Local is Lovely

'What I love about this book is, firstly it comes from incredibly passionate people – they care about farming, they care about produce and they care about seasonality, which is something true to my heart. It also has some fantastic recipes that I think I'm going to steal!' Matt Moran For the love of fresh, seasonal food, nice farmers and their produce. Local is Lovely is a seasonal guide to the fruit, vegetables and meat that Australian farmers produce. Beautiful recipes, tips for the home and family, and stories and interviews with and about local producers – because local is lovely. Follow Sophie Hansen as she takes us on a journey with the farmers and producers she loves to cook with. From delicious, ripe stonefruit through to wholesome freshly milled flour, you'll learn everything you need to

know about eating local, direct from the source. A gorgeously illustrated celebration of Australian rural life with a focus on fresh, local food and mouth-watering recipes.

Pig Picnic

Little Pig climbs on the fire truck to watch the pig parade. But what's that he sees? It's a fire . . . at Wolf's house! Can Little Pig help save the day?

The Progressive Dictionary of the English Language

Charles Ryder, a lonely student at Oxford, is captivated by the outrageous and decadent Sebastian Flyte. Invited to Brideshead, Sebastian's magnificent family home, Charles welcomes the attentions of its eccentric, artistic inhabitants the Marchmains, becoming infatuated with them and the life of privilege they inhabit - in particular, with Sebastian's remote sister, Julia. But, as duty and desire, faith and happiness come into conflict, and the Marchmains struggle to find their place in a changing world, Charles eventually comes to recognize his spiritual and social distance from them.

Brideshead Revisited

From a world of daisies as big as moons and of mountainous green hillocks Michael Fane came by some unrealized method of transport to the thin red house, that as yet for his mind could not claim an individual existence amid the uniformity of a long line of fellows. His arrival coincided with a confusion of furniture, with the tramp of men backwards and forwards from a cavernous vehicle very dry and dusty. He found himself continually being lifted out of the way of washstands and skeleton chests of drawers. He was invited to sit down and keep quiet, and almost in the same breath to walk about and avoid hindrance. Finally, Nurse led him up many resonant stairs to the night-nursery which at present consisted of two square cots that with japanned iron bars stood gauntly in a wilderness of oilcloth surrounded by four walls patterned with a prolific vegetation. Michael was dumped down upon a grey pillow and invited to see how well his sister Stella was behaving. Nurse's observation was true enough: Stella was rosily asleep in an undulation of blankets, and Michael, threatened by many whispers and bony finger-shakes, was not at all inclined to wake her up. Nurse retired in an aura of importance, and Michael set out to establish an intimacy with the various iron bars of his cage. For a grown-up person these would certainly have seemed much more alike than even the houses of Carlington Road, West Kensington: for Michael each bar possessed a personality. Minute scratches unnoticed by the heedless adult world lent variety of expression: slight irregularities infused certain groups with an air of deliberate consultation. From the four corners royal bars, crowned with brass, dominated their subjects. Passions, intrigues, rumours, ambitions, revenges were perceived by Michael to be seething below the rigid exterior of these iron bars: even military operations were sometimes discernible. This cot was guarded by a romantic population, with one or two of whose units Michael could willingly have dispensed: one bar in particular, set very much askew, seemed sly and malignant. Michael disliked being looked at by anybody or anything, and this bar had a persistent inquisitiveness which already worried him. 'Why does he look at me?' Michael would presently ask, and 'Nobody wants to look at such an ugly little boy,' Nurse would presently reply. So one more intolerable question would overshadow his peace of mind. Meanwhile, far below, the tramp of men continued, until suddenly an immense roar filled the room. Some of the bars shivered and clinked, and Michael's heart nearly stopped. The roar died away only to be succeeded by another roar from the opposite direction. Stella woke up crying. Michael was too deeply frightened so to soothe himself, as he sat clutching the pointed ears of the grey pillow. Stella, feeling that the fretful tears of a sudden awakening were insufficient, set up a bellow of dismay. Michael was motionless, only aware of a gigantic heart that shook him horribly. At last the footsteps of Nurse could be heard, and over them, the quick 'tut-tut-tuts' that voiced her irritation.

Diplomatic Days

Games for Actors and Non-Actors is the classic and best selling book by the founder of Theatre of the Oppressed, Augusto Boal. It sets out the principles and practice of Boal's revolutionary Method, showing how theatre can be used to transform and liberate everyone – actors and non-actors alike! This thoroughly updated and substantially revised second edition includes: two new essays by Boal on major recent projects in Brazil Boal's description of his work with the Royal Shakespeare Company a revised introduction and translator's preface a collection of photographs taken during Boal's workshops, commissioned for this edition new reflections on Forum Theatre.

