Human Intelligence Is Not Limited to Memory

Would You Like Your Intellect To Be Sharp or Blunt

Darwin's Theory of Evolution

It Is the Business Which Will Decide the Future of this Planet so It Is Very Important Business Becomes a Sensible Process Not a Destructive Process Right Now There Is an Albatross around the Business Leaders that They Are Only for Their Own Personal Profit They Don't Care a Damn about Humanity this Albatross Has To Get Off this Tag Has To Go We Have To Show Business Leaders Are Visionary in Their Approach Business Leaders Are Concerned about the Well-Being of this Planet and the Humanity and Everything this Needs To Be Established

What You're Saying Is a Leader Means Somebody Who Has the Opportunity To Mess with Other People's Lives Your Circle So When People Are Giving You this Privilege that You Can Actually Shape Somebody Else's Life and Their Future and Their Destiny Is It Not Very Important How You Are Well if You Think if You Think What You're Doing Is Important or Significant the Most Important Thing Is You Must Work upon Yourself I Would Say this May Sound Extreme to You but I'M Telling You the Minimum You Can Do Is When You Get out of an Educational Institution like this At Least You Spend One Month in Transforming the Way You Are without this if You Touch the World the More and More We Get Empowered the More and More Damage We Will Cause

The Most Important Thing Is You Must Work upon Yourself I Would Say this May Sound Extreme to You but I'M Telling You the Minimum You Can Do Is When You Get out of an Educational Institution like this At Least You Spend One Month in Transforming the Way You Are without this if You Touch the

World the More and More We Get Empowered the More and More Damage We Will Cause See We Are no More What We Were a Thousand Years Ago What Ten Thousand Men Could Do Thousand Years Ago Today One Man Can Do Isn't It and Women Also Have Joined so that's Doubling the Population Only Men Were Causing Damage to the World at One Time Now Women Have Joined the Game Isn't It so that Is Simply Double

This Is a Possibility To Break all Boundaries and Create a Different Level of Consciousness in the World if Only the Business Leaders of the Future or More Conscious Shall We Hear from some of Them Mm-Hmm Should We Hear some Questions from Them so We Have Two Mics so if You Want to if You Have a Question Please Come to One of the Mic We Would Love To Hear from You Maybe Your Name and Everyone Hear Me Okay My Name Is Harrison Said Girl I'M Wondering I Always See You Pulling Your Little Robe Up onto Your Shoulder Do You Not Get Tired of Doing

This Was How Humanity Was for a Long Time because Man's Muscle Was Everything once of Machines Game Man's Muscle Went Backwards Right Now the All the Institutions Are Built To Prove that Man's Memory Is Everything but in the Next 5-10 Years like How Man's Muscle Went To Be There Was a Time if You Had Big Muscle We Would Have Made You the Boss of this Place but Today We Will Maybe Keep You as a Security Person out There We Won't Make You the Boss Similarly if You Have Big Memory Today Away the Boss once these Gadgets Come Which Have More Memory than You Your Memory Will Not Mean Anything so What Will Be the Value

So if You Pay Enough Attention You Will See if You Pay Unprejudiced Attention You Will See every Atom in the Universe Is Far More Intelligent than You and You Feel like a Bloody Fool and You Shouldn't Tell Anybody but You Should Know if You Know this You Are Constantly Looking for the Loopholes in Your Intelligence the More You Fill these Loopholes the More Effective You Become in the World At Least You Know When You'Re Interrupting Me I Think What Why that's Difficult for Us Is We Have Not Been Trained To Think in that Way and See in that Way so What I Want To Leave You all with Is How Do We Retrain Ourselves To Look at the Whole System
