LONDON CALLING is a poignant, warm-hearted and engaging saga of Clapham, south London's women during the Second World War, for readers of Kate Thompson, Annie Murray and Katie Flynn. It will take more than Hitler's Luftwaffe to break the spirit of the residents of Lavender Road. If courage and resilience could win wars, the conflict would already be over. It's not all harmony, though. Nurse Molly Coogan and would-be actress Jen Carter certainly don't see eye to eye. Molly, despite hating the discipline of wartime hospital life, is unimpressed by Jen's prima donna ways. Jen, unaware of Molly's secret heartache, can't resist taking her own frustrations out on Molly. It's just as well that no one knows what challenges lie ahead... From stolen glasses in the Flag and Garter to fancy dinners in the heart of the West End, from a desperate battle for survival on a hospital ward to a torpedo hitting its target in the Mediterranean Sea, LONDON CALLING takes readers into a world of ordinary people living extraordinary lives.

Eye of the Beholder

This book goes in many different directions and explores relationships within families and also between friends. The main character in the book is Charlotte Jameson and much of the story revolves around her. The relationship with her mother Molly went deep and when she was called upon to become her full-time Carer at the small cottage in the village of St. Gilda in Yorkshire, she never hesitated even for a moment even though it meant giving up her life in the city. She worked as a self employed translator so her work could continue. When the letter in the pale blue envelope found its way into her hands she had no way of knowing what extraordinary events and emotions would be triggered by its contents which would set her on a path out of Yorkshire and into Southern Africa. She was faced with revelations which brought about great changes in her life. Finding new worlds with their own culture, language and history in South Africa and Namibia broadened her horizons but she was ultimately drawn back to her roots in Yorkshire. Ultimately she longed for the tranquility of the Yorkshire countryside and returned to St. Gilda only to be caught up in the trauma of the grandchildren of the Hauptmanns, a German family who lived near St. Gilda. Joe, who became Charlotte's friend after a chance meeting, had left London to escape from a failed relationship. He found the tranquility of the Dales suited both himself and his companion of many years, his yellow labrador. Streak was his faithful friend who loved the freedom of rambling around the countryside. Charlotte joined them on many outings and the friendship deepened. When she told him of her impending trip to South Africa, he was filled with misgivings, breathing a sigh of relief when she came home.

Through the Strings of Time

People throughout the world are trying to flock to America seeking a better life. Circumventing their way into United States, where promises that hard work will obtain their desired goal. Through the eyes of a new visitor in the States and some more seasoned arrivals, we can see how these immigrants abandoned their culture and embraced one of uncertainty. Grigorie a pensioner from Romania deserted by his two sons, coming to see how they fared. One lives in a prestigious city of Boca Raton Florida, succeeding in business only within few years and coming closer to living the American dream;. Grigorie after couple of weeks in Boca doesnt see whats so good about this life, his views clash with his son and some others who believe they are the lucky ones to be here. Together with his in-law Petru (who immigrated to America more than 30 years ago), they realized that these seekers of the good life have not done the right thing in abandoning their culture. The beauty, freedom, and happiness of the past cannot be brought back. Only through their ancestral music they could feel the reminiscence of their lost treasures, many times brought by the old antediluvian violin through her strings of time.

How to Design Wedding Invitation Cards

Wedding ceremonies may include several pre-wedding and post-wedding ceremonies that may vary from one region to another but basic tenets and practices remains the same. Weddings are joyous celebrations, attended by friends and relatives of the couple. Wedding invitations play an instrumental role in inviting friends and family for the occasion. Wedding Invitation cards can be minimalistic ones to elaborate ones, simple ones to grand ones, imaginative ones to conventional ones. A Wedding Invitation card can also depict rich culture, customs, traditions, rituals and practices of different communities.

Invitations from the Heart

Brides know that their wedding invitation will be the first taste their family and friends will have of the upcoming occasion and most want that first impression to be a memorable one. But it's almost impossible to buy an invitation from a catalog that reflects an individual's personality. The other option is to hire a designer to create an invitation, but this can be very expensive. Instead, the step-by-step guide, *Invitations from the Heart*, takes brides through the process of creating a unique and affordable invitation for themselves. The goal is to take the knowledge they already have about their tastes and dreams and put them on paper. After all, nobody knows what a brides vision for their perfect day is better than themselves. *Invitations from the Heart* will help brides discover their wedding style, research cultural traditions, choose the right paper, typestyle and ink color, understand each part of the invitation package from the ceremony card to the thank-you card and decide on the best wording for the text. Plus, the book also includes color photos and instructions for sample cards, money-saving tips, and loads of creative ideas to make that invitation stand out from the crowd.

