Good Morning, America Volume Four

Power moved slowly through Kansas, Missouri, Iowa, Nebraska and Wyoming before heading back to Colorado. In a later trip he travelled to Alaska and then another lengthy trip to Connecticut, Massachusetts, New Jersey and upstate New York. This new book includes some of these new images alongside those taken on previous trips. Power has described the process to be like 'assembling a large and complicated jigsaw puzzle with little idea of what the final picture will be.' Each book in the series has represented a shift in mood or tone. This latest book has seen the human presence subtly move from the peripheries or the incidental in the landscape to being a more integral part of some images. The tone of the book is more optimistic than previously, and the human presence diminishes a sense of isolation so often present in the vast landscape. In the background on his recent trips the political landscape had shifted with the election of Joe Biden as 46th President. Power was aware that although domestic US politics seemed less dramatic and eventful under the new president, that the country remained divided with the next election around the corner.

But within days of March's arrival, someone is dead, marriages are upended, and even the strongest of alliances are shattered. In the end, the ties that hold the Briscoes together might be exactly what drag them all down. An expansive tour de force, Olympus, Texas combines the archetypes of Greek and Roman mythology with the psychological complexity of a messy family. After all, at some point, we all wonder: what good is this destructive force we call love?

Still Life

A Good Morning America Book Club Pick A captivating, bighearted, richly tapestried story of people brought together by love, war, art, flood, and the ghost of E. M. Forster, by the celebrated author of Tin Man. Tuscany, 1944: As Allied troops advance and bombs sink villages, a young English soldier, Ulysses Temper, finds himself in the wine cellar of a deserted villa. There, he has a chance encounter with Evelyn Skinner, a middle-aged art historian intent on salvaging paintings from the ruins. In each other, Ulysses and Evelyn find a kindred spirit amidst the rubble of war-torn Italy, and paint a course of events that will shape Ulysses's life for the next four decades. Returning home to London, Ulysses reimmerses himself in his crew at The Stoat and Parot—a motley mix of pub crawlers and eccentrics—all the while carrying with him his Italian evocations. So, when an unexpected inheritance brings him back to where it all began, Ulysses knows better than to tempt fate: he must return to the Tuscan hills. With beautiful prose, extraordinary tenderness, and bursts of humor and light, Still Life is a sweeping portrait of unforgettable individuals who come together to make a family, and a deeply drawn celebration of beauty and love in all its forms.

The Violin Conspiracy

GOOD MORNING AMERICA BOOK CLUB PICK! • Ray McMillian is a Black classical musician on the rise—undeterred by the pressure and prejudice of the classical music world—when a shocking theft sends him on a desperate quest to recover his great-great-grandfather's heirloom violin on the eve of the most prestigious musical competition in the world. "I loved *The Violin Conspiracy* for exactly the same reasons I loved *The Queen's Gambit*: a surprising, beautifully rendered underdog hero I cared about deeply and a fascinating, cutthroat world I knew nothing about—in this case, classical music." —Chris Bohjalian, #1 New York Times bestselling author of *The Flight Attendant* and *Hour of the Witch*

Growing up Black in rural North Carolina, Ray McMillian's life is already mapped out. But Ray has a gift and a dream—he's determined to become a world-class professional violinist, and nothing will stand in his way. Not his mother, who wants him to stop making such a racket; not the fact that he can't afford a violin suitable to his talents; not even the racism inherent in the world of classical music. When he discovers that his beat-up, family fiddle is actually a priceless Stradivarius, all his dreams suddenly seem within reach, and together, Ray and his violin take the world by storm. But on the eve of the renowned and cutthroat Tchaikovsky Competition—the Olympics of classical music—the violin is stolen, a ransom note for five million dollars left in its place. Without it, Ray feels like he's lost a piece of himself. As the competition approaches, Ray must not only reclaim his precious violin, but prove to himself—and the world—that no matter the outcome, there has always been a truly great musician within him.

How High is Heaven?

