Children's Books in Print

Jan Eliot's funny and irreverent *Stone Soup* follows the saga of an extended, blended family, starring two working-mom sisters living just across the fence from each other. Val and Joan share life with their opinionated mother, a middle-school diva and 10-year-old tomboy, a reclusive teenage boy, a wild preschooler and his new baby sister...and of course Wally, the ultimate nice guy who steps into his stepdad shoes with grace amid the chaos. Working-parent hassles, pre-school tantrums, middle-school angst, love and the single mom... it's all here in *Stone Soup*. In *Evie Rules*, the poker-playing "Gramma" shows that enjoying life isn't just for the youngsters. Besides embarking on an African safari, she shows that Evie really rules by winning the lottery!

American Book Publishing Record

Gather round for soup fit for the king in this vibrant twist on a classic fable. With brightly colored art and engaging characters, this retelling of the well-known *Stone Soup* story will captivate young readers. Noko the traveling porcupine arrives in a village. He's denied food and a place to sleep by all the animals he meets. Finally he's granted a fire and a large pot of water. He adds a few of his quills to make his famous quill soup, which he says the king loves! Slowly but surely, everyone contributes ingredients--carrots, beans, and more. Will the soup feed them all?

Books in Print Supplement

Read Along or Enhanced eBook: Two hungry travelers arrive at a village expecting to find a household that will share a bit of food, as has been the custom along their journey. To their surprise, villager after villager refuses to share, each one closing the door with a bang. As they sit to rest beside a well, one of the travelers observes that if the townspeople have no food to share, they must be "in greater need than we are." With that, the travelers demonstrate their special recipe for a magical soup, using a stone as a starter. All they need is a carrot, which a young girl volunteers. Not to be outdone, another villager contributes a potato, and the soup grows as others bring corn, celery, and other vegetables and seasonings. In this cumulative retelling of an ancient and widely circulated legend, author Heather Forest shows us that when each person makes a small contribution, "the collective impact can be huge." Susan Gaber's paintings portray the optimism and timelessness of a story that celebrates teamwork and generosity

Stone Soup Magazine: September 2020

"In the early 1990s, a small group of "AIDS denialists," including a University of California professor named Peter Duesberg, argued against virtually the entire medical establishment's consensus that the human immunodeficiency virus (HIV) was the cause of Acquired Immune Deficiency Syndrome. Science thrives on such counterintuitive challenges, but there was no evidence for Duesberg's beliefs, which turned out to be baseless. Once researchers found HIV, doctors and public health officials were able to save countless lives through measures aimed at preventing its transmission"--

Conventional theories of capitalism are mired in a deep crisis: after centuries of debate, they are still unable to tell us what capital is. Liberals and Marxists both think of capital as an 'economic' entity that they count in universal units of 'utils' or 'abstract labour', respectively. But these units are totally fictitious. Nobody has ever been able to observe or measure them, and for a good reason: they don't exist. Since liberalism and Marxism depend on these non-existing units, their theories hang in suspension. They cannot explain the process that matters most – the accumulation of capital. This book offers a radical alternative. According to the authors, capital is not a narrow economic entity, but a symbolic quantification of power. It has little to do with utility or abstract labour, and it extends far beyond machines and production lines. Capital, the authors claim, represents the organized power of dominant capital groups to reshape – or creorder – their society. Written in simple language, accessible to lay readers and experts alike, the book develops a novel political economy. It takes the reader through the history, assumptions and limitations of mainstream economics and its associated theories of politics. It examines the evolution of Marxist thinking on accumulation and the state. And it articulates an innovative theory of 'capital as power' and a new history of the 'capitalist mode of power'.

Typical Girls

Angelides explores the evolution of sexuology, revisiting modern epistemological categories of sexuality in psychoanalysis, gay liberation, social constructionism, queer theory, biology, and human genetics. He argues that bisexuality has functioned historically as the structural other to sexual identity itself, undermining assumptions about heterosexuality and homosexuality.

Keep Talking

'Nathaniel Rich's account starts in Washington in the 1990s and tells the story of how climate change could have been stopped back then, if only the powerful had acted. But they didn't want to.' – Observer
By 1979, we knew all that we know now about the science of climate change – what was happening, why it was happening, and how to stop it. Over the next ten years, we had the very real opportunity to stop it. Obviously, we failed. Nathaniel Rich tells the essential story of why and how, thanks to the actions of politicians and businessmen, that failure came about. It is crucial to an understanding of where we are today. 'The excellent and appalling *Losing Earth* by Nathaniel Rich describes how close we came in the 70s to dealing with the causes of global warming and how US big business and Reaganite politicians in the 80s ensured it didn't happen. Read it.' – John Simpson
'An eloquent science history, and an urgent eleventh-hour call to save what can be saved.' – Nature
'To change the future, we must first understand our past, and *Losing Earth* is a crucial part of that when it comes to the environmental battles we're facing.' – Stylist

