religious group, despite evidences showing that some spiritual individuals and priests are extremely wealthy. The alchemists and the knights templar emerge in recent history as the wisest in the application of these spiritual laws for the acquisition of fortune, taking into account that they sponsored the most powerful monarchies and created the first European banking system. This history remains hidden in symbols, monuments and religious codes, visible only to those that can interpret them. Even common words from our daily life remain codified for those using them in the fields of economy and finance. As mindless robots, over 99% of the world population remains in the dark, in utterly ignorance about something they use every day, i.e., money. This book describes in detail and precisely what only 1% of the wealthiest individuals in the entire world know about money and how they think, while explaining how money can be interpreted from an alchemical perspective.

Alchemy

Desire- Behind Closed Doors, is book #2 of the Desire series. Each book contains six erotic short stories that are sure to get you desiring more.

Desire

Material Alchemy has been devised to showcase the most innovative, thought-provoking design approaches to materials within the 21st century. Enlisting the help of luminaries from the world of science, technology, and design showcases new responses to material innovation and provides key insights into how material will be utilised to shape our future environments. Unlike existing publications that singularly examine and showcase materials from an industrial and technical standpoint for commercial application, this publication explores materials from a conceptual, historical and narrative point of view. Exploring key topics such as synthetic biology, how designers and scientists are designing with living matter, utilising the laboratory as a means to cultivate and grow new materials. To technological innovations, how new technologies such as 3D printing are revolutionising the manufacturing industry. Showcasing the work by technologists and artisans, how these collaborative partnerships are evolving to redefine materiality in the 21st century. The book not only provides new insights into how designers, scientists and artisans are exploring materiality, it also presents opportunities to physically engage with materials through the following chapters: Low-Tech, High-Tech, Molecular Gastronomy and The Laboratory. In addition to this, the publication features interactive content that merges the analogue with the digital. Using image recognition software to trigger hidden content in the form of animations that visually demonstrate how to carry out each workshop, or to transport you to the alchemists conceptual film to further explain the narrative of their research. The use of materials within art, design and architecture is a dynamic and growing area of research. How we use and define a material no longer applies in the 21st century, a material is more than just a material to clothe and shelter us, our desire for intrinsic value and connectedness has driven the way for new interpretations of materiality, as opposed to merely applying materials for commercial applications.

Self Love and Spiritual Alchemy

In this headline-making book, Daniel Bergner turns everything we thought we knew about women's desire on its head. Drawing on extensive research and interviews with renowned behavioural scientists, sexologists, psychologists and everyday women, Daniel Bergner asks: - Do women really crave intimacy and emotional connection? - Are women more disposed to sex with strangers or multiple partners than either science or society have ever let on? - And is 'the fairer sex' actually more sexually aggressive and anarchic than men?

Alchemy

Lily, the heiress to a San Francisco jewelry dynasty, finds her safe world exploded by an obsessive affair, repeating a family history she has just begun to learn.

Desire

Jacob is a man with an overwhelming attraction to female feet. The Baroness is a clothing designer and evangelical sadist. Roy is a wedding band singer entranced by his step daughter. Ron and Laura are simply in love - only Laura lost both her legs in a car accident, and Ron is beguiled by a beauty many would be blind to. How do we deal with desire? Our own, and the desires of others? How do we comprehend desires that are extreme, or unacceptable? And how do those who have them, live with them? In A Map of Desire Daniel Bergner takes us on a journey into human passion suffered, endured, and celebrated. Desire is a sometimes anarchic, sometimes ecstatic, sometimes destructive, sometimes redeeming, and always powerful force. Immersing himself in it through the people whose lives he follows and the scientists he spends time with who are trying to understand it, slowly he exposes and illuminates layers of our humanity.

Material Alchemy

Growth unleashes benefits beyond the economic. It revitalizes organizations and invigorates the people in them, creating energy, a sense of purpose, and the glow of being on a winning team. Like the alchemy of old, it seeks to transform the everyday into the exalted by means that seem little short of magical. Yet growth is often elusive, achieved at unacceptable costs, or managed in fits and starts. Based on over three years of research and application at high-performing companies around the world, The Alchemy of Growth is a comprehensive, practical approach to initiating, achieving, and sustaining profitable growth—today and tomorrow. As the book shows, the secret is to manage business opportunities across three time horizons at once: extending and defending core businesses, building new businesses, and seeding options for the future. The Alchemy of Growth offers managers at all levels the tools and

concepts for investing in the right initiatives, capabilities, and talent to propel their companies into the future.

What Do Women Want?

Are your customers looking for a Premiered Collection of Stories? Do you want to ignite their minds and hearts and keep them coming back to buy from you again and again? Then, You Need this Bundle in Your Library and Your Customers Will Never Stop to Use it!

Desire

A sweeping history of tragic genius, cutting-edge science, and the Haber-Bosch discovery that changed billions of lives—including your own. At the dawn of the twentieth century, humanity was facing global disaster: Mass starvation was about to become a reality. A call went out to the world's scientists to find a solution. This is the story of the two men who found it: brilliant, self-important Fritz Haber and reclusive, alcoholic Carl Bosch. Together they discovered a way to make bread out of air, built city-sized factories, and saved millions of lives. But their epochal triumph came at a price we are still paying. The Haber-Bosch process was also used to make the gunpowder and explosives that killed millions during the two world wars. Both men were vilified during their lives; both, disillusioned and disgraced, died tragically. The Alchemy of Air is the extraordinary, previously untold story of a discovery that changed the way we grow food and the way we make war—and that promises to continue shaping our lives in fundamental and dramatic ways.