Michael Strahan spent his childhood on a military base in Europe, where community meant everything, and life, though idyllic, was different. For one, when people referenced football they meant soccer. So when Michael's father suggested he work toward a college scholarship by playing football in Texas, where tens of thousands of people show up for a weekend game, the odds were long. Yet he did, indeed, land a scholarship and from there a draft into the NFL where he scaled the league's heights, broke records, and helped his team win the Super Bowl, as a result of which he was inducted into the Hall of Fame. How? By developing "Strahan's Rules" -- a mix of mental discipline, positive thinking, and a sense of play. He also used the Rules to forge a successful post pro-ball career as cohost with Kelly Ripa on *Live!* -- a position for which he was considered the longshot -- and much more. In *Wake Up Happy*, Michael shares personal stories about how he gets and stays motivated and how readers can do the same in their quest to attain their life goals.

The Book of V.

#1 New York Times Bestseller and winner of the 2014 Living Now Book Award for Inspirational Memoir. 'An enormously smart, clear-eyed, brave-hearted, and quite a personal look at the benefits of meditation' - Elizabeth Gilbert, author of *Eat, Pray, Love* 'Dan Harris skilfully demystifies meditation, reminding us all that a healthy and happy mind is not only essential for our own sanity, but also for those around us. More importantly, he provides a compelling invitation to move beyond words, from the idea to the experience. A wonderful book and excellent advice.' - Andy Puddicombe, founder of *Headspace* *10% Happier* is a spiritual book written for - and by - someone who would otherwise never read a spiritual book. It is both a deadly serious and seriously funny look at mindfulness and meditation as the next big public health revolution. Dan Harris always believed the restless, relentless, impossible-to-satisfy voice in his head was one of his greatest assets. How else can you climb the ladder in an ultra-competitive field like TV news except through nonstop hand-wringing and hyper vigilance? For a while, his strategy worked. Harris anchored national broadcasts and he covered wars. Then he hit the brakes, and had a full-blown panic attack live on the air. What happened next was completely unforeseen. Through a bizarre series of events - involving a disgraced evangelical pastor, a mysterious self-help guru and a fateful gift from his wife - Harris stumbled upon something that helped him tame the voice in his head: meditation. At first, he was deeply suspicious. He had long associated meditation with bearded swamis and unwashed hippies. But when confronted with mounting scientific evidence that just a few minutes a day can literally rewire the brain for focus, happiness and reduced reactivity, Harris took a deep dive. He spent years mingling with scientists, executives and marines on the front lines of a quiet revolution that has the potential to reshape society. He became a daily meditator, and even found himself on a ten-day, silent meditation retreat, which was simultaneously the best and worst experience he'd ever had. Harris's life was not transformed into a parade of rainbows and unicorns, but he did gain a passion for daily meditation. While the book itself is a narrative account of Dan's

conversion amid the harried and decidedly non-Zen world of the newsroom, it concludes with a section for the novice on how to get started.

Your Hidden Superpower

Do you want to love your neighbor as yourself but don't know where to start? This practical, accessible guide to bridging the dividing lines of politics, race, and economics, both individually and as the church, will help you amplify Jesus in your community and build God's kingdom. When asked what the greatest commandment is, Jesus gave a two-part answer: "Love the Lord your God with all your heart and with all your soul and with all your mind and with all your strength" and also "Love your neighbor as yourself." Love God. Love others. Jesus' simple command to love your neighbor can feel overwhelming when your neighbor looks, lives, and votes differently than you do. Racial and economic tensions across the country have resulted in deep dividing lines that seem really intimidating to cross. Docusen breaks down these lines in approachable chapters, including topics like these: how to actively seek out people you can benefit and encourage, what it means to find a diverse and supportive community that fulfills needs, examples of real-life experiences, including highlights and missteps of Docusen's ongoing journey, and how churches can teach on difficult topics with grace and truth. Neighborliness is a practical guide to bridging those dividing lines and learning to recognize and amplify the beauty of God in our communities. Backed by David's speaking and training through the Neighborliness Center, this book will help individuals and churches reach out to their neighbors, love them through Christ, and build God's kingdom.