Games for Actors and Non-Actors

In "Watching The English" anthropologist Kate Fox takes a revealing look at the quirks, habits and foibles of the English people. She puts the English national character under her anthropological microscope, and finds a strange and fascinating culture, governed by complex sets of unspoken rules and byzantine codes of behaviour. The rules of weather-speak. The ironic-gnome rule. The reflex apology rule. The paranoid-pantomime rule. Class indicators and class anxiety tests. The money-talk taboo and many more ... Through a mixture of anthropological analysis and her own unorthodox experiments (using herself as a reluctant guinea-pig), Kate Fox discovers what these unwritten behaviour codes tell us about Englishness.

Works in the Museum's collection that embody the Renaissance interest in classical learning, fame, and beautiful objects are illustrated and discussed in this resource and will help educators introduce the richness and diversity of Renaissance art to their students. Primary source texts explore the great cities and powerful personalities of the age. By studying gesture and narrative, students can work as Renaissance artists did when they created paintings and drawings. Learning about perspective, students explore the era's interest in science and mathematics. Through projects based on poetic forms of the time, students write about their responses to art. The activities and lesson plans are designed for a variety of classroom needs and can be adapted to a specific curriculum as well as used for independent study. The resource also includes a bibliography and glossary.

An Autobiography

A lovely, warm, and poignant true story that reads like compelling fiction, *How to Love an American Man* is Kristine Gasbarre's unforgettable memoir recalling the valuable lessons on love she learned from her newly widowed grandmother—and how Grandma's advice and memories enabled the author to find and fall for a man with an old-fashioned approach to romance. Fans of Elizabeth Gilbert's *Eat, Pray, Love*, women readers drawn to tales of powerful female bonding, and anyone looking for a beautiful love story will be moved and, perhaps, profoundly inspired by *How to Love an American Man*.

Society as I Have Found it

Paul Klee was endowed with a rich and many-sided personality that was continually spilling over into forms of expression other than his painting and that made him one of the most extraordinary phenomena of modern European art. These abilities have left their record in the four intimate Diaries in which he faithfully recorded the events of his inner and outer life from his nineteenth to his fortieth year. Here, together with recollections of his childhood in Bern, his relations with his family and such friends as Kandinsky, Marc, Macke, and many others, his observations on nature and people, his trips to Italy and Tunisia, and his military service, the reader will find Klee's crucial experience with literature and music, as well as many of his essential ideas about his own artistic technique and the creative process.

Remarks

A celebrated writer pens an irresistible, candid, and eloquent account of her pursuit of worldly pleasure, spiritual devotion, and what she really wanted out of life.

Athenaeum and Literary Chronicle

One of the most beloved novels of all time, Colleen McCullough's magnificent saga of dreams, struggles, dark passions, and forbidden love in the Australian outback has enthralled readers the world over. *The Thorn Birds* is a chronicle of three generations of Clearys—an indomitable clan of ranchers carving lives from a beautiful, hard land while contending with the bitterness, frailty, and secrets that penetrate their family. It is a poignant love story, a powerful epic of struggle and sacrifice, a celebration of individuality and spirit. Most of all, it is the story of the Clearys' only daughter, Meggie, and the haunted priest, Father Ralph de Bricassart—and the intense joining of two hearts and souls over a lifetime, a relationship that dangerously oversteps sacred boundaries of ethics and dogma.

The New Yorker

"This accomplished book represents an impressive and important extension of previous writing in the field and is sure to expand practitioners' understanding of the fascinating medium that is the treasure basket." Janet Moyles, Professor Emeritus, Anglia Ruskin University, UK Watching a child play with a Treasure Basket can give a powerful insight into the wonder of children's minds; their developmental levels, interests, likes and dislikes; repeated patterns of behaviour; and even glimpses of a child's personality. This book draws extensively upon observations of children's play as well as contemporary and original research in neuroscience and sensory play, to offer fresh insights into the use and benefits of Treasure Baskets and sensory-rich play. The book demonstrates how babies through to primary school children, including those with special educational needs, can derive rich and meaningful hands-on learning from sensory-rich objects and the wider application of sensory play. Key features of the book: Discovering how sensory play presents opportunities for problem solving and meaning making as well as developing creativity and imagination Understanding the benefits and potential of sensory-rich play and its powerful effect upon brain development and memory Learning about the role of the adult in supporting and maximising sensory-rich play Gaining insights from a range of case studies and activities If you have already witnessed deeply absorbing Treasure Basket play in action and marvelled at children's fascination and focus, then this book helps explain something of the 'behind the scenes' processes in action. For those who have not yet encountered this deceptively complex play, this book whets the appetite, giving a taste of what Treasure Baskets and sensory-rich play have to offer. This timely and empowering book is written for practitioners and students working with babies through to primary-aged children.