The Wedding Invitation Handbook

Many engaged couples want their invitations to reflect top-quality artisan style rather than a mass-produced design. This thorough guide covers all you need to know to ensure your invitations are creatively perfect. It will also prove invaluable for specialty artisan printers who produce work for nuptials. All the elements of wedding stationery are covered here, including the invitation, envelopes, reception cards, ceremony cards, reply cards, and more. Guidance on wording, envelope addresses, design,

and printing allows you to confidently make correct choices. Examples include wording for every type of observance, whether it be a traditional, blended, or same-sex marriage, or a non-religious or commitment ceremony. This is a key reference for anyone planning their union, as well as small letterpress printers, calligraphers, and others who offer similar handmade invitations.

The Bride and the Beetle

The background to the *Wings of Faith* was introduced with a divine call through a dream in which the Lord mandated the writer to effectively share her faith in writing with testimonies of the several wonderful things the Lord has done in her life in response to her faith in Jesus Christ and her prayers and cries to God for help in every areas of her challenges from which she has found relevance and purpose in life, as referenced in Philemon 1:6?"That the communication of thy faith may become effectual by the acknowledging of every good thing which is in you in Christ Jesus." The *Wings of Faith* is a catalogue of testimonies of my faith, testifying that since I gave my life to Christ through faith in the name of Jesus as the Son of God and as my Lord and personal Savior through confession and repentance and forsaking of my sins and baptism by immersion, daily reading, and studying of the Bible and prayer and fellowship with the brethren and faith in the word of God, which I communicate to God through prayer by the help of the Holy Spirit, my life has never been the same again. The Word of God that I pray with bears fruit, which results to testimonies. As a widow, God has shown me his faithfulness as the husband of the widow and as the father of the fatherless to my children. He has pleaded my case against opposition, defended the cause of my children, did not leave us as orphans but revealed things to come so as to warn us, relieved us of burdens, provided for us, healed us, intervened in very difficult situations and made ways of escape for us, helped us and sent helpers to us, raised us up from the dust, lifted us up from the ash heap, brought us out of darkness, and translated us into his marvelous light that we should show forth his praises. This is the praise of God, the testimony of Jesus, that he called us to bear fruits of testimony to bring glory to his name and encourage people who hear our testimonies to have faith in God by believing in the name of Jesus Christ, his Son, so that Jesus Christ in turn will draw them to the Father, who is pleased to give us the kingdom, that through faith in the name of Jesus, we might reign with him in his kingdom and live eternally to the glory of God.

The Wings of Faith

It is amazing that two words from a father and numerous industrious actions of a mother to their minor daughter can mould the God given structure of a girl into a successful grown woman. Elizabeth Nhau had an early depressed elementary school going life when she involuntarily found herself growing up surrounded by bright siblings. It did not take long for the intelligent Silas Nhau Kadenge, Elizabeth's father to notice that something was going wrong with his daughter and quickly rectify the problem before things gone wrong with his daughter. It was the routine of the school to award the top students with prizes and also the family routine to award with presents those who earn prizes at school. Somehow Elizabeth found herself growing in such environment where everyone was being awarded except her. One day her father gave her a teaching through an analogy of dripping water from a faulty water tap which is situated above a concrete slab. He said if you visit the slab after a long time may be months or years, you will find the water would have caused a hole on the slab.