Roughly 30 per cent of the population is estimated to be living with insomnia, while many more unknowingly suffer from other sleep disorders. In The Sleep Fix, Macedo aims to change that with perspective-shifting research and easy-to-implement solutions based not just on science and experts but also on her own years-long struggle. As Macedo explains, the solution to catching zzz's often isn't about giving up caffeine or swearing off screens before bed. With down-to-earth explanations and humour, she instead teaches us how to: *Understand sleep biology *Identify sleep obstacles *Flag sleep myths and separate fact from fiction *Try counterintuitive approaches *Shift our mindset Most importantly, Macedo - a busy working mum - teaches us how to adjust and fit these solutions into our everyday lives. I'll Be There (But I'll Be Wearing Sweatpants)

From the chief medical correspondent of ABC News, an eloquent, heartbreaking, yet hopeful memoir of surviving the suicide of a loved one, examining this dangerous epidemic and offering first-hand knowledge and advice to help family and friends find peace. Jennifer Ashton, M.D., has witnessed firsthand the impact of a loved one's suicide. When her ex-husband killed himself soon after their divorce, her world—and that of her children—was shattered. Though she held a very public position with one of the world's largest media companies, she was hesitant to speak about the personal trauma that she and her family experienced following his death. A woman who addresses the public regularly on intimate health topics, she was uncertain of revealing her devastating loss—the most painful thing she'd ever experienced. But with the high-profile suicides of Kate Spade and Anthony Bourdain, Dr. Ashton recognized the importance of talking about her experience and the power of giving voice to her grief. She shared her story with her Good Morning America family on air—an honest, heartbreaking revelation that provided comfort and solace to others, like her and her family, who have been left behind. In *Life After Suicide*, she opens up completely for the first time, hoping that her experience and words can inspire those faced with the unthinkable to persevere. Part memoir and part comforting guide that incorporates the latest insights from researchers and health professionals, *Life After Suicide* is both a call to arms against this dangerous, devastating epidemic, and an affecting story of personal grief and loss. In addition, Dr. Ashton includes stories from others who have survived the death of a loved one by their own hand, showing how they survived the unthinkable and demonstrating the vital roles that conversation and community play in recovering from the suicide of a loved one. The end result is a raw and revealing exploration of a subject that's been taboo for far too long, providing support, information, and comfort for those attempting to make sense of their loss and find a way to heal.

America: The Cookbook

Can a man with a demanding job really be a good father? *All Out* is a bracingly honest answer from Emmy and Gemini Award-winning anchorman Kevin Newman and his grown son, Alex. Confessional and provocative, their memoir is also a touching meditation on ambition, absence and family that will resonate with every parent and child who've ever struggled to connect and understand each other. Kevin Newman wanted to be a family man in an era when fathers are expected to be more engaged than ever before; he also wanted to reach the top of a profession that demands 24/7 commitment. The higher he climbed, the more irreconcilable those aspirations seemed. Meanwhile, his artistic, solitary son, Alex, was wrestling with his own competing ambitions: to be the sporty, popular son his dad wanted, and to be true to himself. Paradoxically, their attempts to live up to expectations--their own, and each other's--were driving them apart. Then, two parallel identity crises forced a reckoning. Kevin reached the summit of American network television, becoming co-host of *Good Morning America*--where he was instructed to develop a "quarterback" persona and change his accent, mannerisms, personality, hairstyle and everything else that made him Kevin. At the same time, Alex was realizing he was gay, but frantically trying to mask and change that fact. Both felt like failures and hungered for one another's approval, but didn't know how to bridge their differences. Today, a decade later, they retrace their steps (and missteps) to reinventing their relationship and becoming one another's role models for what it means to be a man in our culture. *All Out* is a moving chronicle of all the ways that fathers and sons misunderstand and disappoint one another--and a powerful reminder that they can become closer not despite their differences, but because of them.