How to Love an American Man

William Sharp (1855-1905) conducted one of the most audacious literary deceptions of his or any time. Sharp was a Scottish poet, novelist, biographer and editor who in 1893 began to write critically and commercially successful books under the name Fiona Macleod. This was far more than just a pseudonym: he corresponded as Macleod, enlisting his sister to provide the handwriting and address, and for more than a decade "Fiona Macleod" duped not only the general public but such literary luminaries as William Butler Yeats and, in America, E. C. Stedman. Sharp wrote "I feel another self within me now more than ever; it is as if I were possessed by a spirit who must speak out". This three-volume collection brings together Sharp's own correspondence – a fascinating trove in its own right, by a Victorian man of letters who was on intimate terms with writers including Dante Gabriel Rossetti, Walter Pater, and George Meredith – and the Fiona Macleod letters, which bring to life Sharp's intriguing "second self". With an introduction and detailed notes by William F. Halloran, this richly rewarding collection offers a wonderful insight into the literary landscape of the time, while also investigating a strange and underappreciated phenomenon of late-nineteenth-century English literature. It is essential for scholars of the period, and it is an illuminating read for anyone interested in authorship and identity.

Understanding the factors that contribute to a positive learning environment is vital for those working with children from birth to 3 years. Using extensive case study material, Ann Clare focuses on the experiences of babies and toddlers in various care settings, and the role adults play in developing creative and supportive environments. The effect on speech and language development is explored, with reference to recent research and initiatives. Information gathered from parents and childcare workers helps provide a deep consideration of parents' childcare choices.

Sensory Play

Celebrating its 30th anniversary in 2024, internationally bestselling author and literary icon Julia Alvarez's *In the Time of the Butterflies* is "beautiful, heartbreaking and alive ... a lyrical work of historical

fiction based on the story of the Mirabal sisters, revolutionary heroes who had opposed and fought against Trujillo." (Concepción de León, New York Times) Alvarez's new novel, *The Cemetery of Untold Stories*, is coming April 2, 2024. Pre-order now! It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leónidas Trujillo's dictatorship. It doesn't have to. Everybody knows of *Las Mariposas*—the Butterflies. In this extraordinary novel, the voices of all four sisters--Minerva, Patria, María Teresa, and the survivor, Dedé--speak across the decades to tell their own stories, from secret crushes to gunrunning, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred Butterflies live again in this novel of courage and love, and the human costs of political oppression. "Alvarez helped blaze the trail for Latina authors to break into the literary mainstream, with novels like *In the Time of the Butterflies* and *How the García Girls Lost Their Accents* winning praise from critics and gracing best-seller lists across the Americas."—Francisco Cantú, *The New York Times Book Review* "This Julia Alvarez classic is a must-read for anyone of Latinx descent." —Popsugar.com "A gorgeous and sensitive novel . . . A compelling story of courage, patriotism and familial devotion." —People "Shimmering . . . Valuable and necessary." —Los Angeles Times "A magnificent treasure for all cultures and all time." —St. Petersburg Times "Alvarez does a remarkable job illustrating the ruinous effect the 30-year dictatorship had on the Dominican Republic and the very real human cost it entailed."—Cosmopolitan.com

This lively selection brings together journalist and broadcaster Libby Purves' experiences as journalist, parent, governor and former pupil of half a dozen assorted schools from Bangkok to Tunbridge Wells, displaying her eclectic and provocative opinions and ideas on teaching and learning. This collection of the best of her writing in the *Times Educational Supplement* covers - sometimes thoughtfully, sometimes mockingly - everything from national policy to the eccentricities of headteachers and the limitations of IT. Education professionals over the years have received her outsider view with enthusiasm, laughter, inspiration and occasional fury. From ministerial madness to the pitfalls of uniform and the vagaries of teenagers, this book is dedicated to the amusement of a cadre of professionals Libby once planned to join, until she lost her nerve. It is dedicated, with thanks and admiration, to all teachers.