The Other Side of Desire

"Spine chilling ... written with flair and clear-eyed acidity." — The New Yorker Based on actual events, The Story of My Assassins tells the story of a journalist who learns that the police have captured five hitmen on their way to kill him. Landing like a bombshell on his comfortable life, just as he's started a steamy affair with a brilliant woman, the news prompts him to launch an urgent investigation into the lives of his aspiring murderers—a ragtag group of street thugs and village waifs—and their mastermind. Who wanted him dead, and why? But the investigation forces him to reexamine his own life, too—to confront his own notion of himself, his job, and his treatment of the women in his life, as well as his own complex feelings about the country that crafted his would-be killers. Part thriller and part erotic romance, full of dark humor and knife-edged suspense, The Story of My Assassins is a piercing literary novel that takes us from the lavish, hedonistic palaces of India's elite to its seediest slums. It is a novel of corruption, passion, power, and ambition; of extreme poverty and obscene wealth. It is an awesome adventure into the heart of today's India.

The Alchemy of Growth

- Examines the foundational texts and principles of Hermeticism and alchemy, showing how they offer a foundation for a psycho-spiritual creative practice
- Takes the reader on a Hermetic journey through each of the seven traditional planets, offering meditative discourses that speak directly to the intuitive soul
- Provides examples from traditional alchemical art and the author's own intricate esoteric paintings

Drawing on ancient Egyptian and Greek cosmogonies and essential Hermetic texts, such as the Corpus Hermeticum, the Emerald Tablet (Tabula Smaragdina), and the Nag Hammadi codices, Marlene Seven Bremner offers a detailed understanding of Hermetic philosophy and the art of alchemy as a foundation for a psycho-spiritual creative practice. Offering examples from traditional alchemical art and her own intricate esoteric paintings, Bremner examines the foundational principles of Hermeticism and alchemy and shows how these traditions are a direct means for accessing higher consciousness and true self-knowledge, or gnosis, as well as a way to extract the essence of one's own creative gifts. The author takes the reader on a Hermetic journey through each of the seven traditional planets--Saturn, Jupiter, Mars, the Sun, Venus, Mercury, and the Moon--exploring their mythological, philosophical, alchemical, Qabalistic, magical, astrological, and energetic natures and offering meditative discourses that reach past the rational mind to speak directly to the intuitive soul. She relates the seven planets to the esoteric anatomy of the human body, specifically the seven chakras, and shows how the planets can offer understanding and experience of archetypal energies and patterns in the body, in one's life, and in the creative process. A profound synthesis of magical and occult teachings as well as an initiation into the alchemical opus, this book reveals how to integrate and apply Hermetic and alchemical principles to awaken inner knowing, liberate the imagination, and live a mystical, creative, and truly inspired life.

Alchemy

To be brilliant, you have to be irrational Why is Red Bull so popular - even though everyone hates the taste? Why do countdown boards on platforms take away the pain of train delays? And why do we prefer stripy toothpaste? We think we are rational creatures. Economics and business rely on the assumption that we make logical decisions based on evidence. But we aren't, and we don't. In many crucial areas of our lives, reason plays a vanishingly small part. Instead we are driven by unconscious desires, which is why placebos are so powerful. We are drawn to the beautiful, the extravagant and the absurd - from lavish wedding invitations to tiny bottles of the latest fragrance. So if you want to influence people's choices you have to bypass reason. The best ideas don't make rational sense- they make you feel more than they make you think. Rory Sutherland is the Ogilvy advertising legend whose TED Talks have been viewed nearly 7 million times. In his first book he blends cutting-edge behavioural science, jaw-dropping stories and a touch of branding magic, on his mission to turn us all into idea alchemists.

The Alchemy of Air

Although there has been much discussion about things like the causes, loss, and maintenance of sexual desire, there has been little research into the nature of sexual desire itself. This book takes an interdisciplinary and intercultural approach, drawing on a wide range of texts and research, to say what sexual desire is.

The Story of My Assassins

From "a major new talent" (George R. R. Martin) comes an epic speculative novel of revolution, adventure, and the struggle for free will set in a world that might have been, of mechanical men and alchemical dreams. My name is Jax. That is the name granted to me by my human masters. I am a slave. But I shall be free.

Hermetic Philosophy and Creative Alchemy

A mystery story of great emotional power, told in rich language and crackling dialogue.

An Elusive Desire

This groundbreaking book delves into the complex world of women who are trapped in their images defined by others. The author examines this facet of female development and shows women how to untangle themselves from the web of reflected images that confuse and conceal their wants and needs.

The Thing Which Has No Name

In this powerful, insightful and thought provoking book, Julia Felton draws on her 20+ years of corporate and business experience to share the Joined Up Business Blueprint, a methodology for creating a new breed of business - one that is sustainable and consciously aware of how it impacts society."

The Nature of Sexual Desire

Desire