The Death of Expertise

The second volume of writings by Los Angeles artist Mike Kelley, focusing on his own work. What John C. Welchman calls the "blazing network of focused confluences" from which Mike Kelley's styles are generated is on display in all its diversity in this second volume of the artist's writings. The first volume, *Foul Perfection*, contained thematic essays and writings about other artists; this collection concentrates on Kelley's own work, ranging from texts in "voices" that grew out of scripts for performance pieces to expository critical and autobiographical writings. *Minor Histories* organizes Kelley's writings into five sections. "Statements" consists of twenty pieces produced between 1984 and 2002 (most of which were written to accompany exhibitions), including "Ajax," which draws on Homer, Colgate- Palmolive, and Longinus to present its eponymous hero; "Some Aesthetic High Points," an exercise in autobiography that counters the standard artist bio included in catalogs and press releases; and a sequence of "creative writings" that use mass cultural tropes in concert with high art mannerisms—approximating in prose the visual styles that characterize Kelley's artwork. "Video Statements and Proposals" are introductions to videos made by Kelley and other artists, including Paul McCarthy and Bob Flanagan and Sheree Rose. "Image-Texts" offers writings that accompany or are part of artworks and installations. This section includes "A Stopgap Measure," Kelley's zesty millennial essay in social satire, and "Meet John Doe," a collage of appropriated texts. "Architecture" features an discussion of Kelley's Educational Complex (1995) and an interview in which he reflects on the role of architecture in his work. Finally, "Ufology" considers the aesthetics and sexuality of space as manifested by UFO sightings and abduction scenarios.

Capital as Power

Uncertainty surrounds the use of publicity as a means of controlling corporate crime. On the one hand, some agree with Justice Brandeis's dictum that light is "the best of disinfectants...the most efficient policeman." On the other hand, many believe that corporations' internal affairs are effectively shrouded with a thick fog that prevents the light of public scrutiny from reaching them. *The Impact of Publicity on Corporate Offenders* is the first study to go beyond the rhetoric, through an examination of corporate experience. Fisse and Braithwaite have carried out a qualitative inquiry concerning 17 large corporations involved in publicity crises. Based mainly on interviews, the inquiry includes company employees and former employees, union officials, officers of government regulatory agencies, competitors, independent accountants, government prosecutors, public interest activists, judicial officers, stockbrokers, and other experts.

Damals gab es keine Kinderkrippen wie heute

Die Geschichte hat sie genutzt

Jedes Wort ist wahr

Eine Stimme in mir spricht

Die Verbindung zwischen dem bewussten und dem Unterbewussten

Es kann nicht bestritten werden, dass sobald Sie sich entschlossen haben etwas zu tun, es getan wird

Wenn Sie nun den Wunsch haben, ist das Fundament gelegt

Wenn Sie das Bild fest im Kopf haben, beginnen Sie mit der Wiederholung

Die Idee ist das Bild oder die Bilder ständig vor Augen zu haben

Ergänzen Sie diese Methode mit der Verwendung eines Spiegels

Die Wirksamkeit des Gebets

Das Gesetz der Kompensation

Es ist nicht ratsam jemandem von Ihren Wünschen oder Sehnsüchten, ihren innersten Ambitionen zu erzählen, behalten Sie es für sich!

Im Inneren ist der Quell des Guten und er wird immer sprudeln!

Was ist Persönlichkeit?

Wenn ich versuche eine Idee durchzusetzen, dass ich zunächst an die Idee glauben muss, muss ich sie träumen mit ihr Essen mit ihr schlafen muss. Ich muss sie jeden Moment des Tages bei mir haben, bis sie ein Teil von mir wird.

Vergessen Sie nicht, das Wissen macht.

Jede körperliche Bewegung erzählt eine Geschichte.

Verwandeln Sie jeden Tag auf jede Weise, werde ich besser und besser.

Wenn Sie durch irgendetwas Äußeres gequält werden, ist es nicht diese Sache, die Sie stört, sondern Ihr eigenes Urteil darüber.

Wenn ein Zug vor Ihnen über die Gleise donnert, was tun Sie?

Wir leben in einer großen Krise

Erfolgreiche Menschen sind nicht das Ergebnis dessen, was andere aus ihnen gemacht haben, sondern was sie aus sich selbst gemacht haben

Wenn die Angst den Willen beherrscht, kann nichts getan werden

Das bewusste Denken muss in einen aufnahmefähigen Zustand versetzt werden