This book examines the timely topic of controlling the borders of the European Schengen Area. It considers the state perspective on border regulation, subjecting day-to-day practices of EU visa policy implementation to close analytical scrutiny. The objects of the analysis are three European Member States—France, Belgium, and Italy—that implement EU visa policy in Morocco, a country whose nationals are considered to be a migratory 'risk' for the EU. The book focuses on the implementation of EU visa policy in the consulates of Belgium, France and Italy in Casablanca. The empirical research and the comparative perspective make this book distinct. The book uses a 'comprehensive implementation approach' by taking account of the local, national and supranational locations of policy-making. It builds on in-depth pioneering fieldwork and a comparative research design that includes those three locations. The research design has determined the evolving of the puzzle and the realizing of the unanticipated: cross-national differences diminish when policy is put into practice. Extensive research into the visa sections of those EU Member States provides highly original material that sheds light on the obscure black box of EU visa policy implementation, therefore contributing to policy studies, migration studies, and studies on the European Union.

Schengen Visa Implementation and Transnational Policymaking

In her first book, *The Start of the Journey: Part One of an Autobiography*, Sandra Ward-Cooper wrote how she was able to rise above adversity and still hold on to her dreams. Her second book, *Journeying Through Adversities*, continues that journey with the birth of her first child at age 22, and the struggles she faced being a single parent. She says, "I knew it would be hard, but I had already experienced hard times. This time I would have someone to love, and receive real love in return. While trying to raise my child in the best way possible, deciding to continue my education was a very hard decision. Leaving my job after falling to the lowest point in my life, I went to college to pursue my passion for teaching and finally fulfill my childhood dreams." At the end of her education, Sandra had a child almost right after graduation, got married, had two other children, and finally got her teaching job. "Life was going well. But then I suffered tragedies along the way, losing my father was one of the hardest things I had to go through. The road was long, decisions I made did not all work out in my favour, but with the help of God, my children, and my determination, I'm proud of the person I've become despite my rough and turbulent beginnings."

Translocal Care across Kosovo's Borders

From the highly praised author of *The Last Days of Old Beijing*, a brilliant portrait of China today and a memoir of coming of age in a country in transition. In 1995, at the age of twenty-three, Michael Meyer joined the Peace Corps and, after rejecting offers to go to seven other countries, was sent to a tiny town in Sichuan. Knowing nothing about China, or even how to use chopsticks, Meyer wrote Chinese words up and down his arms so he could hold conversations, and, per a Communist dean's orders, jumped into teaching his students about the Enlightenment, the stock market, and Beatles lyrics. Soon he realized his Chinese counterparts were just as bewildered by China's changes as he was. Thus began an impassioned immersion into Chinese life. With humor and insight, Meyer puts readers in his novice shoes, introducing a fascinating cast of characters while winding across the length and breadth of his adopted country --from a terrifying bus attack on arrival, to remote Xinjiang and Tibet, into Beijing's backstreets and his future wife's Manchurian family, and headlong into efforts to protect China's vanishing heritage at places like "Sleeping Dragon," the world's largest panda preserve. In the last book of his China trilogy, Meyer tells a story both deeply personal and universal, as he gains greater -- if never complete -- assurance, capturing what it feels like to learn a language, culture and history from the ground up. Both funny and relatable, *The Road to Sleeping Dragon* is essential reading for anyone interested in China's history, and how daily life plays out there today.

Imagine visiting a tourist town for a break and being picked up by the police because you are not a local, then finding yourself with a rope around your neck in a public execution? Pigs, Potholes, and the Road to Forever

As a National Merit Scholar majoring in physics at Rice University, Henry Rambow thought he was a rational person. But primed by years of Sunday School and haunted by a promise made as a terrified child, he nevertheless fell head over heels into a fundamentalist brand of Christianity. *Confessions of a Rogue Missionary* is an account of his struggle--and eventual failure--to reconcile his faith with reason. At times dryly humorous and at times sober and contemplative, the story begins when Henry is "born again." Brimming with zeal--but already plagued by doubt--he travels to Beijing as a missionary in the guise of an English teacher, where he tries desperately to embrace the culture and win disciples for Jesus. Culture clashes and miscommunications result in cringe-inducing encounters in unlikely settings, ranging from a brothel to a military base. Eventually, the very questions that troubled him from the start prove to be too much, and his faith collapses entirely, leaving him feeling disillusioned--but free.

