Why do you do this research?

Where has your work taken you?

Has your research shifted your perspective on exercise?

The biggest exercise myths

The importance of weight training

Why always moving your body is so important

Genetics vs lifestyle

Have we evolved to be lazy?

We should be preventing diseases, not medicating them

Do hunter-gatherers get the same diseases as us?

The truth about sugar

How would you redesign our society?

Should organisations force people to exercise?

What did you learn from these tribes?

Why you should do strength training on your feet

Is too much muscle bad?

Running myths

The best cardio workout

The best exercise for weight loss

Why we need more compassion around exercise

What is it that actually gets people exercising?

The last guest's question