Included in Time's 100 Must Read Books of 2021 list * A New York Times Best Seller * One of Audible's Best of The Year * AV Club's Best Books to Buy "Funny, tender, and so good." — Mindy Kaling, #1 New York Times bestselling author of *Why Not Me?* Remember when we hit it off so well that we decided *We're Going to Need More Wine*? Well, this time you and I are going to turn to our friend the bartender and ask, *You Got Anything Stronger?* I promise to continue to make you laugh, but with this round, the stakes get higher as the conversation goes deeper. So. Where were we? Right, you and I left off in October 2017, when my first book came out. The weeks before were filled with dreams of loss. Pets dying. My husband leaving me. Babies not being born. My therapist told me it was my soul preparing for my true self to emerge after letting go of my grief. I had finally spoken openly about my fertility journey. I was having second thoughts—in fact, so many thoughts they were organizing to go on strike. But I knew I had to be honest because I didn't want other women going through IVF to feel as alone as I did. I had suffered in isolation, having so many miscarriages that I could not give an exact number. Strangers shared their own journeys and heartbreak with me. I had led with the truth, and it opened the door to compassion. When I released *We're Going to Need More Wine*, the response was so great people asked when I would do a sequel. The New York Times even ran a headline reading "*We're Going to Need More Gabrielle Union*." Frankly, after being so open and honest in my writing, I wasn't sure there was more of me I was ready to share. But life happens with all its plot twists. And new stories demand to be told. This time, I need to be more vulnerable—not so much for me, but anyone who feels alone in what they're going through. A lot has changed in four years—I became a mom and I'm raising two amazing girls. My husband retired. My career has expanded so that I have the opportunity to lift up other voices that need to be heard. But the world has also shown us that we have a lot we still have to fight for—as women, as black women, as mothers, as aging women, as human beings, as friends. In *You Got Anything Stronger?*, I show you how this ever-changing life presents challenges, even as it gives me moments of pure joy. I take you on a girl's night at Chateau Marmont, and I also talk to Isis, my character from *Bring It On*. For the first time, I truly open up about my surrogacy journey and the birth of Kaavia James Union Wade. And I take on racist institutions and practices in the entertainment industry, asking for equality and real accountability. *You Got Anything Stronger?* is me at my most vulnerable. I have recently found true strength in that vulnerability, and I want to share that power with you here, through this book.

Life After Suicide

A 66-day plan for going sugar-free from an eating disorder specialist and therapist who broke free of her own sugar addiction. Our relationship with food can be complicated: for many, food soothes painful emotions, it nurtures, it numbs, it provides a 'high'. *Breaking Up With Sugar* offers a plan for the complete transformation of many people's destructive relationship with food. For these people, sugar is often the culprit: it produces physical, neurological and endocrine changes that render the

individual powerless over their compulsion to eat. Molly Carmel struggled with her own eating disorder for over 20 years and finding no solutions in available treatments, she created The Beacon, where she helps clients recover from similar addictions. Her step-by-step instructions are designed to take the guesswork out of sugar-free eating and help people start a new, healthier relationship with food. With 8 vows to return to and rely on, and guidance on how to divorce dieting forever, *Breaking Up With Sugar* offers an individualised, sustainable and realistic plan for eating and thriving for life.

All Out

From Graham Norton—the BAFTA Award-winning Irish television host and author of the “charming debut novel” (New York Journal of Books) *Holding*—a masterly and haunting tale of secrets and ill-fated love follows a young woman as she returns to Ireland after her mother's death and unravels the identity of her father. When Elizabeth Keane returns to Ireland after her mother's death, she's focused only on saying goodbye to that dark and dismal part of her life. Her childhood home is packed solid with useless junk, her mother's presence already fading. But within this mess, she discovers a small stash of letters—and ultimately, the truth. Forty years earlier, a young woman stumbles from a remote stone house, the night quiet except for the constant wind that encircles her as she hurries deeper into the darkness away from the cliffs and the sea. She has no sense of where she is going, only that she must keep on. With wistful and evocative prose, *A Keeper* is sure to appeal to “fans of sensitive character studies” (Publishers Weekly) and brilliantly illustrates Graham Norton's clear-eyed understanding of human nature and its darkest flaws.

The Tale of the Mandarin Duck

"Regardless of how much money you have, your race, where you live, what religion you follow, you are going through something. Or you already have or you will. As momma always said, "Everybody's got something." So begins beloved *Good Morning America* anchor Robin Roberts's new memoir in which she recounts the incredible journey that's been her life so far, and the lessons she's learned along the way. With grace, heart, and humor, she writes about overcoming breast cancer only to learn five years later that she will need a bone marrow transplant to combat a rare blood disorder, the grief and heartbreak she suffered when her mother passed away, her triumphant return to GMA after her medical leave, and the tremendous support and love of her family and friends that saw her through her difficult times. Following her mother's advice to "make your mess your message," Robin taught a nation of viewers that while it is true that we've all got something -- a medical crisis to face, aging parents to care for, heartbreak in all its many forms --- we've also all got something to give: hope, encouragement, a life-saving transplant or a spirit-saving embrace. As Robin has learned, and what readers of her remarkable story will come to believe as well, it's all about faith, family and friends. And finding out that you are stronger, much stronger, than you think.