Written for a general audience, this is a book of sometimes serious, usually lighthearted, often humorous stories about life in Eastern Europe and Central Asia shortly after the collapse of the Soviet Russian Empire. *In Post-Communist Worlds* is the product of four years which professor Scheffer and his wife spent inside the former empire: in Lithuania, Estonia, Ukraine, and Uzbekistan; "taking life big," while becoming thoroughly engrossed in the author's appointments as a visiting lecturer teaching both students and their teachers about democracy, liberal economy, and other social science subjects. In this lively combination memoir/travel narrative, Dr. Scheffer provides both cultural/historical, and ethnographical description, while recounting numerous personal incidents in his and his wife's life, and offering stories of the lives and events of people they encountered around them. This book provides a fascinating record of a huge, unique event in human history, told with the personal touch of the author's direct experience.

Riane Eisler's *Handbook* is a beautifully and concisely written book about one of the most important social movements of our times. She presents the case for the ERA as a matter of simple justice. The *Equal Rights Handbook* has been hailed as: "...a wonderful book. You've done an enormous job in winning the fight for equality. Your work will be used, by me and by others, in this long hard struggle for simple decency – the ratification of the Equal Rights Amendment." -Alan Alda "Riane Eisler has written the definitive book on the ERA." -Erica Jong "At last the significance and impact of ERA as law has been made clear by an attorney and legal authority who is also a woman, a mother, and who can write!" -Carol Burnett "...demonstrates that ERA is the missing link in our struggle to become a fully democratic nation. It is basic reading for every American woman." -Nancy Neuman, ERA Chair, League of Women Voters "...clears up the distortions leveled against the Equal Rights Amendment and provides essential information on organizing and fund-raising to promote equality for women." – Ruth Hinerfeld, President, League of Women Voters "...answers the misleading charges about ERA. More importantly, it answers the hard questions raised by those whose minds can be changed. At a crucial time, the *Equal Rights Handbook* is a necessary companion to help win ratification." -David Cohen, President, Common Cause

God Knows Best: Apec Png 2018: My Way

Lahui Ako, a former diplomat, and PNG APEC Senior Official, recounts the complex, difficult, and sometimes treacherous path he faced in the world of multilateral diplomacy, both by himself, and his country, when it committed to host and chair APEC in 2018. He tells of the political barriers, the diplomatic innuendos, the financial hurdles, and the organizational complexity he encountered, from the planning phases in 2012, right up to being in the cross-fire of the nationalistic Trump officials, and China's aggressive “wolf warrior” diplomats where hard choices had to be made in November, 2018. Ultimately, there won't be a consensus APEC 2018 Leaders' Declaration, but Lahui and his team will acquit themselves well; simply, because, their God knows best.

How to Succeed as an Independent Consultant

This tells of why and how a young Rhodesian army Captain decided in 1963 not to fight the oncoming war over majority rule. His future unknown, he leaves the country for studies in Cape Town; marries; wins a Beit Fellowship to Oxford; and is recruited to a career at the World Bank. In time he becomes an expert on Eastern Europe. Invited home in 1975 to help prepare Rhodesia's transition to Zimbabwe, he spends three years living through the very war he chose to avoid. Rejoining the Bank, he works on Hungary and, in a unique period after communism fell in 1989, he lives in Poland as Resident Representative. A man of two transitions, he explains how they are separate but ironically linked. His book, a testament to the value of education and the power of family, is written as a memoir to his grandchildren. Now himself a proud American, he offers them a world view-what he calls a moral equilibrium- to harmonize their vexed heritage with today's divided America. Happy with his life, he regrets the outcomes in the country he left. He describes a different path to majority rule his countrymen could have taken, instead of herd-think support of Ian Smith's UDI and war. Had they done so, both the war as well as the brutality, corruption and devastation of Mugabe's Zimbabwe could well have been avoided. As a life's message to his grandchildren, he exhorts them not to make similar mistakes: beware the herd; think for yourself.

Stuart Sterling is the mayor of St. Louis, Missouri, with his eye on a bigger political prize. What is he willing to sacrifice for his ambition? His familys happiness? The code of honor handed down to him from his Scottish ancestors? This novel takes readers across boundaries of time and culture as it explores the people and events that have made Sterling who he is and affect the decisions he makes, decisions that lead to tragic consequences. This is a thought-provoking investigation of morality punctuated by forays into the worlds of sports, business, romance and especially politics, where the curtain is lifted to reveal the fascinating inner workings of the Electoral College.
