The series, written by Marv Wolfman and pencilled ...

Now Brainiac Is Really Just Kind Of Out in Space Here He's Really Just Doing Whatever It Is Brainiac Does When He's Not Fighting Superman or Attacking Earth and He Comes to this Realization that There Is an Antimatter Wave Sweeping throughout the Cosmos Now Brady Act with His Extremely Advanced Intellect Also Realizes that this Antimatter Wave Simply CanNot Be Stopped It Doesn't Seem as though There's a Way To Bring It to an End but if There's Anybody on Earth That May Have a Way To End It It's Lex Luthor from Earth 1 It's It's Election that We Are the Most Familiar with and So What We Do Here Is Again We Pick Up with a Couple of a Few of the Heroes Here and There Who Are Fighting against these Various Forces some of Whom Are Time-Displaced

It's Really Just Not Marv Wolfman Kind of Giving Us a Quick Run-Through of What's Going On with a Lot of these Heroes and the Reason Why He Does this Is because while that's Happening We Have the Heroes on Earth One Trying To Understand Everything and Trying To Bring Everything to an End and Suddenly We Have Harbinger Who's Basically Taken Over by the Influence of the Anti-Monitor Who Turns Her Weapons against Monitor and Who Annihilates Him Who Completely White's Him Out and So the Question That People Have Now Is What's Going To Happen with Pariah

And while It Does Restore Things to Normal She's Inherently Human Now She Has no Super Powers She Basically Burned Them all Out in an Attempt To Essentially Keep Everybody Alive and So with the Destruction of the Monitor's Fortress the Question that Everybody Has Now Is What's Next Not Only that They Also Have a Lot of Questions That Haven't Been Answered on Who the Monitor Was Who Their Actual Foe Is How All this Stuff Works and What Exactly Is Taking Place and So What Marv Wolfman Does Is He Effectively Gives Us this Sort of End-all-Be-All

So What this Does Is It Basically Creates the Status Quo It Tells Us Where Things Are at this Moment and It Gives Us the Origin of the DC Universe before Crisis on Infinite Earths Now Something To Keep in Mind Is It for those of You Guys Who Jumped into DC Comics with like the Justice League Dark Side War the Information That You Found in There Gets Rid of All this Stuff It Basically Replaces All this Stuff Is What's Called a Retcon or Retroactive Continuity Who a Writer Comes Back and They Change the Status Quo with Regards to What It Is that They're Doing and that's Essentially What What Do You Did Of Course There's a Lot of Things That Go into that

You know that he feels like he should be the one that should lay her to rest he should be the one that should take her out and give her a proper burial and you know what remains of the Fortress of Solitude because again all these different Earths are still confined within this another verse and so from here I want to jump over to Barry Allen to the death of Barry Allen because this is one of the other huge things to happen in the story Barry Allen's character had basically been popping in and out of time throughout this story and I'd actually skipped over that and the reason why was because it would have seemed weird