The Morning Song

A child's cheerful ode to the morning. Good morning, eyes. Good morning, nose. Good morning, fingers. There you are toes. A little boy wakes up early one morning and begins to greet all the things in his

bedroom, from his teddy bear to his clock. As the sun rises higher and higher, so does the boy's joy, culminating in an exuberant "Good morning, good morning!" As the door slowly opens, he runs into his father's loving arms. Morning Song's lyrical, simple verse and luminous illustrations will make every child look forward to greeting the new day.

Morning Song

THE STORY: Louise married Stanley years before, more in gratitude than in love, after he had been badly injured in saving her life in a car accident. Stanley, in turn, is psychotically obsessed with a smothering love for his wife, and has become a compulsive liar, intent on making himself the center of Louise's universe. She is drawn away from contact with her family when her brother is accidentally killed in a quarrel with Stanley. When their little boy is electrocuted on his third birthday by a live wire on the electric train Stanley had given him as a present, Louise is thrown into a state of shock. Stanley quits a promising job and a chance of promotion to stay by her side and nurse her. As the play opens, she has a job as nurse to someone else's little boy, and her love for this child has blocked out the pain of her own loss. But Stanley, fearing her attachment for the child has grown too strong, comes home that evening with the news that he had been promoted to manager of a branch store in Australia. Louise is heartbroken at having to leave the boy. The day they are to sail, she learns that Stanley's story is a lie, that in reality he has accepted a position at a much lower salary. Angrily, she confronts him with the truth and threatens to leave him. Then, in a sudden flash of understanding she realizes that all those accidents have not been accidents, and she runs out. What follows is a tragic and spine-tingling ending.

With the world turned upside down, Susan chooses to join the newly formed Army Nurse Corps and do what she can to bring the boys home. While stationed at a hospital camp in England, she nurses Captain Ricky Murphy back to health. Can it be love at first sight? Soon called to the front lines, she is faced with the horrors of war and being caught in between enemy lines. Will she and her loved ones make it home alive to bask in the song of the morning?

Morning Song

A gorgeous compendium of Joni Mitchell's handwritten lyrics and drawings, originally handcrafted as a gift for a select group of friends in 1971 and now available to the public for the first time In 1971, as her album *Blue* topped charts around the world, Joni Mitchell crafted one hundred copies of *Morning Glory on the Vine* as a holiday gift for her closest friends. For this stunningly beautiful book, Joni hand-wrote an exquisite selection of her own lyrics and poems and illustrated them with more than thirty of her original pictures. Handcrafted, signed, and numbered in Los Angeles, the existing copies of this labor of love have rarely been seen in the past half-century. Now, during Joni's seventy-fifth birthday year, *Morning Glory on the Vine: Early Songs and Drawings* will be widely available for the first time. In this faithfully reproduced edition, Joni's best-loved lyrics and poems spill across the pages in her own elegant script. The lively, full-color drawings depict a superb array of landscapes, still lifes, portraits of friends, self-portraits, innovative abstractions, and more. All the artwork from the original book is included, along with several additional pictures that Joni drew of her friends from the same period. Finally, the refreshed volume features an original introduction written by Joni. *Morning Glory on the Vine* is a gorgeous and intimate keepsake and an invitation to explore anew the dazzling, visionary world of Joni Mitchell.

The Song of Louise in the Morning

This series of selected scores are from our beloved classical concert program «Singing Strings» YANG Jing Music for Pipa with String Quartet. Stringed instruments form the backbone of the western classical symphony orchestra. The Eastern string instrument Pipa has developed into a leading solo instrument as early as the Tang dynasty (618 - 709) in the East. In this set of classical concert programs, all pieces maintain the original and natural acoustic sound source of unplugged string instruments. It enables the encounter of different acoustic properties, different expressions of sound and sound aesthetics that have developed over time in different regions. This Program let old & new string instruments offer us an unforgettable musical experience _ from the fresh energy of the morning to the poetry of the sunset - from a silk bamboo tea house to a passionate dance in the desert of the wild west - from the search for one's own identity to the singing of swinging hearts - from pearls falling on to a jade plate to the gallop of black horses... Each piece opens up a new perspective!
